FORWARD-LOOKING STATEMENTS

This report includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Any statements that express, or involve discussions as to, expectations, beliefs, plans, objectives, assumptions, strategies, future events or performance (often, but not always, through the use of words or phrases such as: may result, are expected to, will continue, is anticipated, believe, will, could, should, would, estimated, may, plan, potential, future, projection, goals, target, outlook, predict and intend or words of similar meaning) are not statements of historical facts and may be forward looking. Forward-looking statements involve estimates, assumptions and uncertainties. Accordingly, any such statements are qualified in their entirety by reference to, and are accompanied by, the following important factors (in addition to any assumptions and other factors referred to specifically in connection with such forward-looking statements) that could have a significant impact on NEE's and/or FPL's operations and financial results, and could cause NEE's and/or FPL's actual results to differ materially from those contained or implied in forward-looking statements made by or on behalf of NEE and/or FPL in this combined Form 10-Q, in presentations, on their respective websites, in response to questions or otherwise.

Regulatory, Legislative and Legal Risks

- NEE's and FPL's business, financial condition, results of operations and prospects may be materially adversely affected by the extensive regulation of their business.
- NEE's and FPL's business, financial condition, results of operations and prospects could be materially adversely affected if they are unable to recover in a timely manner any significant amount of costs, a return on certain assets or a reasonable return on invested capital through base rates, cost recovery clauses, other regulatory mechanisms or otherwise.
- Regulatory decisions that are important to NEE and FPL may be materially adversely affected by political, regulatory, operational and economic factors.
- Any reductions or modifications to, or the elimination of, governmental incentives or policies that support clean energy, including, but not limited to, tax laws, policies and incentives, renewable portfolio standards and feed-in-tariffs, or changes in or the imposition of additional taxes, tariffs, duties or other costs or assessments on clean energy or the equipment necessary to generate, store or deliver it, could result in, among other items, the lack of a satisfactory market for the development and/or financing of new clean energy projects, NEE and FPL abandoning the development of clean energy projects, a loss of investments in clean energy projects and reduced project returns, any of which could have a material adverse effect on NEE's and FPL's business, financial condition, results of operations and prospects.
- NEE's and FPL's business, financial condition, results of operations and prospects could be materially adversely affected by new or revised laws, regulations or executive orders, as well as by regulatory action or inaction.
- NEE and FPL are subject to numerous environmental laws, regulations and other standards that may result in capital expenditures, increased operating costs and various liabilities, and may require NEE and FPL to limit or eliminate certain operations.
- NEE's and FPL's business could be negatively affected by federal or state laws or regulations mandating new or additional limits on the production of greenhouse gas emissions.
- Extensive federal, state and local government regulation of the operations and businesses of NEE and FPL exposes NEE and FPL to significant and increasing compliance costs and may also expose them to substantial monetary penalties and other sanctions for compliance failures.
- Changes in tax laws, guidance or policies, including but not limited to, changes in corporate income tax rates and the qualifications for clean energy tax credits, as well as judgments and estimates used in the determination of tax-related asset and liability amounts, could materially adversely affect NEE's and FPL's business, financial condition, results of operations and prospects.
- NEE's and FPL's business, financial condition, results of operations and prospects may be materially affected due to adverse results of litigation.
- Allegations of violations of law by FPL or NEE have the potential to result in fines, penalties, or other sanctions or effects, as well as cause reputational damage for FPL and NEE, and could hamper FPL's and NEE's effectiveness in interacting with governmental authorities.

Development and Operational Risks

- NEE's and FPL's business, financial condition, results of operations and prospects could suffer if NEE and FPL do not proceed with projects under development or are unable to complete the construction of, or capital improvements to, electric generation, storage, transmission and distribution facilities, natural gas and oil production and transportation facilities and other facilities on schedule or within budget.
- NEE and FPL face risks related to project siting, construction, permitting, governmental approvals and the negotiation of project development agreements that may impede their development and operating activities.
- The operation and maintenance of NEE's and FPL's electric generation, storage, transmission and distribution facilities, natural gas and oil production and transportation facilities and other facilities are subject to many operational risks, the

consequences of which could have a material adverse effect on NEE's and FPL's business, financial condition, results of operations and prospects.

- NEE's and FPL's business, financial condition, results of operations and prospects may be negatively affected by a lack of growth, slower growth or a decline in the number of customers or in customer usage.
- The productivity increases and competitive advantages NEE and FPL plan to achieve through the use of artificial intelligence (AI) technologies may not be realized and the use of and reliance on AI may present certain risks, both of which could materially adversely affect their business, financial condition, results of operations and prospects.
- NEE's and FPL's business, financial condition, results of operations and prospects can be materially adversely affected by weather conditions and related impacts, including, but not limited to, the impact of severe weather.
- Threats of terrorism and catastrophic events that could result from geopolitical factors, terrorism, cyberattacks, or individuals and/or groups attempting to disrupt NEE's and FPL's business, or the businesses of third parties, may materially adversely affect NEE's and FPL's business, financial condition, results of operations and prospects.
- The ability of NEE and FPL to obtain insurance and the terms of any available insurance coverage could be materially adversely affected by international, national, state or local events and company-specific events, as well as the financial condition of insurers. NEE's and FPL's insurance coverage does not provide protection against all significant losses.
- NEE invests in natural gas and oil production assets which are exposed to fluctuating market prices of natural gas, natural gas liquids, oil and other energy commodities. A prolonged period of low natural gas and oil prices, disrupted production or unsuccessful drilling efforts could impact NEER's natural gas and oil production operations and cause NEER to delay or cancel certain natural gas and oil production projects and could result in certain assets becoming impaired, which could materially adversely affect NEE's business, financial condition, results of operations and prospects.
- If supply costs necessary to provide NEER's full energy and capacity requirements services are not favorable, operating costs could increase and materially adversely affect NEE's business, financial condition, results of operations and prospects.
- Due to the potential for significant volatility in market prices for fuel, electricity, transmission rights and environmental and other energy-related commodities, NEE's inability or failure to manage properly or hedge effectively the commodity risks within its portfolio could materially adversely affect NEE's business, financial condition, results of operations and prospects.
- Reductions in the liquidity of energy markets may restrict NEE's ability to manage its operational risks, which, in turn, could negatively affect NEE's business, financial condition, results of operations and prospects.
- NEE's and FPL's hedging and trading procedures and associated risk management tools may not protect against significant losses.
- If price movements significantly or persistently deviate from historical behavior, NEE's and FPL's risk management tools associated with their hedging and trading procedures may not protect against significant losses.
- If power transmission or natural gas, nuclear fuel or other commodity transportation operations are unavailable or disrupted, the ability for subsidiaries of NEE, including FPL, to sell and deliver power or natural gas may be limited.
- NEE and FPL are subject to credit and performance risk from customers, hedging counterparties and vendors.
- NEE and FPL could recognize financial losses or a reduction in operating cash flows if a counterparty fails to perform or make payments in accordance with the terms of derivative contracts or if NEE or FPL is required to post margin cash collateral under derivative contracts.
- NEE and FPL are highly dependent on sensitive and complex information technology systems, and any failure or breach of those systems, or implementation challenges, could have a material adverse effect on their business, financial condition, results of operations and prospects.
- NEE's and FPL's retail businesses are subject to the risk that sensitive customer data may be compromised, which could result in a material adverse impact to their reputation and/or have a material adverse effect on the business, financial condition, results of operations and prospects of NEE and FPL.
- NEE and FPL could recognize financial losses as a result of volatility in the market values of derivative instruments and limited liquidity in OTC markets.
- NEE and FPL may be materially adversely affected by negative publicity.
- NEE's and FPL's business, financial condition, results of operations and prospects may be adversely affected if FPL is unable to maintain, negotiate or renegotiate franchise agreements on acceptable terms with municipalities and counties in Florida.
- NEE's and FPL's business, financial condition, results of operations and prospects could be materially adversely affected by work strikes or stoppages and increasing personnel costs.
- NEE's ability to successfully identify, complete and integrate acquisitions is subject to significant risks, including, but not limited to, the effect of increased competition for acquisitions resulting from the consolidation of the energy industry.

Nuclear Generation Risks

- The operation and maintenance of NEE's and FPL's nuclear generation facilities involve environmental, health and financial risks that could result in fines or the closure of the facilities and in increased costs and capital expenditures.
- In the event of an incident at any nuclear generation facility in the U.S. or at certain nuclear generation facilities in Europe, NEE and FPL could be assessed significant retrospective assessments and/or retrospective insurance premiums as a result of their participation in a secondary financial protection system and nuclear insurance mutual companies.
- NRC orders or new regulations related to increased security measures and any future safety requirements promulgated by the NRC could require NEE and FPL to incur substantial operating and capital expenditures at their nuclear generation facilities and/or result in reduced revenues.
- The inability to operate any of NEE's or FPL's nuclear generation units through the end of their respective operating licenses or planned license extensions could have a material adverse effect on NEE's and FPL's business, financial condition, results of operations and prospects.
- NEE's and FPL's nuclear units are periodically removed from service to accommodate planned refueling and maintenance outages, and for other purposes. If planned outages last longer than anticipated or if there are unplanned outages, NEE's and FPL's business, financial condition, results of operations and prospects could be materially adversely affected.

Liquidity, Capital Requirements and Common Stock Risks

- Disruptions, uncertainty or volatility in the credit and capital markets, among other factors, may negatively affect NEE's and FPL's ability to fund their liquidity and capital needs and to meet their growth objectives, and could also materially adversely affect their business, financial condition, liquidity, results of operations and prospects.
- Defaults or noncompliance related to project-specific, limited-recourse financing agreements of NEE's consolidated and unconsolidated subsidiaries could materially adversely affect NEE's business, financial condition, liquidity, results of operations and prospects, as well as the availability or terms of future financings for NEE or its subsidiaries.
- NEE's, NEECH's and FPL's inability to maintain their current credit ratings may materially adversely affect NEE's and FPL's liquidity and results of operations, limit the ability of NEE and FPL to grow their business, and increase interest costs.
- NEE's and FPL's liquidity may be reduced if their credit providers are unable to fund their credit commitments to NEE, NEECH or FPL or to maintain their current credit ratings.
- Poor market performance and other economic factors could affect NEE's defined benefit pension plan's funded status, which may materially adversely affect NEE's and FPL's business, financial condition, liquidity, results of operations and prospects.
- Poor market performance and other economic factors could adversely affect the asset values of NEE's and FPL's nuclear decommissioning funds, which may materially adversely affect NEE's and FPL's business, financial condition, liquidity, results of operations and prospects.
- Certain of NEE's assets and investments are subject to changes in market value and other risks, which may materially adversely affect NEE's liquidity, financial condition and results of operations.
- NEE may be unable to meet its ongoing and future financial obligations and to pay dividends on its common stock if its subsidiaries are unable to pay upstream dividends, make distributions or repay funds to NEE.
- NEE may be unable to meet its ongoing and future financial obligations and to pay dividends on its common stock if NEE is required to perform under guarantees of financial obligations of its subsidiaries.
- Disruptions, uncertainty or volatility in the credit and capital markets may exert downward pressure on the market price of NEE's common stock.
- Widespread public health crises and epidemics or pandemics may have material adverse impacts on NEE's and FPL's business, financial condition, liquidity, results of operations and prospects.

These factors should be read together with the risk factors included in Part I, Item 1A. Risk Factors in the 2025 Form 10-K, and investors should refer to that section of the 2025 Form 10-K. Any forward-looking statement speaks only as of the date on which such statement is made, and NEE and FPL undertake no obligation to update any forward-looking statement to reflect events or circumstances, including, but not limited to, unanticipated events, after the date on which such statement is made, unless otherwise required by law. New factors emerge from time to time and it is not possible for management to predict all of such factors, nor can it assess the impact of each such factor on the business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained or implied in any forward-looking statement.

Website Access to SEC Filings. NEE and FPL make their SEC filings, including the annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and any amendments to those reports, available free of charge on NEE's internet website, www.nexteraenergy.com, as soon as reasonably practicable after those documents are electronically filed with or furnished to the SEC. The information and materials available on NEE's website (or any of its subsidiaries' or affiliates' websites) are not incorporated by reference into this combined Form 10-Q.

This report should be read in conjunction with the Notes herein and the Notes to Consolidated Financial Statements appearing in the 2025 Form 10-K.

The accompanying condensed consolidated financial statements should be read in conjunction with the 2025 Form 10-K. In the opinion of NEE and FPL management, all adjustments considered necessary for fair financial statement presentation have been made. All adjustments are normal and recurring unless otherwise noted. Certain amounts included in the prior year's condensed consolidated financial statements have been reclassified to conform to the current year's presentation. The results of operations for an interim period generally will not give a true indication of results for the year.

1. Revenue from Contracts with Customers

FPL and NEER generate substantially all of NEE's operating revenues, which primarily include revenues from contracts with customers, as well as derivative (see Note 2) and lease transactions at NEER. For the vast majority of contracts with customers, NEE believes that the obligation to deliver energy, capacity or transmission is satisfied over time as the customer simultaneously receives and consumes benefits as NEE performs. NEE's revenue from contracts with customers was approximately $6.1 billion ($4.3 billion at FPL) and $6.0 billion ($4.0 billion at FPL) for the three months ended March 31, 2026 and 2025, respectively. NEE's and FPL's receivables are primarily associated with revenues earned from contracts with customers, as well as derivative and lease transactions at NEER, and consist of both billed and unbilled amounts, which are recorded in customer receivables and other receivables on NEE's and FPL's condensed consolidated balance sheets. Receivables represent unconditional rights to consideration and reflect the differences in timing of revenue recognition and cash collections. For substantially all of NEE's and FPL's receivables, regardless of the type of revenue transaction from which the receivable originated, customer and counterparty credit risk is managed in the same manner and the terms and conditions of payment are similar.

FPL – FPL's revenues are derived primarily from tariff-based sales that result from providing electricity to retail customers in Florida with no defined contractual term. Electricity sales to retail customers account for approximately 90% of FPL's operating revenues, the majority of which are to residential customers. FPL's retail customers receive a bill monthly based on the amount of monthly kWh usage with payment due monthly. For these types of sales, FPL recognizes revenue as electricity is delivered and billed to customers, as well as an estimate for electricity delivered and not yet billed. The billed and unbilled amounts represent the value of electricity delivered to the customer. As of March 31, 2026 and December 31, 2025, FPL's unbilled revenues amounted to approximately $621 million and $705 million, respectively, and are included in customer receivables on NEE's and FPL's condensed consolidated balance sheets. Certain contracts with customers contain a fixed price with maturity dates through 2054. As of March 31, 2026, FPL expects to record approximately $975 million of revenues related to the fixed price components of such contracts over the remaining terms of the related contracts. Certain of these contracts also contain a variable price component for energy usage which FPL recognizes as revenue as the energy is delivered based on rates stipulated in the respective contracts.

NEER – NEER's revenue from contracts with customers is derived primarily from the sale of energy commodities, electric capacity and electric transmission. For these types of sales, NEER recognizes revenue as energy commodities are delivered and as electric capacity and electric transmission are made available, consistent with the amounts billed to customers based on rates stipulated in the respective contracts as well as an accrual for amounts earned but not yet billed. The amounts billed and accrued represent the value of energy or transmission delivered and/or the capacity of energy or transmission available to the customer. Revenues yet to be earned under these contracts, which have maturity dates ranging from 2026 to 2055, will vary based on the volume of energy or transmission delivered and/or available. NEER's customers typically receive bills monthly with payment due within 30 days. Certain contracts with customers contain a fixed price which primarily relate to electric capacity sales through 2038, certain power purchase agreements with maturity dates through 2034 and certain natural gas transportation and storage capacity management agreements with maturity dates through 2031. As of March 31, 2026, NEER expects to record approximately $730 million of revenues related to the fixed price components of such contracts over the remaining terms of the related contracts as the capacity and services are provided. The power purchase agreements also contain a variable price component for energy usage which NEER recognizes as revenue as the energy is delivered based on rates stipulated in the respective contracts.

2. Derivative Instruments

NEE and FPL use derivative instruments (primarily swaps, options, futures and forwards) to manage the physical and financial risks inherent in the purchase and sale of fuel and electricity, as well as interest rate and foreign currency exchange rate risk associated primarily with outstanding and expected future debt issuances and borrowings, and to optimize the value of NEER's power generation and natural gas and oil production assets. NEE and FPL do not utilize hedge accounting for their cash flow and fair value hedges.

With respect to commodities related to NEE's competitive energy business, NEER employs risk management procedures to conduct its activities related to optimizing the value of its power generation and natural gas and oil production assets, providing full energy and capacity requirements services primarily to distribution utilities, and engaging in power and fuel marketing and trading activities to take advantage of expected future favorable price movements and changes in the expected volatility of prices in the energy markets. These risk management activities involve the use of derivative instruments executed within prescribed limits to manage the risk associated with fluctuating commodity prices. Transactions in derivative instruments are executed on recognized exchanges or via the OTC markets, depending on the most favorable credit terms and market execution factors. For NEER's power generation and natural gas and oil production assets, derivative instruments are used to hedge all or a portion of the expected output of these assets. These hedges are designed to reduce the effect of adverse changes in the wholesale forward commodity markets associated with NEER's power generation and natural gas and oil production assets. With regard to full energy and capacity requirements services, NEER is required to vary the quantity of energy and related services based on the load demands of the customers served. For this type of transaction, derivative instruments are used to hedge the anticipated electricity quantities required to serve these customers and reduce the effect of unfavorable changes in the forward energy markets. Additionally, NEER takes positions in energy markets based on differences between actual forward market levels and management's view of fundamental market conditions, including supply/demand imbalances, changes in traditional flows of energy, changes in short- and long-term weather patterns and anticipated regulatory and legislative outcomes. NEER uses derivative instruments to realize value from these market dislocations, subject to strict risk management limits around market, operational and credit exposure.

Derivative instruments, when required to be marked to market, are recorded on NEE's and FPL's condensed consolidated balance sheets as either an asset or liability measured at fair value. At FPL, substantially all changes in the derivatives' fair value are deferred as a regulatory asset or liability until the contracts are settled, and, upon settlement, any gains or losses are passed through the fuel clause or base rates. For NEE's non-rate regulated operations, predominantly NEER, essentially all changes in the derivatives' fair value for power purchases and sales, fuel sales and trading activities are recognized on a net basis in operating revenues and the equity method investees' related activity is recognized in equity in earnings (losses) of equity method investees in NEE's condensed consolidated statements of income. Settlement gains and losses are included within the line items in the condensed consolidated statements of income to which they relate. Transactions for which physical delivery is deemed not to have occurred are presented on a net basis in the condensed consolidated statements of income. For commodity derivatives, NEE believes that, where offsetting positions exist at the same location for the same time, the transactions are considered to have been netted and therefore physical delivery has been deemed not to have occurred for financial reporting purposes. Settlements related to derivative instruments are substantially all recognized in net cash provided by operating activities in NEE's and FPL's condensed consolidated statements of cash flows.

For interest rate and foreign currency derivative instruments, all changes in the derivatives' fair value, as well as the transaction gain or loss on foreign denominated debt, are recognized in interest expense and the equity method investees' related activity is recognized in equity in earnings (losses) of equity method investees in NEE's condensed consolidated statements of income. As of March 31, 2026, NEE's AOCI included immaterial amounts related to discontinued interest rate cash flow hedges with expiration dates through October 2033 and foreign currency cash flow hedges with expiration dates through September 2030.

Fair Value Measurements of Derivative Instruments – The fair value of assets and liabilities are determined using either unadjusted quoted prices in active markets (Level 1) or other pricing inputs that are observable (Level 2) whenever that information is available and using unobservable inputs (Level 3) to estimate fair value only when relevant observable inputs are not available. NEE and FPL use different valuation techniques to measure the fair value of assets and liabilities, relying primarily on the market approach of using prices and other market information for identical and/or similar assets and liabilities for those assets and liabilities that are measured at fair value on a recurring basis. NEE's and FPL's assessment of the significance of any particular input to the fair value measurement requires judgment and may affect placement within the fair value hierarchy levels. Non-performance risk, including the consideration of a credit valuation adjustment, is also considered in the determination of fair value for all assets and liabilities measured at fair value.

NEE and FPL measure the fair value of commodity contracts using a combination of market and income approaches utilizing prices observed on commodities exchanges and in the non-exchange traded markets, or through the use of industry-standard valuation techniques, such as option modeling or discounted cash flows techniques, incorporating both observable and unobservable valuation inputs. The resulting measurements are the best estimate of fair value as represented by the transfer of the asset or liability through an orderly transaction in the marketplace at the measurement date.

Exchange-traded derivative assets and liabilities are valued using observable settlement prices from the exchanges and are classified as Level 1 or Level 2, depending on whether positions are in active or inactive markets.

NEE, through its subsidiaries, including FPL, also enters into non-exchange traded commodity derivatives. The majority of the valuation inputs are observable using exchange-quoted prices.

NEE, through NEER, also enters into full requirements contracts, which, in most cases, meet the definition of derivatives and are measured at fair value. These contracts typically have one or more inputs that are not observable and are significant to the valuation of the contract. In addition, certain non-exchange traded derivative options at NEE have one or more significant inputs that are not observable, and are valued using industry-standard option models.

In all cases where NEE and FPL use significant unobservable inputs for the valuation of a commodity contract, consideration is given to the assumptions that market participants would use in valuing the asset or liability. The primary input to the valuation models for commodity contracts is the forward commodity curve for the respective instruments. Other inputs include, but are not limited to, assumptions about market liquidity, volatility, correlation and contract duration as more fully described below in Significant Unobservable Inputs Used in Recurring Fair Value Measurements. In instances where the reference markets are deemed to be inactive or do not have transactions for a similar contract, the derivative assets and liabilities may be valued using significant other observable inputs and potentially significant unobservable inputs. In such instances, the valuation for these contracts is established using techniques including extrapolation from or interpolation between actively traded contracts, or estimated basis adjustments from liquid trading points. NEE and FPL regularly evaluate and validate the inputs used to determine fair value by a number of methods, consisting of various market price verification procedures, including the use of pricing services and broker quotes to support the market price of the various commodities. Where there are assumptions and models used to generate inputs for valuing derivative assets and liabilities, the review and verification of the assumptions and models are undertaken by individuals in an independent control function.

NEE uses interest rate contracts and foreign currency contracts to mitigate and adjust interest rate and foreign currency exchange exposure related primarily to certain outstanding and expected future debt issuances and borrowings when deemed appropriate based on market conditions or when required by financing agreements. NEE estimates the fair value of these derivatives using an income approach based on a discounted cash flows valuation technique utilizing the net amount of estimated future cash inflows and outflows related to the agreements.

The tables below present NEE's and FPL's gross derivative positions as of March 31, 2026 and December 31, 2025, as required by disclosure rules. However, the majority of the underlying contracts are subject to master netting agreements and generally would not be contractually settled on a gross basis. Therefore, the tables below also present the derivative positions on a net basis, which reflect the offsetting of positions of certain transactions within the portfolio, the contractual ability to settle contracts under master netting arrangements and the netting of margin cash collateral, as well as the location of the net derivative position on the condensed consolidated balance sheets.

Additionally, as of March 31, 2026 and December 31, 2025, NEE had approximately $155 million (none at FPL) and $70 million (none at FPL), respectively, in margin cash collateral paid to counterparties that was not offset against derivative assets or liabilities in the above presentation. These amounts are included in current other assets on NEE's condensed consolidated balance sheets.

Significant Unobservable Inputs Used in Recurring Fair Value Measurements – The valuation of certain commodity contracts requires the use of significant unobservable inputs. All forward price, implied volatility, implied correlation and interest rate inputs used in the valuation of such contracts are directly based on third-party market data, such as broker quotes and exchange settlements, when that data is available. If third-party market data is not available, then industry standard methodologies are used to develop inputs that maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Observable inputs, including some forward prices, implied volatilities and interest rates used for determining fair value are updated daily to reflect the best available market information. Unobservable inputs which are related to observable inputs, such as illiquid portions of forward price or volatility curves, are updated daily as well, using industry standard techniques such as interpolation and extrapolation, combining observable forward inputs supplemented by historical market and other relevant data. Other unobservable inputs, such as implied correlations, block-to-hourly price shaping, customer migration rates from full requirements contracts and some implied volatility curves, are modeled using proprietary models based on historical data and industry standard techniques.

The significant unobservable inputs used in the valuation of NEE's commodity contracts categorized as Level 3 of the fair value hierarchy as of March 31, 2026 are as follows:

Transaction Type	Fair Value as of March 31, 2026		Valuation Technique(s)	Significant Unobservable Inputs	Range			Weighted-average[a]
	Assets	Liabilities						
	(millions)							
Forward contracts – power	$ 461	$ 301	Discounted cash flow	Forward price (per MWh)	$—	—	$181	$52
Forward contracts – gas	641	178	Discounted cash flow	Forward price (per MMBtu)	$(4)	—	$21	$3
Forward contracts – congestion	60	36	Discounted cash flow	Forward price (per MWh)	$(58)	—	$35	$1
Options – power	21	—	Option models	Implied correlations	69%	—	74%	71%
				Implied volatilities	36%	—	195%	73%
Options – primarily gas	70	89	Option models	Implied correlations	69%	—	100%	89%
				Implied volatilities	1%	—	93%	45%
Full requirements and unit contingent contracts	247	276	Discounted cash flow	Forward price (per MWh)	$13	—	$351	$87
				Customer migration rate[b]	—%	—	30%	1%
Forward contracts – other	601	298						
Total	$ 2,101	$ 1,178						

(a) Unobservable inputs were weighted by volume.
(b) Applies only to full requirements contracts.

The sensitivity of NEE's fair value measurements to increases (decreases) in the significant unobservable inputs is as follows:

Significant Unobservable Input	Position	Impact on Fair Value Measurement
Forward price	Purchase power/gas	Increase (decrease)
	Sell power/gas	Decrease (increase)
Implied correlations	Purchase option	Decrease (increase)
	Sell option	Increase (decrease)
Implied volatilities	Purchase option	Increase (decrease)
	Sell option	Decrease (increase)
Customer migration rate	Sell power[a]	Decrease (increase)

(a) Assumes the contract is in a gain position.

The reconciliation of changes in the fair value of commodity contract derivatives that are based on significant unobservable inputs is as follows:

	Three Months Ended March 31,			
	2026		2025	
	NEE	FPL	NEE	FPL
	(millions)			
Fair value of net derivatives based on significant unobservable inputs as of December 31 of prior period	$ 682	$ 32	$ 387	$ 34

(a) Transfers into Level 3 were a result of decreased observability of market data. Transfers from Level 3 to Level 2 were a result of increased observability of market data.

Income Statement Impact of Derivative Instruments – Gains (losses) related to NEE's derivatives are recorded in NEE's condensed consolidated statements of income as follows:

	Three Months Ended March 31,	
	2026	2025
	(millions)	
Commodity contracts[a] – operating revenues (including $70 unrealized gains and $12 unrealized gains, respectively)	**$ (61)**	$ 155
Foreign currency contracts – interest expense (including $232 unrealized losses and $3 unrealized losses, respectively)	**(250)**	(5)
Interest rate contracts – interest expense (including $146 unrealized gains and $973 unrealized losses, respectively)	**21**	(775)
Losses reclassified from AOCI to interest expense:		
Foreign currency contracts	**(1)**	(1)
Total	**$ (291)**	$ (626)

(a) For the three months ended March 31, 2026 and 2025, FPL recorded gains of approximately $12 million and $32 million, respectively, related to commodity contracts as regulatory liabilities on its condensed consolidated balance sheets.

Notional Volumes of Derivative Instruments – The following table represents net notional volumes associated with derivative instruments that are required to be reported at fair value in NEE's and FPL's condensed consolidated financial statements. The table includes significant volumes of transactions that have minimal exposure to commodity price changes because they are variably priced agreements. These volumes are only an indication of the commodity exposure that is managed through the use of derivatives. They do not represent net physical asset positions or non-derivative positions and the related hedges, nor do they represent NEE's and FPL's net economic exposure, but only the net notional derivative positions that fully or partially hedge the related asset positions. NEE and FPL had derivative commodity contracts for the following net notional volumes:

	March 31, 2026				December 31, 2025			
Commodity Type	NEE		FPL		NEE		FPL	
	(millions)							
Power	**(250)**	**MWh**	**—**		(249)	MWh	—	
Natural gas	**(1,083)**	**MMBtu**	**393**	**MMBtu**	(1,087)	MMBtu	378	MMBtu
Oil	**58**	**barrels**	**—**		3	barrels	—	

As of March 31, 2026 and December 31, 2025, NEE had interest rate contracts with a net notional amount of approximately $54.1 billion and $47.3 billion, respectively, and foreign currency contracts with a notional amount of approximately $9.6 billion and $6.0 billion, respectively.

Credit-Risk-Related Contingent Features – Certain derivative instruments contain credit-risk-related contingent features including, among other things, the requirement to maintain an investment grade credit rating from specified credit rating agencies and certain financial ratios, as well as credit-related cross-default and material adverse change triggers. As of March 31, 2026 and December 31, 2025, the aggregate fair value of NEE's derivative instruments with credit-risk-related contingent features that were in a liability position was approximately $4.4 billion ($47 million for FPL) and $4.0 billion ($38 million for FPL), respectively.

If the credit-risk-related contingent features underlying these derivative agreements were triggered, certain subsidiaries of NEE, including FPL, could be required to post collateral or settle contracts according to contractual terms which generally allow netting of contracts in offsetting positions. Certain derivative contracts contain multiple types of credit-related triggers. To the extent these contracts contain a credit ratings downgrade trigger, the maximum exposure is included in the following credit ratings collateral posting requirements. If FPL's and NEECH's credit ratings were downgraded to BBB/Baa2 (a three-level downgrade for FPL and a one level downgrade for NEECH from the current lowest applicable rating), applicable NEE subsidiaries would be required to post collateral such that the total posted collateral would be approximately $480 million (none at FPL) as of March 31, 2026 and $650 million ($30 million at FPL) as of December 31, 2025. If FPL's and NEECH's credit ratings were downgraded to below investment grade, applicable NEE subsidiaries would be required to post additional collateral such that the total posted collateral would be approximately $3.1 billion ($15 million at FPL) as of March 31, 2026 and $3.2 billion ($65 million at FPL) as of December 31, 2025. Some derivative contracts do not contain credit ratings downgrade triggers, but do contain provisions that require certain financial measures be maintained and/or have credit-related cross-default triggers. In the event these provisions were triggered, applicable NEE subsidiaries could be required to post additional collateral of up to approximately $1.5 billion ($135 million at FPL) as of March 31, 2026 and $1.7 billion ($95 million at FPL) as of December 31, 2025.

Collateral related to derivatives, including amounts posted for margin, current exposures and future performance with exchanges and independent system operators, may be posted in the form of cash or credit support in the normal course of business. As of March 31, 2026 and December 31, 2025, applicable NEE subsidiaries have posted approximately $300 million (none at FPL) and $98 million (none at FPL), respectively, in cash, and $1,368 million (none at FPL) and $1,560 million (none at FPL), respectively, in the form of letters of credit and surety bonds, each of which could be applied toward the collateral requirements described above. FPL and NEECH have capacity under their credit facilities generally in excess of the collateral requirements described above that would be available to support, among other things, derivative activities. Under the terms of the credit facilities, maintenance of a specific credit rating is not a condition to drawing on these credit facilities, although there are other conditions to drawing on these credit facilities.

Additionally, some contracts contain certain adequate assurance provisions whereby a counterparty may demand additional collateral based on subjective events and/or conditions. Due to the subjective nature of these provisions, NEE and FPL are unable to determine an exact value for these items and they are not included in any of the quantitative disclosures above.

3. Non-Derivative Fair Value Measurements

Non-derivative fair value measurements consist of NEE's and FPL's cash equivalents and restricted cash equivalents, special use funds and other investments. The fair value of these financial assets is determined by using the valuation techniques and inputs as described in Note 2 – Fair Value Measurements of Derivative Instruments as well as below.

Cash Equivalents and Restricted Cash Equivalents – NEE and FPL hold investments primarily in money market funds. The fair value of these funds is estimated using a market approach based on current observable market prices.

Special Use Funds and Other Investments – NEE and FPL hold primarily debt and equity securities directly, as well as indirectly through commingled funds. Substantially all directly held equity securities are valued at their quoted market prices. For directly held debt securities, multiple prices and price types are obtained from pricing vendors whenever possible, which enables cross-provider validations. A primary price source is identified based on asset type, class or issue of each security. Commingled funds, which are similar to mutual funds, are maintained by banks or investment companies and hold certain investments in accordance with a stated set of objectives. The fair value of commingled funds is primarily derived from the quoted prices in active markets of the underlying securities. Because the fund shares are offered to a limited group of investors, they are not considered to be traded in an active market.

Fair Value Measurement Alternative – NEE holds investments in equity securities without readily determinable fair values, which are initially recorded at cost, of approximately $662 million and $647 million as of March 31, 2026 and December 31, 2025, respectively, and are included in noncurrent other assets on NEE's condensed consolidated balance sheets. Adjustments to carrying values are recorded as a result of observable price changes in transactions for identical or similar investments of the same issuer.

Recurring Non-Derivative Fair Value Measurements – NEE's and FPL's financial assets and other fair value measurements made on a recurring basis by fair value hierarchy level are as follows:

	March 31, 2026

(d) Included in noncurrent other assets on NEE's and FPL's condensed consolidated balance sheets.

Fair Value of Financial Instruments Recorded at Other than Fair Value – The carrying amounts of commercial paper and other short-term debt approximate their fair values. The carrying amounts and estimated fair values of other financial instruments recorded at other than fair value are as follows:

	March 31, 2026		December 31, 2025	
	Carrying Amount	**Estimated Fair Value**	Carrying Amount	Estimated Fair Value
		(millions)		
NEE:				
Special use funds[a]	**$ 1,509**	**$ 1,509**	$ 1,494	$ 1,495

Long-term debt, including current portion	**$ 28,545**	**$ 26,769** [c]	$ 28,682	$ 27,354 [c]

(a) Primarily represents investments accounted for under the equity method and loans not measured at fair value on a recurring basis (Level 2).
(b) Approximately $327 million and $340 million is included in current other assets and $188 million and $195 million is included in noncurrent other assets on NEE's condensed consolidated balance sheets as of March 31, 2026 and December 31, 2025, respectively (primarily Level 3).
(c) As of March 31, 2026 and December 31, 2025, substantially all is Level 2 for NEE and FPL.

Special Use Funds and Other Investments Carried at Fair Value – The special use funds noted above and those carried at fair value (see Recurring Non-Derivative Fair Value Measurements above) consist primarily of NEE's nuclear decommissioning fund assets of approximately $10,706 million ($7,487 million for FPL) and $10,953 million ($7,683 million for FPL) as of March 31, 2026 and December 31, 2025, respectively. The investments held in the special use funds and other investments consist of equity and available for sale debt securities which are primarily carried at estimated fair value. The amortized cost of debt securities is approximately $4,043 million ($1,839 million for FPL) and $4,181 million ($1,881 million for FPL) as of March 31, 2026 and December 31, 2025, respectively. Debt securities included in the nuclear decommissioning funds have a weighted-average maturity as of March 31, 2026 of approximately eight years at NEE and nine years at FPL. Other investments primarily consist of debt securities with a weighted-average maturity as of March 31, 2026 of approximately nine years. The cost of securities sold is determined using the specific identification method.

For FPL's special use funds, changes in fair value of debt and equity securities, including any estimated credit losses of debt securities, result in a corresponding adjustment to the related regulatory asset or liability accounts, consistent with regulatory treatment. For NEE's non-rate regulated operations, changes in fair value of debt securities result in a corresponding adjustment to OCI, except for estimated credit losses and unrealized losses on debt securities intended or required to be sold prior to recovery of the amortized cost basis, which are recognized in other – net in NEE's condensed consolidated statements of income. Changes in fair value of equity securities are primarily recorded in change in unrealized gains (losses) on equity securities held in NEER's nuclear decommissioning funds – net in NEE's condensed consolidated statements of income.

Unrealized losses recognized on equity securities held as of March 31, 2026 and 2025 are as follows:

	NEE		FPL	
	Three Months Ended March 31,		Three Months Ended March 31,	
	2026	2025	**2026**	2025
	(millions)

Realized gains and losses and proceeds from the sale or maturity of available for sale debt securities are as follows:

Proceeds from sale or maturity of securities	**$ 1,055**	$ 768	**$ 647**	$ 535

The unrealized gains and unrealized losses on available for sale debt securities and the fair value of available for sale debt securities in an unrealized loss position are as follows:

	NEE		FPL	
	March 31, 2026	December 31, 2025	**March 31, 2026**	December 31, 2025
	(millions)			
Unrealized gains	**$ 28**	$ 62	**$ 14**	$ 34
Unrealized losses[(a)]	**$ 99**	$ 68	**$ 61**	$ 37
Fair value	**$ 2,072**	$ 1,344	**$ 1,073**	$ 709

(a) Unrealized losses on available for sale debt securities in an unrealized loss position for greater than twelve months as of March 31, 2026 and December 31, 2025 were not material to NEE or FPL.

Regulations issued by the FERC and the NRC provide general risk management guidelines to protect nuclear decommissioning funds and to allow such funds to earn a reasonable return. The FERC regulations prohibit, among other investments, investments in any securities of NEE or its subsidiaries, affiliates or associates, excluding investments tied to market indices or mutual funds. Similar restrictions applicable to the decommissioning funds for NEER's nuclear plants are included in the NRC operating licenses for those facilities or in NRC regulations applicable to NRC licensees not in cost-of-service environments. With respect to the decommissioning fund for Seabrook, decommissioning fund contributions and withdrawals are also regulated by the New Hampshire Nuclear Decommissioning Financing Committee pursuant to New Hampshire law.

The nuclear decommissioning reserve funds are managed by investment managers who must comply with the guidelines of NEE and FPL and the rules of the applicable regulatory authorities. The funds' assets are invested giving consideration to taxes, liquidity, risk, diversification and other prudent investment objectives.

Nonrecurring Fair Value Measurements – NEE tests its equity method investments for impairment whenever events or changes in circumstances indicate that the fair value of the investment is less than the carrying value. Indicators of impairment may include, among other things, an observable market price below NEE's carrying value. Investments that are OTTI are written down to their estimated fair value on the reporting date and an impairment loss is recognized.

NextEra Energy Resources owns a noncontrolling interest in XPLR, primarily through its limited partner interest in XPLR OpCo, and accounts for this ownership interest as an equity method investment. During the preparation of NEE's March 31, 2025 financial statements, it was determined that NextEra Energy Resources' investment in XPLR was OTTI as a result of a significant decline in trading price of XPLR's common units following XPLR's announcement of a strategic repositioning, including suspension of the distribution to common unitholders for an indefinite period. The impairment reflected NEE's fair value analysis using the market approach and the observable trading price of XPLR's common units at March 31, 2025 of $9.50. When making the OTTI determination, NEE considered, among other things, the extent to which the publicly traded unit price was less than cost. Based on the fair value analysis, the equity method investment with a carrying amount of approximately $1.7 billion was written down to its estimated fair value of $1.0 billion, resulting in an impairment charge of $0.7 billion ($0.5 billion after tax), which is reflected in equity in earnings (losses) of equity method investees in NEE's condensed consolidated statements of income for the three months ended March 31, 2025. Should NEE determine, based on future analysis which includes the current and future trading prices of XPLR's common units, that an additional impairment is other-than-temporary, an impairment loss would be recorded, which would impact NEE's condensed consolidated statements of income.

4. Income Taxes

NEE's effective income tax rate is based on the composition of pretax income or loss. A reconciliation of the income tax expense (benefit) and effective income tax rates based on the statutory U.S. federal income tax rate is as follows:

	NEE

NEE recognizes PTCs as wind and solar energy is generated and sold based on a per kWh rate prescribed in applicable federal and state statutes, which may differ significantly from amounts computed, on a quarterly basis, using an overall effective income tax rate anticipated for the full year. NEE uses this method of recognizing PTCs for specific reasons, including that PTCs are an integral part of the expected value of most wind and some solar projects and a fundamental component of such wind and solar projects' results of operations. PTCs, as well as ITCs, can significantly affect NEE's effective income tax rate depending on the amount of pretax income or loss. The amount of PTCs recognized can be significantly affected by wind and solar generation and by the roll off of PTCs after ten years of production absent a repowering of the wind and solar projects.

5. Acquisitions

Symmetry Acquisition – On January 9, 2026, a wholly owned subsidiary of NextEra Energy Resources acquired 100% of the equity interests of Symmetry Energy Solutions, a commercial and industrial natural gas business, from Energy Capital Partners, LLC (Symmetry acquisition). The acquired business provides natural gas supply, storage and asset management solutions to a broad range of end users nationwide. Symmetry Energy Solutions supplies natural gas in the U.S. to approximately 5,500 commercial and industrial customers in 34 states. The purchase price included approximately $0.8 billion in cash consideration as well as working capital and other adjustments of $0.3 billion (subject to certain post-closing adjustments).

Under the acquisition method, the purchase price was allocated to the assets acquired and liabilities assumed based on their fair value. NEE recorded identifiable assets of approximately $1.3 billion, primarily relating to accounts receivable, existing gas, storage and transportation contracts, hedging positions, and intangible assets associated with customer relationships and software, and liabilities of $0.6 billion. The excess of the purchase price over the fair value of assets acquired and liabilities assumed resulted in approximately $0.4 billion of goodwill which has been recognized on NEE's condensed consolidated balance sheets, of which $0.1 billion is expected to be deductible for tax purposes. Goodwill associated with the Symmetry acquisition is reflected within NEER and, for impairment testing, is included in the customer supply reporting unit. The goodwill arising from the transaction represents expected benefits of synergies and expansion opportunities for NEE's commercial and industrial gas businesses. The provisional fair value of the acquired net assets, including goodwill, is subject to change as additional information about the assets and liabilities existing as of the acquisition date is obtained during the measurement period.

6. Related Party Transactions

Through XPLR OpCo, XPLR owns, or has a partial ownership interest in, a portfolio of contracted clean energy assets consisting of wind, solar and battery storage projects. NEE has an approximately 52.4% noncontrolling interest in XPLR, primarily through its limited partner interest in XPLR OpCo, and accounts for its ownership interest in XPLR as an equity method investment. NextEra Energy Resources operates essentially all of the energy projects owned by XPLR and provides services to XPLR under various related party operations and maintenance, development and construction, administrative and management services agreements (service agreements). Under these service agreements, NextEra Energy Resources incurred costs of approximately $76 million and $363 million during the three months ended March 31, 2026 and 2025, respectively, primarily in connection with wind repowering, which have been or will be reimbursed by XPLR. NextEra Energy Resources is also party to a CSCS agreement with a subsidiary of XPLR. Amounts due from XPLR of approximately $559 million and $498 million are included in other receivables and $184 million and $183 million are included in noncurrent other assets as of March 31, 2026 and December 31, 2025, respectively. NEECH or NextEra Energy Resources guaranteed or provided indemnifications, letters of credit or surety bonds totaling approximately $1.7 billion as of March 31, 2026 primarily related to obligations on behalf of XPLR's subsidiaries with maturity dates ranging from 2026 to 2063, including certain project performance obligations and obligations under financing and interconnection agreements. Payment guarantees and related contracts with respect to unconsolidated

entities for which NEE or one of its subsidiaries are the guarantor are recorded on NEE's condensed consolidated balance sheets at fair value. As of March 31, 2026, approximately $57 million related to the fair value of the credit support provided under the CSCS agreement is recorded as noncurrent other liabilities on NEE's condensed consolidated balance sheet.

During 2026 and 2025, certain services, primarily engineering, construction, transportation, storage and maintenance services, were provided to subsidiaries of NEE by related parties that NEE accounts for under the equity method of accounting. Charges for these services amounted to approximately $279 million and $220 million for the three months ended March 31, 2026 and 2025, respectively.

7. Variable Interest Entities

NEER – As of March 31, 2026, NEE consolidates a number of VIEs within the NEER segment. Subsidiaries within the NEER segment are considered the primary beneficiary of these VIEs since they control the most significant activities of these VIEs, including operations and maintenance, and they have the obligation to absorb expected losses of these VIEs.

Five indirect subsidiaries of NextEra Energy Resources have an ownership interest ranging from approximately 50% to 67% in entities which own and operate solar generation facilities with generating capacity of approximately 280 MW. Each of the subsidiaries is considered a VIE since the non-managing members have no substantive rights over the managing members, and is consolidated by NextEra Energy Resources. These entities sell their electric output to third parties under power sales contracts with expiration dates ranging from 2037 through 2042. These entities have third-party debt which is secured by liens against the assets of the entities. The debt holders have no recourse to the general credit of NextEra Energy Resources for the repayment of debt. The assets and liabilities of these VIEs were approximately $503 million and $99 million, respectively, as of March 31, 2026, and $506 million and $148 million, respectively, as of December 31, 2025. As of March 31, 2026 and December 31, 2025, the assets and liabilities of these VIEs consisted primarily of property, plant and equipment and long-term debt, respectively.

NextEra Energy Resources consolidates a VIE which has a 10% direct ownership interest in wind and solar generation facilities which have the capability of producing approximately 400 MW and 599 MW, respectively. These entities sell their electric output under power sales contracts to third parties with expiration dates ranging from 2034 through 2040. These entities are also considered a VIE because the holders of differential membership interests in these entities do not have substantive rights over the significant activities of these entities. The assets and liabilities of the VIE were approximately $1,285 million and $72 million, respectively, as of March 31, 2026, and $1,301 million and $71 million, respectively, as of December 31, 2025. As of March 31, 2026 and December 31, 2025, the assets of this VIE consisted primarily of property, plant and equipment.

NextEra Energy Resources consolidates 33 VIEs that primarily relate to certain subsidiaries which have sold differential membership interests in entities which own and operate wind generation, solar generation and battery storage facilities with generating/storage capacity of approximately 11,689 MW, 4,810 MW and 2,824 MW, respectively, and own solar generation and battery storage facilities that, upon completion of construction, which is anticipated in 2026, are expected to have generating/storage capacity of approximately 100 MW and 100 MW, respectively. These entities sell, or will sell, their electric output either under power sales contracts to third parties with expiration dates ranging from 2027 through 2054 or in the spot market. These entities are considered VIEs because the holders of differential membership interests do not have substantive rights over the significant activities of these entities. NextEra Energy Resources has financing obligations with respect to these entities, including third-party debt which is secured by liens against the generation facilities and the other assets of these entities or by pledges of NextEra Energy Resources' ownership interest in these entities. The debt holders have no recourse to the general credit of NextEra Energy Resources for the repayment of debt. The assets and liabilities of these VIEs totaled approximately $28,670 million and $988 million, respectively, as of March 31, 2026. There were 34 of these consolidated VIEs as of December 31, 2025 and the assets and liabilities of those VIEs at such date totaled approximately $28,768 million and $1,485 million, respectively. As of March 31, 2026 and December 31, 2025, the assets of these VIEs consisted primarily of property, plant and equipment, and as of December 31, 2025, the liabilities of these VIEs consisted primarily of accounts payable.

Other – As of March 31, 2026 and December 31, 2025, several NEE subsidiaries had investments totaling approximately $6,412 million ($4,895 million at FPL) and $6,592 million ($5,075 million at FPL), respectively, which are included in special use funds and noncurrent other assets on NEE's condensed consolidated balance sheets and in special use funds on FPL's condensed consolidated balance sheets. These investments represented primarily commingled funds and asset-backed securities. NEE subsidiaries, including FPL, are not the primary beneficiaries and therefore do not consolidate any of these entities because they do not control any of the ongoing activities of these entities, were not involved in the initial design of these entities and do not have a controlling financial interest in these entities.

Certain subsidiaries of NEE have noncontrolling interests in entities accounted for under the equity method, including NEE's noncontrolling interest in XPLR OpCo (see Note 6). These entities are limited partnerships or similar entity structures in which the limited partners or non-managing members do not have substantive rights over the significant activities of these entities, and therefore are considered VIEs. NEE is not the primary beneficiary because it does not have a controlling financial interest in these entities, and therefore does not consolidate any of these entities. NEE's investment in these entities totaled approximately $2,401 million and $2,525 million as of March 31, 2026 and December 31, 2025, respectively. As of March 31, 2026, subsidiaries of NEE had guarantees related to certain obligations of one of these entities, as well as commitments to invest an additional approximately $165 million in several of these entities. See further discussion of such guarantees and commitments in Note 12 – Commitments and – Contracts, respectively.

8. Employee Retirement Benefits

NEE sponsors a qualified noncontributory defined benefit pension plan for substantially all employees of NEE and its subsidiaries and sponsors a contributory postretirement plan for other benefits for retirees of NEE and its subsidiaries meeting certain eligibility requirements.

The components of net periodic cost (income) for the plans are as follows:

	Pension Benefits		Postretirement Benefits	
	Three Months Ended March 31,		Three Months Ended March 31,	
	2026	2025	**2026**	2025
	(millions)			
Service cost	**$ 19**	$ 17	**$ —**	$ —
Interest cost	**32**	34	**2**	2
Expected return on plan assets	**(106)**	(103)	**—**	—
Net periodic cost (income) at NEE	**$ (55)**	$ (52)	**$ 2**	$ 2
Net periodic cost (income) allocated to FPL	**$ (30)**	$ (30)	**$ 2**	$ 2

9. Debt

Significant long-term debt issuances and borrowings during the three months ended March 31, 2026 were as follows:

	Principal Amount	Interest Rate	Maturity Date
	(millions)		
NEECH:			
Debentures – fixed	$ 1,300	4.40% – 5.85%	2031 – 2056
Euro denominated debentures – fixed[a]	$ 1,549	2.989% – 3.624%	2030 – 2034
Debentures, related to NEE's equity units	$ 2,300	4.00%	2031 – 2034
Euro denominated junior subordinated debentures – fixed[a][b]	$ 2,067	4.20% – 4.75%[b]	2056
Junior subordinated debentures – fixed	$ 600	6.50%	2086

(a) Foreign currency swaps have been entered into with respect to these debt issuances. See Note 2.
(b) Two series of junior subordinated debentures were issued in February 2026. One series will initially bear interest at 4.20% until February 26, 2032 and thereafter will bear interest based on an underlying index plus a specified margin, reset every five years; such margin will increase on February 26, 2037 and February 26, 2052. The second series will initially bear interest at 4.75% until February 26, 2036, and thereafter will bear interest at a rate based on an underlying index plus a specified margin, to be reset every five years.

In March 2026, NEE sold $2.3 billion of equity units (initially consisting of Corporate Units). Each equity unit has a stated amount of $50 and consists of a contract to purchase NEE common stock (stock purchase contract) and, initially, a 2.5% undivided beneficial ownership interest in a Series P Debenture due February 15, 2031, and, initially, a 2.5% undivided beneficial ownership interest in a Series Q Debenture due February 15, 2034, each issued in the principal amount of $1,000 by NEECH. Each stock purchase contract requires the holder to purchase by no later than February 15, 2029 (the final settlement date) for a price of $50 in cash, a number of shares of NEE common stock (subject to antidilution adjustments), based on a price per share range described in the following sentence. If purchased on the final settlement date, as of March 31, 2026, the number of shares issued per equity unit would (subject to antidilution adjustments) range from 0.5435 shares if the applicable market value of a share of NEE common stock is less than or equal to $91.99 (the reference price) to 0.4348 shares if the applicable market value of a share is equal to or greater than $115.00 (the threshold appreciation price), with the applicable market value to be determined using the average closing prices of NEE common stock over a 20-day trading period ending on February 12, 2029. Total annual distributions on the equity units are at the rate of 7.375%, consisting of interest on the debentures (4.000% per year) and payments under the stock purchase contracts (3.375% per year). The interest rate on the debentures is expected to be reset on or after August 15, 2028. A holder of an equity unit may satisfy its purchase obligation with proceeds raised from remarketing the NEECH debentures that are part of its equity unit. The undivided beneficial ownership interests in the NEECH debentures that are components of each Corporate Unit are pledged to NEE to secure the holder's obligation to purchase NEE common stock under the related stock purchase contract. If a successful remarketing does not occur on or before the third business day prior to the final settlement date, and a holder has not notified NEE of its intention to settle the stock purchase contract with cash, the debentures that are components of the Corporate Units will be used to satisfy in full the holders' obligations to purchase NEE common stock under the related stock purchase contracts on the final settlement date. The debentures are fully and unconditionally guaranteed by NEE.

10. Equity

Earnings Per Share – The reconciliation of NEE's basic and diluted earnings per share attributable to NEE is as follows:

	Three Months Ended March 31,	
	2026	2025
	(millions, except per share amounts)	
Numerator – net income attributable to NEE	**$ 2,182**	$ 833
Denominator:		
Weighted-average number of common shares outstanding – basic	**2,082.5**	2,055.5
Equity units, stock options, performance share awards, restricted stock and exchangeable notes[(a)]	**9.9**	5.2
Weighted-average number of common shares outstanding – assuming dilution	**2,092.4**	2,060.7
Earnings per share attributable to NEE:		
Basic	**$ 1.05**	$ 0.41
Assuming dilution	**$ 1.04**	$ 0.40

(a) Calculated primarily using the treasury stock method. Performance share awards are included in diluted weighted-average number of common shares outstanding based upon what would be issued if the end of the reporting period was the end of the term of the award.

Common shares issuable pursuant to equity units, stock options, performance share awards and/or exchangeable notes, as well as restricted stock which were not included in the denominator above due to their antidilutive effect were approximately 8.3 million and 72.3 million for the three months ended March 31, 2026 and 2025, respectively.

Accumulated Other Comprehensive Income (Loss) – The components of AOCI, net of tax, are as follows:

	Accumulated Other Comprehensive Income (Loss)					
	Net Unrealized Gains (Losses) on Cash Flow Hedges	Net Unrealized Gains (Losses) on Available for Sale Securities	Defined Benefit Pension and Other Benefits Plans	Net Unrealized Gains (Losses) on Foreign Currency Translation	Other Comprehensive Income (Loss) Related to Equity Method Investees	Total

Balances, March 31, 2025	$ 23	$ (25)	$ (19)	$ (101)	$ 8	$ (114)

(a) Reclassified to losses on disposal of investments and other property – net in NEE's condensed consolidated statements of income.

11. Summary of Significant Accounting and Reporting Policies

Rate Regulation – In February 2026, the Office of Public Counsel, Floridians Against Increased Rates, Inc. and, as a group, Florida Rising, Inc., Environmental Confederation of Southwest Florida, Inc. and League of United Latin American Citizens of Florida (collectively, the non-signatories) filed with the FPSC a joint motion for reconsideration and a joint request for oral argument, and filed notices of appeal with the Florida Supreme Court, in each case challenging the FPSC's final order approving the 2025 rate agreement. In April 2026, the FPSC denied substantially all of the non-signatories' joint motion for reconsideration, granting only a limited correction to expand on the discussion of FPL's performance under the Florida Energy Efficiency and Conservation Act in the final order. The rate case docket will remain open pending resolution of the appeals before the Florida Supreme Court.

The use of a RSM for the three months ended March 31, 2026 is permitted by the 2025 rate agreement, and, for the prior year period the use of reserve amortization was permitted by the 2021 rate agreement. The RSM reserve, which is authorized up to approximately $1.5 billion, after tax, over the term of the 2025 rate agreement, includes ITC amortization for battery storage projects placed in service in 2025, the remaining balance from FPL's previous reserve amortization mechanism as of January 1, 2026 and certain amounts related to deferred tax liabilities. In accordance with the terms of the 2025 rate agreement, RSM amortization is recorded as either an increase or decrease to noncurrent regulatory assets or liabilities, as applicable, on NEE's and FPL's condensed consolidated balance sheets. In accordance with the terms of the 2021 rate agreement, reserve amortization was recorded as either an increase or decrease to noncurrent regulatory assets on NEE's and FPL's condensed consolidated balance sheets. FPL files a twelve-month forecast with the FPSC each year which contains a regulatory ROE intended to be earned based on the best information FPL has at that time, assuming normal weather. This forecast establishes a targeted regulatory ROE.

In order to earn a targeted regulatory ROE in each reporting period, subject to conditions of the effective rate agreement, RSM amortization and reserve amortization, as applicable, are calculated using a trailing thirteen-month average of retail rate base and capital structure in conjunction with the trailing twelve months regulatory retail base net operating income, which primarily includes the retail base portion of base and other revenues, net of O&M, depreciation and amortization, interest and tax expenses. In general, the net impact of these income statement line items is adjusted, in part, by the RSM amortization or reserve amortization, as applicable, to earn the targeted regulatory ROE. In certain periods, the RSM amortization or reserve amortization, as applicable, are reversed so as not to exceed the targeted regulatory ROE. During the three months ended March 31, 2026, FPL recorded RSM amortization of approximately $306 million, after tax, which is reflected as a decrease of $150 million in income taxes and a decrease of $209 million in depreciation and amortization expense ($156 million after tax) in NEE and FPL's condensed consolidated statements of income. During the three months ended March 31, 2025, FPL recorded reserve amortization of approximately $622 million, which is reflected as pre-tax depreciation and amortization expense on NEE and FPL's condensed consolidated statements of income.

Restricted Cash – As of March 31, 2026 and December 31, 2025, NEE had approximately $477 million ($46 million for FPL) and $194 million ($46 million for FPL), respectively, of restricted cash. Restricted cash accounts are included in current other assets on NEE's and FPL's condensed consolidated balance sheets and primarily relate to debt service payments and margin cash collateral requirements at NEER and bond proceeds held for construction at FPL. In addition, where offsetting positions exist, restricted cash related to margin cash collateral of $240 million is netted against derivative liabilities as of March 31, 2026 and $50 million is netted against derivative assets and $81 million is netted against derivative liabilities as of December 31, 2025. See Note 2.

Structured Payables – As of March 31, 2026 and December 31, 2025, NEE's outstanding obligations under its structured payables program were approximately $2.1 billion and $4.2 billion, respectively.

Income Taxes – Clean energy tax credits generated during the taxable year can be transferred to an unrelated purchaser for cash and are accounted for under *Accounting Standards Codification 740 – Income Taxes*. Proceeds resulting from the sales of clean energy tax credits for the three months ended March 31, 2026 and 2025 of approximately $639 million and $105 million, respectively, are reported in the cash received for income taxes – net within the supplemental disclosures of cash flow information on NEE's condensed consolidated statements of cash flows. In connection with entering into the agreements to sell clean energy tax credits, NEECH provides certain indemnifications to the purchasers regarding the existence and qualifications of such credits. NEE has not recorded any material liability related to these indemnifications after considering the nature of the indemnifications and NEE's experience in generating and utilizing clean energy tax credits. NEE's exposure to refund credits sold generally terminates based on the individual purchaser's tax return statute of limitations which cannot be estimated.

Noncontrolling Interests – As of March 31, 2026 and December 31, 2025, approximately $10,196 million and $10,654 million, respectively, of noncontrolling interests on NEE's condensed consolidated balance sheets relates to differential membership interests. For the three months ended March 31, 2026 and 2025, NEE recorded earnings of approximately $511 million and $394 million, respectively, associated with differential membership interests, which is reflected as net loss attributable to noncontrolling interests in NEE's condensed consolidated statements of income.

Leases – For the three months ended March 31, 2026 and 2025, operating lease income of approximately $103 million and $60 million, respectively, was recognized as operating revenue in NEE's condensed consolidated statements of income.

Disposal of a Business – In March 2026, a subsidiary of NEET sold an ownership interest, representing an approximately 50% economic interest, as part of a joint venture (transmission joint venture), consisting of a rate-regulated electric transmission asset located in California, for cash proceeds of approximately $287 million, subject to post-closing adjustments. A NEET subsidiary continues to operate the rate-regulated electric transmission asset included in the sale. In connection with the sale and extinguishment of the related debt, a net gain of approximately $133 million ($107 million after tax) was recorded in NEE's condensed consolidated statements of income for the three months ended March 31, 2026. Approximately $253 million is included in gains on disposal of businesses/assets – net, offset by $120 million recorded as interest expense. Total assets of approximately $831 million, primarily property, plant and equipment and total liabilities of approximately $512 million, primarily long-term debt, were removed from NEE's balance sheet as a result of the transaction. NEE's remaining interest, an approximately 50% economic interest, in the transmission joint venture is a noncontrolling interest based on the governance structure of the joint venture and is reflected as an equity method investment of approximately $287 million at March 31, 2026. The fair value of NEE's retained interest was calculated based on significant estimates and assumptions, including Level 3 (unobservable) inputs. Estimates and assumptions include the projected timing and amount of future cash flows, discount rates reflecting risk inherent in future cash flows and future market prices.

Property, Plant and Equipment – Property, plant and equipment consists of the following:

	NEE		FPL	
	March 31, 2026	December 31, 2025	**March 31, 2026**	December 31, 2025
		(millions)		
Electric plant in service and other property	**$ 172,762**	$ 170,129	**$ 96,744**	$ 94,837

Accumulated depreciation and amortization	**(41,412)**	(40,514)	**(22,429)**	(21,956)
Property, plant and equipment – net	**$ 162,361**	$ 156,197	**$ 84,118**	$ 81,755

During the three months ended March 31, 2026 and 2025, FPL recorded AFUDC of approximately $65 million and $48 million, respectively, including AFUDC – equity of $50 million and $37 million, respectively. During the three months ended March 31, 2026 and 2025, NEER capitalized interest on construction projects of approximately $186 million and $139 million, respectively.

12. Commitments and Contingencies

Commitments – NEE and its subsidiaries have made commitments in connection with a portion of their projected capital expenditures. Capital expenditures at FPL include, among other things, the cost for construction of additional facilities and equipment to meet customer demand, as well as capital improvements to and maintenance of existing facilities. At NEER, capital expenditures include, among other things, the cost, including capitalized interest, for development, construction and maintenance of its competitive energy businesses.

As of March 31, 2026, estimated capital expenditures, on an accrual basis, for the remainder of 2026 through 2030 were as follows:

	Remainder of 2026	2027	2028	2029	2030	Total
			(millions)			
FPL:						
Generation:[a]						
New[b]	$ 3,075	$ 4,330	$ 4,010	$ 4,820	$ 4,225	$ 20,460

Total	$ 13,825	$ 13,265	$ 5,625	$ 1,635	$ 1,710	$ 36,060

(a) Includes AFUDC of approximately $160 million, $265 million, $245 million, $275 million and $235 million for the remainder of 2026 through 2030, respectively.
(b) Includes land, generation structures, transmission interconnection and integration and licensing.
(c) Includes AFUDC of approximately $65 million, $95 million, $105 million, $165 million and $160 million for the remainder of 2026 through 2030, respectively.
(d) Represents capital expenditures for which applicable internal approvals and also, if required, regulatory approvals have been received.
(e) Consists of capital expenditures for new wind projects and repowering of existing wind projects totaling approximately 3,717 MW, and related transmission.
(f) Includes capital expenditures for new solar projects (including solar plus battery storage projects) totaling approximately 13,650 MW and related transmission.
(g) Includes capital expenditures primarily for battery storage projects totaling approximately 4,846 MW and related transmission, as well as renewable fuels projects.

The above estimates are subject to continuing review and adjustment and actual capital expenditures may vary significantly from these estimates.

In addition to guarantees noted in Note 6 with regards to XPLR, NEECH has guaranteed or provided indemnifications or letters of credit related to third parties, including certain obligations of investments in joint ventures accounted for under the equity method, totaling approximately $915 million as of March 31, 2026. These obligations primarily relate to guaranteeing the obligations under equity capital contribution and purchased power agreements (PPAs) and the residual value of a financing lease. Payment guarantees and related contracts with respect to unconsolidated entities for which NEE or one of its subsidiaries is the guarantor are recorded at fair value and are included in noncurrent other liabilities on NEE's condensed consolidated balance sheets. Management believes that the exposure associated with these guarantees is not material.

Contracts – In addition to the commitments made in connection with the estimated capital expenditures included in the table in Commitments above, FPL has firm commitments under long-term contracts primarily for the transportation of natural gas with expiration dates through 2042.

As of March 31, 2026, NEER has entered into contracts primarily for the purchase of wind turbines, wind towers, solar modules, batteries and transmission equipment and related construction and development activities, as well as for the supply of uranium, and the conversion, enrichment and fabrication of nuclear fuel with expiration dates through 2033. Approximately $10.3 billion of related commitments are included in the estimated capital expenditures table in Commitments above. In addition, NEER has contracts primarily for the transportation and storage of natural gas with expiration dates through 2055.

The required capacity and/or minimum payments under contracts, including those discussed above, as of March 31, 2026 were estimated as follows:

	Remainder of 2026	2027	2028	2029	2030	Thereafter
			(millions)			
FPL[a]	$ 935	$ 1,185	$ 1,150	$ 1,135	$ 1,060	$ 6,470
NEER[b][c]	$ 7,485	$ 2,645	$ 615	$ 230	$ 155	$ 485

(a) Includes approximately $325 million, $430 million, $430 million, $425 million, $425 million and $4,540 million for the remainder of 2026 through 2030 and thereafter, respectively, of firm commitments related to natural gas transportation agreements with affiliates. The charges associated with these agreements are recoverable through the fuel clause. For the three months ended March 31, 2026 and 2025, the charges associated with these agreements totaled approximately $100 million and $100 million, respectively.
(b) Includes approximately $150 million of commitments to invest in technology and other investments through 2032. See Note 7 – Other.
(c) Includes approximately $1,560 million and $470 million for the remainder of 2026 and 2027, respectively, of joint obligations of NEECH and NEER.

Insurance – Liability for accidents at nuclear power plants is governed by the Price-Anderson Act, which limits the liability of nuclear reactor owners to the amount of insurance available from both private sources and an industry retrospective payment plan. In accordance with this Act, NEE maintains $500 million of private liability insurance per site, which is the maximum obtainable, except at Duane Arnold which obtained an exemption from the NRC and maintains a $100 million private liability insurance limit. Each site, except Duane Arnold, participates in a secondary financial protection system, which provides up to $15.8 billion of liability insurance coverage per incident at any nuclear reactor in the U.S. Under the secondary financial protection system, NEE is subject to retrospective assessments of up to $1,161 million ($664 million for FPL), plus any applicable taxes, per incident at any nuclear reactor in the U.S., payable at a rate not to exceed $173 million ($99 million for FPL) per incident per year. NextEra Energy Resources and FPL are contractually entitled to recover a proportionate share of such assessments from the owners of minority interests in Seabrook and St. Lucie Unit 2, which approximates $20 million and $25 million, plus any applicable taxes, per incident, respectively.

NEE participates in a nuclear insurance mutual company, Nuclear Electric Insurance Limited (NEIL), which provides property damage, nuclear accident decontamination and premature decommissioning insurance for each plant for losses resulting from damage to its nuclear facilities, either due to accidents or acts of terrorism. Additionally, NEIL provides accidental outage coverage for losses in the event of a major accidental outage at an insured nuclear plant. Pursuant to regulations of the NRC, each company's property damage insurance policies provide that all proceeds from such insurance be applied first to place the plant in a safe and stable condition after a qualifying accident, and second, to decontaminate the plant before any proceeds can be used for decommissioning, plant repair or restoration.

NEE and FPL nuclear facilities each have accident property damage, nuclear accident decontamination and premature decommissioning liability insurance from NEIL with limits of $1.5 billion, except for Duane Arnold which has a limit of $50 million due to being placed in a deferred decommissioning status in 2020. All the nuclear facilities, except for Duane Arnold, also share an additional $1.25 billion nuclear accident insurance limit above their dedicated underlying limit. This shared additional excess limit is not subject to reinstatement in the event of a loss. All coverages are subject to sublimits and deductibles.

NEE also participates in an insurance program that provides limited coverage for replacement power costs if a nuclear plant is out of service for an extended period of time because of an accident. In the event of an accident at one of NEE's or another participating insured's nuclear plants, NEE could be assessed up to $183 million ($115 million for FPL), plus any applicable taxes, in retrospective premiums in a policy year. NextEra Energy Resources and FPL are contractually entitled to recover a proportionate share of such assessments from the owners of minority interests in Seabrook, Duane Arnold and St. Lucie Unit 2, which approximates $3 million, $3 million and $4 million, plus any applicable taxes, respectively.

Due to the high cost and limited coverage available from third-party insurers, NEE does not have property insurance coverage for a substantial portion of either its transmission and distribution property or natural gas pipeline assets. If FPL's storm restoration costs exceed the storm reserve, such storm restoration costs may be recovered, subject to prudence review by the FPSC, through surcharges approved by the FPSC or through securitization provisions pursuant to Florida law.

In the event of a loss, the amount of insurance available might not be adequate to cover property damage and other expenses incurred. Uninsured losses and other expenses, to the extent not recovered from customers in the case of FPL, would be borne by NEE and FPL and could have a material adverse effect on NEE's and FPL's financial condition, results of operations and liquidity.

Legal Proceedings – NEE, FPL, and certain current and former executives, are the named defendants in a purported shareholder securities class action lawsuit filed in the U.S. District Court for the Southern District of Florida in June 2023 and amended in December 2023 (2023 securities class action lawsuit) that seeks from the defendants unspecified damages allegedly resulting from alleged false or misleading statements regarding NEE's alleged campaign finance and other political activities. The alleged class of plaintiffs are all persons or entities who purchased or otherwise acquired NEE securities between December 2, 2021 and January 30, 2023. In September 2024, the class action lawsuit was dismissed with prejudice by the U.S. District Court for the Southern District of Florida. Following appeal, in November 2025, a panel of the U.S. Court of Appeals for the 11th Circuit reversed the dismissal and remanded the lawsuit for further proceedings. In March 2026, the named defendants and lead plaintiffs entered into a settlement term sheet that sets forth the material terms and conditions for the resolution of the 2023 securities class action lawsuit. Under the terms of the proposed settlement, NEE would pay an aggregate of $150 million to settle all claims asserted in the 2023 securities class action lawsuit, inclusive of plaintiffs' counsel's fees and costs of administering the settlement. NEE's payment would be covered by insurance. Both the settlement amount and the offsetting expected insurance recovery amount are reflected on the condensed consolidated balance sheet as of March 31, 2026.

Pursuant to the settlement term sheet, the parties have agreed to negotiate and execute a final settlement agreement consistent with the term sheet and complete confirmatory discovery within 60 days after the term sheet date. In March 2026, the parties notified the court that they had reached an agreement in principle to settle the 2023 securities class action lawsuit and requested that the court stay further proceedings, which stay was subsequently granted. The settlement agreement would, upon final court approval, fully resolve the 2023 securities class action lawsuit. The notice indicated that the plaintiffs expect to file a motion requesting the court to preliminarily approve the settlement agreement by no later than June 15, 2026. There can be no assurance as to the ultimate outcome of the 2023 securities class action lawsuit, including no assurance that any settlement agreement will be given final approval by the court. If the settlement cannot be finalized by the parties or a settlement agreement is not given final approval by the court, the defendants plan to continue to defend the securities class action lawsuit vigorously.

NEE, along with certain current and former executives and directors are the named defendants in purported shareholder derivative actions filed in the 15th Judicial Circuit in Palm Beach County, Florida in July 2023, March 2024 and May 2025, and in the U.S. District Court for the Southern District of Florida in October 2023, November 2023 (which the plaintiff voluntarily dismissed), July 2024 and April 2026, seeking unspecified damages allegedly resulting from, among other things, breaches of fiduciary duties and, in the cases filed in the U.S. District Court for the Southern District of Florida, violations of the federal securities laws, all purporting to relate to alleged campaign finance law violations and associated matters. The defendants are vigorously defending against the claims in these proceedings. NEE also has received demand letters and books and records requests from counsel representing other purported shareholders and containing similar allegations. These demands seek, among other things, a Board of Directors investigation of, and/or documentation regarding, these allegations. These derivative cases, demands and requests remain stayed, except for the April 2026 complaint for which a stay will be sought, pending the settlement of the securities class action lawsuit described above.

In November 2024, NEE was named as defendant in an antitrust lawsuit (Avangrid, Inc. et al. v. NextEra Energy, Inc.) filed in the U.S. District Court for the District of Massachusetts. The original complaint sought damages of $350 million, which would be tripled in the event of a finding of monopolization under the Sherman Act, from the defendants for alleged violations of federal and state antitrust laws, as well as Massachusetts state laws. In September 2025, the U.S. District Court for the District of Massachusetts dismissed the alleged violations of federal and state antitrust laws. In December 2025, the court heard oral argument on NEE's motion to dismiss the remaining Massachusetts state law claims. NEE is vigorously defending against the remaining claims in this proceeding.

XPLR, NEE and certain NEE executives who also serve or served as directors or officers of XPLR are the named defendants in a purported federal securities class action lawsuit filed in the U.S. District Court for the Southern District of California (Southern District of California) in July 2025 that seeks unspecified damages alleging that the defendants made false and misleading statements regarding XPLR's business model, XPLR distributions, and its arrangements relating to noncontrolling Class B members' interests under certain limited liability company agreements to which XPLR and certain of its subsidiaries are or were a party. The alleged class includes all persons or entities other than the defendants and certain affiliated parties of the defendants as named in the lawsuit who purchased or otherwise acquired XPLR securities between September 27, 2023 and January 27, 2025. In January 2026, the plaintiffs filed an amended complaint expanding the putative class period to include all persons or entities other than the defendants and certain affiliated parties of the defendants as named in the lawsuit who purchased or otherwise acquired XPLR securities beginning on May 8, 2023. In March 2026, the defendants filed a motion to dismiss the complaint. The defendants are vigorously defending against the claims in this proceeding.

XPLR, NEE and certain current and former XPLR directors or officers, some of whom are also current and former NEE executives, are the named defendants in a purported unitholder derivative action filed in the Southern District of California in August 2025. The complaint alleges, among other allegations, that defendants breached their fiduciary duties by making, or causing XPLR to make, false and misleading statements regarding XPLR's business model, distributions, financial arrangements and equity needs. The plaintiff seeks declaratory and monetary relief, changes to corporate governance and internal procedures, and attorneys' fees and costs. In November 2025, the Southern District of California issued an order to stay proceedings pending resolution of the motion to dismiss phase in the purported federal securities class action lawsuit described above.

13. Segment Information

The tables below present information for NEE's two reportable segments, FPL, a rate-regulated utility business, and NEER, which is comprised of competitive energy and rate-regulated transmission businesses. Corporate and Other represents other business activities, includes eliminating entries, and may include the net effect of rounding. FPL has a single reportable segment. See Note 1 for information regarding NEE's and FPL's operating revenues.

Net income attributable to NEE and significant expenses for NEE's reportable segments and the FPL reportable segment are shown below.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

NEE's operating performance is driven primarily by the operations of its two principal businesses, FPL, which serves more than six million customer accounts in Florida and is the largest electric utility in the U.S., and NEER, which together with affiliated entities is one of the largest energy infrastructure developers in the U.S. The table below presents net income (loss) attributable to NEE and earnings (loss) per share attributable to NEE, assuming dilution, by reportable segment, FPL and NEER. Corporate and Other is primarily comprised of the operating results of other business activities, as well as other income and expense items, including interest expense, and eliminating entries, and may include the net effect of rounding. See Note 13 for additional segment information. The following discussion should be read in conjunction with the Notes to Condensed Consolidated Financial Statements contained herein and Management's Discussion and Analysis of Financial Condition and Results of Operations appearing in the 2025 Form 10-K. The results of operations for an interim period generally will not give a true indication of results for the year. In the following discussion, all comparisons are with the corresponding items in the prior year period.

	Net Income (Loss) Attributable to NEE		Earnings (Loss) Per Share Attributable to NEE, Assuming Dilution

(a) NEER's results reflect an allocation of interest expense from NEECH to NextEra Energy Resources based on a deemed capital structure of 70% debt and differential membership interests sold by NextEra Energy Resources' subsidiaries.

Adjusted Earnings

NEE prepares its financial statements under GAAP. However, management also uses earnings adjusted for certain items (adjusted earnings), a non-GAAP financial measure, internally for financial planning, analysis of performance, reporting of results to the Board of Directors and as an input in determining performance-based compensation under NEE's employee incentive compensation plans. NEE also uses adjusted earnings when communicating its financial results and earnings outlook to analysts and investors. NEE's management believes that adjusted earnings provide a more meaningful representation of NEE's fundamental earnings power. Although these amounts are properly reflected in the determination of net income under GAAP, management believes that the amount and/or nature of such items make period to period comparisons of operations difficult and potentially confusing. Adjusted earnings do not represent a substitute for net income, as prepared under GAAP.

The following table provides details of the after-tax adjustments to net income considered in computing NEE's adjusted earnings discussed above.

	Three Months Ended March 31,	
	2026	2025
	(millions)	
Net gains (losses) associated with non-qualifying hedge activity[a]	**$ (44)**	$ (514)
XPLR investment gains, net – NEER[b]	**$ (6)**	$ (642)
Change in unrealized gains (losses) on equity securities held in NEER's nuclear decommissioning funds and OTTI, net – NEER	**$ (43)**	$ (49)

(a) For the three months ended March 31, 2026 and 2025, approximately $30 million of gains and $45 million of losses, respectively, are included in NEER's net income; the remaining balance is included in Corporate and Other. The change in non-qualifying hedge activity is primarily attributable to changes in forward power and natural gas prices, interest rates and foreign currency exchange rates, as well as the reversal of previously recognized unrealized mark-to-market gains or losses as the underlying transactions were realized.
(b) The three months ended March 31, 2025 includes an impairment charge related to the investment in XPLR. See Note 3 – Nonrecurring Fair Value Measurements.

NEE segregates into two categories unrealized mark-to-market gains and losses and timing impacts related to derivative transactions. The first category, referred to as non-qualifying hedges, represents certain energy derivative, interest rate derivative and foreign currency transactions entered into as economic hedges, which do not meet the requirements for hedge accounting, or for which hedge accounting treatment is not elected or has been discontinued. Changes in the fair value of those transactions are marked to market and reported in the condensed consolidated statements of income, resulting in earnings volatility because the economic offset to certain of the positions are generally not marked to market. As a consequence, NEE's net income reflects only the movement in one part of economically-linked transactions. For example, a gain (loss) in the non-qualifying hedge category for certain energy derivatives is offset by decreases (increases) in the fair value of related physical asset positions in the portfolio or contracts, which are not marked to market under GAAP. For this reason, NEE's management views results expressed excluding the impact of the non-qualifying hedges as a meaningful measure of current period performance. The second category, referred to as trading activities, which is included in adjusted earnings, represents the net unrealized effect of actively traded positions entered into to take advantage of expected market price movements and all other commodity hedging activities. At FPL, substantially all changes in the fair value of energy derivative transactions are deferred as a regulatory asset or liability until the contracts are settled, and, upon settlement, any gains or losses are passed through the fuel clause or base rates. See Note 2.

RESULTS OF OPERATIONS

Summary

Net income attributable to NEE increased by $1,349 million for the three months ended March 31, 2026 reflecting higher results at FPL, NEER and Corporate and Other.

FPL's increase in net income for the three months ended March 31, 2026 was primarily driven by continued investments in plant in service and other property.

NEER's results increased for the three months ended March 31, 2026 primarily reflecting the absence of an impairment charge related to the investment in XPLR recorded in 2025, gains on the 2026 sale of ownership interests in a transmission asset and higher earnings from new investments, partly offset by lower earnings from the customer supply business.

Corporate and Other's results increased for the three months ended March 31, 2026 primarily due to favorable non-qualifying hedge activity compared to 2025.

NEE's effective income tax rates for the three months ended March 31, 2026 and 2025 were approximately (41)% and 914%, respectively. See Note 4 for a discussion of NEE's and FPL's effective income tax rates.

A number of legislative, executive and administrative activities occurred in 2025 and 2026 that affect NEE and FPL including 1) the enactment of the One Big Beautiful Bill Act (OBBBA) which, among other things, modified tax legislation affecting clean energy tax credits, 2) the issuance of a number of federal executive orders and presidential actions, 3) the imposition of tariffs on a variety of imports and 4) the issuance of guidance by various federal agencies. A number of similar activities remain pending or are in various phases of implementation, such as certain Treasury Department rulemaking authorized by the OBBBA, trade investigations that may lead to additional tariffs or place limitations on imports of certain materials, ordered reviews of, or process or policy changes with respect to, federal permitting and approvals for wind and solar projects and proposals by regional transmission operators regarding the process for interconnecting new generation projects to certain regional transmission grids that have been approved by FERC. There has been no material impact on NEE's or FPL's operations or financial performance as a result of these developments and NEE believes that its current pipeline of wind and solar facilities to be placed in service through 2030 will qualify for clean energy tax credits. NEE will assess any further developments for potential impacts in future periods.

FPL: Results of Operations

FPL's net income increased $146 million for the three months ended March 31, 2026. Investments in plant in service and other property grew FPL's average rate base by approximately $6.3 billion for the three months ended March 31, 2026 when compared to the same period in the prior year, reflecting, among other things, solar generation additions and ongoing transmission and distribution additions.

The use of a RSM for the three months ended March 31, 2026 is permitted by the 2025 rate agreement, and, for the prior year period, the use of reserve amortization was permitted by the 2021 rate agreement. The RSM reserve, which is authorized up to approximately $1.5 billion, after tax, over the term of the 2025 rate agreement, includes ITC amortization for battery storage projects placed in service in 2025, the remaining balance from FPL's previous reserve amortization mechanism as of January 1, 2026 and certain amounts related to deferred tax liabilities.

In order to earn a targeted regulatory ROE in each reporting period, subject to conditions of the effective rate agreement, RSM amortization and reserve amortization, as applicable, are calculated using a trailing thirteen-month average of retail rate base and capital structure in conjunction with the trailing twelve months regulatory retail base net operating income, which primarily includes the retail base portion of base and other revenues, net of O&M, depreciation and amortization, interest and tax expenses. In general, the net impact of these income statement line items is adjusted, in part, by the RSM amortization or reserve amortization, as applicable, to earn the targeted regulatory ROE. In certain periods, the RSM amortization or reserve amortization, as applicable, are reversed so as not to exceed the targeted regulatory ROE. The drivers of FPL's net income not reflected in the RSM amortization and reserve amortization calculation typically include wholesale and transmission service revenues and expenses, cost recovery clause revenues and expenses, AFUDC – equity and revenue and costs not recoverable from retail customers.

During the three months ended March 31, 2026, FPL recorded RSM amortization of approximately $306 million, after tax, reflecting ITC and reserve amortization in accordance with the 2025 rate agreement. During the three months ended March 31, 2025, FPL recorded reserve amortization of approximately $622 million, pre-tax. See Depreciation and Amortization Expense and Income Taxes below. FPL earned a regulatory ROE of approximately 11.70% and 11.60% on its retail rate base, based on a trailing thirteen-month average retail rate base as of March 31, 2026 and March 31, 2025, respectively.

FPL completed a twelve-month storm restoration charge that began in January 2025 for eligible storm restoration costs of approximately $1.2 billion, primarily related to surcharges for Hurricanes Debby, Helene and Milton which impacted FPL's service area in 2024.

In February 2026, the non-signatories challenged the FPSC's final order approving the 2025 rate agreement through a motion for reconsideration with the FPSC and appeals with the Florida Supreme Court. In April 2026, the FPSC denied substantially all of the motion for reconsideration, and the matter remains pending before the Florida Supreme Court. See Note 11 – Rate Regulation.

Operating Revenues
During the three months ended March 31, 2026, operating revenues increased $274 million.

Retail base revenues increased by approximately $284 million reflecting additional revenues of approximately $200 million related to new retail base rates under the 2025 rate agreement. Retail base revenues during the three months ended March 31, 2026 were also impacted by an increase of 1.7% in the average usage per retail customer driven by favorable weather as well as an increase of 1.6% in the number of average customers when compared to the prior year period.

The increase in operating revenues for the three months ended March 31, 2026 also reflects increases in fuel revenues of approximately $70 million, other base revenues of $64 million and storm protection plan cost recovery clause revenues of $62 million. The increase in operating revenues for the three months ended March 31, 2026 was partly offset by a decrease in storm cost recovery revenues of approximately $247 million primarily associated with the completion of surcharges for Hurricanes Debby, Helene and Milton, as discussed above.

Depreciation and Amortization Expense
Depreciation and amortization expense increased $257 million during the three months ended March 31, 2026 primarily reflecting the impact of lower RSM amortization (reserve amortization in 2025) as well as higher plant in service balances. During the three months ended March 31, 2026 and 2025, FPL recorded pre-tax RSM amortization (reserve amortization in 2025) of approximately $209 million and $622 million, respectively. For the three months ended March 31, 2026, in order to achieve the targeted regulatory ROE, the use of RSM amortization is permitted by the 2025 rate agreement, and in the prior-year period, the use of reserve amortization was permitted by the 2021 rate agreement. See Note 11 – Rate Regulation.

The increase in depreciation and amortization expense is partly offset by approximately $248 million of lower amortization of deferred storm costs primarily associated with the completion of the surcharges related to Hurricanes Debby, Helene and Milton, as discussed above.

Income Taxes
During the three months ended March 31, 2026, FPL's income taxes decreased $233 million primarily related to approximately $150 million of ITC amortization, utilized as part of the RSM, as well as higher clean energy tax credits as compared to the prior year period. As of March 31, 2026, approximately $1.225 billion, after tax, of total RSM reserve remains available under the 2025 rate agreement. See Note 11 – Rate Regulation and Note 4.

NEER: Results of Operations

NEER's results increased $847 million for the three months ended March 31, 2026. The primary drivers, on an after-tax basis, of the changes are in the following table.

	Increase (Decrease) From Prior Year Period
	Three Months Ended March 31, 2026
	(millions)
New investments[a]	$ 92
Existing clean energy[a]	20
Customer supply[b]	(76)

(a) Reflects after-tax project contributions, including the net effect of deferred income taxes and other benefits associated with clean energy tax credits for wind, solar and battery storage projects, as applicable, but excludes allocation of financing costs and corporate general and administrative expenses, except for an allocated credit support charge related to guarantees issued to conduct business activities. Results from projects and regulated gas transmission assets are included in new investments during the first twelve months of operation or ownership. Project results, including repowered wind projects, and regulated gas transmission assets results are included in existing clean energy beginning with the thirteenth month of operation or ownership.
(b) Excludes allocation of financing costs and corporate general and administrative expenses, except for an allocated credit support charge related to guarantees issued to conduct business activities and includes natural gas, natural gas liquids and oil production results.
(c) See Overview – Adjusted Earnings for additional information.

NEET
Results from the NEET business increased for the three months ended March 31, 2026 primarily reflecting a gain related to the sale of ownership interests in a transmission asset. See Note 11 – Disposal of a Business.

New Investments
Results from new investments for the three months ended March 31, 2026 increased primarily due to higher earnings related to new wind and solar generation and battery storage facilities that entered service during or after the three months ended March 31, 2025.

Customer Supply
Results from the customer supply business decreased for the three months ended March 31, 2026 primarily reflecting lower contributions from natural gas and oil production assets than in the comparable prior year period.

Other Factors
Supplemental to the primary drivers of the changes in NEER's results discussed above, the discussion below describes changes in certain line items set forth in NEE's condensed consolidated statements of income as they relate to NEER.

Operating Revenues
Operating revenues for the three months ended March 31, 2026 increased $148 million primarily due to:
- revenues from new investments of approximately $181 million; and
- revenues of $129 million from higher generation at other peak generation facilities, driven by favorable weather;

partly offset by,
- the impact of non-qualifying commodity hedges due primarily to changes in energy prices (approximately $11 million of gains for the three months ended March 31, 2026 compared to $188 million of gains for the comparable period in 2025).

Operating Expenses – net
Operating expenses – net for the three months ended March 31, 2026 increased $340 million primarily due to increases of $211 million in O&M expense and $108 million in fuel, purchased power and interchange expense. The increase was primarily associated with growth across the NEER businesses.

Gains on Disposal of Businesses/Assets – net
Gains on disposal of businesses/assets – net for the three months ended March 31, 2026 increased $223 million primarily as a result of the sale of ownership interests in a transmission asset. See Note 11 – Disposal of a Business.

Interest Expense
NEER's interest expense for the three months ended March 31, 2026 decreased $47 million primarily reflecting approximately $199 million of favorable impacts related to changes in the fair value of interest rate derivative instruments, partly offset by a loss on extinguishment of debt as a result of the sale of ownership interests in a transmission asset (see Note 11 – Disposal of a Business) as well as higher average debt balances.

Equity in Earnings (Losses) of Equity Method Investees
NEER recognized $170 million of equity in earnings of equity method investees for the three months ended March 31, 2026, compared to $646 million of equity in losses of equity method investees for the three months ended March 31, 2025. The change for the three months ended March 31, 2026 primarily reflects the absence of an impairment charge related to the investment in XPLR recorded in 2025 of approximately $0.7 billion ($0.5 billion after tax) (see Note 3 – Nonrecurring Fair Value Measurements).

Income Taxes
PTCs from wind and solar projects and ITCs from solar, battery storage and certain wind projects are included in NEER's earnings. PTCs are recognized as wind and solar energy is generated and sold based on a per kWh rate prescribed in applicable federal and state statutes. NEER's effective income tax rate is primarily based on the composition of pretax income (loss) in the period presented. See Note 4.

Net Loss Attributable to Noncontrolling Interests
The change in net loss attributable to noncontrolling interests primarily reflects higher earnings associated with existing differential membership interest investors, as well as an increase in additional differential membership interests. See Note 11 – Noncontrolling Interests.

Symmetry Acquisition
On January 9, 2026, a wholly owned subsidiary of NextEra Energy Resources acquired a commercial and industrial natural gas business. See Note 5 – Symmetry Acquisition.

Corporate and Other: Results of Operations

Corporate and Other is primarily comprised of the operating results of other business activities, as well as corporate interest income and expenses. Corporate and Other allocates a portion of NEECH's corporate interest expense to NextEra Energy Resources. Interest expense is allocated based on a deemed capital structure of 70% debt and differential membership interests sold by NextEra Energy Resources' subsidiaries.

Corporate and Other's results increased $356 million during the three months ended March 31, 2026 primarily due to favorable after-tax impacts of approximately $395 million, as compared to the prior year period, related to non-qualifying hedge activity as a result of changes in the fair value of interest rate derivative instruments.

LIQUIDITY AND CAPITAL RESOURCES

NEE and its subsidiaries require funds to support and grow their businesses. These funds are used for, among other things, working capital, capital expenditures (see Note 12 – Commitments), investments in or acquisitions of assets and businesses (see Note 5), payment of maturing debt and related derivative obligations (see Note 9 and Note 2) and, from time to time, redemption or repurchase of outstanding debt or equity securities. It is anticipated that these requirements will be satisfied through a combination of cash flows from operations, short- and long-term borrowings, the issuance of short- and long-term debt (see Note 9) and, from time to time, equity securities, proceeds from differential membership investors, sales of clean energy tax credits (see Note 11 – Income Taxes) and sales of ownership interests in assets/businesses (see Note 11 – Disposal of a Business), consistent with NEE's and FPL's objective of maintaining, on a long-term basis, a capital structure that will support a strong investment grade credit rating. NEE, FPL and NEECH rely on access to credit and capital markets as significant sources of liquidity for capital requirements and other operations that are not satisfied by operating cash flows. The inability of NEE, FPL and NEECH to maintain their current credit ratings could affect their ability to raise short- and long-term capital, their cost of capital and the execution of their respective financing strategies, and could require the posting of additional collateral under certain agreements.

Cash Flows

NEE's sources and uses of cash for the three months ended March 31, 2026 and 2025 were as follows:

	Three Months Ended March 31,	
	2026	2025
	(millions)	
Sources of cash:		
Cash flows from operating activities	**$ 2,614**	$ 2,769

NEE's primary capital requirements are for expanding and enhancing FPL's electric system and generation facilities to continue to provide reliable service to meet customer electricity demands and for funding NEER's investments in independent power and other projects. See Note 12 – Commitments for estimated capital expenditures for the remainder of 2026 through 2030.

The following table provides a summary of capital investments for the three months ended March 31, 2026 and 2025.

Liquidity

As of March 31, 2026, NEE's total net available liquidity was approximately $14.8 billion. The table below provides the components of FPL's and NEECH's net available liquidity as of March 31, 2026.

	FPL	NEECH	Total	Maturity Date FPL	Maturity Date NEECH

(a) Provide for the funding of loans up to the amount of the credit facility and the issuance of letters of credit up to $1,450 million ($450 million for FPL and $1,000 million for NEECH). The entire amount of the credit facilities is available for general corporate purposes and to provide additional liquidity in the event of a loss to the companies' or their subsidiaries' operating facilities (including, in the case of FPL, a transmission and distribution property loss). FPL's syndicated revolving credit facilities are also available to support the purchase of $1,566 million of pollution control, solid waste disposal and industrial development revenue bonds in the event they are tendered by individual bondholders and not remarketed prior to maturity, as well as the repayment of approximately $1,973 million of floating rate notes in the event an individual noteholder requires repayment at specified dates prior to maturity. As of March 31, 2026, approximately $3,250 million of NEECH's syndicated revolving credit facilities expire over the next 12 months.
(b) Only available for the funding of loans. As of March 31, 2026, approximately $555 million of FPL's and $2,300 million of NEECH's bilateral revolving credit facilities expire over the next 12 months.
(c) Only available for the issuance of letters of credit. As of March 31, 2026, approximately $79 million of the letter of credit facilities expire over the next 12 months.
(d) Excludes short-term borrowings under NEECH's bilateral revolving credit facilities of $650 million, which are included in borrowings above.

Capital Support

Guarantees, Letters of Credit, Surety Bonds and Indemnifications (Guarantee Arrangements)

Certain subsidiaries of NEE issue guarantees and obtain letters of credit and surety bonds, as well as provide indemnities, to facilitate commercial transactions with third parties and financings. Substantially all of the guarantee arrangements are on behalf of NEE's consolidated subsidiaries, as discussed in more detail below. See Note 6 and Note 12 – Commitments regarding guarantees of obligations on behalf of unconsolidated entities. NEE is not required to recognize liabilities associated with guarantee arrangements issued on behalf of its consolidated subsidiaries unless it becomes probable that they will be required to perform. As of March 31, 2026, NEE believes that there is no material exposure related to these guarantee arrangements.

NEE subsidiaries issue guarantees related to equity contribution agreements and engineering, procurement and construction agreements, associated with the development, construction and financing of certain power generation facilities (see Note 11 – Structured Payables) and a natural gas pipeline project, as well as a natural gas transportation agreement. Commitments associated with these activities are included in the contracts table in Note 12.

In addition, as of March 31, 2026, NEE subsidiaries had approximately $7.4 billion in guarantees related to obligations under PPAs and acquisition agreements, interconnection agreements, nuclear-related activities, support for NEER's retail electricity provider activities, as well as other types of contractual obligations (see Note 12 – Commitments).

In some instances, subsidiaries of NEE elect to issue guarantees instead of posting other forms of collateral required under certain financing arrangements, as well as for other project-level cash management activities. As of March 31, 2026, these guarantees totaled approximately $3.2 billion and support, among other things, cash management activities, including those related to debt service and operations and maintenance service agreements, as well as other specific project financing requirements.

Subsidiaries of NEE also issue guarantees to support customer supply and proprietary power and gas trading activities, including the buying and selling of wholesale energy commodities. As of March 31, 2026, the estimated mark-to-market exposure (the total amount that these subsidiaries of NEE could be required to fund based on energy commodity market prices as of March 31, 2026) plus contract settlement net payables, net of collateral posted for obligations under these guarantees, totaled approximately $1.6 billion.

As of March 31, 2026, subsidiaries of NEE also had approximately $8.1 billion of standby letters of credit and approximately $1.6 billion of surety bonds to support certain of the commercial activities discussed above. FPL's and NEECH's credit facilities are available to support substantially all of the standby letters of credit.

In addition, as part of contract negotiations in the normal course of business, certain subsidiaries of NEE have agreed and in the future may agree to make payments to compensate or indemnify other parties, including those associated with asset divestitures, for possible unfavorable financial consequences resulting from specified events. The specified events may include, but are not limited to, an adverse judgment in a lawsuit, or the imposition of additional taxes due to a change in tax law or interpretations of the tax law. NEE is unable to estimate the maximum potential amount of future payments by its subsidiaries under some of these contracts because events that would obligate them to make payments have not occurred or, if any such event has occurred, they have not been notified of its occurrence.

NEECH, a 100% owned subsidiary of NEE, provides funding for, and holds ownership interests in, NEE's operating subsidiaries other than FPL. NEE has fully and unconditionally guaranteed certain payment obligations of NEECH, including most of its debt and all of its debentures registered pursuant to the Securities Act of 1933 and commercial paper issuances, as well as most of its payment guarantees and indemnifications, and NEECH has guaranteed certain debt and other obligations of subsidiaries within the NEER segment. Certain guarantee arrangements described above contain requirements for NEECH and FPL to maintain a specified credit rating.

NEE fully and unconditionally guarantees NEECH debentures pursuant to a guarantee agreement, dated as of June 1, 1999 (1999 guarantee) and NEECH junior subordinated debentures pursuant to an indenture, dated as of September 1, 2006 (2006 guarantee). The 1999 guarantee is an unsecured obligation of NEE and ranks equally and ratably with all other unsecured and unsubordinated indebtedness of NEE. The 2006 guarantee is unsecured and subordinate and junior in right of payment to NEE senior indebtedness (as defined therein). No payment on those junior subordinated debentures may be made under the 2006 guarantee until all NEE senior indebtedness has been paid in full in certain circumstances. NEE's and NEECH's ability to meet their financial obligations are primarily dependent on their subsidiaries' net income, cash flows and their ability to pay upstream dividends or to repay funds to NEE and NEECH. The dividend-paying ability of some of the subsidiaries is limited by contractual restrictions which are contained in outstanding financing agreements.

Summarized financial information of NEE and NEECH is as follows:

(b) Information has been prepared on the same basis of accounting as NEE's condensed consolidated financial statements.

CRITICAL ACCOUNTING ESTIMATES

Critical accounting estimates are those that NEE believes are both most important to the portrayal of its financial condition and results of operations, and require complex, subjective judgments, often as a result of the need to make assumptions about the effect of matters that are inherently uncertain. Judgments and uncertainties affecting the critical accounting estimates may result in materially different amounts being reported under different conditions or using different assumptions. NEE's significant accounting policies, including those requiring critical accounting estimates, were reported in NEE's 2025 Form 10-K. There have been no material changes regarding these significant accounting policies, including critical accounting estimates.

See Note 3 – Nonrecurring Fair Value Measurements for a discussion of an impairment related to NextEra Energy Resources' equity method investment in XPLR.

ENERGY MARKETING AND TRADING AND MARKET RISK SENSITIVITY

NEE and FPL are exposed to risks associated with adverse changes in commodity prices, interest rates and equity prices. Financial instruments and positions affecting the financial statements of NEE and FPL described below are held primarily for purposes other than trading. Market risk is measured as the potential loss in fair value resulting from hypothetical reasonably possible changes in commodity prices, interest rates or equity prices over the next year. Management has established risk management policies to monitor and manage such market risks, as well as credit risks.

Commodity Price Risk

NEE and FPL use derivative instruments (primarily swaps, options, futures and forwards) to manage the physical and financial risks inherent in the purchase and sale of fuel and electricity. In addition, NEE, through NEER, uses derivatives to optimize the value of its power generation and natural gas and oil production assets and engages in power and fuel marketing and trading activities to take advantage of expected future favorable price movements. See Note 2.

The changes in the fair value of NEE's consolidated subsidiaries' energy contract derivative instruments for the three months ended March 31, 2026 were as follows:

		Hedges on Owned Assets

With respect to commodities, NEE's Exposure Management Committee (EMC), which is comprised of certain members of senior management, and NEE's chief executive officer are responsible for the overall approval of market risk management policies and the delegation of approval and authorization levels. The EMC and NEE's chief executive officer receive periodic updates on market positions and related exposures, credit exposures and overall risk management activities.

NEE uses a value-at-risk (VaR) model to measure commodity price market risk in its trading and mark-to-market portfolios. The VaR is the estimated loss of market value based on a one-day holding period at a 95% confidence level using historical simulation methodology. The VaR figures are as follows:

	Trading[a]		Non-Qualifying Hedges and FPL Hedges[b]		Total	
	FPL	NEE	FPL	NEE	FPL	NEE
			(millions)			
December 31, 2025	$ —	$ 14	$ 9	$ 92	$ 9	$ 83
March 31, 2026	**$ —**	**$ 6**	**$ 8**	**$ 58**	**$ 8**	**$ 55**
Average for the three months ended March 31, 2026	**$ —**	**$ 4**	**$ 7**	**$ 77**	**$ 7**	**$ 76**

(a) The VaR figures for the trading portfolio include positions that are marked to market. Taking into consideration offsetting unmarked non-derivative positions, such as physical inventory, the trading VaR figures were approximately $4 million and $5 million as of March 31, 2026 and December 31, 2025, respectively.
(b) Non-qualifying hedges are employed to reduce the market risk exposure to physical assets or contracts which are not marked to market. The VaR figures for the non-qualifying hedges and FPL hedges do not represent the economic exposure to commodity price movements.

Interest Rate Risk

NEE's and FPL's financial results are exposed to risk resulting from changes in interest rates as a result of their respective outstanding and expected future issuances of debt, investments in special use funds and other investments. NEE and FPL manage their respective interest rate exposure by monitoring current interest rates, entering into interest rate contracts and using a combination of fixed-rate and variable-rate debt. Interest rate contracts are used to mitigate and adjust interest rate exposure when deemed appropriate based upon market conditions or when required by financing agreements.

The following are estimates of the fair value of NEE's and FPL's financial instruments that are exposed to interest rate risk:

	March 31, 2026		December 31, 2025	
	Carrying Amount	**Estimated Fair Value[a]**	Carrying Amount	Estimated Fair Value[a]
	(millions)			
NEE:

Other investments, primarily debt securities	**$ 2,182**	**$ 2,182**	$ 2,280	$ 2,280
Long-term debt, including current portion	**$ 97,785**	**$ 93,722**	$ 93,056	$ 91,614
Interest rate contracts – net unrealized losses	**$ (96)**	**$ (96)**	$ (252)	$ (252)
FPL:				
Special use funds	**$ 1,795**	**$ 1,795**	$ 1,885	$ 1,885
Long-term debt, including current portion	**$ 28,545**	**$ 26,769**	$ 28,682	$ 27,354

(a) See Notes 2 and 3.

The special use funds of NEE and FPL consist of restricted funds set aside to cover the cost of storm damage for FPL and for the decommissioning of NEE's and FPL's nuclear power plants. A portion of these funds is invested in fixed income debt securities primarily carried at estimated fair value. At FPL, changes in fair value, including any credit losses, result in a corresponding adjustment to the related regulatory asset or liability accounts based on current regulatory treatment. The changes in fair value for NEE's non-rate regulated operations result in a corresponding adjustment to OCI, except for credit losses and unrealized losses on available for sale securities intended or required to be sold prior to recovery of the amortized cost basis, which are reported in current period earnings. Because the funds set aside by FPL for storm damage could be needed at any time, the related investments are generally more liquid and, therefore, are less sensitive to changes in interest rates. The nuclear decommissioning funds, in contrast, are generally invested in longer-term securities.

As of March 31, 2026, NEE had interest rate contracts with a net notional amount of approximately $54.1 billion to manage exposure to the variability of cash flows primarily associated with expected future and outstanding debt issuances at NEECH and NEER. See Note 2.

Based upon a hypothetical 10% decrease in interest rates, the fair value of NEE's net liabilities would increase by approximately $5,119 million ($1,344 million for FPL) as of March 31, 2026.

Equity Price Risk

NEE and FPL are exposed to risk resulting from changes in prices for equity securities. For example, NEE's nuclear decommissioning reserve funds include marketable equity securities carried at their market value of approximately $6,856 million and $7,007 million ($4,748 million and $4,840 million for FPL) as of March 31, 2026 and December 31, 2025, respectively. NEE's and FPL's investment strategy for equity securities in their nuclear decommissioning reserve funds emphasizes marketable securities which are broadly diversified. As of March 31, 2026, a hypothetical 10% decrease in the prices quoted on stock exchanges would result in an approximately $632 million ($429 million for FPL) reduction in fair value. For FPL, a corresponding adjustment would be made to the related regulatory asset or liability accounts based on current regulatory treatment, and for NEE's non-rate regulated operations, a corresponding amount would be recorded in change in unrealized gains (losses) on equity securities held in NEER's nuclear decommissioning funds – net in NEE's condensed consolidated statements of income. See Note 3.

Credit Risk

NEE and its subsidiaries, including FPL, are also exposed to credit risk through their energy marketing and trading operations. Credit risk is the risk that a financial loss will be incurred if a counterparty to a transaction does not fulfill its financial obligation. NEE manages counterparty credit risk for its subsidiaries with energy marketing and trading operations through established policies, including counterparty credit limits, and in some cases credit enhancements, such as cash prepayments, letters of credit, cash and other collateral and guarantees.

Credit risk is also managed through the use of master netting agreements. NEE's credit department monitors current and forward credit exposure to counterparties and their affiliates, both on an individual and an aggregate basis. For all derivative and contractual transactions, NEE's energy marketing and trading operations, which include FPL's energy marketing and trading division, are exposed to losses in the event of nonperformance by counterparties to these transactions. Some relevant considerations when assessing NEE's energy marketing and trading operations' credit risk exposure include the following:

- Operations are primarily concentrated in the energy industry.
- Trade receivables and other financial instruments are predominately with energy, utility and financial services related companies, as well as municipalities, cooperatives and other trading companies in the U.S.
- Overall credit risk is managed through established credit policies and is overseen by the EMC.
- Prospective and existing customers are reviewed for creditworthiness based upon established standards, with customers not meeting minimum standards providing various credit enhancements or secured payment terms, such as letters of credit or the posting of margin cash collateral.
- Master netting agreements are used to offset cash and noncash gains and losses arising from derivative instruments with the same counterparty. NEE's policy is to have master netting agreements in place with significant counterparties.

Based on NEE's policies and risk exposures related to credit, NEE and FPL do not anticipate a material adverse effect on their financial statements as a result of counterparty nonperformance. As of March 31, 2026, NEE's credit risk exposure associated with its energy marketing and trading operations, taking into account collateral and contractual netting rights, totaled approximately $3.2 billion ($117 million for FPL), of which approximately 84% (99% for FPL) was with companies that have investment grade credit ratings. See Note 2.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

See Management's Discussion – Energy Marketing and Trading and Market Risk Sensitivity.

Item 4. Controls and Procedures

(a) Evaluation of Disclosure Controls and Procedures

As of March 31, 2026, each of NEE and FPL had performed an evaluation, under the supervision and with the participation of its management, including NEE's and FPL's chief executive officer and chief financial officer, of the effectiveness of the design and operation of each company's disclosure controls and procedures (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)). Based upon that evaluation, the chief executive officer and the chief financial officer of each of NEE and FPL concluded that the company's disclosure controls and procedures were effective as of March 31, 2026.

(b) Changes in Internal Control Over Financial Reporting

NEE and FPL are continuously seeking to improve the efficiency and effectiveness of their operations and of their internal controls. This results in refinements to processes throughout NEE and FPL. However, there has been no change in NEE's or FPL's internal control over financial reporting (as defined in the Securities Exchange Act of 1934 Rules 13a-15(f) and 15d-15(f)) that occurred during NEE's and FPL's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, NEE's or FPL's internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

See Note 12 – Legal Proceedings.

With regard to environmental proceedings to which a governmental authority is a party, NEE's and FPL's policy is to disclose any such proceeding if it is reasonably expected to result in monetary sanctions of greater than or equal to $1 million.

Item 1A. Risk Factors

There have been no material changes from the risk factors disclosed in the 2025 Form 10-K. The factors discussed in Part I, Item 1A. Risk Factors in the 2025 Form 10-K, as well as other information set forth in this report, which could materially adversely affect NEE's and FPL's business, financial condition, results of operations and prospects should be carefully considered. The risks described in the 2025 Form 10-K are not the only risks facing NEE and FPL. Additional risks and uncertainties not currently known to NEE or FPL, or that are currently deemed to be immaterial, also may materially adversely affect NEE's or FPL's business, financial condition, results of operations and prospects.

Item 2. Unregistered Sales of Equity Securities, Use of Proceeds, and Issuer Purchases of Equity Securities

(a) Information regarding purchases made by NEE of its common stock during the three months ended March 31, 2026 is as follows:

Period	Total Number of Shares Purchased[a]	Average Price Paid Per Share	Total Number of Shares Purchased as Part of a Publicly Announced Program	Maximum Number of Shares that May Yet be Purchased Under the Program[b]
1/1/26 – 1/31/26	—	$ —	—	180,000,000

Total	401,392	$ 93.80	—	

(a) Includes shares of common stock withheld from employees to pay certain withholding taxes upon the vesting of stock awards granted to such employees under the NextEra Energy, Inc. 2021 Long Term Incentive Plan or the NextEra Energy, Inc. Amended and Restated 2011 Long Term Incentive Plan.
(b) In May 2017, NEE's Board of Directors authorized repurchases of up to 45 million shares of common stock (180 million shares after giving effect to the four-for-one stock split of NEE common stock effective October 26, 2020) over an unspecified period.

Item 5. Other Information

(c) Rule 10b5-1 trading arrangements adopted during the three months ended March 31, 2026 were as follows:

- On January 27, 2026, Charles E. Sieving, Executive Vice President, Chief Legal, Environmental and Federal Regulatory Affairs Officer of NEE, adopted a Rule 10b5-1 trading arrangement that is intended to satisfy the affirmative defense of Rule 10b5-1(c) for the sale of 132,184 shares of NEE's common stock until December 31, 2026.
- On January 28, 2026, John W. Ketchum, Chairman, President and Chief Executive Officer of NEE and Chairman of FPL, adopted a Rule 10b5-1 trading arrangement that was intended to satisfy the affirmative defense of Rule 10b5-1(c) for the sale of 88,605 shares of NEE's common stock until February 17, 2027.
- On January 29, 2026, Armando Pimentel, Jr., President and Chief Executive Officer of FPL, adopted a Rule 10b5-1 trading arrangement that is intended to satisfy the affirmative defense of Rule 10b5-1(c) for the sale of 157,464 shares of NEE's common stock until January 29, 2027.

OFFICER'S CERTIFICATE

Creating the Series X Junior Subordinated Debentures due February 26, 2056

James May, Vice President & Treasurer of NextEra Energy Capital Holdings, Inc. (the "**Company**"), and James May, Treasurer and Assistant Secretary of NextEra Energy, Inc. (the "**Guarantor**"), pursuant to the authority granted in the accompanying Board Resolutions (all capitalized terms used herein which are not defined herein or in *Exhibit A* hereto, but which are defined in the Indenture referred to below, shall have the meanings specified in the Indenture), and pursuant to Sections 201 and 301 of the Indenture, do hereby certify to The Bank of New York Mellon (the "**Trustee**"), as Trustee under the Indenture (For Unsecured Subordinated Debt Securities) dated as of September 1, 2006 among the Company, the Guarantor and the Trustee, as amended (the "**Indenture**"), that:

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "Series X Junior Subordinated Debentures due February 26, 2056" (referred to herein as the "**Debentures of the Twenty-Fourth Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Debentures of the Twenty-Fourth Series shall be issued by the Company in the initial aggregate principal amount of €1,000,000,000. Additional Debentures of the Twenty-Fourth Series, without limitation as to amount, having the same terms as the Outstanding Debentures of the Twenty-Fourth Series (*except* for the issue date of the additional Debentures of the Twenty-Fourth Series and, if applicable, the initial Interest Payment Date (as defined in *Exhibit A* hereto)) may also be issued by the Company pursuant to the Indenture without the consent of the Holders of the then-Outstanding Debentures of the Twenty-Fourth Series. Any such additional Debentures of the Twenty-Fourth Series as may be issued pursuant to the Indenture from time to time shall be part of the same series as the then-Outstanding Debentures of the Twenty-Fourth Series.

3. The Debentures of the Twenty-Fourth Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date. The "**Stated Maturity Date**" means February 26, 2056.

4. The Debentures of the Twenty-Fourth Series shall bear interest as provided in the form set forth as *Exhibit A* hereto.

5. Each installment of interest on a Debenture of the Twenty-Fourth Series shall be payable as provided in the form set forth as *Exhibit A* hereto.

6. Registration of the Debentures of the Twenty-Fourth Series, and registration of transfers and exchanges in respect of the Debentures of the Twenty-Fourth Series, may be effectuated at the office or agency of the Company in New York City, New York. Notices and demands to or upon the Company in respect of the Debentures of the Twenty-Fourth Series may be served at the office or agency of the Company in New York City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the

Company for such registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints the Trustee as its agent for all such purposes; *provided*, *however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent (including any such office or agency and such agent specified in the two succeeding sentences). The Trustee will initially be the Security Registrar for the Debentures of the Twenty-Fourth Series. The Company has initially appointed The Bank of New York Mellon, London Branch, as its Paying Agent for the Debentures of the Twenty-Fourth Series.

7. The Debentures of the Twenty-Fourth Series will be redeemable at the option of the Company prior to the Stated Maturity Date as provided in the form set forth as *Exhibit A* hereto. If less than all of the Debentures of the Twenty-Fourth Series are to be redeemed, the particular Debentures of the Twenty-Fourth Series to be redeemed shall be selected by the Trustee from the Outstanding Debentures of the Twenty-Fourth Series by lot.

8. So long as all of the Debentures of the Twenty-Fourth Series are held by a securities depository in book-entry form, the Regular Record Date for the interest payable on any given Interest Payment Date with respect to the Debentures of the Twenty-Fourth Series shall be the close of business on the Business Day (as defined in *Exhibit A* hereto) immediately preceding such Interest Payment Date; *provided*, *however*, that if any of the Debentures of the Twenty-Fourth Series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date (whether or not a Business Day).

9. So long as any Debentures of the Twenty-Fourth Series are Outstanding, the failure of the Company to pay interest, including Additional Interest (as defined in *Exhibit A* hereto), if any, on any Debentures of the Twenty-Fourth Series within thirty (30) days after the same becomes due and payable (whether or not payment is prohibited by the subordination provisions of Article Fourteen and Article Fifteen of the Indenture) shall constitute an Event of Default; *provided*, *however*, that a valid deferral of the interest payments by the Company as contemplated in Section 312 of the Indenture and *paragraph 10* of this certificate shall not constitute a failure to pay interest for this purpose.

10. Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Debentures of the Twenty-Fourth Series, to defer the payment of interest for a period not exceeding five (5) consecutive years, as provided in the form set forth as *Exhibit A* hereto.

11. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Twenty-Fourth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Twenty-Fourth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Twenty-Fourth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided*, *however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency and setting forth the amount thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Twenty-Fourth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for United States federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

12. The Debentures of the Twenty-Fourth Series will be initially issued in global form registered in the name of The Bank of New York Depository (Nominees) Limited, as nominee of The Bank of New York Mellon, London Branch, as common depositary for Clearstream Banking S.A. and Euroclear Bank SA/NV, as operator of the Euroclear System. The Debentures of the Twenty-Fourth Series in global form shall bear the depository legend in substantially the form set forth as *Exhibit A* hereto. The Debentures of the Twenty-Fourth Series in global form will contain restrictions on transfer, substantially as described in the form set forth as *Exhibit A* hereto.

13. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Twenty-Fourth Series; *provided*, *however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

14. The Company reserves the right to require legends on Debentures of the Twenty-Fourth Series as it may determine are necessary to ensure compliance with the securities laws of the United States and the states therein and any other applicable laws.

15. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Fourth Series, or of any other series of Securities issued after October 1, 2006, to amend the Indenture as follows:

To amend clause (6) of the second paragraph of Section 608 of the Indenture to read as follows:

"(6) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the series of Securities with respect to which the Company has elected to defer the payment of interest, or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

16. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Fourth Series, or of any other series of Securities issued after October 1, 2006, to amend this Officer's Certificate as follows:

To amend clause (f) on page A-19 of the form of the Debentures of the Twenty-Fourth Series set forth as ***Exhibit A*** hereto to read as follows:

"(f) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the Debentures of the Twenty-Fourth Series or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

17. Notwithstanding the provisions of Section 802 of the Indenture, the principal of and accrued interest on the Debentures of the Twenty-Fourth Series shall not be declared immediately due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Twenty-Fourth Series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Debentures of the Twenty-Fourth Series. The Debentures of the Twenty-Fourth Series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Twenty-Fourth Series.

18. Each of the Company and the Guarantor agrees, and, by acceptance of the Debentures of the Twenty-Fourth Series, each Holder will be deemed to have agreed, to treat the Debentures of the Twenty-Fourth Series as indebtedness for United States federal, state and local tax purposes.

19. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Fourth Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

To amend the second sentence of Section 402 thereof to read as follows:

"The Company shall, at least 20 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee, in writing of such Redemption Date and of the principal amount of such Securities to be redeemed."

To amend the first sentence of Section 404 thereof to read as follows:

"Except as otherwise specified as contemplated by Section 301 for Securities of any series, notice of redemption shall be given in the manner provided in Section 106 to the Holders of the Securities to be redeemed not less than 10 nor more than 60 days prior to the Redemption Date."

20. The Debentures of the Twenty-Fourth Series shall have such other terms and provisions as are provided in the form set forth as ***Exhibit A*** hereto.

21. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Twenty-Fourth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

22. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

23. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

24. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Debentures of the Twenty-Fourth Series requested in the accompanying Company Order No. 22 and Guarantor Order No. 22, have been complied with.

IN WITNESS WHEREOF, I have executed this Officer's Certificate on behalf of the Company this 26th day of February, 2026 in New York, New York.

[FORM OF FACE OF JUNIOR SUBORDINATED DEBENTURE]

NEXTERA ENERGY CAPITAL HOLDINGS, INC.

SERIES X JUNIOR SUBORDINATED DEBENTURES DUE FEBRUARY 26, 2056

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**", which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ euros on February 26, 2056 (the "**Stated Maturity Date**"). The Company further promises (subject to deferral as set forth herein) to pay interest on the principal sum of this Series X Junior Subordinated Debenture due February 26, 2056 (this "**Security**") to the registered Holder hereof (i) from and including February 26, 2026 to but excluding February 26, 2032 (the "**First Interest Reset Date**") at the rate of 4.200% per annum, (ii) from and including the First Interest Reset Date to but excluding February 26, 2037 (the "**First Step-Up Date**") at an annual rate equal to the Five-Year Swap Rate (as defined herein) plus 1.700% (the "**Initial Margin**"), (iii) during each Interest Reset Period (as defined herein) from and including the First Step-Up Date to but excluding February 26, 2052 (the "**Second Step-Up Date**"), at an annual rate equal to the Five-Year Swap Rate plus the Initial Margin plus 0.25%, and (iv) from and including the Second Step-Up Date at an annual rate equal to the Five-Year Swap Rate plus the Initial Margin plus 1.00%, in like coin or currency, annually in arrears on February 26th of each year (each an "**Interest Payment Date**") until the principal hereof is paid or duly provided for, such interest payments to commence on February 26, 2027. The interest rate on the Securities of this series will reset on the First Interest Reset Date and on each fifth anniversary thereof (each, an "**Interest Reset Date**"). The period from (and including) an Interest Reset Date to (but excluding) the next Interest Reset Date (or the Stated Maturity Date with respect to the Interest Reset Date occurring on the Second Step-Up Date) is referred to herein as an "**Interest Reset Period**." Interest on the Securities of this series will accrue from and including February 26, 2026 to but excluding the first Interest Payment Date and thereafter will accrue from and including the last Interest Payment Date to which interest has either been paid or duly provided for to but excluding the next succeeding Interest Payment Date (each an "**Interest Period**") (*except* that (i) the interest payment which is due on February 26, 2027 shall include interest that has accrued from February 26, 2026, and (ii) if this Security is authenticated during the period that (A) follows any particular Regular Record Date (as defined below) but (B) precedes the next occurring Interest Payment Date, then the registered

Holder hereof shall not be entitled to receive any interest payment with respect to this Security on such next occurring Interest Payment Date). The Company also promises to pay Additional Interest (as defined below) with respect to an Optional Deferral Period (as defined below) to the registered Holder of this Security, to the extent payment of such Additional Interest is enforceable under applicable law, on any interest payment that is not made on the applicable Interest Payment Date, as specified on the reverse of this Security. No interest or other payment will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. The interest so payable, and punctually paid or duly provided for, on an Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the "**Regular Record Date**" for such interest installment, which shall be the close of business on the Business Day (for this purpose, a day on which Clearstream Banking S.A. and Euroclear Bank SA/NV, as operator of the Euroclear System, are open for business) immediately preceding such Interest Payment Date so long as all of the Securities of this series are held by a securities depository in book-entry form; *provided* that if any of the Securities of this series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date (whether or not a Business Day); and *provided further* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose at the office of The Bank of New York Mellon, London Branch (the "**Paying Agent**") in London which will initially be the agency of the Company for such payments; *provided*, *however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto. The amount of interest payable on this Security for any period will be computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on this Security (or February 26, 2026 if no interest has been paid on this Security), to but excluding the next scheduled Interest Payment Date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If an Interest Payment Date, a Redemption Date or the Stated Maturity Date of the Securities of this series falls on a day that is not a Business Day, then payment of the interest or principal payable on such Interest Payment Date, Redemption Date or the Stated Maturity Date will be made on the next succeeding day which is a Business Day (and no interest will be paid or

other payment made in respect of such delay) with the same force and effect as if made on such date, and no interest on such payment will accrue for the period from and after such Interest Payment Date, Redemption Date or the Stated Maturity Date, as applicable.

Currency Conversion. All payments of principal, interest, premium, if any, or any Additional Amounts (as defined herein) in respect of the Securities of this series, including payments made upon any redemption pursuant to the terms of the Securities of this series, will be payable in euros. If euros are unavailable to the Company due to the imposition of exchange controls or other circumstances beyond the Company's control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Securities of this series will be made in U.S. dollars until euros are again available to the Company or so used. In such circumstances, the amount payable on any date in euros will be converted by the Company into U.S. dollars at the rate mandated by the Board of Governors of the Federal Reserve System as of the close of business on the second Business Day prior to the relevant payment date or, if the Board of Governors of the Federal Reserve System has not announced a rate of conversion, on the basis of the most recent U.S. dollar/euro exchange rate published in The Wall Street Journal on or prior to the second Business Day prior to the relevant payment date or, in the event The Wall Street Journal has not published such exchange rate, the rate will be determined in the Company's sole discretion on the basis of the most recently available market exchange rate for euros. Any payment in respect of the Securities of this series so made in U.S. dollars will not constitute a default under the Securities of such series or the Indenture.

In the event of an official redenomination of the euro, the obligations with respect to payments on the Securities of this series immediately following such redenomination shall be regarded as providing for the payment of that amount of euros representing the amount of such obligations immediately before such redenomination. Neither the Trustee nor the Paying Agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations.

All determinations referred to above made by the Company will be at its sole discretion and will, in the absence of clear error, be conclusive for all purposes and binding on the holders of the Securities of this series.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate, shall have the meanings specified in the Indenture or in the Officer's Certificate.)

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse of this Security by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed in _____, _____.

[FORM OF GUARANTEE]

NEXTERA ENERGY, INC., a corporation organized under the laws of the State of Florida (the "**Guarantor**", which term includes any successor under the Indenture (the "**Indenture**") referred to in the Security upon which this Guarantee is endorsed), for value received, hereby unconditionally and irrevocably guarantees to the Holder of the Security upon which this Guarantee is endorsed, the due and punctual payment of the principal of, and premium, if any, and interest, including Additional Interest, if any, on such Security when and as the same shall become due and payable, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, in accordance with the terms of such Security and of the Indenture regardless of any defense, right of set-off or counterclaim that the Guarantor may have (except the defense of payment). In case of the failure of the Company punctually to make any such payment, the Guarantor hereby agrees to cause such payment to be made punctually when and as the same shall become due and payable, whether on the Stated Maturity Date or by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by the Company. The Guarantor's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Guarantor to the Holder of the Security or to a Paying Agent, or by causing the Company to pay such amount to such Holder or a Paying Agent.

The Guarantor hereby agrees that its payment obligations hereunder shall be absolute and unconditional irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of such Security or the Indenture, any failure to enforce the provisions of such Security or the Indenture, or any waiver, modification or indulgence granted to the Company with respect thereto (except that the Guarantor will have the benefit of any waiver, modification or indulgence granted to the Company in accordance with the Indenture), by the Holder of such Security or the Trustee or any other circumstance which may otherwise constitute a legal or equitable discharge or defense of a surety or guarantor; *provided*, *however*, that notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of such Security, or increase the interest rate thereon (including Additional Interest, if any), or change any redemption provisions thereof (including any change to increase any premium payable upon redemption thereof) or change the Stated Maturity Date thereof.

The Guarantor hereby waives the benefits of diligence, presentment, demand for payment, any requirement that the Trustee or the Holder of such Security exhaust any right or take any action against the Company or any other Person, the filing of claims with a court in the event of insolvency or bankruptcy of the Company, any right to require a proceeding first against the Company, protest or notice with respect to such Security or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Guarantee will not be discharged in respect of such Security except by complete performance of the payment obligations contained in such Security and in this Guarantee. This Guarantee shall constitute a guaranty of payment and not of collection. The Guarantor hereby agrees that, in the event of a default in payment of principal, or premium, if any, or interest, if any, on such Security, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, legal proceedings may be instituted by the Trustee on behalf of, or by, the Holder of such Security, subject to the terms and conditions set forth in the Indenture, directly against the Guarantor to enforce this Guarantee without first proceeding against the Company.

The obligations of the Guarantor hereunder with respect to such Security shall be continuing and irrevocable until the date upon which the entire principal of, premium, if any, and interest, including Additional Interest, if any, on such Security has been, or has been deemed pursuant to the provisions of Article Seven of the Indenture to have been, paid in full or otherwise discharged.

The obligations evidenced by this Guarantee are, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Guarantor, and this Guarantee is issued subject to the provisions of the Indenture with respect thereto. Each Holder of a Security upon which this Guarantee is endorsed, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such Holder upon said provisions.

The Guarantor shall be subrogated to all rights of the Holder of a Security upon which this Guarantee is endorsed against the Company in respect of any amounts paid by the Guarantor on account of such Security pursuant to the provisions of this Guarantee or the Indenture; *provided, however*, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of, or based upon, such right of subrogation until the principal of, and premium, if any, and interest, if any, on all Securities issued under the Indenture which are then due and payable shall have been paid in full.

This Guarantee shall remain in full force and effect and continue notwithstanding any petition filed by or against the Company for liquidation or reorganization, the Company becoming insolvent or making an assignment for the benefit of creditors or a receiver or trustee being appointed for all or any significant part of the Company's property and assets, and shall, to the fullest extent permitted by law, continue to be effective or reinstated, as the case may be, if at any time payment of the Security upon which this Guarantee is endorsed, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by the Holder of such Security, whether as a "voidable preference," "fraudulent transfer," or otherwise, all as though such payment or performance had not been made. In the event that any such payment, or any part thereof, is rescinded, reduced, restored or returned on such Security, such Security shall, to the fullest extent permitted by law, be reinstated and deemed paid only by such amount paid and not so rescinded, reduced, restored or returned.

This Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication of the Security upon which this Guarantee is endorsed shall have been manually executed by or on behalf of the Trustee under the Indenture.

All terms used in this Guarantee which are defined in the Indenture shall have the meanings assigned to them in such Indenture.

This Guarantee shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be governed by and construed in accordance with the laws of the

State of New York without regard to conflicts of law principles thereunder, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

IN WITNESS WHEREOF, the Guarantor has caused this instrument to be duly executed in _____, _____.

[FORM OF REVERSE OF SERIES X JUNIOR SUBORDINATED DEBENTURE DUE FEBRUARY 26, 2056]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Subordinated Debt Securities), dated as of September 1, 2006 (herein, together with any amendments thereto, called the "**Indenture,**" which term shall have the meaning assigned to it in such instrument), among the Company, NextEra Energy, Inc. and The Bank of New York Mellon, as Trustee (herein called the "**Trustee,**" which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on February 26, 2026, creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Unless all of the outstanding Securities of this series have been or will be redeemed as of the First Interest Reset Date, the Company will appoint a calculation agent (the "**Calculation Agent**") with respect to the Securities of this series prior to the Reset Interest Determination Date (as defined herein) preceding the First Interest Reset Date. The Company or any of its affiliates may assume the duties of the Calculation Agent. The applicable interest rate for each Interest Reset Period will be determined by the Calculation Agent as of the applicable Reset Interest Determination Date. If the Company or one of its affiliates is not the Calculation Agent, the Calculation Agent will notify the Company of the interest rate for the relevant Interest Reset Period promptly upon such determination. The Company will notify the Trustee of such interest rate, promptly upon making or being notified of such determination. The Calculation Agent's determination of any interest rate and its calculation of the amount of interest for any Interest Reset Period beginning on or after the First Interest Reset Date will be conclusive and binding absent manifest error and, notwithstanding anything to the contrary in the Securities of this series and the Officer's Certificate or the Indenture, will become effective without consent from the Holders of the Securities of this series or any other Person. Such determination of any interest rate and calculation of the amount of interest will be on file at the Company's principal offices and will be made available to any Holder of the Securities of this series upon request.

"**Five-Year Swap Rate**" means, in relation to an Interest Reset Date and the related Reset Interest Determination Date, the euro mid-market swap reference rate for a term of five years as displayed on the Reset Screen Page at 11:00 a.m. (Frankfurt time) on the Reset Interest Determination Date. In the event that such rate does not appear on the Reset Screen Page on the relevant Reset Interest Determination Date at approximately that time, the Five-Year Swap Rate will be the Reset Reference Bank Rate. If the Reset Reference Bank Rate is unavailable or the Calculation Agent determines that no Reference Bank is providing offered quotations, the Five-Year Swap Rate will be equal to the last Five-Year Swap Rate available on the Reset Screen Page as determined by the Calculation Agent, or, in the case of the First Interest Reset Date, the rate of 2.430% per annum (the euro mid-market swap reference rate for a term of five years at the time of pricing of the Securities of this series).

If a Benchmark Event occurs, the Company, acting in good faith and a commercially reasonable manner, after consulting such sources as it deems comparable to any of the foregoing calculations, or any such source as it deems reasonable from which to estimate the Five-Year Swap Rate, will determine the Five-Year Swap Rate in its sole discretion, *provided* that if the Company determines there is an industry-accepted successor Five-Year Swap Rate, then the Company will direct the Calculation Agent to use such successor rate. If the Company has determined a substitute or successor base rate in accordance with the foregoing, the Company in its sole discretion may determine the business day convention, the definition of "Business Day" and the Reset Interest Determination Date to be used and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the Five-Year Swap Rate, in a manner that is consistent with industry-accepted practices for such substitute or successor base rate.

If following the occurrence of a Benchmark Event, the Company does not determine the Five-Year Swap Rate as described in the immediately preceding paragraph, then the Five-Year Swap Rate will continue to apply for the purpose of determining such interest rate on such Reset Interest Determination Date and will be equal to the last Five-Year Swap Rate available on the Reset Screen Page as determined by the Calculation Agent, or, in the case of the First Interest Reset Date, the rate of 2.430% (the euro mid-market swap reference rate for a term of five years at the timing of pricing of the Securities of this series).

In no event shall the Calculation Agent be responsible for determining if there is an industry-accepted substitute or successor base rate comparable to the Five-Year Swap Rate, or for making any adjustments to any such substitute or successor base rate, the business day convention, the definition of "Business Day" and the Reset Interest Determination Date to be used and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the Five-Year Swap Rate. In connection with the foregoing, the Calculation Agent will be entitled to conclusively rely on any determinations and adjustments made by the Company with respect thereto and the Calculation Agent will have no liability for using the same at the direction of the Company.

Definitions

"**Benchmark Event**" means, with respect to the Original Reference Rate:

(i) the Original Reference Rate ceasing to exist;

(ii) the later of (a) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (b) the date falling six months prior to the specified date referred to in (ii)(a);

(iii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

(iv) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (b) the date falling six months prior to the specified date referred to in (iv)(a);

(v) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;

(vi) it has, or will prior to the next Reset Interest Determination Date, become unlawful for the Calculation Agent to calculate any payment due to be made to any holder of a Security of this series using the Original Reference Rate (including, without limitation, under Regulation (EU) 2016/1011 (the "**Benchmarks Regulation**"), if applicable);

(vii) that a decision to withdraw the authorization or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorized to publish such Original Reference Rate has been adopted; or

(viii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that, in the view of such supervisor, such Original Reference Rate is no longer representative of an underlying market or its methodology has materially changed.

"**Business Day**" means a day other than a Saturday or Sunday, (i) which is not a day on which banks in the City of New York or London are authorized or obligated by law or executive order to close and (ii) on which the *Trans-European Automated Real-time Gross Settlement Express Transfer* system (the T2 system), or any successor thereto, operates.

"**Original Reference Rate**" means the Five-Year Swap Rate.

"**Reset Interest Determination Date**" means the day which is two Business Days preceding the applicable Interest Reset Date.

"**Reset Reference Bank Rate**" means the percentage rate determined on the basis of the euro mid-market swap reference rate for a term of five years provided by at least four leading swap dealers in the interbank market selected by the Company ("**Reference Banks**") to the Calculation Agent at approximately 11:00 a.m. (Frankfurt time) on the Reset Interest Determination Date. If at least three quotations are provided, the Reset Reference Bank Rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If two quotations are provided, the Reset Reference Bank Rate will be the arithmetic mean of the quotations. If one quotation is provided, the Reset Reference Bank Rate will be such quotation.

"**Reset Screen Page**" means Reuters screen "ICESWAP2 / EURFIXA" (or such other page as may replace such page on Reuters or such other page as may be determined by the

Company in consultation with the Calculation Agent for the purposes of displaying comparable rates).

Redemption. In addition to the option of the Company to redeem the Securities of this series in connection with a Tax Deductibility Event, a Rating Agency Event, a Tax Withholding Event, a Substantial Repurchase Event or a Tax Credit Event described below, this Security shall also be redeemable at the option of the Company, in whole or in part (i) on any day in the period commencing on the date falling 90 days prior to the First Interest Reset Date (such date, the "**First Par Call Date**") and ending on and including the First Interest Reset Date and (ii) after the First Par Call Date, on any Interest Payment Date, upon notice (a "**Redemption Notice**") which is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days prior to the date fixed for redemption (a "**Par Redemption Date**") at the price equal to 100% of the principal amount of the Securities of this series being redeemed, plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the Par Redemption Date (the "**Par Redemption Price**"); *provided*, *however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Securities of this series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that the Redemption Notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption.

If a Tax Deductibility Event (as defined below) shall occur and be continuing, the Company shall have the right to redeem this Security, in whole but not in part, at any time within ninety (90) days following the occurrence of the Tax Deductibility Event, upon a Redemption Notice, at the price equal to (i) where such redemption occurs prior to the First Par Call Date at 101% of the principal amount thereof and (ii) where such redemption occurs on or after the First Par Call Date at a redemption price equal to 100% of the principal amount thereof, in each case plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Tax Deductibility Event Redemption Date**").

The consummation of a redemption upon a Tax Deductibility Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Deductibility Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

"**Tax Deductibility Event**" means the receipt by the Guarantor or the Company of an Opinion of Counsel experienced in tax matters to the effect that, as a result of (a) any amendment to, clarification of, or change (including any announced prospective change) in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under such laws or treaties, (b) any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement (including any notice or announcement of intent to issue or adopt any such administrative pronouncement, ruling, regulatory procedure or regulation) (each, an "**Administrative Action**"), (c) any amendment to, clarification of, or change in the official position or the interpretation of any such Administrative Action or judicial decision or any interpretation or pronouncement that provides for a position with respect to such Administrative Action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which such amendment, clarification or

change is introduced or made known, or (d) threatened challenge asserted in writing in connection with an audit of the Guarantor or the Company or any of their subsidiaries, or a publicly-known threatened challenge asserted in writing against any other taxpayer that has raised capital through the issuance of securities that are substantially similar to the Securities of this series, which amendment, clarification, or change is effective, or which Administrative Action is taken or which judicial decision, interpretation or pronouncement is issued or threatened challenge is asserted or becomes publicly-known, in each case after February 19, 2026, there is more than an insubstantial risk that interest payable by the Company on this Security is not deductible, or within 90 days would not be deductible, in whole or in part, by the Company for United States federal income tax purposes.

The Company shall have the right to redeem this Security in whole but not in part, upon a Redemption Notice given at any time within ninety (90) days after the conclusion of any review or appeal process instituted by the Company or the Guarantor following the occurrence of a Rating Agency Event (as defined below), at the price equal to (i) where such redemption occurs prior to the First Par Call Date at 101% of the principal amount thereof and (ii) where such redemption occurs on or after the First Par Call Date at a redemption price equal to 100% of the principal amount thereof, in each case plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Rating Agency Event Redemption Date**").

"**Rating Agency Event**" means a change to the methodology or criteria that were employed by an applicable rating agency (as defined below) for purposes of assigning equity credit to securities such as the Securities of this series on the date of initial issuance of the Securities of this series (the "**current methodology**"), which change (i) results in any shortening of the length of time for which a particular level of equity credit pertaining to the Securities of this series by such rating agency would have been in effect had the methodology as of the date of initial issuance of the Securities of this series not been changed or (ii) reduces the amount of equity credit assigned to the Securities of this series by the applicable rating agency as compared with the amount of equity credit that such rating agency had assigned to the Securities of this series as of the date of initial issuance thereof.

The consummation of a redemption upon a Rating Agency Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Rating Agency Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

The term "**rating agency**" means any nationally recognized statistical rating organization (within the meaning of Section 3(a)(62) of the Securities Exchange Act of 1934 and sometimes referred to in this Security as a "rating agency"), and the term "**applicable rating agency**" means any rating agency that (i)(a) published a rating for the Company or the Guarantor with respect to the initial issuance of the Securities of this series and (b) publishes a rating for the Company or the Guarantor at such time as a Rating Agency Event occurs, or (ii) any successor to a rating agency described in the preceding clause (i).

If, as a result of a Tax Withholding Event (as defined below), the Company becomes or, based upon its receipt of a written opinion of counsel experienced in tax matters, there is a material probability that the Company will become, obligated to pay Additional Amounts with

respect to the Securities of this series, then, in each such case, the Company may redeem at its option, upon a Redemption Notice, in whole but not in part, the Securities of this series at a redemption price equal to 100% of the principal amount thereof being redeemed, in each case plus accrued and unpaid interest thereon, if any, to but excluding the date fixed for redemption (the "**Tax Withholding Event Redemption Date**").

The consummation of a redemption upon a Tax Withholding Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Withholding Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

"**Tax Withholding Event**" means:

any amendment to, clarification of, or change, including any announced prospective change, in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under those laws or treaties, that is enacted or effective on or after February 19, 2026;

an administrative action, which means any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement including any notice or announcement of intent to issue or adopt any administrative pronouncement, ruling, regulatory procedure or regulation, that is taken on or after February 19, 2026; or

any amendment to, clarification of, or change in the official position or the interpretation of any administrative action or judicial decision or any interpretation or pronouncement that provides for a position with respect to an administrative action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which that amendment, clarification or change is introduced or made known, that is enacted or effective on or after February 19, 2026.

If the Company, the Guarantor or any subsidiary of the Company or the Guarantor has repurchased the Securities of this series equal to or in excess of 75% of the initial aggregate principal amount thereof (a "**Substantial Repurchase Event**"), then the Company may at its option, upon a Redemption Notice, at any time redeem the remaining Securities of this series in whole but not in part at a redemption price equal to 100% of the principal amount thereof being redeemed, in each case plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Substantial Repurchase Event Redemption Date**").

The consummation of a redemption upon a Substantial Repurchase Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Substantial Repurchase Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

If a Tax Credit Event (as defined below) occurs, then the Company may redeem at its option, upon a Redemption Notice, the Securities of this series, in whole but not in part at a redemption price equal to 101% of the principal amount thereof plus accrued and unpaid interest

thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Tax Credit Event Redemption Date**"). A Redemption Notice upon the occurrence of a Tax Credit Event (i) may only be sent by the later of (a) the end of the calendar year in which the Securities of this series were issued and (b) six months from the date of issuance of the Securities of this series and (ii) shall be accompanied by a certificate from an officer of the Company stating that a Tax Credit Event has occurred.

The consummation of a redemption upon a Tax Credit Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Credit Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

A "**Tax Credit Event**" occurs with respect to the Securities of this series if, in the reasonable determination of the Company or the Guarantor, there exists a material risk, due to the Securities of this series (considered together with other debt) having been issued, as part of an original issuance, to one or more "specified foreign entities," as defined in Section 7701(a)(51)(B) of the Internal Revenue Code of 1986, as amended, that the Company or the Guarantor or any of their respective affiliates would be unable to utilize or otherwise ineligible to claim any tax credits otherwise allowed under Section 38 of the Internal Revenue Code of 1986, as amended.

If, at the time a Redemption Notice is given, the redemption moneys are not on deposit with the Paying Agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before a Par Redemption Date, the Tax Deductibility Event Redemption Date, the Rating Agency Event Redemption Date, the Substantial Repurchase Event Redemption Date or the Tax Credit Event Redemption Date, as the case may be, and such Redemption Notice shall be of no force or effect unless such moneys are received.

Upon payment of the Par Redemption Price, the Tax Deductibility Event Redemption Price, the Rating Agency Event Redemption Price, the Tax Withholding Event Redemption Price, the Substantial Repurchase Event Redemption Price or the Tax Credit Event Redemption Price, as applicable, on and after a Par Redemption Date, the Tax Deductibility Event Redemption Date, Rating Agency Event Redemption Date, Tax Withholding Redemption Date, Substantial Repurchase Event Redemption Date or Tax Credit Event Redemption Date, as the case may be, interest will cease to accrue on the Securities of this series called for redemption.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

Additional Amounts. All payments of principal, interest, and premium, if any, in respect of the Securities of this series will be made free and clear of, and without deduction or withholding for or on account of any present or future taxes, duties, assessments or other governmental charges imposed, levied, collected, withheld or assessed by the United States (as defined below) or any political subdivision or taxing authority of or in the United States (collectively, "**Taxes**"), unless such withholding or deduction is required by law.

In the event such withholding or deduction of Taxes is required by law, the Company will, subject to the exceptions and limitations described below, pay such additional amounts

("**Additional Amounts**") on the Securities of this series as will result in the receipt by each beneficial owner of the Securities of this series that is not a U.S. Person of such amounts (after all such withholding or deduction, including any Tax imposed on any Additional Amounts so paid) as would have been received by such beneficial owner had no such withholding or deduction been required. The Company will not be required, ***however***, to make any payment of Additional Amounts for or on account of:

(1) any Taxes that would not have been imposed, withheld or deducted but for:

(a) the existence of any present or former connection (other than a connection arising solely from the ownership of the Securities of this series or the receipt of payments in respect of the Securities of this series) between a holder of the Securities of this series (or the beneficial owner for whose benefit such holder holds such Securities of this series), or between a fiduciary, settlor, beneficiary, member or shareholder or other equity owner of, or possessor of a power over, such holder or beneficial owner (if that holder or beneficial owner is an estate, trust, a limited liability company, partnership, corporation or similar entity) and the United States, including, without limitation, such holder or beneficial owner, or such fiduciary, settlor, beneficiary, member, shareholder, other equity owner or possessor, (i) being or having been (or being treated as or having been treated as) a citizen or resident or treated as a resident of the United States, (ii) being or having been engaged in trade or business or present in the United States or (iii) having or having had (or being treated as having or being treated as having had) a permanent establishment in the United States or having been incorporated therein;

(b) the presentation of a Security of this series for payment on a date more than 10 days after the later of (i) the date on which such payment became due and payable and (ii) the date on which payment is duly provided for; or

(c) the failure of a beneficial owner or any holder of the Securities of this series to comply with any applicable certification, information, documentation or other reporting requirement requested by the Company or its agents concerning the nationality, residence, identity or connections with the United States of such beneficial owner or holder of the Securities of this series or otherwise to establish entitlement to a partial or complete exemption from such Taxes (including, but not limited to, the requirement to provide an applicable Internal Revenue Service Form W-8, or any subsequent versions thereof or successor thereto, and including, without limitation, any documentation requirement under an applicable income tax treaty);

(2) any estate, inheritance, gift, sales, transfer, capital gains, excise, personal property, wealth or similar Taxes;

(3) any Taxes imposed by reason of the beneficial owner's past or present status as a passive foreign investment company, a controlled foreign corporation, a foreign private foundation or other foreign tax-exempt organization or a personal holding company with respect to the United States or as a corporation that accumulates earnings to avoid U.S. federal income tax;

(4) any Taxes which are payable by any method other than by withholding or deducting from payment of principal of or premium, if any, or interest on such Securities of this series;

(5) any Taxes required to be withheld by any paying agent from any payment of principal of or premium, if any, or interest on, or the redemption price for, any Securities of this series if such payment can be made without withholding by at least one other paying agent;

(6) any Taxes imposed, withheld or deducted on interest received by (1) a 10% shareholder (as defined in Section 871(h)(3)(B) of the U.S. Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (collectively, the "**Code**")), (2) a controlled foreign corporation that is related to the Company within the meaning of Section 864(d)(4) of the Code, or (3) a bank receiving interest described in Section 881(c)(3)(A) of the Code;

(7) any Taxes that would not have been imposed, withheld or deducted but for a change in any law, treaty, regulation, or administrative or judicial interpretation that becomes effective after the applicable payment becomes due or is duly provided for, whichever occurs later;

(8) any Taxes imposed, withheld or deducted under Sections 1471 through 1474 of the Code (or any amended or successor version of such Sections) ("**FATCA**"), any current or future regulations, official interpretations or other guidance thereunder, or any agreement (including any intergovernmental agreement) entered into in connection therewith; or any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA or an intergovernmental agreement in respect of FATCA;

(9) any Taxes that are payable by a holder that is not the beneficial owner of the Securities of this series, or a portion of the Securities of this series, or that is a fiduciary, partnership, limited liability company or other similar entity, to the extent that a beneficial owner, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of an Additional Amount had such beneficial owner, beneficiary, settlor, fiduciary or member received directly its beneficial or distributive share of the payment; or

(10) any combination of items (1), (2), (3), (4), (5), (6), (7), (8) and (9) above.

As used with respect to the payment of Additional Amounts, the term "**United States**" means the United States of America, the states thereof (including the District of Columbia) and any other political subdivision, territory or possession thereof, or taxing authority thereof or therein affecting taxation; and the term "**U.S. Person**" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States or any state of the United States (including the District of Columbia) (other than a partnership that is not treated as a United States person under any applicable U.S. Treasury regulations), or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

The indebtedness evidenced by this Security is, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Company, and this Security is issued subject to the provisions of the Indenture with respect thereto. Each Holder of this Security, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such holder upon said provisions.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture; *provided however*, that the principal of and interest on the Securities of this series shall not be declared due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Securities of this series. The Securities of this series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the

Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Securities of this series, to defer the payment of interest for a period not exceeding five (5) consecutive years (each period, commencing on the date that the first such payment would otherwise be made, an "**Optional Deferral Period**"); *provided* that no Optional Deferral Period shall extend beyond the Stated Maturity Date or end on a day other than an Interest Payment Date. During an Optional Deferral Period, interest on the Securities of this series (calculated for each Interest Period in the manner provided for on the face hereof, as if the interest payment had not been so deferred) will continue to accrue compounded annually at the then prevailing rate per annum borne by the Securities of this series. During an Optional Deferral Period, any deferred interest on the Securities of this series will accrue additional interest compounded annually, on any interest payment that is not made on the applicable Interest Payment Date, which shall accrue at the then prevailing rate per annum borne by the Securities of this series, to the extent permitted by applicable law ("**Additional Interest**"). At the end of an Optional Deferral Period, which shall be an Interest Payment Date, the Company shall pay all interest accrued and unpaid hereon, including Additional Interest accrued on the deferred interest, to the Person in whose name the Securities of this series are registered at the close of business on the Regular Record Date for the Interest Payment Date on which such Optional Deferral Period ended; *provided* that any such accrued and unpaid interest payable on the Stated Maturity Date or a Redemption Date will be paid to the Person to whom principal is payable. During any such Optional Deferral Period, neither the Guarantor nor the Company will, and each will cause their majority-owned subsidiaries not to, (i) declare or pay any dividend or distribution on the Guarantor's or the Company's capital stock, (ii) redeem, purchase, acquire or make a liquidation payment with respect to any of the Guarantor's or the Company's capital stock, (iii) pay any principal, interest or premium on, or repay, repurchase or redeem any of the Guarantor's or the Company's debt securities that are equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be), or (iv) make any payments with respect to any Guarantor or Company guarantee of debt securities if such guarantee is equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be).

Subject to the reservation of right to amend *clause (f)* below, as described in *paragraph 16* of the Officer's Certificate, the foregoing provisions shall not prevent or restrict the Guarantor or the Company from making:

(a) purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;

(b) any payment, repayment, redemption, purchase, acquisition or declaration of dividend described in clauses (i) and (ii) above as a result of a reclassification of its capital stock, or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock;

(c) the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts;

(d) dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;

(e) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;

(f) payments under any preferred trust securities guarantee or guarantee of subordinated debentures executed and delivered by the Guarantor concurrently with the issuance by a trust of any preferred trust securities, so long as the amount of payments made on any preferred trust securities or subordinated debentures (as the case may be) is paid on all preferred trust securities or subordinated debentures (as the case may be) then outstanding on a pro rata basis in proportion to the full distributions to which each series of preferred trust securities or subordinated debentures (as the case may be) is then entitled;

(g) payments under any guarantee of junior subordinated debentures, which guarantee is executed and delivered by the Guarantor (including a Guarantee under the Indenture), so long as the amount of payments made on any junior subordinated debentures is paid on all junior subordinated debentures then outstanding on a pro rata basis in proportion to the full payment to which each series of junior subordinated debentures is then entitled;

(h) dividends or distributions by the Company on its capital stock to the extent owned by the Guarantor; or

(i) redemptions, purchases, acquisitions or liquidation payments by the Company with respect to its capital stock to the extent owned by the Guarantor.

Prior to the termination of any such Optional Deferral Period, the Company may further defer the payment of interest, ***provided*** that such Optional Deferral Period together with all such previous and further deferrals of interest payments shall not exceed five (5) consecutive years at any one time or extend beyond the Stated Maturity Date. Upon the termination of any such Optional Deferral Period and the payment of all amounts then due, including Additional Interest, if any, the Company may elect to begin a new Optional Deferral Period, subject to the above requirements. No interest shall be due and payable during an Optional Deferral Period, except at the end thereof except upon a redemption of the Securities of this series during the Optional Deferral Period. The Company will give the Trustee notice of its election of an Optional Deferral Period at least ten (10) days and not more than sixty (60) days before the applicable Interest Payment Date. The Trustee will promptly forward notice of such election to each Holder of the Securities of this series.

The Securities of this series are issuable only in registered form without coupons in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

Each of the Company and the Guarantor has agreed, and, by acceptance of this Security, the Holder will be deemed to have agreed, to treat this Security as indebtedness for United States federal, state and local tax purposes.

NEXTERA ENERGY CAPITAL HOLDINGS, INC.
NEXTERA ENERGY, INC.

OFFICER'S CERTIFICATE

Creating the Series Y Junior Subordinated Debentures due February 26, 2056

James May, Vice President & Treasurer of NextEra Energy Capital Holdings, Inc. (the "**Company**"), and James May, Treasurer and Assistant Secretary of NextEra Energy, Inc. (the "**Guarantor**"), pursuant to the authority granted in the accompanying Board Resolutions (all capitalized terms used herein which are not defined herein or in *Exhibit A* hereto, but which are defined in the Indenture referred to below, shall have the meanings specified in the Indenture), and pursuant to Sections 201 and 301 of the Indenture, do hereby certify to The Bank of New York Mellon (the "**Trustee**"), as Trustee under the Indenture (For Unsecured Subordinated Debt Securities) dated as of September 1, 2006 among the Company, the Guarantor and the Trustee, as amended (the "**Indenture**"), that:

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "Series Y Junior Subordinated Debentures due February 26, 2056" (referred to herein as the "**Debentures of the Twenty-Fifth Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Debentures of the Twenty-Fifth Series shall be issued by the Company in the initial aggregate principal amount of €750,000,000. Additional Debentures of the Twenty-Fifth Series, without limitation as to amount, having the same terms as the Outstanding Debentures of the Twenty-Fifth Series (*except* for the issue date of the additional Debentures of the Twenty-Fifth Series and, if applicable, the initial Interest Payment Date (as defined in *Exhibit A* hereto)) may also be issued by the Company pursuant to the Indenture without the consent of the Holders of the then-Outstanding Debentures of the Twenty-Fifth Series. Any such additional Debentures of the Twenty-Fifth Series as may be issued pursuant to the Indenture from time to time shall be part of the same series as the then-Outstanding Debentures of the Twenty-Fifth Series.

3. The Debentures of the Twenty-Fifth Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date. The "**Stated Maturity Date**" means February 26, 2056.

4. The Debentures of the Twenty-Fifth Series shall bear interest as provided in the form set forth as *Exhibit A* hereto.

5. Each installment of interest on a Debenture of the Twenty-Fifth Series shall be payable as provided in the form set forth as *Exhibit A* hereto.

6. Registration of the Debentures of the Twenty-Fifth Series, and registration of transfers and exchanges in respect of the Debentures of the Twenty-Fifth Series, may be effectuated at the office or agency of the Company in New York City, New York. Notices and demands to or upon the Company in respect of the Debentures of the Twenty-Fifth Series may be served at the office or agency of the Company in New York

City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the Company for such registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints the Trustee as its agent for all such purposes; *provided*, *however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent (including any such office or agency and such agent specified in the two succeeding sentences). The Trustee will initially be the Security Registrar for the Debentures of the Twenty-Fifth Series. The Company has initially appointed The Bank of New York Mellon, London Branch, as its Paying Agent for the Debentures of the Twenty-Fifth Series.

7. The Debentures of the Twenty-Fifth Series will be redeemable at the option of the Company prior to the Stated Maturity Date as provided in the form set forth as *Exhibit A* hereto. If less than all of the Debentures of the Twenty-Fifth Series are to be redeemed, the particular Debentures of the Twenty-Fifth Series to be redeemed shall be selected by the Trustee from the Outstanding Debentures of the Twenty-Fifth Series by lot.

8. So long as all of the Debentures of the Twenty-Fifth Series are held by a securities depository in book-entry form, the Regular Record Date for the interest payable on any given Interest Payment Date with respect to the Debentures of the Twenty-Fifth Series shall be the close of business on the Business Day (as defined in *Exhibit A* hereto) immediately preceding such Interest Payment Date; *provided*, *however*, that if any of the Debentures of the Twenty-Fifth Series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date (whether or not a Business Day).

9. So long as any Debentures of the Twenty-Fifth Series are Outstanding, the failure of the Company to pay interest, including Additional Interest (as defined in *Exhibit A* hereto), if any, on any Debentures of the Twenty-Fifth Series within thirty (30) days after the same becomes due and payable (whether or not payment is prohibited by the subordination provisions of Article Fourteen and Article Fifteen of the Indenture) shall constitute an Event of Default; *provided*, *however*, that a valid deferral of the interest payments by the Company as contemplated in Section 312 of the Indenture and *paragraph 10* of this certificate shall not constitute a failure to pay interest for this purpose.

10. Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Debentures of the Twenty-Fifth Series, to defer the payment of interest for a period not exceeding five (5) consecutive years, as provided in the form set forth as *Exhibit A* hereto.

11. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Twenty-Fifth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701

unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Twenty-Fifth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Twenty-Fifth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided*, *however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency and setting forth the amount thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Twenty-Fifth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for United States federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

12. The Debentures of the Twenty-Fifth Series will be initially issued in global form registered in the name of The Bank of New York Depository (Nominees) Limited, as nominee of The Bank of New York Mellon, London Branch, as common depositary for Clearstream Banking S.A. and Euroclear Bank SA/NV, as operator of the Euroclear System. The Debentures of the Twenty-Fifth Series in global form shall bear the depository legend in substantially the form set forth as *Exhibit A* hereto. The Debentures of the Twenty-Fifth Series in global form will contain restrictions on transfer, substantially as described in the form set forth as *Exhibit A* hereto.

13. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Twenty-Fifth Series; *provided*, *however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

14. The Company reserves the right to require legends on Debentures of the Twenty-Fifth Series as it may determine are necessary to ensure compliance with the securities laws of the United States and the states therein and any other applicable laws.

15. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Fifth Series, or of any other series of Securities issued after October 1, 2006, to amend the Indenture as follows:

To amend clause (6) of the second paragraph of Section 608 of the Indenture to read as follows:

"(6) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the series of Securities with respect to which the Company has elected to defer the payment of interest, or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

16. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Fifth Series, or of any other series of Securities issued after October 1, 2006, to amend this Officer's Certificate as follows:

To amend clause (f) on page A-19 of the form of the Debentures of the Twenty-Fifth Series set forth as *Exhibit A* hereto to read as follows:

"(f) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the Debentures of the Twenty-Fifth Series or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

17. Notwithstanding the provisions of Section 802 of the Indenture, the principal of and accrued interest on the Debentures of the Twenty-Fifth Series shall not be declared immediately due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Twenty-Fifth Series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Debentures of the Twenty-Fifth Series. The Debentures of the Twenty-Fifth Series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Twenty-Fifth Series.

18. Each of the Company and the Guarantor agrees, and, by acceptance of the Debentures of the Twenty-Fifth Series, each Holder will be deemed to have agreed, to treat the Debentures of the Twenty-Fifth Series as indebtedness for United States federal, state and local tax purposes.

19. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Fifth Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

    To amend the second sentence of Section 402 thereof to read as follows:

    "The Company shall, at least 20 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee, in writing of such Redemption Date and of the principal amount of such Securities to be redeemed."

    To amend the first sentence of Section 404 thereof to read as follows:

    "Except as otherwise specified as contemplated by Section 301 for Securities of any series, notice of redemption shall be given in the manner provided in Section 106 to the Holders of the Securities to be redeemed not less than 10 nor more than 60 days prior to the Redemption Date."

20. The Debentures of the Twenty-Fifth Series shall have such other terms and provisions as are provided in the form set forth as *Exhibit A* hereto.

21. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Twenty-Fifth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

22. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

23. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

24. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Debentures of the Twenty-Fifth Series requested in the accompanying Company Order No. 22 and Guarantor Order No. 22, have been complied with.

IN WITNESS WHEREOF, I have executed this Officer's Certificate on behalf of the Company this 26th day of February, 2026 in New York, New York.

[FORM OF FACE OF JUNIOR SUBORDINATED DEBENTURE]

NEXTERA ENERGY CAPITAL HOLDINGS, INC.

SERIES Y JUNIOR SUBORDINATED DEBENTURES DUE FEBRUARY 26, 2056

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**", which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ euros on February 26, 2056 (the "**Stated Maturity Date**"). The Company further promises (subject to deferral as set forth herein) to pay interest on the principal sum of this Series Y Junior Subordinated Debenture due February 26, 2056 (this "**Security**") to the registered Holder hereof (i) from and including February 26, 2026 to but excluding February 26, 2036 (the "**First Interest Reset Date**") at the rate of 4.750% per annum and (ii) during each Interest Reset Period (as defined herein) at an annual rate equal to the Five-Year Swap Rate plus 1.993% (the "**Initial Margin**") plus 0.25%,, annually in arrears on February 26th of each year (each an "**Interest Payment Date**") until the principal hereof is paid or duly provided for, such interest payments to commence on February 26, 2027. The interest rate on the Securities of this series will reset on the First Interest Reset Date and on each fifth anniversary thereof (each, an "**Interest Reset Date**"). The period from (and including) an Interest Reset Date to (but excluding) the next Interest Reset Date (or the Stated Maturity Date with respect to the Interest Reset Date occurring on February 26, 2051) is referred to herein as an "**Interest Reset Period**." Interest on the Securities of this series will accrue from and including February 26, 2026 to but excluding the first Interest Payment Date and thereafter will accrue from and including the last Interest Payment Date to which interest has either been paid or duly provided for to but excluding the next succeeding Interest Payment Date (each an "**Interest Period**") (*except* that (i) the interest payment which is due on February 26, 2027 shall include interest that has accrued from February 26, 2026, and (ii) if this Security is authenticated during the period that (A) follows any particular Regular Record Date (as defined below) but (B) precedes the next occurring Interest Payment Date, then the registered Holder hereof shall not be entitled to receive any interest payment with respect to this Security on such next occurring Interest Payment Date). The Company also promises to pay Additional Interest (as defined below) with respect to an Optional Deferral Period (as defined below) to the registered Holder of this Security, to the extent payment of such Additional Interest is enforceable under applicable law, on any interest payment that is not made on the applicable

Interest Payment Date, as specified on the reverse of this Security. No interest or other payment will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. The interest so payable, and punctually paid or duly provided for, on an Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the "**Regular Record Date**" for such interest installment, which shall be the close of business on the Business Day (for this purpose, a day on which Clearstream Banking S.A. and Euroclear Bank SA/NV, as operator of the Euroclear System, are open for business) immediately preceding such Interest Payment Date so long as all of the Securities of this series are held by a securities depository in book-entry form; *provided* that if any of the Securities of this series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date (whether or not a Business Day); and *provided further* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose at the office of The Bank of New York Mellon, London Branch (the "**Paying Agent**") in London which will initially be the agency of the Company for such payments; *provided*, *however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto. The amount of interest payable on this Security for any period will be computed on the basis of the actual number of days in the period for which interest is being calculated and the actual number of days from and including the last date on which interest was paid on this Security (or February 26, 2026 if no interest has been paid on this Security), to but excluding the next scheduled Interest Payment Date. This payment convention is referred to as Actual/Actual (ICMA) as defined in the rulebook of the International Capital Market Association.

If an Interest Payment Date, a Redemption Date or the Stated Maturity Date of the Securities of this series falls on a day that is not a Business Day, then payment of the interest or principal payable on such Interest Payment Date, Redemption Date or the Stated Maturity Date will be made on the next succeeding day which is a Business Day (and no interest will be paid or other payment made in respect of such delay) with the same force and effect as if made on such date, and no interest on such payment will accrue for the period from and after such Interest Payment Date, Redemption Date or the Stated Maturity Date, as applicable.

Currency Conversion. All payments of principal, interest, premium, if any, or any Additional Amounts (as defined herein) in respect of the Securities of this series, including payments made upon any redemption pursuant to the terms of the Securities of this series, will be payable in euros. If euros are unavailable to the Company due to the imposition of exchange controls or other circumstances beyond the Company's control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the Securities of this series will be made in U.S. dollars until euros are again available to the Company or so used. In such circumstances, the amount payable on any date in euros will be converted by the Company into U.S. dollars at the rate mandated by the Board of Governors of the Federal Reserve System as of the close of business on the second Business Day prior to the relevant payment date or, if the Board of Governors of the Federal Reserve System has not announced a rate of conversion, on the basis of the most recent U.S. dollar/euro exchange rate published in The Wall Street Journal on or prior to the second Business Day prior to the relevant payment date or, in the event The Wall Street Journal has not published such exchange rate, the rate will be determined in the Company's sole discretion on the basis of the most recently available market exchange rate for euros. Any payment in respect of the Securities of this series so made in U.S. dollars will not constitute a default under the Securities of such series or the Indenture.

In the event of an official redenomination of the euro, the obligations with respect to payments on the Securities of this series immediately following such redenomination shall be regarded as providing for the payment of that amount of euros representing the amount of such obligations immediately before such redenomination. Neither the Trustee nor the Paying Agent shall be responsible for obtaining exchange rates, effecting conversions or otherwise handling redenominations.

All determinations referred to above made by the Company will be at its sole discretion and will, in the absence of clear error, be conclusive for all purposes and binding on the holders of the Securities of this series.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate, shall have the meanings specified in the Indenture or in the Officer's Certificate.)

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse of this Security by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed in _____, _____.

[FORM OF GUARANTEE]

NEXTERA ENERGY, INC., a corporation organized under the laws of the State of Florida (the "**Guarantor**", which term includes any successor under the Indenture (the "**Indenture**") referred to in the Security upon which this Guarantee is endorsed), for value received, hereby unconditionally and irrevocably guarantees to the Holder of the Security upon which this Guarantee is endorsed, the due and punctual payment of the principal of, and premium, if any, and interest, including Additional Interest, if any, on such Security when and as the same shall become due and payable, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, in accordance with the terms of such Security and of the Indenture regardless of any defense, right of set-off or counterclaim that the Guarantor may have (except the defense of payment). In case of the failure of the Company punctually to make any such payment, the Guarantor hereby agrees to cause such payment to be made punctually when and as the same shall become due and payable, whether on the Stated Maturity Date or by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by the Company. The Guarantor's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Guarantor to the Holder of the Security or to a Paying Agent, or by causing the Company to pay such amount to such Holder or a Paying Agent.

The Guarantor hereby agrees that its payment obligations hereunder shall be absolute and unconditional irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of such Security or the Indenture, any failure to enforce the provisions of such Security or the Indenture, or any waiver, modification or indulgence granted to the Company with respect thereto (except that the Guarantor will have the benefit of any waiver, modification or indulgence granted to the Company in accordance with the Indenture), by the Holder of such Security or the Trustee or any other circumstance which may otherwise constitute a legal or equitable discharge or defense of a surety or guarantor; ***provided***, ***however***, that notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of such Security, or increase the interest rate thereon (including Additional Interest, if any), or change any redemption provisions thereof (including any change to increase any premium payable upon redemption thereof) or change the Stated Maturity Date thereof.

The Guarantor hereby waives the benefits of diligence, presentment, demand for payment, any requirement that the Trustee or the Holder of such Security exhaust any right or take any action against the Company or any other Person, the filing of claims with a court in the event of insolvency or bankruptcy of the Company, any right to require a proceeding first against the Company, protest or notice with respect to such Security or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Guarantee will not be discharged in respect of such Security except by complete performance of the payment obligations contained in such Security and in this Guarantee. This Guarantee shall constitute a guaranty of payment and not of collection. The Guarantor hereby agrees that, in the event of a default in payment of principal, or premium, if any, or interest, if any, on such Security, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, legal proceedings may be instituted by the Trustee on behalf of, or by, the Holder of such Security, subject to the terms and conditions set forth in the Indenture, directly against the Guarantor to enforce this Guarantee without first proceeding against the Company.

The obligations of the Guarantor hereunder with respect to such Security shall be continuing and irrevocable until the date upon which the entire principal of, premium, if any, and interest, including Additional Interest, if any, on such Security has been, or has been deemed pursuant to the provisions of Article Seven of the Indenture to have been, paid in full or otherwise discharged.

The obligations evidenced by this Guarantee are, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Guarantor, and this Guarantee is issued subject to the provisions of the Indenture with respect thereto. Each Holder of a Security upon which this Guarantee is endorsed, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such Holder upon said provisions.

The Guarantor shall be subrogated to all rights of the Holder of a Security upon which this Guarantee is endorsed against the Company in respect of any amounts paid by the Guarantor on account of such Security pursuant to the provisions of this Guarantee or the Indenture; *provided, however*, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of, or based upon, such right of subrogation until the principal of, and premium, if any, and interest, if any, on all Securities issued under the Indenture which are then due and payable shall have been paid in full.

This Guarantee shall remain in full force and effect and continue notwithstanding any petition filed by or against the Company for liquidation or reorganization, the Company becoming insolvent or making an assignment for the benefit of creditors or a receiver or trustee being appointed for all or any significant part of the Company's property and assets, and shall, to the fullest extent permitted by law, continue to be effective or reinstated, as the case may be, if at any time payment of the Security upon which this Guarantee is endorsed, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by the Holder of such Security, whether as a "voidable preference," "fraudulent transfer," or otherwise, all as though such payment or performance had not been made. In the event that any such payment, or any part thereof, is rescinded, reduced, restored or returned on such Security, such Security shall, to the fullest extent permitted by law, be reinstated and deemed paid only by such amount paid and not so rescinded, reduced, restored or returned.

This Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication of the Security upon which this Guarantee is endorsed shall have been manually executed by or on behalf of the Trustee under the Indenture.

All terms used in this Guarantee which are defined in the Indenture shall have the meanings assigned to them in such Indenture.

This Guarantee shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of law principles thereunder, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

IN WITNESS WHEREOF, the Guarantor has caused this instrument to be duly executed in _____, _____.

[FORM OF REVERSE OF SERIES X JUNIOR SUBORDINATED DEBENTURE DUE FEBRUARY 26, 2056]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Subordinated Debt Securities), dated as of September 1, 2006 (herein, together with any amendments thereto, called the "**Indenture,**" which term shall have the meaning assigned to it in such instrument), among the Company, NextEra Energy, Inc. and The Bank of New York Mellon, as Trustee (herein called the "**Trustee,**" which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on February 26, 2026, creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Unless all of the outstanding Securities of this series have been or will be redeemed as of the First Interest Reset Date, the Company will appoint a calculation agent (the "**Calculation Agent**") with respect to the Securities of this series prior to the Reset Interest Determination Date (as defined herein) preceding the First Interest Reset Date. The Company or any of its affiliates may assume the duties of the Calculation Agent. The applicable interest rate for each Interest Reset Period will be determined by the Calculation Agent as of the applicable Reset Interest Determination Date. If the Company or one of its affiliates is not the Calculation Agent, the Calculation Agent will notify the Company of the interest rate for the relevant Interest Reset Period promptly upon such determination. The Company will notify the Trustee of such interest rate, promptly upon making or being notified of such determination. The Calculation Agent's determination of any interest rate and its calculation of the amount of interest for any Interest Reset Period beginning on or after the First Interest Reset Date will be conclusive and binding absent manifest error and, notwithstanding anything to the contrary in the Securities of this series and the Officer's Certificate or the Indenture, will become effective without consent from the Holders of the Securities of this series or any other Person. Such determination of any interest rate and calculation of the amount of interest will be on file at the Company's principal offices and will be made available to any Holder of the Securities of this series upon request.

"**Five-Year Swap Rate**" means, in relation to an Interest Reset Date and the related Reset Interest Determination Date, the euro mid-market swap reference rate for a term of five years as displayed on the Reset Screen Page at 11:00 a.m. (Frankfurt time) on the Reset Interest Determination Date. In the event that such rate does not appear on the Reset Screen Page on the relevant Reset Interest Determination Date at approximately that time, the Five-Year Swap Rate will be the Reset Reference Bank Rate. If the Reset Reference Bank Rate is unavailable or the Calculation Agent determines that no Reference Bank is providing offered quotations, the Five-Year Swap Rate will be equal to the last Five-Year Swap Rate available on the Reset Screen Page as determined by the Calculation Agent, or, in the case of the First Interest Reset Date, the rate of 2.430% per annum (the euro mid-market swap reference rate for a term of five years at the time of pricing of the Securities of this series).

If a Benchmark Event occurs, the Company, acting in good faith and a commercially reasonable manner, after consulting such sources as it deems comparable to any of the foregoing calculations, or any such source as it deems reasonable from which to estimate the Five-Year Swap Rate, will determine the Five-Year Swap Rate in its sole discretion, *provided* that if the Company determines there is an industry-accepted successor Five-Year Swap Rate, then the Company will direct the Calculation Agent to use such successor rate. If the Company has determined a substitute or successor base rate in accordance with the foregoing, the Company in its sole discretion may determine the business day convention, the definition of "Business Day" and the Reset Interest Determination Date to be used and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the Five-Year Swap Rate, in a manner that is consistent with industry-accepted practices for such substitute or successor base rate.

If following the occurrence of a Benchmark Event, the Company does not determine the Five-Year Swap Rate as described in the immediately preceding paragraph, then the Five-Year Swap Rate will continue to apply for the purpose of determining such interest rate on such Reset Interest Determination Date and will be equal to the last Five-Year Swap Rate available on the Reset Screen Page as determined by the Calculation Agent, or, in the case of the First Interest Reset Date, the rate of 2.430% (the euro mid-market swap reference rate for a term of five years at the timing of pricing of the Securities of this series).

In no event shall the Calculation Agent be responsible for determining if there is an industry-accepted substitute or successor base rate comparable to the Five-Year Swap Rate, or for making any adjustments to any such substitute or successor base rate, the business day convention, the definition of "Business Day" and the Reset Interest Determination Date to be used and any other relevant methodology for calculating such substitute or successor base rate, including any adjustment factor needed to make such substitute or successor base rate comparable to the Five-Year Swap Rate. In connection with the foregoing, the Calculation Agent will be entitled to conclusively rely on any determinations and adjustments made by the Company with respect thereto and the Calculation Agent will have no liability for using the same at the direction of the Company.

Definitions

"**Benchmark Event**" means, with respect to the Original Reference Rate:

(i) the Original Reference Rate ceasing to exist;

(ii) the later of (a) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (b) the date falling six months prior to the specified date referred to in (ii)(a);

(iii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;

(iv) the later of (a) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely discontinued and (b) the date falling six months prior to the specified date referred to in (iv)(a);

(v) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six months;

(vi) it has, or will prior to the next Reset Interest Determination Date, become unlawful for the Calculation Agent to calculate any payment due to be made to any holder of a Security of this series using the Original Reference Rate (including, without limitation, under Regulation (EU) 2016/1011 (the "**Benchmarks Regulation**"), if applicable);

(vii) that a decision to withdraw the authorization or registration pursuant to Article 35 of the Benchmarks Regulation of any benchmark administrator previously authorized to publish such Original Reference Rate has been adopted; or

(viii) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that, in the view of such supervisor, such Original Reference Rate is no longer representative of an underlying market or its methodology has materially changed.

"**Business Day**" means a day other than a Saturday or Sunday, (i) which is not a day on which banks in the City of New York or London are authorized or obligated by law or executive order to close and (ii) on which the *Trans-European Automated Real-time Gross Settlement Express Transfer* system (the T2 system), or any successor thereto, operates.

"**Original Reference Rate**" means the Five-Year Swap Rate.

"**Reset Interest Determination Date**" means the day which is two Business Days preceding the applicable Interest Reset Date.

"**Reset Reference Bank Rate**" means the percentage rate determined on the basis of the euro mid-market swap reference rate for a term of five years provided by at least four leading swap dealers in the interbank market selected by the Company ("**Reference Banks**") to the Calculation Agent at approximately 11:00 a.m. (Frankfurt time) on the Reset Interest Determination Date. If at least three quotations are provided, the Reset Reference Bank Rate will be the arithmetic mean of the quotations, eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest). If two quotations are provided, the Reset Reference Bank Rate will be the arithmetic mean of the quotations. If one quotation is provided, the Reset Reference Bank Rate will be such quotation.

"**Reset Screen Page**" means Reuters screen "ICESWAP2 / EURFIXA" (or such other page as may replace such page on Reuters or such other page as may be determined by the

Company in consultation with the Calculation Agent for the purposes of displaying comparable rates).

Redemption. In addition to the option of the Company to redeem the Securities of this series in connection with a Tax Deductibility Event, a Rating Agency Event, a Tax Withholding Event, a Substantial Repurchase Event or a Tax Credit Event described below, this Security shall also be redeemable at the option of the Company, in whole or in part (i) on any day in the period commencing on the date falling 90 days prior to the First Interest Reset Date (such date, the "**First Par Call Date**") and ending on and including the First Interest Reset Date and (ii) after the First Par Call Date, on any Interest Payment Date, upon notice (a "**Redemption Notice**") which is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days prior to the date fixed for redemption (a "**Par Redemption Date**") at the price equal to 100% of the principal amount of the Securities of this series being redeemed, plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the Par Redemption Date (the "**Par Redemption Price**"); *provided*, *however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Securities of this series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that the Redemption Notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption.

If a Tax Deductibility Event (as defined below) shall occur and be continuing, the Company shall have the right to redeem this Security, in whole but not in part, at any time within ninety (90) days following the occurrence of the Tax Deductibility Event, upon a Redemption Notice, at the price equal to (i) where such redemption occurs prior to the First Par Call Date at 101% of the principal amount thereof and (ii) where such redemption occurs on or after the First Par Call Date at a redemption price equal to 100% of the principal amount thereof, in each case plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Tax Deductibility Event Redemption Date**").

The consummation of a redemption upon a Tax Deductibility Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Deductibility Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

"**Tax Deductibility Event**" means the receipt by the Guarantor or the Company of an Opinion of Counsel experienced in tax matters to the effect that, as a result of (a) any amendment to, clarification of, or change (including any announced prospective change) in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under such laws or treaties, (b) any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement (including any notice or announcement of intent to issue or adopt any such administrative pronouncement, ruling, regulatory procedure or regulation) (each, an "**Administrative Action**"), (c) any amendment to, clarification of, or change in the official position or the interpretation of any such Administrative Action or judicial decision or any interpretation or pronouncement that provides for a position with respect to such Administrative Action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which such amendment, clarification or

change is introduced or made known, or (d) threatened challenge asserted in writing in connection with an audit of the Guarantor or the Company or any of their subsidiaries, or a publicly-known threatened challenge asserted in writing against any other taxpayer that has raised capital through the issuance of securities that are substantially similar to the Securities of this series, which amendment, clarification, or change is effective, or which Administrative Action is taken or which judicial decision, interpretation or pronouncement is issued or threatened challenge is asserted or becomes publicly-known, in each case after February 19, 2026, there is more than an insubstantial risk that interest payable by the Company on this Security is not deductible, or within 90 days would not be deductible, in whole or in part, by the Company for United States federal income tax purposes.

The Company shall have the right to redeem this Security in whole but not in part, upon a Redemption Notice given at any time within ninety (90) days after the conclusion of any review or appeal process instituted by the Company or the Guarantor following the occurrence of a Rating Agency Event (as defined below), at the price equal to (i) where such redemption occurs prior to the First Par Call Date at 101% of the principal amount thereof and (ii) where such redemption occurs on or after the First Par Call Date at a redemption price equal to 100% of the principal amount thereof, in each case plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Rating Agency Event Redemption Date**").

"**Rating Agency Event**" means a change to the methodology or criteria that were employed by an applicable rating agency (as defined below) for purposes of assigning equity credit to securities such as the Securities of this series on the date of initial issuance of the Securities of this series (the "**current methodology**"), which change (i) results in any shortening of the length of time for which a particular level of equity credit pertaining to the Securities of this series by such rating agency would have been in effect had the methodology as of the date of initial issuance of the Securities of this series not been changed or (ii) reduces the amount of equity credit assigned to the Securities of this series by the applicable rating agency as compared with the amount of equity credit that such rating agency had assigned to the Securities of this series as of the date of initial issuance thereof.

The consummation of a redemption upon a Rating Agency Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Rating Agency Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

The term "**rating agency**" means any nationally recognized statistical rating organization (within the meaning of Section 3(a)(62) of the Securities Exchange Act of 1934 and sometimes referred to in this Security as a "rating agency"), and the term "**applicable rating agency**" means any rating agency that (i)(a) published a rating for the Company or the Guarantor with respect to the initial issuance of the Securities of this series and (b) publishes a rating for the Company or the Guarantor at such time as a Rating Agency Event occurs, or (ii) any successor to a rating agency described in the preceding clause (i).

If, as a result of a Tax Withholding Event (as defined below), the Company becomes or, based upon its receipt of a written opinion of counsel experienced in tax matters, there is a material probability that the Company will become, obligated to pay Additional Amounts with

respect to the Securities of this series, then, in each such case, the Company may redeem at its option, upon a Redemption Notice, in whole but not in part, the Securities of this series at a redemption price equal to 100% of the principal amount thereof being redeemed, in each case plus accrued and unpaid interest thereon, if any, to but excluding the date fixed for redemption (the "**Tax Withholding Event Redemption Date**").

The consummation of a redemption upon a Tax Withholding Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Withholding Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

"**Tax Withholding Event**" means:

any amendment to, clarification of, or change, including any announced prospective change, in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under those laws or treaties, that is enacted or effective on or after February 19, 2026;

an administrative action, which means any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement including any notice or announcement of intent to issue or adopt any administrative pronouncement, ruling, regulatory procedure or regulation, that is taken on or after February 19, 2026; or

any amendment to, clarification of, or change in the official position or the interpretation of any administrative action or judicial decision or any interpretation or pronouncement that provides for a position with respect to an administrative action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which that amendment, clarification or change is introduced or made known, that is enacted or effective on or after February 19, 2026.

If the Company, the Guarantor or any subsidiary of the Company or the Guarantor has repurchased the Securities of this series equal to or in excess of 75% of the initial aggregate principal amount thereof (a "**Substantial Repurchase Event**"), then the Company may at its option, upon a Redemption Notice, at any time redeem the remaining Securities of this series in whole but not in part at a redemption price equal to 100% of the principal amount thereof being redeemed, in each case plus accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Substantial Repurchase Event Redemption Date**").

The consummation of a redemption upon a Substantial Repurchase Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Substantial Repurchase Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

If a Tax Credit Event (as defined below) occurs, then the Company may redeem at its option, upon a Redemption Notice, the Securities of this series, in whole but not in part at a redemption price equal to 101% of the principal amount thereof plus accrued and unpaid interest

thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Tax Credit Event Redemption Date**"). A Redemption Notice upon the occurrence of a Tax Credit Event (i) may only be sent by the later of (a) the end of the calendar year in which the Securities of this series were issued and (b) six months from the date of issuance of the Securities of this series and (ii) shall be accompanied by a certificate from an officer of the Company stating that a Tax Credit Event has occurred.

The consummation of a redemption upon a Tax Credit Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Credit Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

A "**Tax Credit Event**" occurs with respect to the Securities of this series if, in the reasonable determination of the Company or the Guarantor, there exists a material risk, due to the Securities of this series (considered together with other debt) having been issued, as part of an original issuance, to one or more "specified foreign entities," as defined in Section 7701(a)(51)(B) of the Internal Revenue Code of 1986, as amended, that the Company or the Guarantor or any of their respective affiliates would be unable to utilize or otherwise ineligible to claim any tax credits otherwise allowed under Section 38 of the Internal Revenue Code of 1986, as amended.

If, at the time a Redemption Notice is given, the redemption moneys are not on deposit with the Paying Agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before a Par Redemption Date, the Tax Deductibility Event Redemption Date, the Rating Agency Event Redemption Date, the Substantial Repurchase Event Redemption Date or the Tax Credit Event Redemption Date, as the case may be, and such Redemption Notice shall be of no force or effect unless such moneys are received.

Upon payment of the Par Redemption Price, the Tax Deductibility Event Redemption Price, the Rating Agency Event Redemption Price, the Tax Withholding Event Redemption Price, the Substantial Repurchase Event Redemption Price or the Tax Credit Event Redemption Price, as applicable, on and after a Par Redemption Date, the Tax Deductibility Event Redemption Date, Rating Agency Event Redemption Date, Tax Withholding Redemption Date, Substantial Repurchase Event Redemption Date or Tax Credit Event Redemption Date, as the case may be, interest will cease to accrue on the Securities of this series called for redemption.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

Additional Amounts. All payments of principal, interest, and premium, if any, in respect of the Securities of this series will be made free and clear of, and without deduction or withholding for or on account of any present or future taxes, duties, assessments or other governmental charges imposed, levied, collected, withheld or assessed by the United States (as defined below) or any political subdivision or taxing authority of or in the United States (collectively, "**Taxes**"), unless such withholding or deduction is required by law.

In the event such withholding or deduction of Taxes is required by law, the Company will, subject to the exceptions and limitations described below, pay such additional amounts

("**Additional Amounts**") on the Securities of this series as will result in the receipt by each beneficial owner of the Securities of this series that is not a U.S. Person of such amounts (after all such withholding or deduction, including any Tax imposed on any Additional Amounts so paid) as would have been received by such beneficial owner had no such withholding or deduction been required. The Company will not be required, ***however***, to make any payment of Additional Amounts for or on account of:

(1) any Taxes that would not have been imposed, withheld or deducted but for:

(a) the existence of any present or former connection (other than a connection arising solely from the ownership of the Securities of this series or the receipt of payments in respect of the Securities of this series) between a holder of the Securities of this series (or the beneficial owner for whose benefit such holder holds such Securities of this series), or between a fiduciary, settlor, beneficiary, member or shareholder or other equity owner of, or possessor of a power over, such holder or beneficial owner (if that holder or beneficial owner is an estate, trust, a limited liability company, partnership, corporation or similar entity) and the United States, including, without limitation, such holder or beneficial owner, or such fiduciary, settlor, beneficiary, member, shareholder, other equity owner or possessor, (i) being or having been (or being treated as or having been treated as) a citizen or resident or treated as a resident of the United States, (ii) being or having been engaged in trade or business or present in the United States or (iii) having or having had (or being treated as having or being treated as having had) a permanent establishment in the United States or having been incorporated therein;

(b) the presentation of a Security of this series for payment on a date more than 10 days after the later of (i) the date on which such payment became due and payable and (ii) the date on which payment is duly provided for; or

(c) the failure of a beneficial owner or any holder of the Securities of this series to comply with any applicable certification, information, documentation or other reporting requirement requested by the Company or its agents concerning the nationality, residence, identity or connections with the United States of such beneficial owner or holder of the Securities of this series or otherwise to establish entitlement to a partial or complete exemption from such Taxes (including, but not limited to, the requirement to provide an applicable Internal Revenue Service Form W-8, or any subsequent versions thereof or successor thereto, and including, without limitation, any documentation requirement under an applicable income tax treaty);

(2) any estate, inheritance, gift, sales, transfer, capital gains, excise, personal property, wealth or similar Taxes;

(3) any Taxes imposed by reason of the beneficial owner's past or present status as a passive foreign investment company, a controlled foreign corporation, a foreign private foundation or other foreign tax-exempt organization or a personal holding company with respect to the United States or as a corporation that accumulates earnings to avoid U.S. federal income tax;

(4) any Taxes which are payable by any method other than by withholding or deducting from payment of principal of or premium, if any, or interest on such Securities of this series;

(5) any Taxes required to be withheld by any paying agent from any payment of principal of or premium, if any, or interest on, or the redemption price for, any Securities of this series if such payment can be made without withholding by at least one other paying agent;

(6) any Taxes imposed, withheld or deducted on interest received by (1) a 10% shareholder (as defined in Section 871(h)(3)(B) of the U.S. Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (collectively, the "**Code**")), (2) a controlled foreign corporation that is related to the Company within the meaning of Section 864(d)(4) of the Code, or (3) a bank receiving interest described in Section 881(c)(3)(A) of the Code;

(7) any Taxes that would not have been imposed, withheld or deducted but for a change in any law, treaty, regulation, or administrative or judicial interpretation that becomes effective after the applicable payment becomes due or is duly provided for, whichever occurs later;

(8) any Taxes imposed, withheld or deducted under Sections 1471 through 1474 of the Code (or any amended or successor version of such Sections) ("**FATCA**"), any current or future regulations, official interpretations or other guidance thereunder, or any agreement (including any intergovernmental agreement) entered into in connection therewith; or any law, regulation or other official guidance enacted in any jurisdiction implementing FATCA or an intergovernmental agreement in respect of FATCA;

(9) any Taxes that are payable by a holder that is not the beneficial owner of the Securities of this series, or a portion of the Securities of this series, or that is a fiduciary, partnership, limited liability company or other similar entity, to the extent that a beneficial owner, a beneficiary or settlor with respect to such fiduciary or member of such partnership, limited liability company or similar entity would not have been entitled to the payment of an Additional Amount had such beneficial owner, beneficiary, settlor, fiduciary or member received directly its beneficial or distributive share of the payment; or

(10) any combination of items (1), (2), (3), (4), (5), (6), (7), (8) and (9) above.

As used with respect to the payment of Additional Amounts, the term "**United States**" means the United States of America, the states thereof (including the District of Columbia) and any other political subdivision, territory or possession thereof, or taxing authority thereof or therein affecting taxation; and the term "**U.S. Person**" means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States or any state of the United States (including the District of Columbia) (other than a partnership that is not treated as a United States person under any applicable U.S. Treasury regulations), or any estate or trust the income of which is subject to U.S. federal income taxation regardless of its source.

The indebtedness evidenced by this Security is, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Company, and this Security is issued subject to the provisions of the Indenture with respect thereto. Each Holder of this Security, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such holder upon said provisions.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture; *provided however*, that the principal of and interest on the Securities of this series shall not be declared due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Securities of this series. The Securities of this series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the

Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Securities of this series, to defer the payment of interest for a period not exceeding five (5) consecutive years (each period, commencing on the date that the first such payment would otherwise be made, an "**Optional Deferral Period**"); *provided* that no Optional Deferral Period shall extend beyond the Stated Maturity Date or end on a day other than an Interest Payment Date. During an Optional Deferral Period, interest on the Securities of this series (calculated for each Interest Period in the manner provided for on the face hereof, as if the interest payment had not been so deferred) will continue to accrue compounded annually at the then prevailing rate per annum borne by the Securities of this series. During an Optional Deferral Period, any deferred interest on the Securities of this series will accrue additional interest compounded annually, on any interest payment that is not made on the applicable Interest Payment Date, which shall accrue at the then prevailing rate per annum borne by the Securities of this series, to the extent permitted by applicable law ("**Additional Interest**"). At the end of an Optional Deferral Period, which shall be an Interest Payment Date, the Company shall pay all interest accrued and unpaid hereon, including Additional Interest accrued on the deferred interest, to the Person in whose name the Securities of this series are registered at the close of business on the Regular Record Date for the Interest Payment Date on which such Optional Deferral Period ended; *provided* that any such accrued and unpaid interest payable on the Stated Maturity Date or a Redemption Date will be paid to the Person to whom principal is payable. During any such Optional Deferral Period, neither the Guarantor nor the Company will, and each will cause their majority-owned subsidiaries not to, (i) declare or pay any dividend or distribution on the Guarantor's or the Company's capital stock, (ii) redeem, purchase, acquire or make a liquidation payment with respect to any of the Guarantor's or the Company's capital stock, (iii) pay any principal, interest or premium on, or repay, repurchase or redeem any of the Guarantor's or the Company's debt securities that are equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be), or (iv) make any payments with respect to any Guarantor or Company guarantee of debt securities if such guarantee is equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be).

Subject to the reservation of right to amend *clause (f)* below, as described in *paragraph 16* of the Officer's Certificate, the foregoing provisions shall not prevent or restrict the Guarantor or the Company from making:

(a) purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;

(b) any payment, repayment, redemption, purchase, acquisition or declaration of dividend described in clauses (i) and (ii) above as a result of a reclassification of its capital stock, or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock;

(c) the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts;

(d) dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;

(e) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;

(f) payments under any preferred trust securities guarantee or guarantee of subordinated debentures executed and delivered by the Guarantor concurrently with the issuance by a trust of any preferred trust securities, so long as the amount of payments made on any preferred trust securities or subordinated debentures (as the case may be) is paid on all preferred trust securities or subordinated debentures (as the case may be) then outstanding on a pro rata basis in proportion to the full distributions to which each series of preferred trust securities or subordinated debentures (as the case may be) is then entitled;

(g) payments under any guarantee of junior subordinated debentures, which guarantee is executed and delivered by the Guarantor (including a Guarantee under the Indenture), so long as the amount of payments made on any junior subordinated debentures is paid on all junior subordinated debentures then outstanding on a pro rata basis in proportion to the full payment to which each series of junior subordinated debentures is then entitled;

(h) dividends or distributions by the Company on its capital stock to the extent owned by the Guarantor; or

(i) redemptions, purchases, acquisitions or liquidation payments by the Company with respect to its capital stock to the extent owned by the Guarantor.

Prior to the termination of any such Optional Deferral Period, the Company may further defer the payment of interest, ***provided*** that such Optional Deferral Period together with all such previous and further deferrals of interest payments shall not exceed five (5) consecutive years at any one time or extend beyond the Stated Maturity Date. Upon the termination of any such Optional Deferral Period and the payment of all amounts then due, including Additional Interest, if any, the Company may elect to begin a new Optional Deferral Period, subject to the above requirements. No interest shall be due and payable during an Optional Deferral Period, except at the end thereof except upon a redemption of the Securities of this series during the Optional Deferral Period. The Company will give the Trustee notice of its election of an Optional Deferral Period at least ten (10) days and not more than sixty (60) days before the applicable Interest Payment Date. The Trustee will promptly forward notice of such election to each Holder of the Securities of this series.

The Securities of this series are issuable only in registered form without coupons in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

Each of the Company and the Guarantor has agreed, and, by acceptance of this Security, the Holder will be deemed to have agreed, to treat this Security as indebtedness for United States federal, state and local tax purposes.

PURCHASE CONTRACT AGREEMENT, dated as of February 1, 2026, between NextEra Energy, Inc., a Florida corporation (the "**Company**"), and The Bank of New York Mellon, a New York banking corporation, acting as purchase contract agent and attorney-in-fact for the Holders of Units from time to time (in any one or more of such capacities, the "**Purchase Contract Agent**").

RECITALS

The Company has duly authorized the execution and delivery of this Agreement and the Certificates evidencing the Units.

All things necessary to make the Purchase Contracts, when the Certificates are executed by the Company and authenticated, executed on behalf of the Holders and delivered by the Purchase Contract Agent, as provided in this Agreement, the valid obligations of the Company and the Holders, and to constitute these presents a valid agreement of the Company, in accordance with its terms, have been done.

WITNESSETH:

For and in consideration of the premises and the purchase of the Units by the Holders thereof, it is mutually agreed as follows:

ARTICLE I

Definitions and Other Provisions of General Application

SECTION 1.1. Definitions.

For all purposes of this Agreement, except as otherwise expressly provided or unless the context otherwise requires:

(a) the terms defined in this *Article I* have the meanings assigned to them in this *Article I* and include the plural as well as the singular, and nouns and pronouns of the masculine gender include the feminine and neuter genders;

(b) all accounting terms not otherwise defined herein have the meanings assigned to them in accordance with generally accepted accounting principles in the United States;

(c) the words "**herein**," "**hereof**" and "**hereunder**" and other words of similar import refer to this Agreement as a whole and not to any particular Article, Section, Exhibit or other subdivision; and

(d) the following terms have the meanings given to them in this *Section 1.1(d)*.

"**Act**" when used with respect to any Holder, has the meaning specified in *Section 1.4*.

"**Adjustment Factor**" has the meaning specified in *Section 5.6(a)(9)*.

"**Affiliate**" has the same meaning as given to that term in Rule 405 of the Securities Act.

(ii) Treasury Securities, the aggregate principal amount thereof at maturity;

(iii) Applicable Ownership Interests in Debentures, the appropriate aggregate principal amount of the underlying Debentures; and

(iv) Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (i) of the definition of such term), the appropriate aggregate percentage of the aggregate principal amount at maturity of the Treasury Portfolio.

"**Vice President**" means any vice president, whether or not designated by a number or a word or words added before or after the title "vice president."

SECTION 1.2. Compliance Certificates and Opinions.

Except as otherwise expressly provided by this Agreement, upon any application or request by the Company to the Purchase Contract Agent to take any action under any provision of this Agreement, the Company shall furnish to the Purchase Contract Agent a Company Certificate stating that all conditions precedent, if any, provided for in this Agreement relating to the proposed action have been complied with and an Opinion of Counsel stating that, in the opinion of such counsel, all such conditions precedent, if any, have been complied with, except that in the case of any such application or request as to which the furnishing of such documents is specifically required by any provision of this Agreement relating to such particular application or request, no additional certificate or opinion need be furnished.

Every certificate or opinion with respect to compliance with a condition or covenant provided for in this Agreement shall include:

(1) a statement that each individual signing such certificate or opinion has read such condition or covenant and the definitions herein relating thereto;

(2) a brief statement as to the nature and scope of the examination or investigation upon which the statements or opinions contained in such certificate or opinion are based;

(3) a statement that, in the opinion of each such individual, he or she has made such examination or investigation as is necessary to enable such individual to express an informed opinion as to whether or not such covenant or condition has been complied with; and

(4) a statement as to whether, in the opinion of each such individual, such condition or covenant has been complied with.

SECTION 1.3. Form of Documents Delivered to Purchase Contract Agent.

In any case where several matters are required to be certified by, or covered by an opinion of, any specified Person, it is not necessary that all such matters be certified by, or covered by the opinion of, only one such Person, or that they be so certified or covered by only one document, but one such Person may certify or give an opinion with respect to some matters and one or more other such Persons as to other matters, and any such Person may certify or give an opinion as to such matters in one or several documents.

Any certificate or opinion of an officer of the Company may be based, insofar as it relates to legal matters, upon a certificate or opinion of, or representations by, counsel, unless such officer knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to the matters upon which his or her certificate or opinion is based are erroneous. Any such certificate or Opinion of Counsel may be based, insofar as it relates to factual matters, upon a certificate or opinion of, or representations by, an officer or officers of the Company stating that the information with respect to such factual matters is in the possession of the Company, unless such counsel knows, or in the exercise of reasonable care should know, that the certificate or opinion or representations with respect to such matters are erroneous.

Where any Person is required to make, give or execute two or more applications, requests, consents, certificates, statements, opinions or other instruments under this Agreement, they may, but need not, be consolidated and form one instrument.

SECTION 1.4. Acts of Holders; Record Dates.

(a) Any request, demand, authorization, direction, notice, consent, waiver or other action provided by this Agreement to be given or taken by Holders may be embodied in and evidenced by one or more instruments of substantially similar tenor signed by such Holders in person or by an agent duly appointed in writing; and, except as herein otherwise expressly provided, such action shall become effective when such instrument or instruments are delivered to the Purchase Contract Agent and, where it is hereby expressly required, to the Company. Such instrument or instruments (and the action embodied therein and evidenced thereby) are herein sometimes referred to as the "**Act**" of the Holders signing such instrument or instruments. Proof of execution of any such instrument or of a writing appointing any such agent shall be sufficient for any purpose of this Agreement and (subject to *Section 7.1*) conclusive in favor of the Purchase Contract Agent and the Company, if made in the manner provided in this *Section 1.4(a)*.

(b) The fact and date of the execution by any Person of any such instrument or writing may be proved in any manner which the Purchase Contract Agent deems sufficient.

(c) The ownership of Units shall be proved by the Security Register.

(d) Any request, demand, authorization, direction, notice, consent, waiver or other Act of the Holder of any Certificate shall bind every future Holder of the same Certificate and the Holder of every Certificate issued upon the registration of transfer thereof or in exchange therefor or in lieu thereof in respect of anything done, omitted or suffered to be done by the Purchase Contract

Agent or the Company in reliance thereon, whether or not notation of such action is made upon such Certificate.

(e) The Company may set any day as a record date for the purpose of determining the Holders of Outstanding Units entitled to give, make or take any request, demand, authorization, direction, notice, consent, waiver or other action provided or permitted by this Agreement to be given, made or taken by Holders of Units. If any record date is set pursuant to this paragraph, the Holders of the Outstanding Corporate Units and the Outstanding Treasury Units, as the case may be, on such record date, and no other Holders, shall be entitled to take the relevant action with respect to the Corporate Units or the Treasury Units, as the case may be, whether or not such Holders remain Holders after such record date; *provided*, that no such action shall be effective hereunder unless taken on or prior to the applicable Expiration Date by Holders of the requisite number of Outstanding Units on such record date. Nothing in this paragraph shall be construed to prevent the Company from setting a new record date for any action for which a record date has previously been set pursuant to this paragraph (whereupon the record date previously set shall automatically and with no action by any Person be cancelled and of no effect), and nothing in this paragraph shall be construed to render ineffective any action taken by Holders of the requisite number of Outstanding Units on the date such action is taken. Promptly after any record date is set pursuant to this paragraph, the Company, at its own expense, shall cause notice of such record date, the proposed action by Holders and the applicable Expiration Date to be given to the Purchase Contract Agent in writing and to each Holder of Units in the manner set forth in *Section 1.6*.

With respect to any record date set pursuant to this *Section 1.4*, the Company may designate any date as the "**Expiration Date**" and from time to time may change the Expiration Date to any earlier or later day; *provided*, that no such change shall be effective unless notice of the proposed new Expiration Date is given to the Purchase Contract Agent in writing, and to each Holder of Units in the manner set forth in *Section 1.6*, on or prior to the existing Expiration Date. If an Expiration Date is not designated with respect to any record date set pursuant to this *Section 1.4*, the Company shall be deemed to have initially designated the 180th day after such record date as the Expiration Date with respect thereto, subject to its right to change the Expiration Date as provided in this paragraph. Notwithstanding the foregoing, no Expiration Date shall be later than the 180th day after the applicable record date.

SECTION 1.5. Notices.

Any request, demand, authorization, direction, notice, consent, waiver or Act of the Holders or other document provided or permitted by this Agreement to be made upon, given or furnished to, or filed with,

(1) the Purchase Contract Agent by any Holder or by the Company shall be sufficient for every purpose hereunder (unless otherwise herein expressly provided) if made, given, furnished or filed in writing (including, without limitation, by electronic transmission) and personally delivered or mailed, first-class postage prepaid, addressed to the Purchase Contract Agent at The Bank of New York Mellon, 240 Greenwich Street, Floor 7E, New York, New York 10286, Attention: Corporate Trust Administration with a copy to The Bank of New York Mellon Trust Company, N.A., 10161 Centurion Parkway N., 2nd Floor, Jacksonville, Florida 32256, Attention: Corporate Trust Administration, or at any other

address furnished in writing by the Purchase Contract Agent to the Holders and the Company;

(2) the Company by the Purchase Contract Agent or by any Holder shall be sufficient for every purpose hereunder (unless otherwise herein expressly provided) if made, given, furnished or filed in writing (including, without limitation, by telecopy) and personally delivered or mailed, first-class postage prepaid, addressed to the Company at NextEra Energy, Inc., 700 Universe Boulevard, Juno Beach, Florida 33408, Attention: Treasurer, or at any other address furnished in writing to the Purchase Contract Agent by the Company;

(3) the Collateral Agent by the Purchase Contract Agent, the Company or any Holder shall be sufficient for every purpose hereunder (unless otherwise herein expressly provided) if made, given, furnished or filed in writing (including, without limitation, by telecopy) and personally delivered or mailed, first-class postage prepaid, addressed to the Collateral Agent at Deutsche Bank Trust Company Americas, Trust and Agency Services, 1 Columbus Circle, 4th Floor, MS: NYC01-0417, New York, New York 10019, Attention: Corporates Team/NextEra Equity Units – AA8784, or at any other address furnished in writing by the Collateral Agent to the Purchase Contract Agent, the Company and the Holders; or

(4) the Indenture Trustee by the Company shall be sufficient for every purpose hereunder (unless otherwise herein expressly provided) if made, given, furnished or filed in writing (including, without limitation, by electronic transmission) and personally delivered or mailed, first-class postage prepaid, addressed to the Indenture Trustee at The Bank of New York Mellon, 240 Greenwich Street, Floor 7E, New York, New York 10286, Attention: Corporate Trust Administration with a copy to The Bank of New York Mellon Trust Company, N.A., 4655 Salisbury Road, Suite 300, Jacksonville, Florida 32256, Attention: Corporate Trust Administration, or at any other address furnished in writing by the Indenture Trustee to the Company.

As between the parties hereto, the Purchase Contract Agent shall have the right to accept and act upon instructions given pursuant to this Agreement ("**Instructions**") and delivered using Electronic Means; *provided, however*, that the Company shall provide to the Purchase Contract Agent an incumbency certificate listing the Authorized Officers. In the absence of gross negligence or willful misconduct, if the Company elects to give the Purchase Contract Agent Instructions using Electronic Means and the Purchase Contract Agent in its discretion elects to act upon such Instructions, the Purchase Contract Agent's understanding of such Instructions shall be deemed controlling. The Company understands and agrees that the Purchase Contract Agent cannot determine the identity of the actual sender of such Instructions and that the Purchase Contract Agent shall conclusively presume that, in the absence of gross negligence or willful misconduct, directions that purport to have been sent by or on behalf of an Authorized Officer listed on the incumbency certificate provided to the Purchase Contract Agent have been sent by such Authorized Officer. The Company shall be responsible for ensuring that only Authorized Officers transmit or direct the transmission of such Instructions to the Purchase Contract Agent and that the Company and all Authorized Officers are solely responsible to safeguard the use and confidentiality of applicable

user and authorization codes, passwords and/or authentication keys upon receipt by the Company. The Purchase Contract Agent shall not be liable for any losses, costs or expenses arising directly or indirectly from the Purchase Contract Agent's reliance upon and compliance with such Instructions notwithstanding such Instructions conflict or are inconsistent with a subsequent written Instruction received by the Purchase Contract Agent after it has acted in compliance with the prior Instructions delivered using Electronic Means. The Company, by providing electronic Instructions, agrees: (i) (in the absence of the Purchase Contract Agent's gross negligence or willful misconduct) to assume all risks arising out of the use of Electronic Means to submit Instructions to the Purchase Contract Agent, including without limitation the risk of the Purchase Contract Agent acting on unauthorized Instructions, and the risk of interception and misuse by third parties; (ii) that it is fully informed of the protections and risks associated with the various methods of transmitting Instructions to the Purchase Contract Agent and that there may be more secure methods of transmitting Instructions than the method(s) selected by the Company; (iii) that the security procedures (if any) to be followed in connection with its transmission of Instructions provide to it a commercially reasonable degree of protection in light of its particular needs and circumstances; and (iv) to notify the Purchase Contract Agent immediately upon learning of any compromise or unauthorized use of the security procedures.

"Electronic Means" shall mean the following communications methods: e-mail, secure electronic transmission containing applicable authorization codes, passwords and/or authentication keys issued by the Purchase Contract Agent, or another method or system specified by the Purchase Contract Agent as available for use in connection with its services hereunder.

SECTION 1.6. Notice to Holders; Waiver.

Where this Agreement provides for notice to Holders of any event, such notice shall be sufficiently given (unless otherwise herein expressly provided) if in writing and mailed, first-class postage prepaid, to each Holder affected by such event, at its address as it appears in the Security Register, not later than the latest date, and not earlier than the earliest date, prescribed for the giving of such notice. In any case where notice to Holders is given by mail, neither the failure to mail such notice nor any defect in any notice so mailed to any particular Holder shall affect the sufficiency of such notice with respect to other Holders. Where this Agreement provides for notice in any manner, such notice may be waived in writing by the Person entitled to receive such notice, either before or after the event, and such waiver shall be the equivalent of such notice. Waivers of notice by Holders shall be filed with the Purchase Contract Agent, but such filing shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

In case by reason of the suspension of regular mail service or by reason of any other cause it shall be impracticable to give such notice by mail, then such notification as shall be made with the approval of the Purchase Contract Agent shall constitute a sufficient notification for every purpose hereunder.

SECTION 1.7. Effect of Headings and Table of Contents.

The Article and Section headings herein and the Table of Contents are for convenience only and shall not affect the construction hereof.

SECTION 1.8. Successors and Assigns.

All covenants and agreements in this Agreement by the Company shall bind its successors and assigns, whether so expressed or not.

SECTION 1.9. Separability Clause.

In case any provision in this Agreement or in the Units shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining provisions hereof and thereof shall not in any way be affected or impaired thereby.

SECTION 1.10. Benefits of Agreement.

Nothing in this Agreement or in the Units, express or implied, shall give to any Person, other than the parties hereto and their successors hereunder and, to the extent provided hereby, the Holders, any benefits or any legal or equitable right, remedy or claim under this Agreement. The Holders from time to time shall be beneficiaries of this Agreement and shall be bound by all of the terms and conditions hereof and of the Units evidenced by their Certificates by their acceptance of delivery of such Certificates.

SECTION 1.11. Governing Law.

THIS AGREEMENT AND THE UNITS SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES THEREUNDER, EXCEPT TO THE EXTENT THAT THE LAWS OF ANY OTHER JURISDICTION SHALL BE MANDATORILY APPLICABLE.

SECTION 1.12. Legal Holidays.

In any case where any Payment Date shall not be a Business Day, then (notwithstanding any other provision of this Agreement or the Corporate Unit Certificates or the Treasury Unit Certificates) payment of the Contract Adjustment Payments, if any, or other distributions, if any, shall not be made on such date, but such payments shall be made on the next succeeding Business Day with the same force and effect as if made on such Payment Date, and no interest shall accrue or be payable by the Company or any Holder for the period from and after any such Payment Date, except that, if such next succeeding Business Day is in the next succeeding calendar year, such payment shall be made on the immediately preceding Business Day with the same force and effect as if made on such Payment Date.

In any case where the Purchase Contract Settlement Date or any Early Settlement Date or Fundamental Change Early Settlement Date shall not be a Business Day, then (notwithstanding any other provision of this Agreement, the Corporate Unit Certificates or the Treasury Unit Certificates) the Purchase Contracts shall not be performed or an Early Settlement or a Fundamental Change Early Settlement shall not be effected on such date, but the Purchase Contracts shall be performed or Early Settlement or Fundamental Change Early Settlement shall be effected, as applicable, on the immediately following Business Day with the same force and effect as if performed on the Purchase

Contract Settlement Date, Early Settlement Date or Fundamental Change Early Settlement Date, as applicable.

SECTION 1.13. Counterparts.

This Agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument.

SECTION 1.14. Inspection of Agreement

A copy of this Agreement shall be available at all reasonable times during normal business hours at the Corporate Trust Office for inspection by any Holder.

SECTION 1.15. Force Majeure.

In no event shall the Purchase Contract Agent be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, epidemics or pandemics, nuclear or natural catastrophes or acts of God, and interruptions, loss or malfunctions of utilities, communications or computer (software and hardware) services; it being understood that the Purchase Contract Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to resume performance as soon as practicable under the circumstances. The Purchase Contract Agent shall use reasonable efforts which are consistent with accepted practices in the banking industry to maintain its computer (hardware and software) services in good working order.

SECTION 1.16. Waiver of Jury Trial.

EACH OF THE COMPANY, THE HOLDERS FROM TIME TO TIME OF THE UNITS ACTING THROUGH THE PURCHASE CONTRACT AGENT AS THEIR ATTORNEY-IN-FACT, AND THE PURCHASE CONTRACT AGENT HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE UNITS OR THE TRANSACTIONS CONTEMPLATED HEREBY.

SECTION 1.17. Sanctions.

The Company covenants and represents that neither it, nor to the knowledge of the Company, any of its affiliates, subsidiaries, directors or officers: (A) are the target or subject of any sanctions enforced by the US Government, (including, without limitation, the Office of Foreign Assets Control of the US Department of the Treasury or the US Department of State), the United Nations Security Council, the European Union, His Majesty's Treasury, or other relevant sanctions authority to which the Company is subject (collectively **"Sanctions"**), and (B) will directly or

indirectly use any payments made pursuant to this Agreement, (i) to fund or facilitate any activities of or business with any person who, at the time of such funding or facilitation, is the subject or target of Sanctions, (ii) to fund or facilitate any activities of or business with any country or territory that is the target or subject of Sanctions, or (iii) in any other manner that will result in a violation of Sanctions by any person. Failure by the Company to comply with the provisions of this Section 1.17 will not be a Default under this Agreement.

SECTION 1.18. Calculations.

Except as otherwise provided herein or in the Units, the Company will be responsible for making all calculations called for under this Agreement and the Units. The Purchase Contract Agent is entitled to rely conclusively upon the accuracy of the Company's calculations.

ARTICLE II

Certificate Forms

SECTION 2.1. Forms of Certificates Generally.

The Certificates (including the form of Purchase Contract forming part of each Unit evidenced thereby) shall be in substantially the form set forth in *Exhibit A* hereto (in the case of Corporate Unit Certificates) or *Exhibit B* hereto (in the case of Treasury Unit Certificates), with such letters, numbers or other marks of identification or designation and such notations, legends or endorsements placed thereon as may be required to comply with applicable law, the rules of any securities exchange on which the Units may be listed or any depositary therefor, or as may, consistently herewith, be determined by the officers of the Company executing such Certificates, as evidenced by their execution of the Certificates.

The definitive Certificates shall be printed or may be produced in any other manner, all as determined by the officers of the Company executing the Units evidenced by such Certificates, consistent with the provisions of this Agreement, as evidenced by their execution thereof.

Every Global Certificate authenticated, executed on behalf of the Holders and delivered hereunder shall bear a legend substantially in the form set forth in *Exhibit A* and *Exhibit B* for a Global Certificate.

SECTION 2.2. Form of Purchase Contract Agent's Certificate of Authentication.

The form of the Purchase Contract Agent's certificate of authentication of the Units shall be in substantially the form set forth on the form of the applicable Certificates.

ARTICLE III

The Units

SECTION 3.1. Title and Terms; Denominations.

The aggregate number of Units evidenced by Certificates authenticated, executed on behalf of the Holders and delivered hereunder is limited to 46,000,000 Units except for Certificates authenticated, executed and delivered upon registration of transfer of, in exchange for, or in lieu of, other Certificates pursuant to *Section 3.4*, *Section 3.5*, *Section 3.10*, *Section 3.12*, *Section 3.13*, *Section 5.9* or *Section 8.5*.

The Certificates shall be issuable only in registered form and only in denominations of a single Corporate Unit or Treasury Unit and any integral multiple thereof.

SECTION 3.2. Rights and Obligations Evidenced by the Certificates.

Each Corporate Unit Certificate shall evidence the number of Corporate Units specified therein, with each such Corporate Unit representing (1) the ownership by the Holder thereof of an Applicable Ownership Interest in Debentures or an Applicable Ownership Interest in the Treasury Portfolio, as the case may be, subject to the Pledge of such Applicable Ownership Interest in Debentures or Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, by such Holder pursuant to the Pledge Agreement, and (2) the rights and obligations of the Holder thereof and the Company under one Purchase Contract. The Purchase Contract Agent as attorney-in-fact for, and on behalf of, the Holder of each Corporate Unit shall pledge, pursuant to the Pledge Agreement, each Applicable Ownership Interest in Debentures or Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, forming a part of such Corporate Unit, to the Collateral Agent and grant to the Collateral Agent a security interest in the right, title, and interest of such Holder in such Applicable Ownership Interest in Debentures or such Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, for the benefit of the Company, to secure the obligation of the Holder under one Purchase Contract to purchase the Common Stock.

Upon the formation of a Treasury Unit pursuant to *Section 3.13*, each Treasury Unit Certificate shall evidence the number of Treasury Units specified therein, with each such Treasury Unit representing (1) the ownership by the Holder thereof of a 5% undivided beneficial interest in a Treasury Security, subject to the Pledge of such interest by such Holder pursuant to the Pledge Agreement, and (2) the rights and obligations of the Holder thereof and the Company under one Purchase Contract. The Purchase Contract Agent as attorney-in-fact for, and on behalf of, the Holder of each Treasury Unit shall pledge, pursuant to the Pledge Agreement, each undivided beneficial interest in a Treasury Security forming a part of such Treasury Unit, to the Collateral Agent and grant to the Collateral Agent a security interest in the right, title, and interest of such Holder in such undivided beneficial interest in a Treasury Security for the benefit of the Company, to secure the obligation of the Holder under one Purchase Contract to purchase the Common Stock.

Prior to the purchase of shares of Common Stock under each Purchase Contract, such Purchase Contract shall not entitle the Holder of a Unit to any of the rights of a holder of shares of Common Stock, including, without limitation, the right to vote or receive any dividends or other payments or to consent or to receive notice as a shareholder in respect of the meetings of shareholders or for the election of directors of the Company or for any other matter, or any other rights whatsoever as a shareholder of the Company.

SECTION 3.3. Execution, Authentication, Delivery and Dating.

Subject to the provisions of *Section 3.13* and *Section 3.14* hereof, upon the execution and delivery of this Agreement, and at any time and from time to time thereafter, the Company may deliver Certificates executed by the Company to the Purchase Contract Agent for authentication, execution on behalf of the Holders and delivery, together with an Issuer Order for authentication of such Certificates, and the Purchase Contract Agent in accordance with such Issuer Order shall authenticate, execute on behalf of the Holders and deliver such Certificates.

The Certificates shall be executed on behalf of the Company by the Chairman of the Board, the Chief Executive Officer, the Chief Financial Officer, the President, one of the Vice Presidents, the Treasurer, one of the Assistant Treasurers, the Secretary or one of the Assistant Secretaries. The signature of any of these officers on the Certificates may be manual or facsimile.

Certificates bearing the manual or facsimile signatures of individuals who were at any time the proper officers of the Company shall bind the Company, notwithstanding that such individuals or any of them have ceased to hold such offices prior to the authentication and delivery of such Certificates or did not hold such offices at the date of such Certificates.

No Purchase Contract evidenced by a Certificate shall be valid until such Certificate has been executed on behalf of the Holder by the manual signature of an authorized signatory of the Purchase Contract Agent, as such Holder's attorney-in-fact. Such signature by an authorized signatory of the Purchase Contract Agent shall be conclusive evidence that the Holder of such Certificate has entered into the Purchase Contracts evidenced by such Certificate.

Each Certificate shall be dated the date of its authentication.

No Certificate shall be entitled to any benefit under this Agreement or be valid or obligatory for any purpose unless there appears on such Certificate a certificate of authentication substantially in the form provided for herein executed by an authorized signatory of the Purchase Contract Agent by manual signature, and such certificate of authentication upon any Certificate shall be conclusive evidence, and the only evidence, that such Certificate has been duly authenticated and delivered hereunder.

SECTION 3.4. Temporary Certificates.

Pending the preparation of definitive Certificates, the Company shall execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent shall authenticate, execute on behalf of the Holders, and deliver, in lieu of such definitive Certificates, temporary Certificates which are in substantially the forms set forth in *Exhibit A* and *Exhibit B* hereto, with such letters, numbers or

other marks of identification or designation and such notations, legends or endorsements placed thereon as may be required to comply with applicable law, the rules of any securities exchange on which the Corporate Units or Treasury Units, as the case may be, are listed or any depositary therefor, or as may, consistently herewith, be determined by the officers of the Company executing such Certificates, as evidenced by their execution of the Certificates.

If temporary Certificates are issued, the Company will cause definitive Certificates to be prepared without unreasonable delay. After the preparation of definitive Certificates, the temporary Certificates shall be exchangeable for definitive Certificates upon surrender of the temporary Certificates at the Corporate Trust Office, at the expense of the Company and without charge to the Holder. Upon surrender for cancellation of any one or more temporary Certificates, the Company shall execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent shall authenticate, execute on behalf of the Holder, and deliver in exchange therefor, one or more definitive Certificates of like tenor and denominations and evidencing a like number of Corporate Units or Treasury Units, as the case may be, as the temporary Certificate or Certificates so surrendered. Until so exchanged, the temporary Certificates shall in all respects evidence the same benefits and the same obligations with respect to the Corporate Units or Treasury Units, as the case may be, evidenced thereby as definitive Certificates.

SECTION 3.5. Registration; Registration of Transfer and Exchange.

The Purchase Contract Agent shall keep at the Corporate Trust Office a register (the "**Security Register**") in which, subject to such reasonable regulations as it may prescribe, the Purchase Contract Agent shall provide for the registration of Certificates and of transfers of Certificates (the Purchase Contract Agent, in such capacity, the "**Security Registrar**"). The Security Registrar shall record separately the registration and transfer of the Certificates evidencing Corporate Units and Treasury Units.

Upon surrender for registration of transfer of any Certificate at the Corporate Trust Office, the Company shall execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent shall authenticate, execute on behalf of the designated transferee or transferees, and deliver, in the name of the designated transferee or transferees, one or more new Certificates of any authorized denominations, of like tenor, and evidencing a like number of Corporate Units or Treasury Units, as the case may be.

At the option of the Holder, Certificates may be exchanged for other Certificates, of any authorized denominations and evidencing a like number of Corporate Units or Treasury Units, as the case may be, upon surrender of the Certificates to be exchanged at the Corporate Trust Office. Whenever any Certificates are so surrendered for exchange, the Company shall execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent shall authenticate, execute on behalf of the Holder, and deliver the Certificates which the Holder making the exchange is entitled to receive.

All Certificates issued upon any registration of transfer or exchange of a Certificate shall evidence the ownership of the same number of Corporate Units or Treasury Units, as the case may be, and be entitled to the same benefits and subject to the same obligations under this Agreement as

the Corporate Units or Treasury Units, as the case may be, evidenced by the Certificate surrendered upon such registration of transfer or exchange.

Every Certificate presented or surrendered for registration of transfer or exchange shall (if so required by the Company or the Purchase Contract Agent) be duly endorsed, or be accompanied by a written instrument of transfer in form satisfactory to the Company and the Purchase Contract Agent, duly executed by the Holder thereof or its attorney duly authorized in writing.

No service charge shall be made for any registration of transfer or exchange of a Certificate, but the Company and the Purchase Contract Agent may require payment from the Holder of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with any registration of transfer or exchange of Certificates, other than any exchanges pursuant to *Section 3.6* and *Section 8.5* not involving any transfer.

Notwithstanding the foregoing, the Company will not be obligated to execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent will not be obligated to authenticate, execute on behalf of the Holder and deliver any Certificate in exchange for any other Certificate presented or surrendered for registration of transfer or for exchange on or after the Business Day immediately preceding the earliest to occur of any Early Settlement Date with respect to such Certificate, any Fundamental Change Early Settlement Date with respect to such Certificate, the Purchase Contract Settlement Date or the Termination Date. In lieu of delivery of a new Certificate, upon satisfaction of the applicable conditions specified above in this *Section 3.5* and receipt of appropriate registration or transfer instructions from such Holder, the Purchase Contract Agent shall

(i) if the Purchase Contract Settlement Date or any Early Settlement Date or Fundamental Change Early Settlement Date with respect to such other Certificate (or portion thereof) has occurred, deliver the shares of Common Stock issuable in respect of the Purchase Contracts forming a part of the Units evidenced by such other Certificate (or portion thereof), or

(ii) if a Termination Event, Early Settlement or Fundamental Change Early Settlement shall have occurred prior to the Purchase Contract Settlement Date, or a Cash Settlement shall have occurred, transfer the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such other Certificate,

in each case subject to the applicable conditions and in accordance with the applicable provisions of *Section 3.15* (with respect to a Termination Event) and *Article V* hereof.

SECTION 3.6. Book-Entry Interests.

The Certificates, on original issuance, will be issued in the form of one or more fully registered Global Certificates, to be delivered to the Depositary or a nominee or custodian thereof by, or on behalf of, the Company. Such Global Certificates shall initially be registered on the Security Register in the name of Cede & Co., the nominee of the Depositary, and no Beneficial Owner will receive a definitive Certificate representing such Beneficial Owner's interest in such Global Certificate, except as provided in *Section 3.9*. The Purchase Contract Agent shall enter into an agreement with the Depositary if so requested by the Company. Following the issuance of such

Global Certificates and unless and until definitive, fully registered Certificates have been issued to Beneficial Owners pursuant to *Section 3.9*:

(i) the provisions of this *Section 3.6* shall be in full force and effect;

(ii) the Company shall be entitled to deal with the Clearing Agency for all purposes of this Agreement (including the payment of Contract Adjustment Payments, if any, and receiving approvals, votes or consents hereunder) as the Holder of the Units and the sole holder of the Global Certificate(s) and shall have no obligation to the Beneficial Owners;

(iii) to the extent that the provisions of this *Section 3.6* conflict with any other provisions of this Agreement, the provisions of this *Section 3.6* shall control; and

(iv) the rights of the Beneficial Owners shall be exercised only through the Clearing Agency and shall be limited to those established by law and agreements between such Beneficial Owners and the Clearing Agency and/or the Clearing Agency Participants. The Clearing Agency will make book-entry transfers among Clearing Agency Participants and receive and transmit payments of Contract Adjustment Payments to such Clearing Agency Participants.

Transfers of Units evidenced by Global Certificates shall be made through the facilities of the Depositary, and any cancellation of, or increase or decrease in the number of, such Units (including the creation of Treasury Units and the recreation of Corporate Units pursuant to *Section 3.13* and *Section 3.14* respectively) shall be accomplished by making appropriate annotations on the Schedule of Increases or Decreases set forth in such Global Certificate.

SECTION 3.7. Notices to Holders.

Whenever a notice or other communication to the Holders is required to be given under this Agreement, the Company or the Company's agent shall give such notices and communications to the Holders and, with respect to any Certificates registered in the name of a Clearing Agency or the nominee of a Clearing Agency, the Company or the Company's agent shall, except as set forth herein, have no obligations to the Beneficial Owners.

SECTION 3.8. Appointment of Successor Clearing Agency.

If any Clearing Agency elects to discontinue its services as securities depositary with respect to the Units, the Company may, in its sole discretion, appoint a successor Clearing Agency with respect to the Units.

SECTION 3.9. Definitive Certificates.

If (i) a Clearing Agency notifies the Company that it is unwilling or unable to continue its services as securities depositary with respect to the Units and a successor Clearing Agency is not appointed within 90 days pursuant to *Section 3.8* after such notice has been given and is continuing, or (ii) the Company elects to terminate the book-entry system through the Clearing Agency with respect to the Units, then upon surrender of the Global Certificates representing the Book-Entry Interests with respect to the Units by the Clearing Agency, accompanied by registration instructions, the Company shall cause definitive Certificates to be delivered to Beneficial Owners in accordance

with the instructions of the Clearing Agency. The Company shall not be liable for any delay in delivery of such instructions and may conclusively rely on and shall be protected in relying on, such instructions.

SECTION 3.10. Mutilated, Destroyed, Lost and Stolen Certificates.

If any mutilated Certificate is surrendered to the Purchase Contract Agent, the Company shall execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent shall authenticate, execute on behalf of the Holder, and deliver in exchange therefor, a new Certificate at the cost of the Holder, evidencing the same number of Corporate Units or Treasury Units, as the case may be, and bearing a Certificate number not contemporaneously outstanding.

If there shall be delivered to the Company and the Purchase Contract Agent (i) evidence to their satisfaction of the destruction, loss or theft of any Certificate, and (ii) such security or indemnity at the cost of the Holder as may be required by the Company and the Purchase Contract Agent to hold each of them and any agent of either of them harmless, then, in the absence of notice to the Company or the Purchase Contract Agent that such Certificate has been acquired by a protected purchaser, the Company shall execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent shall authenticate, execute on behalf of the Holder, and deliver to the Holder, in lieu of any such destroyed, lost or stolen Certificate, a new Certificate, at the cost of the Holder, evidencing the same number of Corporate Units or Treasury Units, as the case may be, and bearing a Certificate number not contemporaneously outstanding.

Notwithstanding the foregoing, the Company will not be obligated to execute and deliver to the Purchase Contract Agent, and the Purchase Contract Agent will not be obligated to authenticate, execute on behalf of the Holder and deliver to the Holder, with respect to such lost, stolen, destroyed or mutilated Certificate a new Certificate on or after the Business Day immediately preceding the earliest of any Early Settlement Date, any Fundamental Change Early Settlement Date, the Purchase Contract Settlement Date or the Termination Date. In addition, in lieu of delivery of a new Certificate, upon satisfaction of the applicable conditions specified above in this *Section 3.10* and receipt of appropriate registration or transfer instructions from such Holder, the Purchase Contract Agent shall

(i) if the Purchase Contract Settlement Date or an Early Settlement Date or a Fundamental Change Early Settlement Date with respect to such lost, stolen, destroyed or mutilated Certificate has occurred, deliver the shares of Common Stock issuable in respect of the Purchase Contracts forming a part of the Units evidenced by such Certificate, or

(ii) if a Fundamental Change Early Settlement or an Early Settlement with respect to such lost, stolen, destroyed or mutilated Certificate or a Termination Event shall have occurred prior to the Purchase Contract Settlement Date or a Cash Settlement shall have occurred, transfer the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or the Treasury Securities, as the case may be, forming a part of the Units represented by such Certificate to such Holder,

in each case subject to the applicable conditions and in accordance with the applicable provisions of *Section 3.15* (with respect to a Termination Event) and *Article V* hereof.

Upon the issuance of any new Certificate under this *Section 3.10*, the Company and the Purchase Contract Agent may require the payment by the Holder of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other fees and expenses (including, without limitation, the fees and expenses of the Purchase Contract Agent) connected therewith.

Every new Certificate issued pursuant to this *Section 3.10* in lieu of any destroyed, mutilated, lost or stolen Certificate shall constitute an original additional contractual obligation of the Company and of the Holder in respect of the Units evidenced thereby, whether or not the destroyed, mutilated, lost or stolen Certificate (and the Units evidenced thereby) shall be at any time enforceable by anyone, and shall be entitled to all the benefits and be subject to all the obligations of this Agreement equally and proportionately with any and all other Certificates delivered hereunder.

The provisions of this *Section 3.10* are exclusive and shall preclude, to the extent lawful, all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Certificates.

SECTION 3.11. Persons Deemed Owners.

Prior to due presentment of a Certificate for registration of transfer, the Company, NEE Capital and the Purchase Contract Agent, and any agent of the Company, NEE Capital or the Purchase Contract Agent, may treat the Person in whose name such Certificate is registered on the Security Register as the owner of the Units evidenced thereby for purposes of (subject to any applicable record date) any payment or distribution with respect to the Applicable Ownership Interests in Debentures, or with respect to the Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (ii) of the definition thereof), as applicable, payment of Contract Adjustment Payments and performance of the Purchase Contracts and for all other purposes whatsoever in connection with such Units, whether or not payment, distribution or performance shall be overdue and notwithstanding any notice to the contrary, and neither the Company, NEE Capital nor the Purchase Contract Agent, nor any agent of the Company, NEE Capital or the Purchase Contract Agent, shall be affected by notice to the contrary.

Notwithstanding the foregoing, with respect to any Global Certificate, nothing herein shall prevent the Company, NEE Capital, the Purchase Contract Agent or any agent of the Company, NEE Capital or the Purchase Contract Agent, from treating the Clearing Agency as the sole Holder of such Global Certificate or from giving effect to any written certification, proxy or other authorization furnished by any Clearing Agency (or its nominee), as a Holder, with respect to such Global Certificate or impair, as between such Clearing Agency and owners of beneficial interests in such Global Certificate, the operation of customary practices governing the exercise of rights of such Clearing Agency (or its nominee) as Holder of such Global Certificate. None of the Company, NEE Capital, the Purchase Contract Agent or any agent of the Company, NEE Capital or the Purchase Contract Agent will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of a Global Certificate or maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

SECTION 3.12. Cancellation.

All Certificates surrendered for delivery of shares of Common Stock on or after the Purchase Contract Settlement Date or in connection with an Early Settlement or a Fundamental Change Early Settlement or for delivery of the Debentures underlying the Applicable Ownership Interest in Debentures, or for delivery of the Applicable Ownership Interests in the Treasury Portfolio or Treasury Securities, as the case may be, after the occurrence of a Termination Event or pursuant to a Cash Settlement, an Early Settlement or a Fundamental Change Early Settlement, a Collateral Substitution, or upon the registration of a transfer or exchange of a Unit, shall, if surrendered to any Person other than the Purchase Contract Agent, be delivered to the Purchase Contract Agent along with appropriate written instructions regarding the cancellation thereof and, if not already cancelled, shall be promptly cancelled by it. The Company may at any time deliver to the Purchase Contract Agent for cancellation any Certificates previously authenticated, executed and delivered hereunder which the Company may have acquired in any manner whatsoever, and all Certificates so delivered shall, upon an Issuer Order, be promptly cancelled by the Purchase Contract Agent. No Certificates shall be authenticated, executed on behalf of the Holder and delivered in lieu of or in exchange for any Certificates cancelled as provided in this *Section 3.12*, except as expressly permitted by this Agreement. All cancelled Certificates held by the Purchase Contract Agent shall upon written request be returned to the Company.

If the Company or any Affiliate of the Company shall acquire any Certificate, such acquisition shall not operate as a cancellation of such Certificate unless and until such Certificate is delivered to the Purchase Contract Agent cancelled or for cancellation.

SECTION 3.13. Creation or Recreation of Treasury Units by Substitution of Treasury Securities.

A Holder of a Corporate Unit may, at any time on or prior to 5:00 p.m., New York City time, on the seventh Business Day immediately preceding the Purchase Contract Settlement Date, create or recreate a Treasury Unit and separate the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as applicable, from the related Purchase Contract in respect of such Corporate Unit by substituting two Treasury Securities for the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio that form a part of such Corporate Unit in accordance with this *Section 3.13*; *provided*, *however*, that if the Treasury Portfolio has replaced the Debentures underlying the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption, such Collateral Substitutions may be made at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. Unless a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption has previously occurred, Holders of Corporate Units shall not be permitted to effect Collateral Substitutions in accordance with the provisions of this *Section 3.13* during the period commencing on and including the Business Day prior to the first Remarketing Date in a Remarketing Period and ending on and including the Reset Effective Date relating to a Successful Remarketing during such Remarketing Period or, if no Remarketing during such Remarketing Period is successful, the Business Day following the last Remarketing Date occurring during such Remarketing Period.

Holders of Corporate Units may make Collateral Substitutions and establish Treasury Units (i) only in integral multiples of 40 Corporate Units if Applicable Ownership Interests in Debentures are being replaced with Treasury Securities, or (ii) only in integral multiples of 2,000 Corporate Units (or such other number of Corporate Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date) if the Applicable Ownership Interests in the Treasury Portfolio are being replaced with Treasury Securities. To create 40 Treasury Units (if a Mandatory Redemption or a Special Event Redemption has not occurred and the Applicable Ownership Interests in Debentures remain components of Corporate Units), or 2,000 Treasury Units (or such other number of Treasury Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date) (if a Mandatory Redemption or a Special Event Redemption has occurred or the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of the Corporate Units as a result of a Successful Remarketing), the Corporate Unit Holder shall:

(a) if the Treasury Portfolio has not replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption, deposit with the Collateral Agent two Treasury Securities each having a principal amount at maturity of $1,000, which Treasury Securities must have been purchased in the open market at the Corporate Unit Holder's expense, unless otherwise owned by the Corporate Unit Holder; or

(b) if the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption, deposit with the Collateral Agent Treasury Securities having an aggregate principal amount at maturity of $100,000, which Treasury Securities must have been purchased in the open market at the Corporate Unit Holder's expense, unless otherwise owned by the Corporate Unit Holder; and

(c) in each case, Transfer and surrender the related 40 Corporate Units, or, in the event the Treasury Portfolio is a component of Corporate Units, 2,000 Corporate Units (or such other number of Corporate Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date), to the Purchase Contract Agent accompanied by an instruction to the Purchase Contract Agent, substantially in the form of Exhibit B to the Pledge Agreement, stating that the Holder has Transferred the relevant types and amounts of Treasury Securities to the Collateral Agent and requesting that the Purchase Contract Agent instruct the Collateral Agent to release the Debentures underlying the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, underlying such Corporate Units, whereupon the Purchase Contract Agent shall promptly give such instruction to the Collateral Agent, substantially in the form of Exhibit A to the Pledge Agreement.

Upon receipt of the Treasury Securities described in clause (a) or (b) above and the instructions described in clause (c) above, in accordance with the terms of the Pledge Agreement, the Collateral Agent will release from the Pledge to the Purchase Contract Agent, on behalf of the Holder, the Debentures underlying the Applicable Ownership Interest in Debentures or the

Applicable Ownership Interest in the Treasury Portfolio, as the case may be, that had been components of such Corporate Unit, free and clear of the Company's security interest therein, and upon receipt thereof the Purchase Contract Agent shall promptly:

(i) cancel the related Corporate Units surrendered and Transferred;

(ii) Transfer the Debentures underlying the Applicable Ownership Interest in Debentures, or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, that had been components of such Corporate Units to the Holder; and

(iii) authenticate, execute on behalf of such Holder and deliver a Treasury Unit Certificate executed by the Company in accordance with *Section 3.3* evidencing the same number of Purchase Contracts as were evidenced by the cancelled Corporate Units.

Holders who elect to separate the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, from the related Purchase Contracts and to substitute Treasury Securities for such Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, shall be responsible for any fees or expenses payable to the Collateral Agent for its services as Collateral Agent in respect of the substitution, and the Company shall not be responsible for any such fees or expenses.

In the event a Holder making a Collateral Substitution pursuant to this *Section 3.13* fails to effect a book-entry transfer of the Corporate Units or fails to deliver a Corporate Unit Certificate to the Purchase Contract Agent after depositing the Treasury Securities with the Collateral Agent, the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, constituting a part of such Corporate Unit, and any interest on such Applicable Ownership Interest in Debentures or distributions with respect to the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, shall be held in the name of the Purchase Contract Agent or its nominee in trust for the benefit of such Holder, until such Corporate Unit is so Transferred or the Corporate Unit Certificate is so delivered, as the case may be, or until such Holder provides evidence satisfactory to the Company and the Purchase Contract Agent that such Corporate Unit Certificate has been destroyed, mutilated, lost or stolen, together with any indemnity that may be required by the Purchase Contract Agent and the Company.

Except as provided in this *Section 3.13*, for so long as the Purchase Contract underlying a Corporate Unit remains in effect, such Corporate Unit shall not be separable into its constituent parts and the rights and obligations of the Holder in respect of the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, and the Purchase Contract comprising such Corporate Unit may be acquired, and may be Transferred and exchanged, only as an entire Corporate Unit.

SECTION 3.14. Recreation of Corporate Units.

A Holder of a Treasury Unit may, at any time on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first day of the Final Remarketing Period, recreate Corporate Units by depositing with the Collateral Agent Debentures underlying the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as applicable, having an aggregate principal amount equal to the aggregate principal amount at maturity of, and in substitution for all, but not less than all, of the Treasury Securities comprising part of the Treasury Unit in accordance with this *Section 3.14*; *provided*, *however*, that if the Treasury Portfolio has replaced the Debentures underlying the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption, such Collateral Substitutions may be made at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. Unless a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption has previously occurred, Holders of Treasury Units shall not be permitted to effect Collateral Substitutions in accordance with the provisions of this *Section 3.14* during the period commencing on and including the Business Day prior to the first Remarketing Date in a Remarketing Period and ending on and including the Reset Effective Date relating to a Successful Remarketing during such Remarketing Period or, if no Remarketing during such Remarketing Period is successful, the Business Day following the last Remarketing Date occurring during such Remarketing Period.

Holders of Treasury Units may make Collateral Substitutions and establish Corporate Units (i) only in integral multiples of 40 Treasury Units if Treasury Securities are being replaced by Applicable Ownership Interests in Debentures, or (ii) only in integral multiples of 2,000 Treasury Units (or such other number of Treasury Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date) if any Treasury Security is being replaced by the Applicable Ownership Interest in the Treasury Portfolio. To create 40 Corporate Units (if a Mandatory Redemption or a Special Event Redemption has not occurred and the Applicable Ownership Interests in Debentures remain components of Corporate Units), or 2,000 Corporate Units (if a Mandatory Redemption or a Special Event Redemption has occurred or the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as a component of the Corporate Units as a result of a Successful Remarketing) or such other number of Corporate Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date, the Treasury Unit Holder shall:

(a) if the Treasury Portfolio has not replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption, deposit with the Collateral Agent $1,000 in aggregate principal amount of Series P Debentures and $1,000 in aggregate principal amount of Series Q Debentures, which Debentures must have been purchased in the open market at the Treasury Unit Holder's expense, unless otherwise owned by the Treasury Unit Holder; or

(b) if the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Mandatory Redemption or a Special Event Redemption, deposit with the Collateral Agent the

Applicable Ownership Interest in the Treasury Portfolio for each 2,000 Corporate Units being created by the Holder, and having an aggregate principal amount of $100,000, which Applicable Ownership Interest in the Treasury Portfolio must have been purchased in the open market at the Treasury Unit Holder's expense, unless otherwise owned by the Treasury Unit Holder; and

(c) in each case, Transfer and surrender the related 40 Treasury Units, or in the event the Treasury Portfolio is a component of Corporate Units, 2,000 Treasury Units (or such other number of Treasury Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date), to the Purchase Contract Agent accompanied by an instruction to the Purchase Contract Agent, substantially in the form of Exhibit B to the Pledge Agreement, stating that the Holder has Transferred the relevant amount of Debentures underlying the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, to the Collateral Agent and requesting that the Purchase Contract Agent instruct the Collateral Agent to release the Treasury Securities underlying such Treasury Units, whereupon the Purchase Contract Agent shall promptly give such instruction to the Collateral Agent, substantially in the form of Exhibit A to the Pledge Agreement.

Upon receipt of the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, described in clause (a) or (b) above and the instructions described in clause (c) above, in accordance with the terms of the Pledge Agreement, the Collateral Agent will release the Treasury Securities having a corresponding aggregate principal amount from the Pledge to the Purchase Contract Agent, on behalf of the Holder, free and clear of the Company's security interest therein, and upon receipt thereof the Purchase Contract Agent shall promptly:

(i) cancel the related Treasury Units surrendered and Transferred;

(ii) Transfer the Treasury Securities that had been components of such Treasury Units to the Holder; and

(iii) authenticate, execute on behalf of such Holder and deliver a Corporate Unit Certificate executed by the Company in accordance with *Section 3.3* evidencing the same number of Purchase Contracts as were evidenced by the cancelled Treasury Units.

Holders who elect to separate Treasury Securities from the related Purchase Contracts and to substitute the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, for such Treasury Securities shall be responsible for any fees or expenses payable to the Collateral Agent for its services as Collateral Agent in respect of the substitution, and the Company shall not be responsible for any such fees or expenses.

In the event a Holder making a Collateral Substitution pursuant to this *Section 3.14* fails to effect a book-entry transfer of the Treasury Units or fails to deliver a Treasury Unit Certificate to the Purchase Contract Agent after depositing the Applicable Ownership Interest in Debentures or Applicable Ownership Interest in the Treasury Portfolio with the Collateral Agent, the Treasury Securities constituting a part of such Treasury Unit Certificate, and any interest on such Treasury

Securities, shall be held in the name of the Purchase Contract Agent or its nominee in trust for the benefit of such Holder, until such Treasury Unit Certificate is so Transferred or the Treasury Unit is so delivered, or until such Holder provides evidence satisfactory to the Company and the Purchase Contract Agent that such Treasury Unit Certificate has been destroyed, mutilated, lost or stolen, together with any indemnity that may be required by the Purchase Contract Agent and the Company.

Except as provided in this *Section 3.14*, for so long as the Purchase Contract underlying a Treasury Unit remains in effect, such Treasury Unit shall not be separable into its constituent parts and the rights and obligations of the Holder of such Treasury Unit in respect of the Treasury Security and Purchase Contract comprising such Treasury Unit may be acquired, and may be Transferred and exchanged, only as an entire Treasury Unit.

SECTION 3.15. Transfer of Collateral upon Occurrence of Termination Event.

Upon the occurrence of a Termination Event and the Transfer to the Purchase Contract Agent of the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or the Treasury Securities, as the case may be, underlying the Corporate Units and the Treasury Units pursuant to the terms of the Pledge Agreement, the Purchase Contract Agent shall request transfer instructions with respect to the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or Treasury Securities, as the case may be, from each Holder by written request mailed to such Holder at its address as it appears in the Security Register. Upon book-entry transfer of the Corporate Units or Treasury Units or delivery of a Corporate Unit Certificate or Treasury Unit Certificate to the Purchase Contract Agent with such transfer instructions, the Purchase Contract Agent shall transfer the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or Treasury Securities, as the case may be, underlying such Corporate Units or Treasury Units, as the case may be, to such Holder by book-entry transfer, or other appropriate procedures, in accordance with such instructions. In the event a Holder of Corporate Units or Treasury Units fails to effect such Transfer or delivery, the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or Treasury Securities, as the case may be, underlying such Corporate Units or Treasury Units, as the case may be, and any interest thereon, shall be held in the name of the Purchase Contract Agent or its nominee in trust for the benefit of such Holder, until such Corporate Units or Treasury Units are transferred or the Corporate Unit Certificate or Treasury Unit Certificate is surrendered or such Holder provides satisfactory evidence that such Corporate Unit Certificate or Treasury Unit Certificate has been destroyed, mutilated, lost or stolen, together with any indemnity that may be required by the Purchase Contract Agent and the Company. In the case of the Treasury Portfolio or any Treasury Securities, the Purchase Contract Agent may dispose of the subject securities for cash and pay the applicable portion of such cash to the Holders in lieu of such Holders' Applicable Ownership Interest in such Treasury Portfolio, or any Treasury Securities, where such Holder would otherwise have been entitled to receive less than $1,000 of any such security.

SECTION 3.16. No Consent to Assumption.

Each Holder of a Unit, by its acceptance thereof, will be deemed expressly to have withheld any consent to the assumption under Section 365 of the Bankruptcy Code or otherwise, of the

Purchase Contract by the Company, its trustee in bankruptcy, receiver, liquidator or a person or entity performing similar functions, in the event that the Company becomes a debtor under the Bankruptcy Code or subject to other similar Federal or State law providing for reorganization or liquidation.

ARTICLE IV

The Debentures

SECTION 4.1. Payment of Interest; Rights to Interest Preserved; Interest Rate Reset; Notice.

A payment of interest on the Debentures underlying the Applicable Ownership Interest in Debentures or distribution with respect to the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, which is paid on any Payment Date shall, subject to receipt thereof by the Purchase Contract Agent from the Collateral Agent as provided by the terms of the Pledge Agreement, be paid to the Person in whose name the Corporate Unit Certificate (or any Predecessor Corporate Unit Certificate) of which such Applicable Ownership Interest in Debentures or such Applicable Ownership Interest in the Treasury Portfolio, as the case may be, is a part is registered at the close of business on the Record Date relating to such Payment Date.

Each Corporate Unit Certificate evidencing an Applicable Ownership Interest in Debentures delivered under this Agreement upon registration of transfer of or in exchange for or in lieu of any other Corporate Unit Certificate shall carry the rights to payment of interest accrued and unpaid, and to accrue interest, which is carried by the Applicable Ownership Interest in Debentures underlying such other Corporate Unit Certificate.

In the case of any Corporate Unit with respect to which Cash Settlement of the underlying Purchase Contract is effected on the Business Day immediately preceding the Purchase Contract Settlement Date pursuant to prior notice, or with respect to which Early Settlement or Fundamental Change Early Settlement of the underlying Purchase Contract is effected on an Early Settlement Date or a Fundamental Change Early Settlement Date, as the case may be, or with respect to which a Collateral Substitution is effected, in each case on a date that is after any Record Date and on or prior to the next succeeding Payment Date, interest on the Applicable Ownership Interest in Debentures or distributions with respect to the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, underlying such Corporate Units otherwise payable on such Payment Date shall be payable on such Payment Date notwithstanding such Cash Settlement or Early Settlement or Fundamental Change Early Settlement or Collateral Substitution, and such interest or distributions shall, subject to receipt thereof by the Purchase Contract Agent, be payable to the Person in whose name the Corporate Unit Certificate (or any Predecessor Corporate Unit Certificate) was registered at the close of business on the Record Date. Except as otherwise expressly provided in the immediately preceding sentence, in the case of any Corporate Unit with respect to which Cash Settlement, Early Settlement or Fundamental Change Early Settlement of the underlying Purchase Contract is effected, payments attributable to the Debentures underlying Applicable Ownership Interests in Debentures or distributions on Applicable Ownership Interests in the Treasury Portfolio, as the case may be, that would otherwise be payable or made after the Purchase Contract Settlement Date, Early Settlement Date, or Fundamental Change Early

Settlement Date, as the case may be, shall not be payable hereunder to the Holder of such Corporate Units; *provided*, *however*, that to the extent that such Holder continues to hold Separate Debentures or Applicable Ownership Interests in the Treasury Portfolio that formerly comprised a part of such Holder's Corporate Units, such Holder shall be entitled to receive interest on such Separate Debentures or distributions on such Applicable Ownership Interests in the Treasury Portfolio.

The Coupon Rate on the Debentures to be in effect on and after the Reset Effective Date will be determined on the Successful Remarketing Date with respect thereto, and reset to the Reset Rate. If there is no Successful Remarketing during the Period for Early Remarketing or the Final Remarketing Period, the Coupon Rate on the Debentures will not be reset but will continue at the initial Coupon Rate.

SECTION 4.2. Notice and Voting.

Under and subject to the terms of the Pledge Agreement and this Agreement, the Purchase Contract Agent will be entitled to exercise the voting and any other consensual rights pertaining to the Pledged Applicable Ownership Interests in Debentures but only to the extent instructed by the Holders as described below. Upon receipt of notice of any meeting at which holders of Debentures are entitled to vote or upon any solicitation of consents, waivers or proxies of holders of Debentures, the Purchase Contract Agent shall, as soon as practicable thereafter, mail to the Holders of Corporate Units a notice (a) containing such information as is contained in the notice or solicitation, (b) stating that each Corporate Unit Holder on the record date set by the Purchase Contract Agent therefor (which, to the extent possible, shall be the same date as the record date for determining the holders of Debentures entitled to vote) shall be entitled to instruct the Purchase Contract Agent as to the exercise of the voting rights pertaining to the Applicable Ownership Interest in Debentures constituting a part of such Holder's Corporate Units and (c) stating the manner in which such instructions may be given. Upon the written request of the Holders of Corporate Units on such record date, the Purchase Contract Agent shall endeavor insofar as practicable to vote or cause to be voted, in accordance with the instructions set forth in such requests, the maximum number of Debentures underlying the Applicable Ownership Interests in Debentures as to which any particular voting instructions are received. In the absence of specific instructions from the Holder of Corporate Units, the Purchase Contract Agent shall abstain from voting the Debentures underlying the Applicable Ownership Interests in Debentures constituting a part of such Holder's Corporate Units. The Company hereby agrees, if applicable, to solicit Holders of Corporate Units to timely instruct the Purchase Contract Agent in order to enable the Purchase Contract Agent to vote such Debentures.

SECTION 4.3. Substitution of the Treasury Portfolio for the Debentures.

(a) Upon the occurrence of (i) a Mandatory Redemption where the related Purchase Contracts have not been previously or concurrently terminated in accordance with *Section 5.8* or (ii) a Special Event Redemption, in each case prior to the Purchase Contract Settlement Date, the Redemption Price payable on the Mandatory Redemption Date or the Special Event Redemption Date, as the case may be, with respect to the Pledged Applicable Ownership Interests in Debentures shall be delivered to the Collateral Agent in exchange for such Pledged Applicable Ownership Interests in Debentures. Pursuant to the terms of the Pledge Agreement, the Collateral Agent will apply an amount equal to the Redemption Amount to purchase on behalf of the Holders of

Corporate Units the Treasury Portfolio and promptly remit the remaining portion of such Redemption Price, if any, to the Purchase Contract Agent for payment to the Holders of such Corporate Units. The Treasury Portfolio will be substituted for the Pledged Applicable Ownership Interests in Debentures, and will be held by the Collateral Agent in accordance with the terms of the Pledge Agreement to secure the obligation of each Holder of a Corporate Unit to purchase the Common Stock on the Purchase Contract Settlement Date under the Purchase Contract constituting a part of such Corporate Unit. Following the occurrence of a Mandatory Redemption or a Special Event Redemption prior to the Purchase Contract Settlement Date, the Holders of Corporate Units and the Collateral Agent shall have such security interests, rights and obligations with respect to the Treasury Portfolio as the Holders of Corporate Units and the Collateral Agent had in respect of the Debentures underlying the Applicable Ownership Interests in Debentures subject to the Pledge thereof as provided in Article II, Article III, Article IV, Article V or Article VI of the Pledge Agreement, and any reference herein to the Debentures shall be deemed to be a reference to such Treasury Portfolio. The Company may cause to be made in any Corporate Unit Certificates thereafter to be issued such change in phraseology and form (but not in substance) as may be appropriate to reflect the substitution of the Applicable Ownership Interest in the Treasury Portfolio for the Applicable Ownership Interest in Debentures as collateral.

(b) Upon a Successful Remarketing during the Period for Early Remarketing, the proceeds of such Remarketing shall be delivered to the Collateral Agent in exchange for the Pledged Applicable Ownership Interests in Debentures. Pursuant to the terms of the Pledge Agreement, the Collateral Agent will apply an amount equal to the Treasury Portfolio Purchase Price to purchase on behalf of the Holders of Corporate Units the Treasury Portfolio and promptly remit the remaining portion of such proceeds to the Purchase Contract Agent for payment to the Holders of such Corporate Units. The Treasury Portfolio will be substituted for the Pledged Applicable Ownership Interests in Debentures, and will be held by the Collateral Agent in accordance with the terms of the Pledge Agreement to secure the obligation of each Holder of a Corporate Unit to purchase the Common Stock on the Purchase Contract Settlement Date under the Purchase Contract constituting a part of such Corporate Unit. Following a Successful Remarketing during the Period for Early Remarketing, the Holders of Corporate Units and the Collateral Agent shall have such security interests, rights and obligations with respect to the Treasury Portfolio as the Holders of Corporate Units and the Collateral Agent had in respect of the Debentures underlying the Applicable Ownership Interests in Debentures subject to the Pledge thereof as provided in Article II, Article III, Article IV, Article V or Article VI of the Pledge Agreement, and any reference herein to the Debentures shall be deemed to be reference to such Treasury Portfolio. The Company may cause to be made in any Corporate Unit Certificates thereafter to be issued such change in phraseology and form (but not in substance) as may be appropriate to reflect the substitution of the Applicable Ownership Interest in the Treasury Portfolio for the Applicable Ownership Interest in Debentures as collateral.

SECTION 4.4. Consent to Treatment for Tax Purposes.

Each Holder of a Corporate Unit or a Treasury Unit, by its acceptance thereof, covenants and agrees to treat itself as the owner, for Federal, State and local income and franchise tax purposes, of (i) the related Applicable Ownership Interest in Debentures or the related Applicable Ownership Interest in the Treasury Portfolio, in the case of the Corporate Units, or (ii) the Treasury

Securities, in the case of the Treasury Units. Each Holder of a Corporate Unit, by its acceptance thereof, further covenants and agrees to treat the Applicable Ownership Interest in Debentures as indebtedness of NEE Capital for Federal, State and local income and franchise tax purposes.

ARTICLE V

The Purchase Contracts

SECTION 5.1. Purchase of Shares of Common Stock.

Each Purchase Contract shall, unless a Termination Event or an Early Settlement in accordance with *Section 5.9* hereof or a Fundamental Change Early Settlement in accordance with *Section 5.6(b)(ii)* hereof has occurred with respect to the Units of which such Purchase Contract is a part, obligate the Holder of the related Unit to purchase, and the Company to sell, on the Purchase Contract Settlement Date, for $50 in cash (the "**Purchase Price**"), a number of newly-issued shares of Common Stock determined by reference to the applicable Settlement Rate. The applicable "**Settlement Rate**" shall be determined as follows:

(a) if the Applicable Market Value (as defined below) is equal to or greater than $115.00 (the "**Threshold Appreciation Price**"), the applicable Settlement Rate shall equal 0.4348 shares of Common Stock per Purchase Contract (the "**Minimum Settlement Rate**");

(b) if the Applicable Market Value is less than the Threshold Appreciation Price, but is greater than $91.99 (the "**Reference Price**"), the applicable Settlement Rate shall equal the number of shares of Common Stock per Purchase Contract having a value equal to $50 divided by the Applicable Market Value; and

(c) if the Applicable Market Value is less than or equal to the Reference Price, the applicable Settlement Rate shall equal 0.5435 shares of Common Stock per Purchase Contract (the "**Maximum Settlement Rate**"),

in each case subject to adjustment as provided in *Section 5.6* (and in each case rounded upward or downward to the nearest 1/10,000th of a share). As provided in *Section 5.10*, no fractional shares of Common Stock will be issued upon settlement of Purchase Contracts.

The "**Applicable Market Value**" means the average of the Closing Price per share of Common Stock on each Trading Day during the Observation Period; *provided*, *however*, that if a Reorganization Event occurs, the Applicable Market Value will mean the value of an Exchange Property Unit. Following the occurrence of any such Reorganization Event, references herein to the purchase or issuance of shares of Common Stock shall be construed to be references to settlement into Exchange Property Units. For purposes of calculating the value of an Exchange Property Unit, (x) the value of any common stock included in the Exchange Property Unit shall be determined using the average of the Closing Price per share of such common stock on each Trading Day during the Observation Period (adjusted as set forth under *Section 5.6*) and (y) the value of any other property, including securities other than common stock, included in the Exchange Property Unit, shall be the value of such property on the first Trading Day of the Observation Period (as determined in good faith by the Board of Directors, whose determination shall be conclusive and

described in a Board Resolution). The "**Closing Price**" of the Common Stock on any date of determination means the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock on the New York Stock Exchange (the "**NYSE**") on such date or, if the Common Stock is not listed for trading on the NYSE on any such date, as reported in the composite transactions for the principal United States securities exchange on which the Common Stock is so listed, or if the Common Stock is not so reported, the last quoted bid price for the Common Stock in the over-the-counter market as reported by the OTC Markets Group Inc. or similar organization, or, if such bid price is not available, the market value of the Common Stock on such date as determined by a nationally recognized independent investment banking firm retained by the Company for this purpose. A "**Trading Day**" means a day on which the Common Stock (A) is not suspended from trading on any national or regional securities exchange or over-the-counter market at the close of business and (B) has traded at least once on the national or regional securities exchange or over-the-counter market that is the primary market for the trading of the Common Stock at the close of business. If the Common Stock is not traded on a securities exchange or quoted in the over-the-counter market, then "Trading Day" shall mean Business Day.

Each Holder of a Corporate Unit or a Treasury Unit, by its acceptance thereof, irrevocably authorizes the Purchase Contract Agent to enter into and perform the related Purchase Contract on its behalf as its attorney-in-fact (including the execution of Certificates on behalf of such Holder), agrees to be bound by the terms and provisions thereof, covenants and agrees to perform its obligations under such Purchase Contracts, consents to the provisions hereof, irrevocably authorizes the Purchase Contract Agent to enter into and perform the Pledge Agreement on its behalf as its attorney-in-fact, and consents to and agrees to be bound by the Pledge of the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or the Treasury Securities, as the case may be, pursuant to the Pledge Agreement. Each Holder of a Corporate Unit or a Treasury Unit, by its acceptance thereof, further covenants and agrees that, to the extent and in the manner provided in *Section 5.4* and in the Pledge Agreement, but subject to the terms thereof, payments in respect of the Debentures underlying Applicable Ownership Interest in Debentures or the Proceeds of the Treasury Securities or the Applicable Ownership Interest in the Treasury Portfolio on the Purchase Contract Settlement Date shall be paid by the Collateral Agent to the Company in satisfaction of such Holder's obligations under such Purchase Contract and such Holder shall acquire no right, title or interest in such payments.

Upon registration of transfer of a Certificate, the transferee shall be bound (without the necessity of any other action on the part of such transferee, except as may be required by the Purchase Contract Agent pursuant hereto) under the terms of this Agreement, the Purchase Contracts underlying such Certificate and the Pledge Agreement, and the transferor shall be released from the obligations under this Agreement, the Purchase Contracts underlying the Certificates so transferred and the Pledge Agreement. The Company covenants and agrees, and each Holder of a Certificate, by its acceptance thereof, likewise covenants and agrees, to be bound by the provisions of this paragraph.

SECTION 5.2. Contract Adjustment Payments.

(a) Subject to *Section 5.2(d)* and *Section 5.3* herein, the Company shall pay, on each Payment Date, the Contract Adjustment Payments payable in respect of each Purchase Contract to

the Person in whose name a Certificate (or any Predecessor Certificate) is registered on the Security Register at the close of business on the Record Date relating to such Payment Date. The Contract Adjustment Payments will be payable at the Corporate Trust Office or, at the option of the Company, by check mailed to the address of the Person entitled thereto at such Person's address as it appears on the Security Register or by wire transfer to an account appropriately designated in writing by the Person entitled to payment. The Contract Adjustment Payments will accrue from March 3, 2026.

(b) Upon the occurrence of a Termination Event, the Company's obligation to pay Contract Adjustment Payments (including any accrued or Deferred Contract Adjustment Payments) shall cease.

(c) Each Certificate delivered under this Agreement upon registration of transfer of or in exchange for or in lieu of any other Certificate (including as a result of a Collateral Substitution or the recreation of a Corporate Unit) shall carry the rights to Contract Adjustment Payments accrued and unpaid, and to accrue Contract Adjustment Payments, which were carried by the Purchase Contracts which were represented by such other Certificates.

(d) Subject to *Section 5.9* and *Section 5.6(b)*, in the case of any Unit with respect to which Early Settlement or Fundamental Change Early Settlement of the underlying Purchase Contract is effected on an Early Settlement Date or a Fundamental Change Early Settlement Date, as applicable, that is after any Record Date and on or prior to the next succeeding Payment Date, Contract Adjustment Payments, if any, otherwise payable on such Payment Date shall be payable on such Payment Date notwithstanding such Early Settlement or Fundamental Change Early Settlement, and such Contract Adjustment Payments shall, subject to receipt thereof by the Purchase Contract Agent, be payable to the Person in whose name the Certificate evidencing such Unit (or any Predecessor Certificate) was registered at the close of business on such Record Date. Except as otherwise expressly provided in the immediately preceding sentence, in the case of any Unit with respect to which Early Settlement or Fundamental Change Early Settlement of the underlying Purchase Contract is effected on an Early Settlement Date or Fundamental Change Early Settlement Date, as applicable, Contract Adjustment Payments (but not, for the avoidance of doubt, Deferred Contract Adjustment Payments) that would otherwise be payable after the Early Settlement Date or Fundamental Change Early Settlement Date with respect to such Purchase Contract shall not be payable.

The Company's obligations with respect to Contract Adjustment Payments (including any accrued or Deferred Contract Adjustment Payments) will be subordinate and junior in right of payment to the Company's obligations under any Senior Indebtedness.

Upon any payment or distribution of assets of the Company to its creditors upon any dissolution, winding up, liquidation or reorganization, whether voluntary or involuntary, or in bankruptcy, insolvency, receivership or other similar proceedings, the holders of all Senior Indebtedness shall first be entitled to receive payment in full of all amounts due or to become due thereon, or payment of such amounts shall have been provided for, before the Holders of the Corporate Units or Treasury Units shall be entitled to receive any Contract Adjustment Payments with respect to any such Corporate Units or Treasury Units.

By reason of this subordination, in those events, holders of the Company's Senior Indebtedness may receive more, ratably, and Holders of the Corporate Units or Treasury Units may receive less, ratably, than the Company's other creditors. Because the Company is a holding company, contract adjustment payments on the Corporate Units of Treasury Units are effectively subordinated to all indebtedness and other liabilities, including trade payables, debt and preferred stock incurred or issued by the Company's subsidiaries. The Company's subsidiaries are separate and distinct legal entities and have no obligation to pay any contract adjustment payments or to make any funds available for such payment.

In addition, no payment of Contract Adjustment Payments with respect to any Corporate Units or Treasury Units may be made if:

(i) any payment default on any Senior Indebtedness of the Company has occurred and is continuing beyond any applicable grace period; or

(ii) any default on any indebtedness of the Company other than a payment default with respect to Senior Indebtedness occurs and is continuing that permits the acceleration of the maturity on any indebtedness of the Company and the Purchase Contract Agent receives a written notice of such default from the Company or the holders of such Senior Indebtedness.

SECTION 5.3. Deferral of Payment Dates for Contract Adjustment Payments.

The Company shall have the right, at any time prior to the Purchase Contract Settlement Date, to defer the payment of any or all of the Contract Adjustment Payments otherwise payable on any Payment Date to any subsequent Payment Date (a "**Deferral Period**"), but only if the Company shall give the Holders and the Purchase Contract Agent written notice of its election to defer such payment (specifying the amount to be deferred and the expected Deferral Period) at least ten Business Days prior to the earlier of (i) the next succeeding Payment Date or (ii) the date the Company is required to give notice of the Record Date or Payment Date with respect to payment of such Contract Adjustment Payments to the NYSE or other applicable self-regulatory organization or to Holders of the Units, but in any event not less than one Business Day prior to such Record Date. Prior to the expiration of any Deferral Period, the Company may further extend such Deferral Period to any subsequent Payment Date, but not beyond the Purchase Contract Settlement Date (or any applicable Early Settlement Date or Fundamental Change Early Settlement Date).

In connection with any Contract Adjustment Payments so deferred, additional Contract Adjustment Payments on the amounts so deferred will accrue at the rate of 7.375% per annum (computed on the basis of a 360-day year consisting of twelve 30-day months), compounding on each succeeding Payment Date, until paid in full (such deferred installments of Contract Adjustment Payments, if any, together with the accrued additional Contract Adjustment Payments accrued thereon, being referred to herein as the "**Deferred Contract Adjustment Payments**"). Deferred Contract Adjustment Payments, if any, shall be due on the next succeeding Payment Date except to the extent that payment is deferred pursuant to this *Section 5.3*.

At the end of each Deferral Period, including as the same may be extended pursuant to this *Section 5.3*, or, in the event of an Early Settlement or Fundamental Change Early Settlement, on the

Early Settlement Date or Fundamental Change Early Settlement Date, as the case may be, the Company shall pay all Deferred Contract Adjustment Payments then due in the manner set forth in *Section 5.2(a)* (in the case of the end of a Deferral Period), in the manner set forth in *Section 5.9* (in the case of an Early Settlement) or in the manner set forth in *Section 5.6(b)* (in the case of a Fundamental Change Early Settlement) to the extent such amounts are not deducted from the amount otherwise payable by the Holder in the case of a Cash Settlement, any Early Settlement or any Fundamental Change Early Settlement. In the event of an Early Settlement, the Company shall pay all Deferred Contract Adjustment Payments due on the Purchase Contracts being settled early through the Payment Date immediately preceding the applicable Early Settlement Date, to the extent such amounts are not deducted as described above. In the event of a Fundamental Change Early Settlement, the Company shall pay all Deferred Contract Adjustment Payments due on the Purchase Contracts being settled on the Fundamental Change Early Settlement Date to but excluding such Fundamental Change Early Settlement Date, to the extent such amounts are not deducted as described above.

At the end of the Deferral Period and the payment of all Deferred Contract Adjustment Payments and all accrued and unpaid Contract Adjustment Payments then due, the Company may commence a new Deferral Period, *provided*, that such Deferral Period, together with all extensions thereof, may not extend beyond the Purchase Contract Settlement Date (or any applicable Early Settlement Date or Fundamental Change Early Settlement Date). Except in the case of an Early Settlement or Fundamental Change Early Settlement, no Contract Adjustment Payments shall be due and payable during a Deferral Period except at the end thereof, *provided*, that prior to the end of such Deferral Period, the Company, at its option, may prepay on any Payment Date all or any portion of the Deferred Contract Adjustment Payments accrued during the then elapsed portion of such Deferral Period.

No Contract Adjustment Payments may be deferred to a date that is after the Purchase Contract Settlement Date (or, with respect to Purchase Contracts for which Early Settlement or Fundamental Change Early Settlement has occurred, the Early Settlement Date or the Fundamental Change Early Settlement Date, as the case may be). If the Purchase Contracts are terminated upon the occurrence of a Termination Event, the Holder's right to receive Contract Adjustment Payments and Deferred Contract Adjustment Payments will terminate.

In the event that the Company exercises its right to defer the payment of Contract Adjustment Payments, then, until the Deferred Contract Adjustment Payments have been paid, the Company shall not declare or pay dividends on, make other distributions with respect to, or redeem, purchase or acquire, or make a liquidation payment with respect to, any of its capital stock or make guarantee payments with respect to the foregoing other than:

(i) purchases, redemptions or other acquisitions of shares of capital stock of the Company in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors, consultants or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that payment of Contract Adjustment Payments is deferred requiring the Company to purchase, redeem or acquire its capital stock,

(ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of all or a portion of one class or series of the Company's capital stock, or the capital stock of one of its subsidiaries, for another class or series of the Company's capital stock,

(iii) any exchange, redemption or conversion of any class or series of the Company's indebtedness, or the indebtedness of one of its subsidiaries, for any class or series of the Company's capital stock,

(iv) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of the Company's capital stock or securities of the Company or one of its subsidiaries being converted or exchanged, or in connection with the settlement of stock purchase contracts,

(v) dividends or other distributions paid or made in capital stock of the Company (or rights to acquire capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of the Company's capital stock) and distributions in connection with the settlement of stock purchase contracts, or

(vi) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or other distribution of or with respect to rights in the future.

SECTION 5.4. Payment of Purchase Price.

(a) (i) Unless the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of the Corporate Units or a Holder settles the underlying Purchase Contract through the early delivery of cash to the Purchase Contract Agent in the manner described in *Section 5.9* or *Section 5.6(b)*, each Holder of a Corporate Unit must notify the Purchase Contract Agent of its intention to pay in cash ("**Cash Settlement**") the Purchase Price for the shares of Common Stock to be purchased pursuant to the Purchase Contract on the Purchase Contract Settlement Date by presenting and surrendering to the Purchase Contract Agent the Corporate Unit Certificate with a notice in substantially the form of *Exhibit C* hereto completed and executed. Such presentation, surrender and notice must be made at or prior to 5:00 p.m., New York City time, (x) on the seventh Business Day immediately preceding the Purchase Contract Settlement Date, or (y) if all the Remarketings during the Final Remarketing Period result in Failed Remarketings, on the second Business Day immediately preceding the Purchase Contract Settlement Date. The Purchase Contract Agent shall promptly notify the Collateral Agent of the receipt of such a notice from a Holder intending to make a Cash Settlement.

(ii) A Holder of a Corporate Unit who has so notified the Purchase Contract Agent of its intention to make a Cash Settlement is required to pay the Purchase Price to the Collateral Agent prior to 11:00 a.m., New York City time, (x) on the sixth Business Day immediately preceding the Purchase Contract

Settlement Date, or (y) if all the Remarketings during the Final Remarketing Period result in Failed Remarketings, on the Business Day immediately preceding the Purchase Contract Settlement Date, in lawful money of the United States by certified or cashiers' check or wire transfer, in each case in immediately available funds payable to or upon the order of the Company. Any cash received by the Collateral Agent will, upon written direction of the Company, be invested promptly by the Collateral Agent in Permitted Investments and paid to the Company on the Purchase Contract Settlement Date in settlement of the Purchase Contract in accordance with the terms of this Agreement and the Pledge Agreement. Any funds received by the Collateral Agent in respect of the investment earnings from the investment in such Permitted Investments will be distributed to the Purchase Contract Agent when received for payment to the Holder.

(iii) If a Holder of a Corporate Unit fails to notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with *Section 5.4(a)(i)*, or does notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with *Section 5.4(a)(i)*, but fails to deliver cash as required by *Section 5.4(a)(ii)*, such Holder shall be deemed to have consented to the disposition of the Pledged Applicable Ownership Interests in Debentures pursuant to the Remarketing as described below and the Collateral Agent, for the benefit of the Company, will exercise its rights as a secured party with respect to the Pledged Applicable Ownership Interests in Debentures at the direction of the Company to cause the Remarketing of the Debentures underlying such Pledged Applicable Ownership Interests in Debentures.

In order to dispose of the Applicable Ownership Interest in Debentures of Corporate Unit Holders who have not notified the Purchase Contract Agent of their intention to effect a Cash Settlement with respect to the Purchase Contract Settlement Date as provided in *Section 5.4(a)(i)* or who have notified the Purchase Contract Agent of their intention to effect a Cash Settlement in accordance with *Section 5.4(a)(i)*, but failed to deliver cash as required by *Section 5.4(a)(ii)*, the Company shall engage the Remarketing Agents pursuant to the Remarketing Agreement to remarket the Debentures. In order to facilitate the Remarketing, the Purchase Contract Agent shall notify the Remarketing Agents, by 10:00 a.m., New York City time, on the Business Day immediately preceding the Final Remarketing Period, of the aggregate amount of Debentures to be remarketed. Concurrently, the Collateral Agent, pursuant to the terms of the Pledge Agreement, will present for Remarketing such aggregate amount of Debentures to the Remarketing Agents. Upon receipt of such notice from the Purchase Contract Agent and the Debentures from the Collateral Agent, the Remarketing Agents will, during the Final Remarketing Period, use their commercially reasonable efforts to remarket the Debentures at a price equal to or greater than 100% of the aggregate principal amount of the Debentures remarketed. Upon a Successful Remarketing, the Remarketing Agents will remit the proceeds from such Remarketing to the Collateral Agent. Such portion of the proceeds, equal to the aggregate principal amount of such Debentures, will automatically be applied by the Collateral Agent, in accordance with the Pledge Agreement, to satisfy in full such Corporate Unit Holders' obligations to pay the Purchase Price for the Common Stock under the related Purchase Contracts on the Purchase Contract Settlement Date. Any proceeds in excess of those required to pay the Purchase Price will be remitted to the Purchase Contract Agent for payment to

the Holders of the related Corporate Units. NEE Capital will separately pay a fee to the Remarketing Agents for their services as Remarketing Agents, and Corporate Unit Holders as well as holders of Debentures who participate in the Remarketing will not be responsible for the payment of any Remarketing Fee in connection therewith.

If there is no Successful Remarketing during the Period for Early Remarketing and if all the Remarketings during the Final Remarketing Period result in Failed Remarketings, each Corporate Unit Holder of Applicable Ownership Interests in Debentures (as to which the related Purchase Contract has not been settled with cash) shall be deemed to have exercised its Put Right with respect to its Applicable Ownership Interests in Debentures, and to have elected that a portion of the Put Price equal to the principal amount of the Debentures underlying such Applicable Ownership Interests in Debentures be applied against such Corporate Unit Holder's obligations to pay the Purchase Price for the Common Stock issued in accordance with each related Purchase Contract on the Purchase Contract Settlement Date, in accordance with the terms of the Pledge Agreement. Following such application, such Holder's obligations to pay the Purchase Price for the Common Stock will be deemed to be satisfied in full, and upon receipt of written confirmation from the Company that a portion of the Put Price in the amount specified in such notice has been applied to pay the Purchase Price for the Common Stock, the Collateral Agent shall cause the Securities Intermediary to release the Debentures underlying all such Pledged Applicable Ownership Interests in Debentures from the Collateral Account and shall promptly transfer such Debentures to the Company. Thereafter, the Collateral Agent shall promptly remit the remaining portion of the Proceeds of such Holder's exercise of its Put Right, in excess of the aggregate Purchase Price for Common Stock, if any, to be issued in accordance with each related Purchase Contract to the Purchase Contract Agent for payment to such Holder.

(b) With respect to any Debentures beneficially owned by Holders who have elected Cash Settlement but failed to deliver cash as required in *Section 5.4(a)(ii)*, or with respect to Debentures which are subject to a Failed Remarketing, the Collateral Agent for the benefit of the Company reserves all of its rights as a secured party with respect thereto.

(c) (i) Unless a Holder of Treasury Units or Corporate Units (if the Treasury Portfolio has replaced the Debentures as components of the Corporate Units) settles the underlying Purchase Contract through the early delivery of cash to the Purchase Contract Agent in the manner described in *Section 5.9*, each Holder of a Treasury Unit or a Corporate Unit (if the Treasury Portfolio has replaced the Debentures as components of the Corporate Units) must notify the Purchase Contract Agent of its intention to pay in cash the Purchase Price for the shares of Common Stock to be purchased pursuant to the Purchase Contract on the Purchase Contract Settlement Date by presenting and surrendering to the Purchase Contract Agent the Treasury Unit Certificate or Corporate Unit Certificate, as the case may be, with a notice in substantially the form of *Exhibit C* hereto completed and executed. Such presentation, surrender and notice must be made at or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the Purchase Contract Settlement Date. The Purchase Contract Agent shall promptly notify the Collateral Agent of the receipt of such a notice from a Holder intending to make a Cash Settlement.

(ii) A Holder of a Treasury Unit or Corporate Unit (if the Treasury Portfolio has replaced the Debentures as components of the Corporate Units) who has so notified the Purchase Contract Agent of its intention to make a Cash Settlement in accordance with *Section 5.4(c)(i)* is required to pay the Purchase Price to the Collateral Agent prior to 11:00 a.m., New York City time, on the Business Day immediately preceding the Purchase Contract Settlement Date in lawful money of the United States by certified or cashiers' check or wire transfer, in each case in immediately available funds payable to or upon the order of the Company. Any cash received by the Collateral Agent will, upon the written direction of the Company, be invested promptly by the Collateral Agent in Permitted Investments and paid to the Company on the Purchase Contract Settlement Date in settlement of the Purchase Contract in accordance with the terms of this Agreement and the Pledge Agreement. Any funds received by the Collateral Agent in respect of the investment earnings from the investment in such Permitted Investments will be distributed to the Purchase Contract Agent when received for payment to the Holder.

(iii) If a Holder of a Treasury Unit or a Corporate Unit (if the Treasury Portfolio has replaced the Debentures as components of Corporate Units) fails to notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with *Section 5.4(c)(i)*, or if such Holder does notify the Purchase Contract Agent as provided in *Section 5.4(c)(i)* of its intention to pay the Purchase Price in cash, but fails to make such payment as required by *Section 5.4(c)(ii)*, then upon the maturity of the Pledged Treasury Securities or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, held by the Collateral Agent on the Business Day immediately prior to the Purchase Contract Settlement Date, the principal amount of the Pledged Treasury Securities or the portion of the Pledged Applicable Ownership Interest in the Treasury Portfolio corresponding to such Purchase Contracts, as the case may be, received by the Collateral Agent will, upon the written direction of the Company, be invested promptly in overnight Permitted Investments. On the Purchase Contract Settlement Date an amount equal to the Purchase Price will be remitted to the Company in settlement of the Purchase Contract in accordance with the terms of this Agreement and the Pledge Agreement without receiving any instructions from the Holder. In the event the sum of the proceeds from the related Pledged Treasury Securities or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, and the investment earnings earned from such investments is in excess of the aggregate Purchase Price of the Purchase Contracts being settled thereby, the Collateral Agent will distribute such excess to the Purchase Contract Agent for the benefit of the Holder of the related Treasury Unit or Corporate Unit when received.

Unless the Treasury Portfolio has replaced the Debentures as components of Corporate Units, Holders shall not be permitted to make Cash Settlements in accordance with the provisions of this *Section 5.4* during the period commencing on and including the Business Day prior to the first Remarketing Date in a Remarketing Period and ending on and including the Reset Effective Date relating to a Successful Remarketing during such Remarketing Period or, if no Remarketing during

such Remarketing Period is successful, the Business Day following the last Remarketing Date occurring during such Remarketing Period.

(d) Any distribution to Holders of excess funds and interest described above, shall be payable at the Corporate Trust Office maintained for that purpose or, at the option of the Company, by check mailed to the address of the Person entitled thereto at such address as it appears on the Security Register.

(e) The Company shall not be obligated to issue any shares of Common Stock in respect of a Purchase Contract or deliver any certificate therefor to the Holder unless it shall have received payment in full of the Purchase Price for the shares of Common Stock to be purchased thereunder in the manner herein set forth.

(f) Upon Cash Settlement with respect to a Purchase Contract, (i) the Collateral Agent will, in accordance with the terms of the Pledge Agreement, cause the Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, or the Pledged Treasury Securities, in each case underlying the relevant Unit, to be released from the Pledge by the Collateral Agent free and clear of any security interest of the Company and transferred to the Purchase Contract Agent for delivery to the Holder thereof or its designee as soon as practicable and (ii) subject to the receipt thereof from the Collateral Agent, the Purchase Contract Agent shall, by book-entry transfer, or other procedures, in accordance with instructions provided by the Holder thereof, Transfer the Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, or such Treasury Securities (or, if no such instructions are given to the Purchase Contract Agent by the Holder, the Purchase Contract Agent shall hold the Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, or such Treasury Securities, and any interest or other distribution thereon, in the name of the Purchase Contract Agent or its nominee in trust for the benefit of such Holder).

(g) The obligations of the Holders to pay the Purchase Price are non-recourse obligations and, except to the extent satisfied by Early Settlement, Fundamental Change Early Settlement or Cash Settlement or terminated upon a Termination Event, are payable solely out of any Cash Settlement or the proceeds of any Collateral pledged to secure the obligations of the Holders with respect to such Purchase Price and in no event will Holders be liable for any deficiency between the proceeds of Collateral disposition and the Purchase Price.

SECTION 5.5. Issuance of Shares of Common Stock.

Unless a Termination Event shall have occurred, and except with respect to Purchase Contracts with respect to which there has been an Early Settlement or a Fundamental Change Early Settlement, on the Purchase Contract Settlement Date, upon the Company's receipt of payment in full of the Purchase Price for the shares of Common Stock purchased by the Holders pursuant to the foregoing provisions of this *Article V* and subject to *Section 5.6(b)*, the Company shall issue and deposit with the Purchase Contract Agent, for the benefit of the Holders of the Outstanding Units, one or more certificates representing the newly-issued shares of Common Stock registered in the name of the Purchase Contract Agent (or its nominee) as custodian for the Holders (such certificates for shares of Common Stock, together with any dividends or other distributions for which both a

record date and payment date for such dividend or other distribution has occurred after the Purchase Contract Settlement Date, being hereinafter referred to as the "**Purchase Contract Settlement Fund**") to which the Holders are entitled hereunder. Subject to the foregoing, upon surrender of a Certificate to the Purchase Contract Agent on or after the Purchase Contract Settlement Date, together with settlement instructions thereon duly completed and executed, the Holder of such Certificate shall be entitled to receive in exchange therefor a certificate representing that number of whole shares of Common Stock which such Holder is entitled to receive pursuant to the provisions of this *Article V* (after taking into account all Units then held by such Holder) together with cash in lieu of fractional shares as provided in *Section 5.10* and any dividends or other distributions with respect to such shares comprising part of the Purchase Contract Settlement Fund, but without any interest thereon, and any Certificate so surrendered shall forthwith be cancelled. Such shares shall be registered in the name of the Holder or the Holder's designee as specified in the settlement instructions provided by the Holder to the Purchase Contract Agent. If any shares of Common Stock issued in respect of Purchase Contracts are to be registered to a Person other than the Person in whose name the Certificate evidencing such Purchase Contracts is registered, no such registration shall be made unless the Person requesting such registration has paid any transfer and other taxes required by reason of such registration in a name other than that of the registered Holder of the Certificate evidencing such Purchase Contracts or has established to the satisfaction of the Company that such tax either has been paid or is not payable.

SECTION 5.6. Adjustment of Fixed Settlement Rate; Fundamental Change Early Settlement.

(a) *Adjustments for Dividends, Distributions, Stock Splits, Etc.*

(1) *Stock Dividends*. In case the Company shall pay or make a dividend or other distribution on the Common Stock in Common Stock, each Fixed Settlement Rate in effect at the opening of business on the day following the date fixed for the determination of shareholders entitled to receive such dividend or other distribution, shall be increased by dividing such Fixed Settlement Rate by a fraction the numerator of which shall be the number of shares of Common Stock outstanding at the close of business on the date fixed for such determination and the denominator of which shall be the sum of such number of shares and the total number of shares constituting such dividend or other distribution, such increase to become effective immediately after the opening of business on the day following the date fixed for such determination. For the purposes of this *Section 5.6(a)(1)*, the number of shares of Common Stock at any time outstanding shall not include shares held in the treasury of the Company but shall include any shares issuable in respect of any scrip certificates issued in lieu of fractions of shares of Common Stock. The Company will not pay any dividend or make any other distribution on shares of Common Stock held in the treasury of the Company.

(2) *Stock Purchase Rights, Options, Etc*. In case the Company shall issue rights, options, warrants or other securities to all holders of its Common Stock (that are not available on an equivalent basis to Holders of the Units upon settlement of the Purchase Contracts forming a part of such Units) entitling such holders of Common Stock, for a period expiring within 45 days from the date of issuance of such rights, options, warrants or other securities, to subscribe for or purchase shares of Common Stock at a price per share less than the Current Market Price per share of

Common Stock on the date fixed for the determination of shareholders entitled to receive such rights, options, warrants or other securities (other than pursuant to any dividend reinvestment plan, share purchase plan or similar plan, including such a plan that provides for purchases of Common Stock by non-shareholders), each Fixed Settlement Rate in effect at the opening of business on the day following the date fixed for such determination shall be increased by dividing such Fixed Settlement Rate by a fraction the numerator of which shall be the number of shares of Common Stock outstanding at the close of business on the date fixed for such determination plus the number of shares of Common Stock which the aggregate of the offering price of the total number of shares of Common Stock so offered for subscription or purchase would purchase at such Current Market Price and the denominator of which shall be the number of shares of Common Stock outstanding at the close of business on the date fixed for such determination plus the number of shares of Common Stock so offered for subscription or purchase, such increase to become effective immediately after the opening of business on the day following the date fixed for such determination. For the purposes of this *Section 5.6(a)(2)*, the number of shares of Common Stock at any time outstanding shall not include shares held in the treasury of the Company but shall include any shares issuable in respect of any scrip certificates issued in lieu of fractions of shares of Common Stock. The Company shall not issue any such rights, options, warrants or other securities in respect of shares of Common Stock held in the treasury of the Company.

(3) *Stock Splits, Reverse Splits and Combinations*. In case outstanding shares of Common Stock shall be subdivided, split or reclassified into a greater number of shares of Common Stock, each Fixed Settlement Rate in effect at the opening of business on the day following the day upon which such subdivision, split or reclassification becomes effective shall be proportionately increased, and, conversely, in case outstanding shares of Common Stock shall each be combined or reclassified into a smaller number of shares of Common Stock, each Fixed Settlement Rate in effect at the opening of business on the day following the day upon which such combination or reclassification becomes effective shall be proportionately reduced, such increase or reduction, as the case may be, to become effective immediately after the opening of business on the day following the day upon which such subdivision, split, reclassification or combination becomes effective.

(4) *Debt or Asset Distributions*. (i) In case the Company shall, by dividend or otherwise, distribute to all holders of its Common Stock evidences of its indebtedness or assets (including securities, but excluding any rights, options, warrants or other securities referred to in *Section 5.6(a)(2)*, any dividend or other distribution paid exclusively in cash referred to in *Section 5.6(a)(5)* (including the Reference Dividend as described therein), any dividend or distribution referred to in *Section 5.6(a)(1)* and any dividend, shares of capital stock of any class or series, or similar equity interests, of or relating to a subsidiary or other business unit in the case of a Spin-Off referred to in *Section 5.6(a)(4)(ii)*, each Fixed Settlement Rate in effect at the opening of business on the day following the day on which such dividend or other distribution was effected shall be adjusted so that the same shall equal the rate determined by dividing such Fixed Settlement Rate in effect immediately prior to the close of business on the date fixed for the determination of shareholders entitled to receive such distribution by a fraction the numerator of which shall be the Current Market Price per share of the Common Stock on the date fixed for such

determination less the then fair market value (as determined in good faith by the Board of Directors, whose good faith determination shall be conclusive and described in a Board Resolution) of the portion of the assets or evidences of indebtedness so distributed applicable to one share of Common Stock and the denominator of which shall be such Current Market Price per share of Common Stock, such adjustment to become effective immediately prior to the opening of business on the day following the date fixed for the determination of shareholders entitled to receive such distribution. In any case in which this *Section 5.6(a)(4)* is applicable, *Section 5.6(a)(2)* shall not be applicable and in any case in which this *Section 5.6(a)(4)(i)* is applicable, *Section 5.6(a)(4)(ii)* is not applicable.

(ii) In the case of a Spin-Off, each Fixed Settlement Rate in effect immediately before the close of business on the record date fixed for determination of shareholders of the Company entitled to receive the distribution will be increased by dividing such Fixed Settlement Rate by a fraction, the numerator of which shall be the Current Market Price per share of Common Stock and the denominator of which shall be the Current Market Price per share of Common Stock plus the Fair Market Value of the portion of those shares of capital stock or similar equity interests so distributed applicable to one share of Common Stock. Any adjustment to the Fixed Settlement Rate under this *Section 5.6(a)(4)(ii)* will occur on the date that is the earlier of (A) the tenth Trading Day from, and including, the effective date of the Spin-Off and (B) in the case of any Spin-Off that is effected simultaneously with an Initial Public Offering of the securities being distributed in the Spin-Off, the date on which the initial public offering price of the securities being offered in such Initial Public Offering is determined. In the event of a Spin-Off that is not effected simultaneously with an Initial Public Offering of the securities being distributed in the Spin-Off, the Fair Market Value of the securities to be distributed to holders of Common Stock means the average of the Closing Prices of those securities over the first ten Trading Days following the effective date of the Spin-Off. For purposes of such a Spin-Off, the Current Market Price of the Common Stock means the average of the Closing Prices of the Common Stock over the first ten Trading Days following the effective date of the Spin-Off.

(5) *Cash Distributions*. In case the Company shall, by dividend or otherwise, distribute to all holders of its Common Stock exclusively in cash during any fiscal quarter (excluding any cash that is distributed in a Reorganization Event to which *Section 5.6(b)* applies or as part of a distribution referred to in *Section 5.6(a)(4)*) in an amount in excess of $0.6232 per share of Common Stock (the "**Reference Dividend**"), immediately after the close of business on the date fixed for determination of the holders of Common Stock entitled to receive such distribution, each Fixed Settlement Rate shall be increased by dividing such Fixed Settlement Rate in effect immediately prior to the close of business on the date fixed for determination of the holders of Common Stock entitled to receive such distribution by a fraction, the numerator of which shall be equal to the Current Market Price per share of Common Stock on the date fixed for such determination less the per share amount of the distribution and the denominator of which shall be equal to the Current Market Price per share of Common Stock on the date fixed for such determination minus the Reference Dividend. The Reference Dividend is subject to adjustment

(without duplication) from time to time in a manner inversely proportional to any adjustment made to each Fixed Settlement Rate under *Section 5.6(a)*; *provided*, that no adjustment will be made to the Reference Dividend for any adjustment made pursuant to this *Section 5.6(a)(5)*. In the event that such dividend or distribution is not so paid or made, each Fixed Settlement Rate shall again be adjusted to be the Fixed Settlement Rate which would then be in effect if such dividend or distribution had not been declared.

(6) *Tender Offers and Exchange Offers*. In the case that a tender offer or exchange offer made by the Company or any subsidiary of the Company for all or any portion of the Common Stock shall expire and such tender offer or exchange offer (as amended through the expiration thereof) shall require the payment to holders of the Common Stock (based on the acceptance (up to any maximum specified in the terms of the tender offer or exchange offer) of Reacquired Shares) of an aggregate consideration having a fair market value (as determined in good faith by the Board of Directors, whose good faith determination shall be conclusive and described in a Board Resolution) per share of Common Stock that exceeds the closing price per share of Common Stock on the Trading Day next succeeding the last date on which tenders or exchanges may be made pursuant to such tender offer or exchange offer, then, immediately prior to the opening of business on the Trading Day after the date of the last time (the "**Expiration Time**") tenders or exchanges could have been made pursuant to such tender offer or exchange offer (as amended through the Expiration Time), each Fixed Settlement Rate shall be increased by dividing such Fixed Settlement Rate immediately prior to the close of business on the date of the Expiration Time by a fraction (A) the numerator of which shall be equal to (x) the product of (I) the Current Market Price per share of Common Stock on the date of the Expiration Time and (II) the number of shares of Common Stock outstanding (including any tendered or exchanged shares) on the date of the Expiration Time less (y) the amount of cash plus the fair market value (determined as aforesaid) of the aggregate consideration, if any, other than cash, payable to holders of Common Stock pursuant to the tender offer or exchange offer (assuming the acceptance, up to any maximum specified in the terms of the tender offer or exchange offer, of Reacquired Shares), and (B) the denominator of which shall be equal to the product of (x) the Current Market Price per share of Common Stock on the date of the Expiration Time and (y) the result of (I) the number of shares of Common Stock outstanding (including any tendered or exchanged shares) on the date of the Expiration Time less (II) the number of all shares validly tendered pursuant to the tender offer or exchange offer, not withdrawn and accepted on the date of the Expiration Time (such validly tendered or exchanged shares, up to any such maximum, being referred to as the "**Reacquired Shares**").

(7) The reclassification of Common Stock into securities including securities other than Common Stock (other than any reclassification upon a Reorganization Event to which *Section 5.6(b)* applies) shall be deemed to involve (a) a distribution of such securities other than Common Stock to all holders of Common Stock (and the effective date of such reclassification shall be deemed to be "**the date fixed for the determination of shareholders entitled to receive such distribution**" and the "**date fixed for such determination**" within the meaning of *Section 5.6(a)(4)*, and (b) a subdivision, split or combination, as the case may be, of the number of shares of Common Stock outstanding immediately prior to such reclassification into the number of shares of Common Stock outstanding immediately thereafter (and the effective date of such reclassification shall be deemed to be "**the day upon which such subdivision or split becomes**

effective" or "**the day upon which such combination becomes effective**", as the case may be, and "**the day upon which such subdivision, split or combination becomes effective**" within the meaning of *Section 5.6(a)(3)*.

(8) The "**Current Market Price**" per share of Common Stock or any other security on any day means the average of the daily Closing Prices for the 20 consecutive Trading Days preceding the earlier of the day preceding the day in question and the day before the "ex date" with respect to the issuance or distribution requiring such computation. For purposes of this *Section 5.6(a)(8)*, the term "**ex date**," when used with respect to any issuance or distribution, shall mean the first date on which the Common Stock or other security, as applicable, trades regular way on the principal U.S. securities exchange or quotation system on which the Common Stock or such other security, as applicable, is listed or quoted at that time, without the right to receive the issuance or distribution.

(9) *Calculation of Adjustments*. All adjustments to a Fixed Settlement Rate shall be calculated to the nearest 1/10,000th of a share of Common Stock. No adjustment in a Fixed Settlement Rate shall be required unless such adjustment would require an increase or decrease of at least one percent therein; *provided*, *however*, that any adjustments which by reason of this subparagraph are not required to be made shall be carried forward and taken into account in any subsequent adjustment; and *provided further*, that any such adjustment of less than one percent that has not been made shall be made (x) upon the end of the Company's fiscal year and (y) upon the applicable settlement date for a Purchase Contract. If an adjustment is made to each Fixed Settlement Rate pursuant to *Section 5.6(a)(1)*, *Section 5.6(a)(2)*, *Section 5.6(a)(3)*, *Section 5.6(a)(4)*, *Section 5.6(a)(5)*, *Section 5.6(a)(6)*, *Section 5.6(a)(7)* or *Section 5.6(a)(10)*, an adjustment shall also be made to the Applicable Market Value solely to determine which of clauses (a), (b) or (c) of the definition of Settlement Rate in *Section 5.1* will apply on the Purchase Contract Settlement Date or any Fundamental Change Early Settlement Date. Such adjustment shall be made by multiplying the Applicable Market Value by the Adjustment Factor. The "**Adjustment Factor**" means, initially, a fraction the numerator of which shall be the Maximum Settlement Rate immediately after the first adjustment to each Fixed Settlement Rate pursuant to this *Section 5.6(a)* and the denominator of which shall be the Maximum Settlement Rate immediately prior to such adjustment. Each time an adjustment is required to be made to each Fixed Settlement Rate pursuant to this *Section 5.6(a)*, the Adjustment Factor shall be multiplied by a fraction the numerator of which shall be the Maximum Settlement Rate immediately after such adjustment to each Fixed Settlement Rate pursuant to this *Section 5.6(a)* and the denominator of which shall be the Maximum Settlement Rate immediately prior to such adjustment. Notwithstanding the foregoing, if any adjustment to each Fixed Settlement Rate is required to be made pursuant to the occurrence of any of the events contemplated by this *Section 5.6(a)* during the period taken into consideration for determining the Applicable Market Value, the 20 individual Closing Prices used to determine the Applicable Market Value shall be adjusted rather than the Applicable Market Value and the Applicable Market Value shall be determined by (A) multiplying the Closing Prices for Trading Days (during the period used for determining the Applicable Market Value) prior to such adjustment to each Fixed Settlement Rate by the Adjustment Factor in effect prior to such adjustment, (B) multiplying the Closing Prices for Trading Days (during the period used for determining the Applicable Market Value) following such adjustment by the Adjustment Factor reflecting such adjustment, and (C) dividing the sum of all such adjusted Closing Prices by 20.

(10) The Company may, but shall not be required to, make such increases in the Settlement Rate, in addition to those required by this Section, as the Board of Directors considers to be advisable in order to avoid or diminish the effect of any income tax to any holders of shares of Common Stock resulting from any dividend or distribution of stock or issuance of rights or warrants to purchase or subscribe for stock or from any event treated as such for income tax purposes or for any other reasons.

(11) If the Company hereafter adopts any shareholder rights plan involving the issuance of preferred share purchase rights or other similar rights (the "**Rights**") to all holders of the Common Stock, a Holder shall be entitled to receive upon settlement of any Purchase Contract, in addition to the shares of Common Stock issuable upon settlement of such Purchase Contract, the related Rights for the Common Stock, unless such Rights under the future shareholder rights plan have separated from the Common Stock prior to the time of settlement of such Purchase Contract, in which case each Settlement Rate shall be adjusted as provided in *Section 5.6(a)(4)* on the date such Rights separate from the Common Stock.

(b) *Adjustment for Consolidation, Merger or Other Reorganization Event; Fundamental Change Early Settlement*. (i) Subject to the provisions of *Section 5.6(b)(ii)*, upon a Reorganization Event, each Unit shall thereafter, in lieu of a variable number of shares of Common Stock, be settled by delivery of a variable number of Exchange Property Units. An "**Exchange Property Unit**" represents the right to receive the kind and amount of securities, cash and other property receivable in such Reorganization Event (without any interest thereon, and without any right to dividends or distributions thereon that have a record date that is prior to the applicable settlement date) per share of Common Stock by a holder of Common Stock that is not a Person which is a party to the Reorganization Event (any such Person, a "**Constituent Person**"), or an Affiliate of a Constituent Person to the extent such Reorganization Event provides for different treatment of Common Stock held by Affiliates of the Company and non-Affiliates. In the event holders of Common Stock have the opportunity to elect the form of consideration to be received in such transaction, the Exchange Property Unit that Holders of the Corporate Units or Treasury Units would have been entitled to receive will be deemed to be the weighted average of the types and amounts of consideration received by the holders of Common Stock that affirmatively make an election. The number of Exchange Property Units to be delivered upon settlement of a Purchase Contract following the effective date of a Reorganization Event shall equal the Settlement Rate, subject to adjustment as provided in this *Section 5.6*, determined as if the references to "shares of Common Stock" in *Section 5.1(a)(i)*, *Section 5.1(a)(ii)* and *Section 5.1(a)(iii)* were to "Exchange Property Units."

In the event of such a Reorganization Event, the Person formed by such consolidation or merger or the Person which acquires the property of the Company as an entirety or substantially as an entirety by sale, transfer, lease or conveyance or the Person which shall acquire the Company pursuant to a share exchange business combination shall execute and deliver to the Purchase Contract Agent an agreement supplemental hereto providing that the Holder of each Unit that remains Outstanding after the Reorganization Event (if any) shall have the rights provided by this *Section 5.6(b)*. Such supplemental agreement shall provide for adjustments to the amount of any securities constituting all or a portion of an Exchange Property Unit which, for events subsequent to the effective date of such Reorganization Event, shall be as nearly equivalent as may be practicable

to the adjustments provided for in this *Section 5.6*. The above provisions of this *Section 5.6(b)* shall similarly apply to successive Reorganization Events.

(ii) Prior to the Purchase Contract Settlement Date, if a Fundamental Change occurs, then following such Fundamental Change a Holder of a Unit will have the right to accelerate and settle ("**Fundamental Change Early Settlement**") its Purchase Contract, upon the conditions set forth below, at the Settlement Rate (determined as if the Applicable Market Value equaled the Stock Price), plus an additional make-whole amount of shares (the "**Make-Whole Share Amount**"); *provided*, that no Fundamental Change Early Settlement will be permitted pursuant to this *Section 5.6(b)(ii)* unless, at the time such Fundamental Change Early Settlement is effected, there is an effective Registration Statement with respect to any securities to be issued and delivered in connection with such Fundamental Change Early Settlement, if such a Registration Statement is required (in the view of counsel for the Company, which need not be in the form of a written opinion) under the Securities Act. If such a Registration Statement is so required, the Company covenants and agrees to use its commercially reasonable efforts to (x) have in effect a Registration Statement covering any securities to be delivered in respect of the Purchase Contracts being settled and (y) provide a Prospectus in connection therewith, in each case in a form that may be used in connection with such Fundamental Change Early Settlement. In the event that a Holder seeks to exercise its Fundamental Change Early Settlement right and a Registration Statement is required to be effective in connection with the exercise of such right but no such Registration Statement is then effective, the Holder's exercise of such right shall be void unless and until such a Registration Statement shall be effective and the Company shall have no further obligation with respect to any such Registration Statement if, notwithstanding using its commercially reasonable efforts, no Registration Statement is then effective.

If a Holder elects a Fundamental Change Early Settlement of some or all of its Purchase Contracts, such Holder shall be entitled to receive, on the Fundamental Change Early Settlement Date, the aggregate amount of any accrued and unpaid Contract Adjustment Payments and any Deferred Contract Adjustment Payments, with respect to such Purchase Contracts. The Company shall pay such amount as a credit against the amount otherwise payable by such Holder to effect such Fundamental Change Early Settlement.

Within five Business Days of the Effective Date of a Fundamental Change, the Company or, at the request and expense of the Company, if such request is delivered at least two Business Days prior to the date such notice is to be given to Holders of Units (unless a shorter period shall be agreed to by the Purchase Contract Agent), the Purchase Contract Agent, shall provide written notice to Holders of Units of such completion of a Fundamental Change, which shall specify

(1) the deadline for submitting the notice to settle early in cash pursuant to this *Section 5.6(b)(ii)* and how and where such notice to settle early should be delivered,

(2) the date on which such Fundamental Change Early Settlement shall occur (which date shall be at least ten days after the date of the notice but not later than the earlier of 20 days after the date of such notice or five Business Days prior to the Purchase Contract Settlement Date) (the "**Fundamental Change Early Settlement Date**"),

(3) the amount of cash payable in respect of the exercise of such Fundamental Change Early Settlement (giving effect to the credit for any accrued and unpaid Contract Adjustment Payments and any Deferred Contract Adjustment Payments as provided in the preceding paragraph),

(4) the applicable Settlement Rate,

(5) the Make-Whole Share Amount and

(6) the amount (per share of Common Stock) of cash, securities and other consideration receivable by the Holder, including any amount of Contract Adjustment Payments receivable upon settlement.

The Company shall also deliver a copy of such notice to the Purchase Contract Agent and the Collateral Agent.

Corporate Unit Holders (unless Applicable Ownership Interests in the Treasury Portfolio have replaced Applicable Ownership Interests in Debentures as components of the Corporate Units) and Treasury Unit Holders may only effect Fundamental Change Early Settlement pursuant to this *Section 5.6(b)(ii)* in integral multiples of 40 Corporate Units or 20 Treasury Units, as the case may be. If Applicable Ownership Interests in the Treasury Portfolio have replaced Applicable Ownership Interests in Debentures as components of the Corporate Units, Corporate Unit Holders may only effect Fundamental Change Early Settlement pursuant to this *Section 5.6(b)(ii)*, in multiples of 2,000 Corporate Units (or such other number of Corporate Units as may be determined by the Remarketing Agents upon a Successful Remarketing if the Reset Effective Date is not a Payment Date). Other than the provisions relating to timing of notice and settlement, which shall be as set forth above, the provisions of *Section 5.1* shall apply with respect to a Fundamental Change Early Settlement pursuant to this *Section 5.6(b)(ii)*.

In order to exercise the right to effect Fundamental Change Early Settlement with respect to any Purchase Contracts, the Holder of the Certificate evidencing Units shall deliver to the Purchase Contract Agent at the Corporate Trust Office, no later than 4:00 p.m., New York City time, on the third Business Day immediately preceding the Fundamental Change Early Settlement Date, such Certificate duly endorsed for transfer to the Company or in blank with the form of Election to Settle Early/Fundamental Change Early Settlement on the reverse thereof duly completed and accompanied by payment (payable to the Company in immediately available funds) in an amount equal to the product of (1) the Stated Amount times (2) the number of Purchase Contracts with respect to which the Holder has elected to effect Fundamental Change Early Settlement.

Upon receipt of any such Certificate and payment of such funds, the Purchase Contract Agent shall pay the Company from such funds the related Purchase Price pursuant to the terms of the related Purchase Contracts, and notify the Collateral Agent that all the conditions necessary for a Fundamental Change Early Settlement by a Holder of Units have been satisfied pursuant to which the Purchase Contract Agent has received from such Holder, and paid to the Company as confirmed in writing by the Company, the related Purchase Price.

If a Holder properly effects a Fundamental Change Early Settlement in accordance with the provisions of this *Section 5.6(b)(ii)*, the Company will deliver (or will cause the Collateral Agent to deliver) to the Holder on the Fundamental Change Early Settlement Date:

(A) the kind and amount of securities, cash and other property receivable upon such Fundamental Change by a holder of the number of shares of Common Stock issuable on account of each Purchase Contract if the Purchase Contract Settlement Date had occurred immediately prior to such Fundamental Change (based on the Settlement Rate in effect at such time plus the Make-Whole Share Amount), assuming such holder of Common Stock is not a Constituent Person or an Affiliate of a Constituent Person to the extent such Fundamental Change provides for different treatment of Common Stock held by Affiliates of the Company and non-Affiliates. In the event holders of Common Stock have the opportunity to elect the form of consideration to be received in the Fundamental Change, the kind and amount of securities, cash and/or other property receivable by Holders of the Corporate Units or Treasury Units exercising their right to effect a Fundamental Change Early Settlement will be deemed to be the weighted average of the types and amounts of consideration received by the holders of Common Stock that affirmatively make an election. For the avoidance of doubt, for the purposes of determining the Applicable Market Value (in connection with determining the appropriate Settlement Rate to be applied in the foregoing sentence), the date of the closing of the Fundamental Change shall be deemed to be the Purchase Contract Settlement Date;

(B) the Applicable Ownership Interest in Debentures, the Applicable Ownership Interests in the Treasury Portfolio or the Treasury Securities, as the case may be, related to the Purchase Contracts with respect to which the Holder is effecting a Fundamental Change Early Settlement;

(C) any accrued and unpaid Contract Adjustment Payments and any Deferred Contract Adjustment Payments (to the extent such payments are not applied as a credit to the Purchase Price in connection with the settlement of the Purchase Contracts); and

(D) if so required under the Securities Act, a Prospectus as contemplated by this *Section 5.6(b)(ii)*.

The Corporate Units or the Treasury Units of the Holders who do not elect Fundamental Change Early Settlement in accordance with the foregoing provisions will continue to remain Outstanding and be subject to settlement on the Purchase Contract Settlement Date in accordance with the terms hereof.

The Make-Whole Share Amounts applicable to a Fundamental Change Early Settlement will be determined by reference to the table below, based on the date on which the Fundamental Change becomes effective (the "**Effective Date**") and the price (the "**Stock Price**") paid per share for Common Stock in such Fundamental Change, which will be (a) in the case of a Fundamental Change described in clause (ii) of the definition of such term and the holders of Common Stock receive only cash in such transaction, the Stock Price paid per share will be the cash amount paid

per share; or (b) otherwise, the Stock Price paid per share will be the average of the Closing Prices of the Common Stock on the 20 Trading Days prior to, but not including, the Effective Date of such Fundamental Change:

	Effective Date			
Stock Price	**March 3, 2026**	**February 15, 2027**	**February 15, 2028**	**February 15, 2029**

$200.00	0.0328	0.0218	0.0107	0.0000

The Stock Prices set forth in the first column of the table will be adjusted upon the occurrence of certain events requiring adjustments to each Fixed Settlement Rate pursuant to *Section 5.6(a)*.

Each of the Make-Whole Share Amounts set forth in the table will be subject to adjustment in the same manner as the Fixed Settlement Rates as set forth in *Section 5.6(a)*.

If the Stock Price or Effective Date applicable to a Fundamental Change is not expressly set forth on the table, then the Make-Whole Share Amount will be determined as follows:

(1) if the Stock Price is between two Stock Price amounts on the table or the Effective Date is between two dates on the table, the Make-Whole Share Amount will be determined by straight-line interpolation between the Make-Whole Share Amounts set forth for the higher and lower Stock Price amounts and the two dates, as applicable, based on a 365-day year;

(2) if the Stock Price is in excess of $200.00 per share (subject to adjustment as set forth in *Section 5.6(a)*), then the Make-Whole Share Amount shall be zero; and

(3) if the Stock Price is less than $20.00 per share (subject to adjustment as set forth in *Section 5.6(a)*) (the "**Minimum Stock Price**"), then the Make-Whole Share Amount shall be determined as if the Stock Price equaled the Minimum Stock

Price, using straight-line interpolation, as described in clause (1) above, if the Effective Date is between two dates on the table.

(c) No adjustment to the Settlement Rate need be made if Holders may participate in the transaction that would otherwise give rise to an adjustment, so long as the distributed assets or securities the Holders would receive upon settlement of the Purchase Contracts, if convertible, exchangeable, or exercisable, are convertible, exchangeable or exercisable, as applicable, without any loss of rights or privileges for a period of at least 45 days following settlement of the Purchase Contracts.

(d) The Fixed Settlement Rate shall not be adjusted:

(i) upon the issuance of any shares of Common Stock pursuant to any present or future plan providing for the direct investment in Common Stock or the reinvestment of dividends or interest payable on the Company's securities and the investment of additional optional amounts in shares of Common Stock under any plan;

(ii) upon the issuance of any shares of Common Stock or options or rights to purchase shares of Common Stock pursuant to any present or future employee, director or consultant compensation or other benefit plan or program of or assumed by the Company or any of its subsidiaries;

(iii) upon the issuance of any shares of Common Stock pursuant to any option, warrant, right or any exercisable, exchangeable or convertible security outstanding as of the date the Units were first issued;

(iv) for a change in the par value or a change to no par value of the Common Stock;

(v) for accumulated and unpaid dividends, other than to the extent contemplated by *Section 5.6(a)* hereof; or

(vi) upon the issuance of shares of Common Stock or securities convertible into, or exercisable or exchangeable for, Common Stock, in public or private transactions, for consideration in cash or property, at any price or for any benefit the Company deems appropriate.

(e) All calculations and determinations pursuant to this *Section 5.6* shall be made by the Company or its agent and the Purchase Contract Agent shall have no responsibility with respect to any such calculation or determination.

SECTION 5.7. Notice of Adjustments and Certain Other Events.

(a) Whenever the Fixed Settlement Rates are adjusted as herein provided, the Company shall:

(i) forthwith compute the Settlement Rate in accordance with *Section 5.6* and prepare and transmit to the Purchase Contract Agent a Company Certificate

setting forth the adjusted Settlement Rate, the method of calculation thereof in reasonable detail, and the facts requiring such adjustment and upon which such adjustment is based; and

(ii) within ten Business Days following the occurrence of an event that requires an adjustment to the Settlement Rate pursuant to *Section 5.6* (or if the Company is not aware of such occurrence, as soon as practicable after becoming so aware), provide a written notice to the Holders of the Units of the occurrence of such event and a statement in reasonable detail setting forth the method by which the adjustment to the Settlement Rate was determined and setting forth the adjusted Settlement Rate.

(b) The Purchase Contract Agent shall not at any time be under any duty or responsibility to any Holder of Units to determine whether any facts exist which may require any adjustment of the Settlement Rate, or with respect to the nature or extent or calculation of any such adjustment when made, or with respect to the method employed in making the same. The Purchase Contract Agent shall not be accountable with respect to the validity or value (or the kind or amount) of any shares of Common Stock, or of any securities or property, which may at the time be issued or delivered with respect to any Purchase Contract, and the Purchase Contract Agent makes no representation with respect thereto. The Purchase Contract Agent shall not be responsible for any failure of the Company to issue, transfer or deliver any shares of Common Stock or other securities or property pursuant to a Purchase Contract or to comply with any of the duties, responsibilities or covenants of the Company contained in this *Article V*.

SECTION 5.8. Termination Event; Notice.

The Purchase Contracts and all obligations and rights of the Company and the Holders thereunder, including, without limitation, the rights of the Holders to receive and the obligation of the Company to pay any Contract Adjustment Payments or any Deferred Contract Adjustment Payments, and the rights and obligations of the Holders to purchase shares of Common Stock, will immediately and automatically terminate, without the necessity of any notice or action by any Holder, the Purchase Contract Agent or the Company, if, on or prior to the Purchase Contract Settlement Date, a Termination Event shall have occurred. Upon the occurrence of a Termination Event, the Company shall promptly but in no event later than two Business Days thereafter give written notice thereof to the Purchase Contract Agent, the Collateral Agent, and to the Holders at their addresses as they appear in the Security Register. Upon and after the occurrence of a Termination Event, the Units shall thereafter represent the right to receive the Debentures underlying the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, forming a part of such Units in the case of Corporate Units, or Treasury Securities in the case of Treasury Units, in accordance with the provisions of Section 4.3 of the Pledge Agreement.

SECTION 5.9. Early Settlement.

(a) A holder of Corporate Units may settle the related Purchase Contracts in their entirety at any time on or prior to the seventh Business Day immediately preceding the Purchase Contract Settlement Date, in the manner described herein, but only in integral multiples of

40 Corporate Units; *provided*, *however* that a Holder of Corporate Units will not be permitted to settle the related Purchase Contracts during any period commencing on and including the Business Day preceding the first Remarketing Date in any Remarketing Period, and ending on and including, in the case of a Successful Remarketing during such Remarketing Period, the Reset Effective Date, or, if no Remarketing during such Remarketing Period is successful, the Business Day following the last Remarketing Date occurring during such Remarketing Period; *provided*, *further*, if the Treasury Portfolio has become a component of the Corporate Units, Holders of Corporate Units may settle early only in integral multiples of 2,000 Corporate Units at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date (or such other number of Corporate Units as may be determined by the Remarketing Agents upon a Successful Remarketing of the Debentures if the Reset Effective Date is not a Payment Date). A holder of Treasury Units may settle the related Purchase Contracts in their entirety at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date in the manner described herein (an "**Early Settlement**") but only in integral multiples of 20 Treasury Units. The right to Early Settlement is subject to there being in effect a Registration Statement covering the shares of Common Stock to be issued and delivered in respect of the Purchase Contracts being settled, if such a Registration Statement is required (in the view of counsel for the Company, which need not be in the form of a written opinion) under the Securities Act. If such a Registration Statement is so required, the Company covenants and agrees to use its commercially reasonable efforts to (x) have in effect a Registration Statement covering any securities to be delivered in respect of the Purchase Contracts being settled and (y) provide a Prospectus in connection therewith, in each case in a form that may be used in connection with such Early Settlement. In the event that a Holder seeks to exercise its Early Settlement right and a Registration Statement is required to be effective in connection with the exercise of such right but no such Registration Statement is then effective, the Holder's exercise of such right shall be void unless and until such a Registration Statement shall be effective and the Company shall have no further obligation with respect to any such Registration Statement if, notwithstanding using its commercially reasonable efforts, no Registration Statement is then effective. Upon Early Settlement, (i) the Holder's right to receive additional Contract Adjustment Payments in respect of such Purchase Contracts will terminate and (ii) no adjustment will be made to or for the Holder on account of Deferred Contract Adjustment Payments, or any amount accrued in respect of Contract Adjustment Payments. In order to exercise the right to effect any Early Settlement with respect to any Purchase Contracts, the Holder of the Certificate evidencing Units shall deliver such Certificate to the Purchase Contract Agent at the Corporate Trust Office duly endorsed for transfer to the Company or in blank with the form of Election to Settle Early/Fundamental Change Early Settlement on the reverse thereof duly completed and executed and accompanied by payment (payable to the Company in immediately available funds) in an amount (the "**Early Settlement Amount**") equal to the sum of

(i) the product of (A) the Stated Amount times (B) the number of Purchase Contracts with respect to which the Holder has elected to effect Early Settlement, plus

(ii) if such delivery is made with respect to any Purchase Contracts during the period from the close of business on any Record Date relating to any Payment Date to the opening of business on such Payment Date, an amount equal to the Contract Adjustment Payments payable, if any, on such Payment Date with respect to such Purchase Contracts;

provided, that no payment is required if the Company has elected to defer the Contract Adjustment Payments which would otherwise be payable on the Payment Date.

Except as provided in the immediately preceding sentence and subject to *Section 5.2(d)*, no payment or adjustment shall be made upon Early Settlement of any Purchase Contract on account of any Contract Adjustment Payments accrued on such Purchase Contract or on account of any dividends on the Common Stock. In order for any of the foregoing requirements to be considered satisfied or effective with respect to a Purchase Contract underlying any Unit on or by a particular Business Day, such requirement must be met at or prior to 5:00 p.m., New York City time, on such Business Day; the first Business Day on which all of the foregoing requirements have been satisfied by 5:00 p.m., New York City time, shall be the "**Early Settlement Date**" with respect to such Unit. Upon Early Settlement of the Purchase Contracts, the rights of the Holders to receive and the obligation of the Company to pay any Contract Adjustment Payments (including any accrued and unpaid Contract Adjustment Payments) with respect to such Purchase Contracts shall immediately and automatically terminate, except that the Holders will receive any accrued and unpaid Contract Adjustment Payments if the Early Settlement Date falls after a Record Date relating to any Payment Date and prior to the opening of business on such Payment Date.

(b) Upon Early Settlement of Purchase Contracts by a Holder of the related Units, the Company shall issue, and the Holder shall be entitled to receive, a number of newly-issued shares of Common Stock (or in the case of an Early Settlement following a Reorganization Event, a number of Exchange Property Units) equal to the Minimum Settlement Rate for each Purchase Contract as to which Early Settlement is effected.

(c) No later than the third Business Day after the applicable Early Settlement Date the Company shall cause (i) the shares of Common Stock issuable upon Early Settlement of Purchase Contracts to be issued and a certificate or certificates for the full number of such shares of Common Stock together with payment in lieu of any fraction of a share, as provided in *Section 5.10*, to be delivered to the Purchase Contract Agent at the Corporate Trust Office, and (ii) the related Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, in the case of Corporate Units, or the related Treasury Securities, in the case of Treasury Units, to be released from the Pledge by the Collateral Agent and transferred, in each case, to the Purchase Contract Agent for delivery to the Holder thereof or its designee.

(d) Upon Early Settlement of any Purchase Contracts, and subject to receipt of shares of Common Stock from the Company and the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or Treasury Securities, as the case may be, from the Collateral Agent or the Purchase Contract Agent, as applicable, shall, in accordance with the instructions provided by the Holder of such Purchase Contracts on the applicable form of Election to Settle Early/Fundamental Change Early Settlement on the reverse of the Certificate evidencing the related Units, (i) transfer to the Holder the Applicable Ownership Interest in Debentures, the Applicable Ownership Interest in the Treasury Portfolio or the Treasury Securities, as the case may be, forming a part of the related Units, and (ii) deliver to the Holder a certificate or certificates for the full number of shares of Common Stock issuable upon such Early Settlement together with payment in lieu of any fraction of a share, as provided in *Section 5.10*.

(e) In the event that Early Settlement is effected with respect to Purchase Contracts underlying less than all the Units evidenced by a Certificate, upon such Early Settlement the Company shall execute and the Purchase Contract Agent shall authenticate, countersign and deliver to the Holder thereof, at the expense of the Company, a Certificate evidencing the Units as to which Early Settlement was not effected.

SECTION 5.10. No Fractional Shares.

No fractional shares or scrip representing fractional shares of Common Stock shall be issued or delivered upon settlement on the Purchase Contract Settlement Date or upon Early Settlement or Fundamental Change Early Settlement of any Purchase Contracts. If Certificates evidencing more than one Purchase Contract shall be surrendered for settlement at one time by the same Holder, the number of full shares of Common Stock which shall be delivered upon settlement shall be computed on the basis of the aggregate number of Purchase Contracts evidenced by the Certificates so surrendered. Instead of any fractional share of Common Stock which would otherwise be deliverable upon settlement of any Purchase Contracts on the Purchase Contract Settlement Date or upon Early Settlement or Fundamental Change Early Settlement, the Company, through the Purchase Contract Agent, shall make a cash payment in respect of such fractional interest in an amount equal to such fractional share times (i) the Threshold Appreciation Price (taking into account any adjustments pursuant to *Section 5.6(g)*), in the case of an Early Settlement or (ii) the Applicable Market Value calculated as if the date of such settlement were the Purchase Contract Settlement Date, in all other circumstances. The Company shall provide the Purchase Contract Agent from time to time with sufficient funds to permit the Purchase Contract Agent to make all cash payments required by this *Section 5.10* in a timely manner.

SECTION 5.11. Charges and Taxes.

The Company will pay all stock transfer and similar taxes attributable to the initial issuance and delivery of the shares of Common Stock pursuant to the Purchase Contracts; *provided*, *however*, that the Company shall not be required to pay any such tax or taxes which may be payable in respect of any exchange of or substitution for a Certificate evidencing a Unit or any issuance of a share of Common Stock in a name other than that of the registered Holder of a Certificate surrendered in respect of the Units evidenced thereby, other than in the name of the Purchase Contract Agent, as custodian for such Holder, and the Company shall not be required to issue or deliver such Common Stock share certificates or Certificates unless or until the Person or Persons requesting the transfer or issuance thereof shall have paid to the Company the amount of such tax or shall have established to the satisfaction of the Company that such tax has been paid or that no such tax is due.

ARTICLE VI

Remedies

SECTION 6.1. Unconditional Right of Holders to Receive Contract Adjustment Payments and to Purchase Shares of Common Stock.

The Holder of any Corporate Unit or Treasury Unit shall have the right, which is absolute and unconditional (subject to the right of the Company to defer payment thereof pursuant to *Section 5.3*, the prepayment of Contract Adjustment Payments pursuant to *Section 5.9(a)*, the forfeiture of any Contract Adjustment Payments upon Early Settlement pursuant to *Section 5.9(b)*, and the forfeiture of any Contract Adjustment Payments or Deferred Contract Adjustment Payments upon the occurrence of a Termination Event), to receive payment of each installment of the Contract Adjustment Payments with respect to the Purchase Contract constituting a part of such Unit on the respective Payment Date for such Unit and to purchase Common Stock pursuant to such Purchase Contract and, in each such case, to institute suit for the enforcement of any such payment and right to purchase Common Stock, and such rights shall not be impaired without the consent of such Holder.

SECTION 6.2. Restoration of Rights and Remedies.

If any Holder has instituted any proceeding to enforce any right or remedy under this Agreement and such proceeding has been discontinued or abandoned for any reason, or has been determined adversely to such Holder, then and in every such case, subject to any determination in such proceeding, the Company and such Holder shall be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of such Holder shall continue as though no such proceeding had been instituted.

SECTION 6.3. Rights and Remedies Cumulative.

Except as otherwise provided with respect to the replacement or payment of mutilated, destroyed, lost or stolen Certificates in the last paragraph of *Section 3.10*, no right or remedy herein conferred upon or reserved to the Holders is intended to be exclusive of any other right or remedy, and every right and remedy shall, to the extent permitted by law, be cumulative and in addition to every other right and remedy given hereunder or now or hereafter existing at law or in equity or otherwise. The assertion or employment of any right or remedy hereunder, or otherwise, shall not prevent the concurrent assertion or employment of any other appropriate right or remedy.

SECTION 6.4. Delay or Omission Not Waiver.

No delay or omission of any Holder to exercise any right or remedy upon a Default shall impair any such right or remedy or constitute a waiver of any such right. Every right and remedy given by this *Article VI* or by law to the Holders may be exercised from time to time, and as often as may be deemed expedient, by such Holders.

SECTION 6.5. Undertaking for Costs.

All parties to this Agreement agree, and each Holder of a Unit, by its acceptance of such Unit shall be deemed to have agreed, that any court may in its discretion require, in any suit for the enforcement of any right or remedy under this Agreement, or in any suit against the Purchase Contract Agent for any action taken, suffered or omitted by it as Purchase Contract Agent, the filing by any party litigant in such suit of an undertaking to pay the costs of such suit, and that such court may in its discretion assess reasonable costs, including reasonable attorneys' fees and expenses, against any party litigant in such suit, having due regard to the merits and good faith of the claims or

defenses made by such party litigant; *provided*, that the provisions of this *Section 6.5* shall not apply to any suit instituted by the Company, to any suit instituted by the Purchase Contract Agent, to any suit instituted by any Holder, or group of Holders, holding in the aggregate more than 10% of the Outstanding Units, or to any suit instituted by any Holder for the enforcement of any Contract Adjustment Payments or interest on any Debentures owed pursuant to such Holder's Applicable Ownership Interests in Debentures on or after the respective Payment Date therefor (subject to *Section 5.3*) in respect of any Unit held by such Holder, or for enforcement of the right to purchase shares of Common Stock under the Purchase Contracts comprising part of any Unit held by such Holder.

SECTION 6.6. Waiver of Stay or Extension Laws.

The Company covenants (to the extent that it may lawfully do so) that it will not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Agreement; and the Company (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law and covenants that it will not hinder, delay or impede the execution of any power herein granted to the Purchase Contract Agent or the Holders, but will suffer and permit the execution of every such power as though no such law had been enacted.

ARTICLE VII

The Purchase Contract Agent

SECTION 7.1. Certain Duties and Responsibilities.

(a) The Purchase Contract Agent:

(1) undertakes to perform, with respect to the Units, such duties and only such duties as are specifically set forth in this Agreement and no implied covenants or obligations shall be read into this Agreement against the Purchase Contract Agent; and

(2) may, with respect to the Units, conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, in the absence of bad faith on the part of the Purchase Contract Agent, upon certificates or opinions furnished to the Purchase Contract Agent and conforming to the requirements of this Agreement, but in the case of any certificates or opinions which by any provision hereof are specifically required to be furnished to the Purchase Contract Agent, the Purchase Contract Agent shall be under a duty to examine the same to determine whether or not they conform to the requirements of this Agreement (but need not confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

(b) No provision of this Agreement shall be construed to relieve the Purchase Contract Agent from liability for its own negligent action, its own negligent failure to act, or its own willful misconduct, except that:

(1) this *Section 7.1(b)* shall not be construed to limit the effect of *Section 7.1(a)*;

(2) the Purchase Contract Agent shall not be liable for any error of judgment made in good faith by a Responsible Officer, unless it shall be proved that the Purchase Contract Agent was negligent in ascertaining the pertinent facts; and

(3) no provision of this Agreement shall require the Purchase Contract Agent to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers.

(c) Whether or not therein expressly so provided, every provision of this Agreement relating to the conduct or affecting the liability of or affording protection to the Purchase Contract Agent shall be subject to the provisions of this *Section 7.1*.

(d) The Purchase Contract Agent is authorized to execute, deliver and perform the Pledge Agreement in its capacity as Purchase Contract Agent and to grant the Pledge. The Purchase Contract Agent shall be entitled to all of the rights, privileges, immunities and indemnities contained in this Agreement with respect to any duties of the Purchase Contract Agent under, or actions taken by the Purchase Contract Agent pursuant to, such Pledge Agreement and any Remarketing Agreement entered into by the Purchase Contract Agent to effectuate *Section 5.4* hereof or Section 6.3 of the Pledge Agreement.

(e) In case a Default has occurred (that has not been cured or waived) and the Purchase Contract Agent has been notified as contemplated by *Section 7.3(j)*, the Purchase Contract Agent shall exercise such of the rights and powers vested in it by this Agreement, and use the same degree of care and skill in its exercise thereof, as a prudent person would exercise or use under the circumstances in the conduct of his or her own affairs.

(f) At the request of the Company, the Purchase Contract Agent is authorized to execute, deliver and perform one or more Remarketing Agreements to, among other things, effectuate *Section 5.4*.

SECTION 7.2. Notice of Default.

Within 90 days after the occurrence of any Default hereunder of which a Responsible Officer of the Purchase Contract Agent has been notified as contemplated in *Section 7.3(j)*, the Purchase Contract Agent shall transmit by mail to the Company, and to the Holders of Units as their names and addresses appear in the Security Register, notice of such Default hereunder, unless such Default shall have been cured or waived; *provided*, that, except for a Default in any payment obligation hereunder, the Purchase Contract Agent shall be protected in withholding such notice if and so long as a Responsible Officer of the Purchase Contract Agent in good faith determines that the withholding of such notice is in the interests of the Holders of the Units.

SECTION 7.3. Certain Rights of Purchase Contract Agent.

Subject to the provisions of *Section 7.1*:

(a) the Purchase Contract Agent may conclusively rely and shall be fully protected in acting or refraining from acting upon any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document believed by it to be genuine and to have been signed or presented by the proper party or parties;

(b) any request or direction of the Company mentioned herein shall be sufficiently evidenced by a Company Certificate, Issuer Order or Issuer Request, and any resolution of the Board of Directors of the Company may be sufficiently evidenced by a Board Resolution;

(c) whenever in the administration of this Agreement the Purchase Contract Agent shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting to take any action hereunder, the Purchase Contract Agent (unless other evidence be herein specifically prescribed) may, in the absence of bad faith on its part, rely upon a Company Certificate;

(d) the Purchase Contract Agent may consult with counsel of its selection and the advice of such counsel or any Opinion of Counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in reliance thereon;

(e) the Purchase Contract Agent shall not be bound to make any investigation into the facts or matters stated in any resolution, certificate, statement, instrument, opinion, report, notice, request, direction, consent, order, bond, debenture, note, other evidence of indebtedness or other paper or document, but the Purchase Contract Agent, in its discretion, may make reasonable further inquiry or investigation into such facts or matters related to the execution, delivery and performance of the Purchase Contracts as it may see fit, and, if the Purchase Contract Agent shall determine to make such further inquiry or investigation, it shall be given a reasonable opportunity to examine the books, records and premises of the Company personally or by an agent or attorney;

(f) the Purchase Contract Agent may execute any of the powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys or an Affiliate and the Purchase Contract Agent shall not be responsible for any misconduct or negligence on the part of any agent or attorney or an Affiliate appointed with due care by it hereunder;

(g) the rights, privileges, protections, immunities and benefits given to the Purchase Contract Agent, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Purchase Contract Agent in each of its capacities hereunder;

(h) the Purchase Contract Agent shall be under no obligation to exercise any of the rights or powers vested in it by this Agreement at the request or direction of any of the Holders pursuant to this Agreement, unless such Holders shall have offered to the Purchase Contract Agent security or indemnity satisfactory to the Purchase Contract Agent against the costs, expenses and liabilities which might be incurred by it in compliance with such request or direction;

(i) the Purchase Contract Agent shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Agreement;

(j) the Purchase Contract Agent shall not be deemed to have notice of any adjustment to the Fixed Settlement Rate, the occurrence of a Termination Event or any Default hereunder unless written notice of any such adjustment, occurrence or event which is in fact such a Default is received by the Purchase Contract Agent at the Corporate Trust Office of the Purchase Contract Agent and such notice references this Agreement;

(k) the Purchase Contract Agent may request that the Company deliver a certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Agreement; and

(l) in no event shall the Purchase Contract Agent be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Purchase Contract Agent has been advised of the likelihood of such loss or damage and regardless of the form of action.

SECTION 7.4. Not Responsible for Recitals or Issuance of Units.

The recitals contained herein and in the Certificates shall be taken as the statements of the Company and the Purchase Contract Agent assumes no responsibility for their accuracy. The Purchase Contract Agent makes no representations as to the validity or sufficiency of either this Agreement or of the Units, or of the Pledge Agreement, the Pledge or the Remarketing Agreement. The Purchase Contract Agent shall not be accountable for the use or application by the Company of the proceeds in respect of the Purchase Contracts.

SECTION 7.5. May Hold Units.

Any Security Registrar or any other agent of the Company, or the Purchase Contract Agent and its Affiliates, in their individual or any other capacity, may become the owner or pledgee of Units and may otherwise deal with the Company, the Collateral Agent or any other Person with the same rights it would have if it were not Security Registrar or such other agent, or the Purchase Contract Agent. The Company or NEE Capital may become the owner or pledgee of Units.

SECTION 7.6. Money Held in Custody.

Money held by the Purchase Contract Agent in custody hereunder need not be segregated from the Purchase Contract Agent's other funds except to the extent required by law or provided herein. The Purchase Contract Agent shall be under no obligation to invest or pay interest on any money received by it hereunder except as otherwise provided herein or agreed in writing with the Company.

SECTION 7.7. Compensation and Reimbursement.

The Company agrees:

(a) to pay to the Purchase Contract Agent from time to time such compensation for all services rendered by it hereunder as the parties shall agree from time to time in writing (which compensation shall not be limited by any provisions of law in regards to the compensation of a trustee of an express trust);

(b) except as otherwise expressly provided herein, to reimburse the Purchase Contract Agent upon its request for all reasonable expenses, disbursements and advances incurred or made by the Purchase Contract Agent in accordance with any provision of this Agreement (including the reasonable compensation and the expenses and disbursements of its agents and counsel), except any such expense, disbursement or advance incurred or made as a result of its negligence or bad faith; and

(c) to indemnify the Purchase Contract Agent and any predecessor Purchase Contract Agent and each of its directors, officers, agents and employees (collectively, with the Purchase Contract Agent, the "**Indemnitees**") for, and to hold each Indemnitee harmless against, any loss, liability or expense incurred without negligence, willful misconduct or bad faith on its part, arising out of or in connection with the acceptance or administration or the performance of its duties hereunder, including the costs and expenses of defending itself against any claim (whether asserted by the Company, or any Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder (including, without limitation, in connection with the exercise or performance of any of its powers or duties under the Pledge Agreement and the Remarketing Agreement.

"**Purchase Contract Agent**" for purposes of this *Section 7.7* shall include any predecessor Purchase Contract Agent; *provided, however*, that the negligence or bad faith of any Purchase Contract Agent hereunder shall not affect the rights of any other Purchase Contract Agent hereunder.

The Purchase Contract Agent shall have a lien prior to the Units as to all property and funds held by it hereunder for any amount owing to it or any predecessor Purchase Contract Agent pursuant to this *Section 7.7*, except with respect to funds held in trust for the benefit of the Holders of particular Units.

When the Purchase Contract Agent incurs expenses or renders services in an action or proceeding commenced pursuant to Section 4.3 of the Pledge Agreement upon the occurrence of a Termination Event, the expenses (including the reasonable charges and expenses of its counsel) and the compensation for the services are intended to constitute expenses of administration under any applicable Federal or State bankruptcy, insolvency or other similar law.

The provisions of this *Section 7.7* shall survive the resignation and removal of the Purchase Contract Agent, the satisfaction or discharge of the Units and the Purchase Contracts and the termination of this Agreement and the Pledge Agreement.

SECTION 7.8. Corporate Purchase Contract Agent Required; Eligibility.

There shall at all times be a Purchase Contract Agent hereunder which shall be (i) not an Affiliate of the Company and (ii) a corporation organized and doing business under the laws of the United States of America, any State thereof or the District of Columbia, authorized under such laws to exercise corporate trust powers, having (or being a member of a bank holding company having) a combined capital and surplus of at least $50,000,000 and subject to supervision or examination by Federal or State authority. If such corporation publishes reports of condition at least annually, pursuant to law or to the requirements of said supervising or examining authority, then for the

purposes of this *Section 7.8*, the combined capital and surplus of such corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. If at any time the Purchase Contract Agent shall cease to be eligible in accordance with the provisions of this *Section 7.8*, it shall resign immediately in the manner and with the effect hereinafter specified in this *Article VII*.

SECTION 7.9. Resignation and Removal; Appointment of Successor.

(a) No resignation or removal of the Purchase Contract Agent and no appointment of a successor Purchase Contract Agent pursuant to this *Article VII* shall become effective until the acceptance of appointment by the successor Purchase Contract Agent in accordance with the applicable requirements of *Section 7.10*.

(b) The Purchase Contract Agent may resign at any time by giving written notice thereof to the Company 60 days prior to the effective date of such resignation. If the instrument of acceptance by a successor Purchase Contract Agent required by *Section 7.10* shall not have been delivered to the Purchase Contract Agent within 30 days after the giving of such notice of resignation, the resigning Purchase Contract Agent may petition, at the expense of the Company, any court of competent jurisdiction for the appointment of a successor Purchase Contract Agent.

(c) The Purchase Contract Agent may be removed at any time by Act of the Holders of a majority in number of the Outstanding Units delivered to the Purchase Contract Agent and the Company. If the instrument of acceptance by a successor Purchase Contract Agent required by *Section 7.10* shall not have been delivered to the Purchase Contract Agent within 30 days after the receipt of such Act of the Holders, the Purchase Contract Agent being removed may petition, at the expense of the Company, any court of competent jurisdiction for the appointment of a successor Purchase Contract Agent.

(d) If at any time

(1) the Purchase Contract Agent fails to comply with Section 310(b) of the TIA, after written request therefor by the Company or by any Holder who has been a bona fide Holder of a Unit for at least six months,

(2) the Purchase Contract Agent shall cease to be eligible under *Section 7.8* and shall fail to resign after written request therefor by the Company or by any such Holder, or

(3) the Purchase Contract Agent shall become incapable of acting or shall be adjudged a bankrupt or insolvent or a receiver of the Purchase Contract Agent or of its property shall be appointed or any public officer shall take charge or control of the Purchase Contract Agent or of its property or affairs for the purpose of rehabilitation, conservation or liquidation,

then, in any such case, (i) the Company by a Board Resolution may remove the Purchase Contract Agent, or (ii) any Holder who has been a bona fide Holder of a Unit for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the

removal of the Purchase Contract Agent and the appointment of a successor Purchase Contract Agent.

(e) If the Purchase Contract Agent shall resign, be removed or become incapable of acting, or if a vacancy shall occur in the Corporate Trust Office of the Purchase Contract Agent for any cause, the Company, by a Board Resolution, shall promptly appoint a successor Purchase Contract Agent and shall comply with the applicable requirements of *Section 7.10*. If no successor Purchase Contract Agent shall have been so appointed by the Company and accepted appointment in the manner required by *Section 7.10*, the Purchase Contract Agent or any Holder who has been a bona fide Holder of a Unit for at least six months may, on behalf of itself and all others similarly situated, petition any court of competent jurisdiction for the appointment of a successor Purchase Contract Agent.

(f) The Company shall give, or shall cause such successor Purchase Contract Agent to give, notice of each resignation and each removal of the Purchase Contract Agent and each appointment of a successor Purchase Contract Agent by mailing written notice of such event by first-class mail, postage prepaid, to all Holders as their names and addresses appear in the Security Register. Each notice shall include the name of the successor Purchase Contract Agent and the address of its Corporate Trust Office.

(g) If the Purchase Contract Agent has or shall acquire any "conflicting interest" within the meaning of Section 310(b) of the TIA, the Purchase Contract Agent and the Company shall in all respects comply with the provisions of Section 310(b) of the TIA.

SECTION 7.10. Acceptance of Appointment by Successor.

(a) In case of the appointment hereunder of a successor Purchase Contract Agent, every such successor Purchase Contract Agent so appointed shall execute, acknowledge and deliver to the Company and to the retiring Purchase Contract Agent an instrument accepting such appointment, and thereupon the resignation or removal of the retiring Purchase Contract Agent shall become effective and such successor Purchase Contract Agent, without any further act, deed or conveyance, shall become vested with all the rights, powers, trusts and duties of the retiring Purchase Contract Agent; but, on the request of the Company or the successor Purchase Contract Agent, such retiring Purchase Contract Agent shall, upon payment of its charges, execute and deliver an instrument transferring to such successor Purchase Contract Agent all the rights, powers and trusts of the retiring Purchase Contract Agent and shall duly assign, transfer and deliver to such successor Purchase Contract Agent all property and money held by such retiring Purchase Contract Agent hereunder.

(b) Upon request of any such successor Purchase Contract Agent, the Company shall execute any and all instruments for more fully and certainly vesting in and confirming to such successor Purchase Contract Agent all such rights, powers and trusts referred to in *Section 7.10(a)*.

(c) No successor Purchase Contract Agent shall accept its appointment unless at the time of such acceptance such successor Purchase Contract Agent shall be qualified and eligible under this *Article VII*.

SECTION 7.11. Merger, Conversion, Consolidation or Succession to Business.

Any Person into which the Purchase Contract Agent may be merged or converted or with which it may be consolidated, or any Person resulting from any merger, conversion or consolidation to which the Purchase Contract Agent shall be a party, or any Person succeeding to all or substantially all the corporate trust business of the Purchase Contract Agent, shall be the successor of the Purchase Contract Agent hereunder, *provided* such Person shall be otherwise qualified and eligible under this *Article VII*, without the execution or filing of any paper or any further act on the part of any of the parties hereto. In case any Certificates shall have been authenticated and executed on behalf of the Holders, but not delivered, by the Purchase Contract Agent then in office, any successor by merger, conversion or consolidation to such Purchase Contract Agent may adopt such authentication and execution and deliver the Certificates so authenticated and executed with the same effect as if such successor Purchase Contract Agent had itself authenticated and executed such Securities. The Purchase Contract Agent will give prompt written notice to the Company of such merger, conversion or consolidation.

SECTION 7.12. Preservation of Information; Communications to Holders.

(a) The Purchase Contract Agent shall preserve, in as current a form as is reasonably practicable, the names and addresses of Holders received by the Purchase Contract Agent in its capacity as Security Registrar.

(b) If three or more Holders (herein referred to as "**Applicants**") apply in writing to the Purchase Contract Agent, and furnish to the Purchase Contract Agent reasonable proof that each such Applicant has owned a Unit for a period of at least six months preceding the date of such application, and such application states that the Applicants desire to communicate with other Holders with respect to their rights under this Agreement or under the Units and is accompanied by a copy of the form of proxy or other communication which such Applicants propose to transmit, then the Purchase Contract Agent shall mail to all the Holders copies of the form of proxy or other communication which is specified in such request, with reasonable promptness after a tender to the Purchase Contract Agent of the materials to be mailed and of payment, or provision for the payment, of the reasonable expenses of such mailing.

SECTION 7.13. No Obligations of Purchase Contract Agent.

Except to the extent otherwise provided in this Agreement, the Pledge Agreement or the Remarketing Agreement, the Purchase Contract Agent assumes no obligations and shall not be subject to any liability under this Agreement, the Pledge Agreement, the Remarketing Agreement or any Purchase Contract in respect of the obligations of the Holder of any Unit thereunder. The Company agrees, and each Holder of a Certificate, by its acceptance thereof, shall be deemed to have agreed, that the Purchase Contract Agent's execution of the Certificates on behalf of the Holders shall be solely as agent and attorney-in-fact for the Holders, and that the Purchase Contract Agent shall have no obligation to perform such Purchase Contracts on behalf of the Holders, except to the extent expressly provided in *Article V* hereof.

SECTION 7.14. Tax Compliance.

(a) The Purchase Contract Agent, on its own behalf and on behalf of the Company, will comply with all applicable certification, information reporting and withholding (including "backup" withholding) requirements imposed by applicable tax laws, regulations or administrative practice with respect to (i) any payments made with respect to the Units or (ii) the issuance, delivery, holding, transfer, redemption or exercise of rights under the Units. Such compliance shall include, without limitation, the preparation and timely filing of required returns and the timely payment of all amounts required to be withheld to the appropriate taxing authority or its designated agent.

(b) The Purchase Contract Agent shall comply with any written direction received from the Company with respect to the execution or certification of any required documentation and the application of such requirements to particular payments or Holders or in other particular circumstances, and may for purposes of this Agreement conclusively rely on any such direction in accordance with the provisions of *Section 7.1(a)(2)* hereof.

(c) The Purchase Contract Agent shall maintain all appropriate records documenting compliance with such requirements, and shall make such records available, on written request, to the Company or its authorized representative within a reasonable period of time after receipt of such request.

(d) Without limiting the foregoing, the Purchase Contract Agent shall be entitled to deduct FATCA Withholding Tax (as hereinafter defined), and shall have no obligation to gross-up any payment hereunder or to pay any additional amount as a result of such FATCA Withholding Tax. Each of the Company and the Purchase Contract Agent agrees to cooperate and to provide the other with such information as each may have in its possession to enable the determination of whether any payments pursuant to this Agreement are subject to the withholding requirements described in Section 1471(b) of the Code or otherwise imposed pursuant to Sections 1471 through 1474 of the Code and any regulations, or agreements thereunder or official interpretations thereof ("**FATCA Withholding Tax**").

ARTICLE VIII

Supplemental Agreements

SECTION 8.1. Supplemental Agreements Without Consent of Holders.

Without the consent of any Holders, the Company and the Purchase Contract Agent, at any time and from time to time, may enter into one or more agreements supplemental hereto, in form satisfactory to the Company and the Purchase Contract Agent, for any of the following purposes:

(i) to evidence the succession of another Person to the Company, and the assumption by any such successor of the covenants of the Company herein and in the Certificates;

(ii) to add to the covenants of the Company for the benefit of the Holders or to surrender any right or power herein conferred upon the Company;

(iii) to evidence and provide for the acceptance of appointment hereunder by a successor Purchase Contract Agent;

(iv) to make provision with respect to the rights of Holders pursuant to the requirements of *Section 5.6(b)*; or

(v) to cure any ambiguity, to correct or supplement any provisions herein which may be inconsistent with any other provisions herein, or to make any other provisions with respect to such matters or questions arising under this Agreement; *provided* such action shall not adversely affect the interests of the Holders in any material respect; and *provided further* that any amendment made solely to conform the provisions of this Agreement to the description of the Units, the Purchase Contracts and the other components of the Units contained in the prospectus supplement, dated February 26, 2026, and the accompanying prospectus dated March 22, 2024 relating to the Units will not be deemed to adversely affect the interests of the Holders.

SECTION 8.2. Supplemental Agreements with Consent of Holders.

With the consent of the Holders of not less than a majority of the outstanding Purchase Contracts voting together as one class, by Act of said Holders delivered to the Company and the Purchase Contract Agent, the Company, when authorized by a Board Resolution, and the Purchase Contract Agent may enter into an agreement or agreements supplemental hereto for the purpose of modifying in any manner the terms of the Purchase Contracts, or the provisions of this Agreement or the rights of the Holders in respect of the Units; *provided*, *however*, that, except as contemplated herein, no such supplemental agreement shall, without the consent of the Holder of each Outstanding Unit affected thereby,

(a) change any Payment Date;

(b) change the amount or the type of Collateral required to be Pledged to secure a Holder's obligations under a Purchase Contract;

(c) impair the right of the Holder of any Equity Unit to receive distributions on the related Collateral (except for the rights of Holders of Corporate Units to substitute the Treasury Securities for the Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio or the rights of holders of Treasury Units to substitute Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio for the Pledged Treasury Securities), or otherwise adversely affect the Holder's rights in or to such Collateral;

(d) reduce any Contract Adjustment Payments or any Deferred Contract Adjustment Payment, or change any place where, or the coin or currency in which, any Contract Adjustment Payment is payable;

(e) impair the right to institute suit for the enforcement of any Purchase Contract, including any Contract Adjustment Payments or Deferred Contract Adjustment Payments;

(f) except as required pursuant to *Section 5.6*, reduce the number of shares of Common Stock to be purchased pursuant to any Purchase Contract or the amount of any other security or other property to be purchased under a Purchase Contract, increase the price to purchase shares of Common Stock or any other security or other property upon settlement of any Purchase Contract, change the Purchase Contract Settlement Date or the right to Early Settlement or Fundamental Change Early Settlement or otherwise adversely affect the Holder's rights under any Purchase Contract in any material respect; or

(g) reduce the percentage of the outstanding Purchase Contracts the consent of whose Holders is required for any modification or amendment to the provisions of this Agreement or the Purchase Contracts;

provided, that if any amendment or proposal referred to above would adversely affect only the Corporate Units or the Treasury Units, then only Holders of the affected class of Units as of the record date for the Holders entitled to vote thereon will be entitled to vote on or consent to such amendment or proposal, and such amendment or proposal shall not be effective except with the consent of Holders of not less than a majority of such class; *provided further*, however, that no such agreement, whether with or without the consent of Holders, shall affect *Section 3.16* hereof.

It shall not be necessary for any Act of the Holders under this *Section 8.2* to approve the particular form of any proposed supplemental agreement, but it shall be sufficient if such Act shall approve the substance thereof.

SECTION 8.3. Execution of Supplemental Agreements.

In executing, or accepting the additional agencies created by, any supplemental agreement permitted by this *Article VIII* or the modifications thereby of the agencies created by this Agreement, the Purchase Contract Agent shall be provided with, and (subject to *Section 7.1*) shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such supplemental agreement is authorized or permitted by this Agreement. The Purchase Contract Agent may, but shall not be obligated to, enter into any such supplemental agreement which affects the Purchase Contract Agent's own rights, duties or immunities under this Agreement or otherwise. The Collateral Agent shall receive copies of any supplemental agreements entered into pursuant to this *Article VIII*.

SECTION 8.4. Effect of Supplemental Agreements.

Upon the execution of any supplemental agreement under this *Article VIII*, this Agreement shall be modified in accordance therewith, and such supplemental agreement shall form a part of this Agreement for all purposes; and every Holder of Certificates theretofore or thereafter authenticated, executed on behalf of the Holders and delivered hereunder shall be bound thereby.

SECTION 8.5. Reference to Supplemental Agreements.

Certificates authenticated, executed on behalf of the Holders and delivered after the execution of any supplemental agreement pursuant to this *Article VIII* may, and shall if required by the Purchase Contract Agent, bear a notation in form approved by the Purchase Contract Agent as to

any matter provided for in such supplemental agreement. If the Company shall so determine, new Certificates so modified as to conform, in the opinion of the Purchase Contract Agent and the Company, to any such supplemental agreement may be prepared and executed by the Company and authenticated, executed on behalf of the Holders and delivered by the Purchase Contract Agent in exchange for Outstanding Certificates.

ARTICLE IX

Consolidation, Merger, Sale, Conveyance, Transfer or Lease

SECTION 9.1. Covenant Not to Consolidate, Merge, Sell, Convey, Transfer or Lease Property Except Under Certain Conditions.

The Company covenants that it will not merge or consolidate with or into any other Person or sell, assign, transfer, lease or convey all or substantially all of its properties and assets to any Person or group of affiliated Persons in one transaction or a series of related transactions, unless

(i) either the Company shall be the continuing entity or the successor (if other than the Company) shall be a Person, other than an individual, organized and existing under the laws of the United States of America or a State thereof or the District of Columbia and such entity shall expressly assume all the obligations of the Company under the Purchase Contracts, this Agreement, the Pledge Agreement, the Guarantee Agreement and the Remarketing Agreement by one or more supplemental agreements in form reasonably satisfactory to the Purchase Contract Agent and the Collateral Agent, executed and delivered to the Purchase Contract Agent and the Collateral Agent by such Person, and

(ii) the Company or such successor entity, as the case may be, shall not, immediately after such merger or consolidation, or such sale, assignment, transfer, lease or conveyance, be in default in its payment obligations or in any material default in the performance of any of its other obligations hereunder, or under any of the Units.

SECTION 9.2. Rights and Duties of Successor Entity.

In case of any such consolidation, merger, sale, assignment, transfer, lease or conveyance and upon any such assumption by a successor entity in accordance with *Section 9.1*, such successor entity shall succeed to and be substituted for the Company with the same effect as if it had been named herein as the Company. Such successor entity thereupon may cause to be signed, and may issue either in its own name or in the name of NextEra Energy, Inc. any or all of the Certificates evidencing Units issuable hereunder which theretofore shall not have been signed by the Company and delivered to the Purchase Contract Agent; and, upon the order of such successor entity, instead of the Company, and subject to all the terms, conditions and limitations in this Agreement prescribed, the Purchase Contract Agent shall authenticate and execute on behalf of the Holders and deliver any Certificates which previously shall have been signed and delivered by the officers of the Company to the Purchase Contract Agent for authentication and execution, and any Certificate evidencing Units which such successor entity thereafter shall cause to be signed and delivered to the Purchase Contract Agent for that purpose. All the Certificates so issued shall in all respects have the same legal rank and benefit under this Agreement as the Certificates theretofore or thereafter

issued in accordance with the terms of this Agreement as though all of such Certificates had been issued at the date of the execution hereof.

In case of any such consolidation, merger, sale, assignment, transfer, lease or conveyance such change in phraseology and form (but not in substance) may be made in the Certificates evidencing Units thereafter to be issued as may be appropriate.

SECTION 9.3. Company Certificate and Opinion of Counsel Given to Purchase Contract Agent.

The Purchase Contract Agent, subject to *Section 7.1* and *Section 7.3*, shall receive a Company Certificate and an Opinion of Counsel as conclusive evidence that any such consolidation, merger, sale, assignment, transfer, lease or conveyance, and any such assumption, complies with the provisions of this *Article IX* and that all conditions precedent to the consummation of any such consolidation, merger, sale, assignment, transfer, lease or conveyance have been met.

ARTICLE X

Covenants

SECTION 10.1. Performance Under Purchase Contracts.

The Company covenants and agrees for the benefit of the Holders from time to time of the Units that it will duly and punctually perform its obligations under the Purchase Contracts in accordance with the terms of the Purchase Contracts and this Agreement.

SECTION 10.2. Maintenance of Office or Agency.

The Company will maintain in the Borough of Manhattan, The City of New York an office or agency where Certificates may be presented or surrendered for acquisition of shares of Common Stock upon settlement of the Purchase Contracts on the Purchase Contract Settlement Date or upon Early Settlement or Fundamental Change Early Settlement and for transfer of Collateral upon occurrence of a Termination Event, where Certificates may be surrendered for registration of transfer or exchange, for a Collateral Substitution or recreation of a Corporate Unit and where notices and demands to or upon the Company in respect of the Units and this Agreement may be served. The Company will give prompt written notice to the Purchase Contract Agent of the location, and any change in the location, of such office or agency. If at any time the Company shall fail to maintain any such required office or agency or shall fail to furnish the Purchase Contract Agent with the address thereof, such presentations, surrenders, notices and demands may be made or served at the Corporate Trust Office, and the Company hereby appoints the Purchase Contract Agent as its agent to receive all such presentations, surrenders, notices and demands. The Company initially designates the Corporate Trust Office of the Purchase Contract Agent as such office of the Company.

The Company may also from time to time designate one or more other offices or agencies where Certificates may be presented or surrendered for any or all such purposes and may from time to time rescind such designations; *provided*, *however*, that no such designation or rescission shall in

any manner relieve the Company of its obligation to maintain an office or agency in the Borough of Manhattan, The City of New York for such purposes. The Company will give prompt written notice to the Purchase Contract Agent of any such designation or rescission and of any change in the location of any such other office or agency. The Company hereby designates as the place of payment for the Units the Corporate Trust Office and appoints the Purchase Contract Agent at its Corporate Trust Office as paying agent in such city.

SECTION 10.3. Company to Reserve Common Stock.

The Company shall at all times prior to the Purchase Contract Settlement Date reserve and keep available, free from preemptive rights, out of its authorized but unissued Common Stock the full number of shares of Common Stock issuable against tender of payment in respect of all Purchase Contracts constituting a part of the Units evidenced by Outstanding Certificates.

SECTION 10.4. Covenants as to Common Stock.

The Company covenants that all shares of Common Stock which may be issued against tender of payment in respect of any Purchase Contract constituting a part of the Outstanding Units will, upon issuance, be duly authorized, validly issued, fully paid and nonassessable.

SECTION 10.5. Covenants of Holders as to ERISA

Each Holder from time to time of the Units (and the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such Units), will be deemed to have represented and warranted that either:

(a) the Holder is not purchasing the Units (and the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such Units) on behalf of, or with the assets of, any Plan; or

(b) (i) the Plan will receive no less and pay no more than "adequate consideration" (within the meaning of Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code) in connection with the purchase, holding and disposition of the Corporate Units (and the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such Units),

(ii) the purchase, holding and disposition of the Units (and the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such Units) are eligible for exemptive relief or such purchase, holding and disposition will not result in a non-exempt prohibited transaction under ERISA or the Code, or a violation of Similar Law,

(iii) neither the Company, NEE Capital nor any of their affiliates exercised any discretionary authority or discretionary control respecting the purchase, holding and

disposition of the Units (and the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such Units) and none of the Company, NEE Capital nor any of their affiliates provided advice that has formed the primary basis for the decision to purchase, hold or dispose of the Units (and the Applicable Ownership Interests in Debentures, the Treasury Securities, or the Applicable Ownership Interests in the Treasury Portfolio, as the case may be, underlying such Units), and

(iv) the Holder hereby directs the Company, NEE Capital, the Purchase Contract Agent, the Collateral Agent and the Remarketing Agents to take the actions set forth in this Agreement, the Pledge Agreement, the Officer's Certificates and the Remarketing Agreement to be taken by such parties.

ARTICLE XI

Trust Indenture Act

SECTION 11.1. Trust Indenture Act; Application.

(a) This Agreement is subject to the provisions of the TIA that are required or deemed to be part of this Agreement and shall, to the extent applicable, be governed by such provisions; and

(b) if and to the extent that any provision of this Agreement limits, qualifies or conflicts with the duties imposed by Section 310 to 317, inclusive, of the TIA, such imposed duties shall control.

SECTION 11.2. Lists of Holders of Units.

(a) The Company shall furnish or cause to be furnished to the Purchase Contract Agent (a) semiannually, not later than June 1 and December 1 in each year, commencing June 1, 2026, a list, in such form as the Purchase Contract Agent may reasonably require, of the names and addresses of the Holders ("**List of Holders**") as of a date not more than 15 days prior to the delivery thereof, and (b) at such other times as the Purchase Contract Agent may request in writing, within 30 days after the receipt by the Company of any such request, a List of Holders as of a date not more than 15 days prior to the time such list is furnished; *provided*, that the Company shall not be obligated to provide such List of Holders at any time the List of Holders does not differ from the most recent List of Holders given to the Purchase Contract Agent by the Company. The Purchase Contract Agent may destroy any List of Holders previously given to it on receipt of a new List of Holders.

(b) The Purchase Contract Agent shall comply with its obligations under Section 311(a) of the TIA, subject to the provisions of Section 311(b) and Section 312(b) of the TIA.

SECTION 11.3. Reports by the Purchase Contract Agent.

Not later than July 15 of each year, commencing July 15, 2026, the Purchase Contract Agent shall provide to the Holders such reports, if any, as are required by Section 313(a) of the TIA in the

form and in the manner provided by Section 313(a) of the TIA. Such reports shall be as of the preceding April 15. The Purchase Contract Agent shall also comply with the requirements of Section 313(b), Section 313(c) and Section 313(d) of the TIA.

SECTION 11.4. Periodic Reports to Purchase Contract Agent.

The Company shall provide to the Purchase Contract Agent such documents, reports and information as required by Section 314(a) (if any) and the compliance certificate required by Section 314(a) of the TIA in the form, in the manner and at the times required by Section 314(a) of the TIA. Delivery of such reports, information and documents to the Purchase Contract Agent is for informational purposes only and the Purchase Contract Agent's receipt of such shall not constitute actual or constructive notice or knowledge of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants hereunder.

SECTION 11.5. Evidence of Compliance with Conditions Precedent.

The Company shall provide to the Purchase Contract Agent such evidence of compliance with any conditions precedent provided for in this Agreement as and to the extent required by Section 314(c) of the TIA. Any certificate or opinion required to be given by an officer pursuant to Section 314(c)(1) of the TIA may be given in the form of a Company Certificate. Any opinion required to be given pursuant to Section 314(c)(2) of the TIA may be given in the form of an Opinion of Counsel.

SECTION 11.6. Defaults; Waiver.

The Holders of a majority of the Outstanding Purchase Contracts voting together as one class may, by vote or consent, on behalf of all of the Holders, waive any past Default and its consequences, except a Default

(a) in the payment on any Unit, or

(b) in respect of a provision hereof which under *Section 8.2* cannot be modified or amended without the consent of the Holder of each Outstanding Unit affected.

Upon such waiver, any such Default shall cease to exist, and any Default arising therefrom shall be deemed to have been cured, for every purpose of this Agreement, but no such waiver shall extend to any subsequent or other Default or impair any right consequent thereon.

SECTION 11.7. Conflicting Interests.

The following documents shall be deemed to be specifically described in this Agreement for the purposes of clause (i) of the first proviso contained in Section 310(b) of the TIA: (i) the Indenture, (ii) the Guarantee Agreement, (iii) the Indenture (For Unsecured Subordinated Debt Securities), dated as of September 1, 2006, as amended, among NEE Capital, the Company (as guarantor) and The Bank of New York Mellon (as trustee), (iv) the Indenture, dated as of March 1, 2024, among NEE Capital, the Company (as guarantor), and The Bank of New York Mellon (as trustee), (v) the Purchase Contract Agreement, dated as of June 1, 2024, between the Company and

The Bank of New York Mellon (as purchase contract agent) and (vi) the Purchase Contract Agreement, dated as of October 1, 2024, between the Company and The Bank of New York Mellon (as purchase contract agent).

SECTION 11.8. Direction of Purchase Contract Agent.

Section 315(d)(3) and Section 316(a)(1)(A) of the TIA are hereby expressly excluded from this Agreement, as permitted by the TIA.

IN WITNESS WHEREOF, the parties hereto have caused this Purchase Contract Agreement to be duly executed as of the day and year first above written.

This Corporate Unit Certificate certifies that _____ is the registered Holder of the number of Corporate Units set forth above [for inclusion in Global Certificates only—or such other number of Corporate Units reflected in the Schedule of Increases or Decreases in Global Certificate attached hereto], which number shall not exceed _____. Each Corporate Unit consists of (i) either (a) the Applicable Ownership Interest in Debentures, subject to the Pledge thereof by such Holder pursuant to the Pledge Agreement, or (b) upon the occurrence of a Special Event Redemption, a Mandatory Redemption or a Successful Early Remarketing, the Applicable Ownership Interest in the Treasury Portfolio, subject to the pledge of the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term) by such

Holder pursuant to the Pledge Agreement, and (ii) the rights and obligations of the Holder thereof and of NextEra Energy, Inc., a Florida corporation (the "**Company**"), under one Purchase Contract. All capitalized terms used herein without definition herein shall have the meaning set forth or incorporated by reference in the Purchase Contract Agreement referred to below.

Pursuant to the Pledge Agreement, the Applicable Ownership Interest in Debentures and/or the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, constituting part of each Corporate Unit evidenced hereby have been pledged to the Collateral Agent, for the benefit of the Company, to secure the obligations of the Holder under the Purchase Contract comprising a part of such Corporate Unit.

The Pledge Agreement provides that all payments of the principal amount of Debentures or the Stated Amount of the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, or payments of interest on any Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, constituting part of the Corporate Units received by the Collateral Agent shall be paid by the Collateral Agent by wire transfer in same day funds (i) in the case of (A) payments of interest with respect to Pledged Applicable Ownership Interests in Debentures or cash distributions on the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (ii) of the definition of such term), as the case may be, and (B) any payments of the principal amount of Debentures or the Stated Amount of the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, with respect to any Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, that have been released from the Pledge pursuant to the Pledge Agreement, to the Purchase Contract Agent to the account or accounts designated by the Purchase Contract Agent, no later than 2:00 p.m., New York City time, on the Business Day such payment is received by the Collateral Agent (*provided*, that in the event such payment is received by the Collateral Agent on a day that is not a Business Day or after 12:30 p.m., New York City time, on a Business Day, then such payment shall be made no later than 10:30 a.m., New York City time, on the next succeeding Business Day) and (ii) in the case of payments of the principal amount of Debentures or the Stated Amount of the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, of any Debentures or the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, to the Company on the Purchase Contract Settlement Date (as defined herein) in accordance with the terms of the Pledge Agreement, in full satisfaction of the respective obligations of the Holders of the Corporate Units of which such Pledged Applicable Ownership Interests in Debentures or the Treasury Portfolio, as the case may be, are a part under the Purchase Contracts forming a part of such Corporate Units. Payment of interest on any Pledged Applicable Ownership Interests in Debentures or cash distributions on the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (ii) of the definition of such term), as the case may be, forming part of a Corporate Unit evidenced hereby which are payable quarterly in arrears on February 15, May 15, August 15 and November 15 each year, commencing May 15, 2026 (each, a "**Payment Date**"), shall, subject to receipt thereof by the Purchase Contract Agent from the Collateral Agent, be paid to the Person in whose name this Corporate Unit Certificate (or a Predecessor Corporate Unit Certificate) is registered at the close of business on the Record Date for such Payment Date.

Each Purchase Contract evidenced hereby obligates the Holder of this Corporate Unit Certificate to purchase, and the Company to sell, not later than February 15, 2029 (the "**Purchase Contract Settlement Date**"), at a price of $50 in cash (the "**Purchase Price**"), a number of newly-issued shares of Common Stock, par value $0.01 per share, of the Company ("**Common Stock**") determined by reference to the applicable Settlement Rate (as defined below), unless on or prior to the Purchase Contract Settlement Date there shall have occurred a Termination Event, an Early Settlement or a Fundamental Change Early Settlement with respect to the Corporate Units of which such Purchase Contract is a part, all as provided in the Purchase Contract Agreement and more fully described on the reverse hereof.

The "**Settlement Rate**" shall be determined as follows: (a) if the Applicable Market Value (as defined below) is equal to or greater than $115.00 (the "**Threshold Appreciation Price**"), the applicable Settlement Rate shall equal 0.4348 shares of Common Stock per Purchase Contract (the "**Minimum Settlement Rate**"), (b) if the Applicable Market Value is less than the Threshold Appreciation Price, but is greater than $91.99 (the "**Reference Price**"), the applicable Settlement Rate shall equal the number of shares of Common Stock per Purchase Contract having a value equal to $50 divided by the Applicable Market Value, and (c) if the Applicable Market Value is less than or equal to the Reference Price, the applicable Settlement Rate shall equal 0.5435 shares of Common Stock per Purchase Contract (the "**Maximum Settlement Rate**"), in each case subject to adjustment as provided in the Purchase Contract Agreement. No fractional shares of Common Stock will be issued upon settlement of Purchase Contracts, as provided in the Purchase Contract Agreement.

The Company shall pay on each Payment Date in respect of each Purchase Contract forming part of a Corporate Unit evidenced hereby, an amount (the "**Contract Adjustment Payments**") equal to 3.375% per annum of the Stated Amount (computed on the basis of a 360-day year consisting of twelve 30-day months), subject to deferral at the option of the Company as provided in the Purchase Contract Agreement and more fully described on the reverse hereof. Such Contract Adjustment Payments shall be payable to the Person in whose name this Corporate Unit Certificate (or a Predecessor Corporate Unit Certificate) is registered on the Security Register at the close of business on the Record Date relating to such Payment Date.

Contract Adjustment Payments will be payable at the Corporate Trust Office or, at the option of the Company, by check mailed to the address of the Person entitled thereto at such Person's address as it appears on the Security Register or by wire transfer to an account appropriately designated in writing by the Person entitled to payment.

Reference is hereby made to the further provisions set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Purchase Contract Agent by manual signature, this Corporate Unit Certificate shall not be entitled to any benefit under the Pledge Agreement or the Purchase Contract Agreement or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company and the Holder specified above have caused this instrument to be duly executed.

This is one of the Corporate Unit Certificates referred to in the within mentioned Purchase Contract Agreement.

(Form of Reverse of Corporate Unit Certificate)

This Unit and each Purchase Contract evidenced hereby is governed by a Purchase Contract Agreement, dated as of February 1, 2026 (as may be supplemented from time to time, the "**Purchase Contract Agreement**"), between the Company and The Bank of New York Mellon, as purchase contract agent (including any successor thereunder, herein called the "**Purchase Contract Agent**"), to which the Purchase Contract Agreement and supplemental agreements thereto reference is hereby made for a description of the respective rights, limitations of rights, obligations, duties and immunities thereunder of the Purchase Contract Agent, the Company, and the Holders and of the terms upon which the Corporate Unit Certificates are, and are to be, executed and delivered.

Each Purchase Contract evidenced hereby, which is settled either through Early Settlement or Fundamental Change Early Settlement, shall obligate the Holder of the related Corporate Units to purchase at the applicable Purchase Price, and the Company to sell, a number of newly-issued shares of Common Stock equal to the Early Settlement Rate or the applicable Settlement Rate, as applicable.

The "**Applicable Market Value**" means the average of the Closing Price per share of Common Stock on each Trading Day during the Observation Period; *provided*, *however*, that if a Reorganization Event occurs, the Applicable Market Value will mean the value of an Exchange Property Unit. Following the occurrence of any such Reorganization Event, references herein to the purchase or issuance of shares of Common Stock shall be construed to be references to settlement into Exchange Property Units. For purposes of calculating the value of an Exchange Property Unit, (x) the value of any common stock included in the Exchange Property Unit shall be determined using the average of the Closing Price per share of such common stock on each Trading Day during the Observation Period (only if such common stock has traded on any Trading Day during the Observation Period) (adjusted as set forth under Section 5.6 of the Purchase Contract Agreement) and (y) the value of any other property, including securities other than common stock included in the Exchange Property Unit, shall be the value of such property on the first Trading Day of the Observation Period (as determined in good faith by the Board of Directors, whose determination shall be conclusive and described in a Board Resolution). The "**Closing Price**" of the Common Stock on any date of determination means the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock on the New York Stock Exchange (the "**NYSE**") on such date or, if the Common Stock is not listed for trading on the NYSE on any such date, as reported in the composite transactions for the principal United States securities exchange on which the Common Stock is so listed, or if the Common Stock is not so reported, the last quoted bid price for the Common Stock in the over-the-counter market as reported by the OTC Markets Group Inc. or similar organization, or, if such bid price is not available, the market value of the Common Stock on such date as determined by a nationally recognized independent investment banking firm retained by the Company for this purpose. A "**Trading Day**" means a day on which the Common Stock (A) is not suspended from trading on any national or regional securities exchange or over-the-counter market at the close of business and (B) has traded at least once on the national or regional securities exchange or over-the-counter market that is the primary market for the trading of the Common Stock at the

close of business. If the Common Stock is not traded on a securities exchange or quoted in the over-the-counter market, then "**Trading Day**" shall mean Business Day.

Unless the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of the Corporate Units or a Holder settles the underlying Purchase Contract through the early delivery of cash to the Purchase Contract Agent, each in accordance with the terms of the Purchase Contract Agreement, the Holder of the Corporate Units evidenced hereby shall pay, on the Purchase Contract Settlement Date, the Purchase Price for the shares of Common Stock purchased pursuant to each Purchase Contract evidenced hereby by effecting a Cash Settlement. A Holder of Corporate Units who does not make such payment in accordance with the Purchase Contract Agreement or who does not notify the Purchase Contract Agent of such Holder's intention, at or prior to 5:00 p.m., New York City time, on the seventh Business Day immediately preceding the Purchase Contract Settlement Date, to make a Cash Settlement or an Early Settlement, shall be deemed to have consented to the disposition of the Pledged Applicable Ownership Interests in Debentures pursuant to the Remarketing during the Final Remarketing Period described in the Purchase Contract Agreement.

If the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of Corporate Units and a Holder of Corporate Units fails to notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with the Purchase Contract Agreement or if such Holder does notify the Purchase Contract Agent of its intention to pay the Purchase Price in cash, but fails to make such payment, upon the maturity of the Pledged Applicable Ownership Interests in the Treasury Portfolio held by the Collateral Agent on the Business Day immediately prior to the Purchase Contract Settlement Date, the portion of the Pledged Applicable Ownership Interest in the Treasury Portfolio corresponding to such Purchase Contracts received by the Collateral Agent will, upon the written direction of the Company, be invested promptly in overnight Permitted Investments. On the Purchase Contract Settlement Date an amount equal to the Purchase Price will be remitted to the Company in settlement of the Purchase Contract in accordance with the terms of the Purchase Contract Agreement and the Pledge Agreement without receiving any instructions from the Holder.

If there is no Successful Remarketing during the Period for Early Remarketing and if each of the Remarketings during the Final Remarketing Period result in a Failed Remarketing, each Corporate Unit Holder of Applicable Ownership Interests in Debentures (as to which the related Purchase Contract has not been settled with cash) shall be deemed to have exercised its Put Right with respect to its Applicable Ownership Interests in Debentures, and to have elected that a portion of the Put Price equal to the principal amount of the relevant Debenture underlying such Applicable Ownership Interests in Debentures be applied against such Corporate Unit Holder's obligations to pay the Purchase Price for the Common Stock issued in accordance with each related Purchase Contract on the Purchase Contract Settlement Date, in accordance with the terms of the Pledge Agreement.

The Company shall not be obligated to issue any shares of Common Stock in respect of a Purchase Contract or deliver any certificates therefor to the Holder unless it shall have received

payment in full of the Purchase Price for the shares of Common Stock to be purchased thereunder in the manner set forth in the Purchase Contract Agreement.

Under and subject to the terms of the Pledge Agreement and the Purchase Contract Agreement, the Purchase Contract Agent will be entitled to exercise the voting and any other consensual rights pertaining to the Pledged Applicable Ownership Interests in Debentures but only to the extent instructed by the Holders as described below in this paragraph. Upon receipt of notice of any meeting at which holders of Debentures are entitled to vote or upon the solicitation of consents, waivers or proxies of holders of Debentures, the Purchase Contract Agent shall, as soon as practicable thereafter, mail to the Holders of Corporate Units a notice (a) containing such information as is contained in the notice or solicitation, (b) stating that each Corporate Unit Holder on the record date set by the Purchase Contract Agent therefor (which, to the extent possible, shall be the same date as the record date for determining the holders of Debentures entitled to vote) shall be entitled to instruct the Purchase Contract Agent as to the exercise of the voting rights pertaining to the Applicable Ownership Interest in Debentures constituting a part of such Holder's Corporate Units and (c) stating the manner in which such instructions may be given. Upon the written request of the Holders of Corporate Units on such record date, the Purchase Contract Agent shall endeavor insofar as practicable to vote or cause to be voted, in accordance with the instructions set forth in such requests, the maximum number of Debentures as to which any particular voting instructions are received. In the absence of specific instructions from the Holder of Corporate Units, the Purchase Contract Agent shall abstain from voting the Applicable Ownership Interest in Debentures constituting a part of such Corporate Units.

Upon the occurrence of (i) a Mandatory Redemption where the related Purchase Contracts have not been previously or concurrently terminated in accordance with Section 5.8 of the Purchase Contract Agreement or (ii) a Special Event Redemption, in each case, prior to the Purchase Contract Settlement Date, the Redemption Price equal to the Redemption Amount together with any accrued and unpaid interest payable on the Mandatory Redemption Date or the Special Event Redemption Date, as the case may be, with respect to the Applicable Ownership Interests in Debentures shall be delivered to the Collateral Agent in exchange for the Pledged Applicable Ownership Interests in Debentures. Pursuant to the terms of the Pledge Agreement, the Collateral Agent will apply an amount equal to the Redemption Amount to purchase, on behalf of the Holders of Corporate Units, the Treasury Portfolio and promptly remit the remaining portion of such Redemption Price, if any, to the Purchase Contract Agent for payment to the Holders of such Corporate Units. The Treasury Portfolio will be substituted for the Pledged Applicable Ownership Interests in Debentures, and will be held by the Collateral Agent in accordance with the terms of the Pledge Agreement to secure the obligation of each Holder of a Corporate Unit to purchase the Common Stock on the Purchase Contract Settlement Date under the Purchase Contract constituting a part of such Corporate Unit. Following the occurrence of a Mandatory Redemption or a Special Event Redemption prior to the Purchase Contract Settlement Date, the Holders of Corporate Units and the Collateral Agent shall have such security interests, rights and obligations with respect to the Treasury Portfolio as the Holder of Corporate Units and the Collateral Agent had in respect of the Debentures underlying the Applicable Ownership Interest in Debentures, subject to the Pledge thereof as provided in Article II, Article III,

Article IV, Article V, and Article VI of the Pledge Agreement and any reference herein to the Debentures shall be deemed to be reference to such Treasury Portfolio. The Company may cause to be made in any Corporate Unit Certificate therewith to be issued such change in phraseology and form (but not in substance) as may be appropriate to reflect the substitution of the Applicable Ownership Interest in the Treasury Portfolio for the Applicable Ownership Interest in Debentures as Collateral.

The Corporate Unit Certificates are issuable only in registered form and only in denominations of a single Corporate Unit and any integral multiple thereof. The transfer of any Corporate Unit Certificate will be registered and Corporate Unit Certificates may be exchanged as provided in the Purchase Contract Agreement. The Security Registrar may require a Holder, among other things, to furnish endorsements and transfer documents permitted by the Purchase Contract Agreement. No service charge shall be made for any such registration of transfer or exchange, but the Company and the Purchase Contract Agent may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. A Holder who elects to substitute Treasury Securities for the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, thereby creating Treasury Units, shall be responsible for any fees or expenses payable in connection therewith. Except as provided in the Purchase Contract Agreement, for so long as the Purchase Contract underlying a Corporate Unit remains in effect, such Corporate Unit shall not be separable into its constituent parts, and the rights and obligations of the Holder of such Corporate Unit in respect of the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, and the Purchase Contract comprising such Corporate Unit may be acquired, and may be transferred and exchanged, only as an entire Corporate Unit. The holder of any Corporate Units may substitute for the Pledged Applicable Ownership Interest in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (i) of the definition of such term) securing its obligation under the related Purchase Contract, Treasury Securities in an aggregate principal amount equal to the aggregate principal amount of the Pledged Applicable Ownership Interests in Debentures or Stated Amount of the Pledged Applicable Ownership Interests in the Treasury Portfolio in accordance with the terms of the Purchase Contract Agreement and the Pledge Agreement. From and after such Collateral Substitution, the Unit for which such Pledged Treasury Security secures the Holder's obligation under the Purchase Contract shall be referred to as a "**Treasury Unit**." A Holder may make such Collateral Substitution only in integral multiples of 40 Corporate Units for 40 Treasury Units; ***provided***, ***however***, that if a Special Event Redemption or a Mandatory Redemption or a Successful Early Remarketing has occurred and the Treasury Portfolio has become a component of the Corporate Units, a Holder may make such Collateral Substitutions only in integral multiples of 2,000 Corporate Units for 2,000 Treasury Units (or such other number of Treasury Units as may be determined by the Remarketing Agents in connection with a Successful Remarketing of the Debentures if the Reset Effective Date is not a Payment Date).

A Holder of a Treasury Unit may create or recreate a Corporate Unit by substituting the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be,

for all of the Treasury Securities that form a part of such Treasury Unit, in accordance with the terms of the Purchase Contract Agreement and the Pledge Agreement.

Subject to the next succeeding paragraph, the Company shall pay, on each Payment Date, the Contract Adjustment Payments payable in respect of each Purchase Contract to the Person in whose name the Corporate Unit Certificate evidencing such Purchase Contract is registered on the Security Register at the close of business on the Record Date relating to such Payment Date. The Contract Adjustment Payments will be payable at the Corporate Trust Office or, at the option of the Company, by check mailed to the address of the Person entitled thereto at such address as it appears on the Security Register or by wire transfer to an account appropriately designated in writing by such person.

The Company shall have the right, at any time prior to the Purchase Contract Settlement Date, to defer the payment of any or all of the Contract Adjustment Payments otherwise payable on any Payment Date to any subsequent Payment Date, but only if the Company shall give the Holders and the Purchase Contract Agent written notice of its election to defer such payment (specifying the amount to be deferred and the expected Deferral Period) as provided in the Purchase Contract Agreement. Any Contract Adjustment Payments so deferred shall bear additional Contract Adjustment Payments thereon at the rate of 7.375% per annum (computed on the basis of a 360-day year consisting of twelve 30-day months), compounding on each succeeding Payment Date, until paid in full (such deferred installments of Contract Adjustment Payments, if any, together with the additional Contract Adjustment Payments accrued thereon, are referred to herein as the "**Deferred Contract Adjustment Payments**"). Deferred Contract Adjustment Payments, if any, shall be due on the next succeeding Payment Date except to the extent that payment is deferred pursuant to the Purchase Contract Agreement. No Contract Adjustment Payments may be deferred to a date that is after the Purchase Contract Settlement Date.

In the event that the Company exercises its right to defer the payment of Contract Adjustment Payments, then, until the Deferred Contract Adjustment Payments have been paid, the Company shall not declare or pay dividends on, make other distributions with respect to, or redeem, purchase or acquire, or make a liquidation payment with respect to, any of its capital stock or make guarantee payments with respect to the foregoing other than:

(i) purchases, redemptions or other acquisitions of shares of capital stock of the Company in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors, consultants or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that payment of Contract Adjustment Payments is deferred requiring the Company to purchase, redeem or acquire its capital stock,

(ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of all or a portion of one class or series of the Company's capital stock, or the capital stock of one of its subsidiaries, for another class or series of the Company's capital stock,

(iii) any exchange, redemption or conversion of any class or series of the Company's indebtedness, or the indebtedness of one of its subsidiaries, for any class or series of the Company's capital stock,

(iv) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of the Company's capital stock or securities of the Company or one of its subsidiaries being converted or exchanged, or in connection with the settlement of stock purchase contracts,

(v) dividends or other distributions paid or made in capital stock of the Company (or rights to acquire capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of the Company's capital stock) and distributions in connection with the settlement of stock purchase contracts, or

(vi) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or other distribution of or with respect to rights in the future.

The Purchase Contracts and all obligations and rights of the Company and the Holders thereunder, including, without limitation, the rights of the Holders to receive and the obligation of the Company to pay any Contract Adjustment Payments or any Deferred Contract Adjustment Payments, and the rights and obligations of the Holders to purchase shares of Common Stock will immediately and automatically terminate, without the necessity of any notice or action by any Holder, the Purchase Contract Agent or the Company, if, on or prior to the Purchase Contract Settlement Date, a Termination Event shall have occurred. Upon the occurrence of a Termination Event, the Company shall promptly but in no event later than two Business Days thereafter give written notice to the Purchase Contract Agent, the Collateral Agent and to the Holders at their addresses as they appear in the Security Register. Upon and after the occurrence of a Termination Event, the Collateral Agent shall release the Debentures underlying the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, forming a part of the Corporate Units evidenced hereby from the Pledge in accordance with the provisions of the Pledge Agreement.

Subject to and upon compliance with the provisions of the Purchase Contract Agreement, a Holder of Corporate Units may settle the related Purchase Contracts in their entirety at any time on or prior to the second Business Day immediately preceding the first day of the Final Remarketing Period in the manner described herein, but only in integral multiples of 40 Corporate Units; *provided*, *however*, if the Treasury Portfolio has become a component of the Corporate Units, Holders of Corporate Units may settle early only in integral multiples of 2,000 Corporate Units at any time on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date (or such other number of Corporate Units as may be determined by the Remarketing Agents in connection with a Successful Remarketing of the Debentures if the Reset Effective Date is not a Payment Date). In order to exercise the right to effect any such early settlement ("**Early Settlement**") with respect to any Purchase Contracts evidenced by this Corporate Unit Certificate, the Holder of this Corporate Unit Certificate shall

deliver this Corporate Unit Certificate to the Purchase Contract Agent at the Corporate Trust Office duly endorsed for transfer to the Company or in blank with the form of Election to Settle Early/Fundamental Change Early Settlement set forth below duly completed and executed and accompanied by payment (payable to the Company in immediately available funds) in an amount (the "**Early Settlement Amount**") equal to the sum of (i) $50 times the number of Purchase Contracts being settled, plus (ii) if such delivery is made with respect to any Purchase Contracts during the period from the close of business on any Record Date relating to any Payment Date to the opening of business on such Payment Date, an amount equal to the Contract Adjustment Payments payable, if any, on such Payment Date with respect to such Purchase Contracts; *provided*, that no payment is required if the Company has elected to defer the Contract Adjustment Payments which would otherwise be payable on the Payment Date. Upon Early Settlement of Purchase Contracts by a Holder of the related Corporate Units, the Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio underlying such Corporate Units shall be released from the Pledge as provided in the Pledge Agreement and the Holder shall be entitled to receive a number of shares of Common Stock on account of each Purchase Contract forming part of a Corporate Unit as to which Early Settlement is effected equal to the Minimum Settlement Rate; *provided however*, that upon the Early Settlement of the Purchase Contracts, (i) the Holder's right to receive additional Contract Adjustment Payments in respect of such Purchase Contracts will terminate, and (ii) no adjustment will be made to or for the Holder on account of Deferred Contract Adjustment Payments, or any amount accrued in respect of Contract Adjustment Payments. The Early Settlement Rate shall be adjusted in the same manner and at the same time as the Settlement Rate is adjusted as provided in the Purchase Contract Agreement.

Upon registration of transfer of this Corporate Unit Certificate, the transferee shall be bound (without the necessity of any other action on the part of such transferee, except as may be required by the Purchase Contract Agent pursuant to the Purchase Contract Agreement) under the terms of the Purchase Contract Agreement, the Purchase Contracts evidenced hereby and the Pledge Agreement and the transferor shall be released from the obligations under the Purchase Contracts evidenced by this Corporate Unit Certificate. The Company covenants and agrees, and the Holder, by its acceptance hereof, likewise covenants and agrees, to be bound by the provisions of this paragraph.

The Holder of this Corporate Unit Certificate, by its acceptance hereof, irrevocably authorizes the Purchase Contract Agent to enter into and perform the related Purchase Contracts forming part of the Corporate Units evidenced hereby on its behalf as its attorney-in-fact (including the execution of this Corporate Unit Certificate on behalf of such Holder), expressly withholds any consent to the assumption of the Purchase Contracts by the Company, its trustee in bankruptcy, receiver, liquidator or a person or entity performing similar functions, in the event that the Company becomes a debtor under the Bankruptcy Code or subject to other similar Federal or State law providing for reorganization or liquidation, agrees to be bound by the terms and provisions thereof, covenants and agrees to perform its obligations under such Purchase Contracts, consents to the provisions of the Purchase Contract Agreement, irrevocably authorizes the Purchase Contract Agent to enter into and perform the Pledge Agreement on its behalf as its attorney-in-fact, and consents and agrees to be bound by the Pledge of the Applicable Ownership

Interest in Debentures, or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, underlying this Corporate Unit Certificate pursuant to the Pledge Agreement. The Holder, by its acceptance hereof, further covenants and agrees, that, to the extent and in the manner provided in the Purchase Contract Agreement and the Pledge Agreement, but subject to the terms thereof, payments in respect of the principal and interest of the Debentures underlying the Applicable Ownership Interest in Debentures, or the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), on the Purchase Contract Settlement Date shall be paid by the Collateral Agent to the Company in satisfaction of such Holder's obligations under such Purchase Contract and such Holder shall acquire no right, title or interest in such payments.

The Holder of this Corporate Unit Certificate, by its acceptance hereof, covenants and agrees to treat itself as the owner, for Federal, State and local income and franchise tax purposes, of the related Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio forming part of the Corporate Units evidenced hereby. The Holder of this Corporate Unit Certificate, by its acceptance hereof, further covenants and agrees to treat the Applicable Ownership Interest in Debentures that are components of the Corporate Units evidenced hereby as indebtedness of NextEra Energy Capital Holdings, Inc., a Florida corporation ("**NEE Capital**"), for Federal, State and local income and franchise tax purposes.

The Holder of this Corporate Unit Certificate (and the Applicable Ownership Interests in Debentures underlying Corporate Units of such Holder represented by this Corporate Units Certificate), by its acceptance hereof, will be deemed to have represented and warranted that either:

(a) the Holder is not purchasing the Corporate Units (and the Applicable Ownership Interests in Debentures, underlying such Corporate Units) on behalf of, or with the assets of, any Plan; or

(b) (i) the Plan will receive no less and pay no more than "adequate consideration" (within the meaning of Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code) in connection with the purchase, holding and disposition of the Corporate Units (and the Applicable Ownership Interests in Debentures underlying such Corporate Units),

(ii) the purchase, holding and disposition of the Corporate Units (and the Applicable Ownership Interests in Debentures underlying such Corporate Units) are eligible for exemptive relief or such purchase, holding and disposition will not result in a non-exempt prohibited transaction under ERISA or the Code, or a violation of Similar Law,

(iii) neither the Company, NEE Capital nor any of their affiliates exercised any discretionary authority or discretionary control respecting the purchase, holding and disposition of the Corporate Units (and the Applicable Ownership Interests in Debentures underlying such Corporate Units) and none of the Company, NEE Capital nor any of their affiliates provided advice that has formed the primary

basis for the decision to purchase, hold or dispose of the Corporate Units (and the Applicable Ownership Interests in Debentures underlying such Corporate Units) and

(iv) the Holder hereby directs the Company, NEE Capital, the Purchase Contract Agent, the Collateral Agent and the Remarketing Agents to take the actions set forth in the Purchase Contract Agreement, the Pledge Agreement, the Officer's Certificate and the Remarketing Agreement to be taken by such parties.

Subject to certain exceptions, the provisions of the Purchase Contract Agreement may be amended with the consent of the Holders of a majority of the Purchase Contracts. In addition, certain amendments to the Purchase Contract Agreement may be made without any consent of the Holders as provided in the Purchase Contract Agreement.

THE PURCHASE CONTRACTS SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREUNDER, EXCEPT TO THE EXTENT THAT THE LAWS OF ANY OTHER JURISDICTION SHALL BE MANDATORILY APPLICABLE.

Prior to due presentment of a Certificate for registration of transfer, the Company, NEE Capital and the Purchase Contract Agent, and any agent of the Company, NEE Capital or the Purchase Contract Agent, may treat the Person in whose name this Corporate Unit Certificate is registered on the Security Register as the owner of the Corporate Units evidenced hereby for the purpose of (subject to any applicable record date) any payment or distribution with respect to the Applicable Ownership Interests in Debentures or the Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (ii) of the definition of Applicable Ownership Interest in the Treasury Portfolio), as applicable, payments of Contract Adjustment Payments and any Deferred Contract Adjustment Payments, performance of the Purchase Contracts and for all other purposes whatsoever in connection with such Corporate Units, whether or not payment, distribution or performance shall be overdue and notwithstanding any notice to the contrary, and neither the Company, NEE Capital nor the Purchase Contract Agent, nor any agent of the Company, NEE Capital or the Purchase Contract Agent, shall be affected by notice to the contrary.

The Purchase Contracts shall not, prior to the settlement thereof, in accordance with the Purchase Contract Agreement, entitle the Holder to any of the rights of a holder of shares of Common Stock.

A copy of the Purchase Contract Agreement is available for inspection at the offices of the Purchase Contract Agent.

(Form of Face of Treasury Unit Certificate)

Treasury Units
($50 Stated Amount)

This Treasury Unit Certificate certifies that _____ is the registered Holder of the number of Treasury Units set forth above [for inclusion in Global Certificates only—or such other number of Treasury Units reflected in the Schedule of Increases or Decreases in Global Certificate attached hereto], which number shall not exceed _____. Each Treasury Unit represents (a) the ownership by the Holder thereof of a 5% undivided beneficial interest in a Treasury Security, subject to the Pledge of such interest by such Holder pursuant to the Pledge Agreement, and (b) the rights and obligations of the Holder thereof and of NextEra Energy, Inc., a Florida corporation (the "**Company**"), under one Purchase Contract. All capitalized terms

used herein without definition herein shall have the meaning set forth or incorporated by reference in the Purchase Contract Agreement referred to below.

Pursuant to the Pledge Agreement, the undivided beneficial interest in a Treasury Security constituting part of each Treasury Unit evidenced hereby has been pledged to the Collateral Agent, for the benefit of the Company, to secure the obligations of the Holder under the Purchase Contract comprising a part of such Treasury Unit.

The Pledge Agreement provides that all payments of the principal of any Treasury Securities received by the Collateral Agent shall be paid by the Collateral Agent by wire transfer in same day funds (i) in the case of any principal payments with respect to any Pledged Treasury Securities that have been released from the Pledge pursuant to the Pledge Agreement, to the Holders of the applicable Treasury Units, to the accounts designated by them in writing for such purpose no later than 2:00 p.m., New York City time, on the Business Day such payment is received by the Collateral Agent (*provided*, that in the event such payment is received by the Collateral Agent on a day that is not a Business Day or after 12:30 p.m., New York City time, on a Business Day, then such payment shall be made no later than 10:30 a.m., New York City time, on the next succeeding Business Day) and (ii) in the case of payments of the principal of any Pledged Treasury Securities, to the Company on the Purchase Contract Settlement Date (as defined herein) in accordance with the terms of the Pledge Agreement, in full satisfaction of the respective obligations of the Holders of the Treasury Units under the Purchase Contracts forming a part of such Treasury Units.

Each Purchase Contract evidenced hereby obligates the Holder of this Treasury Unit Certificate to purchase, and the Company to sell, not later than February 15, 2029 (the "**Purchase Contract Settlement Date**"), at a price of $50 in cash (the "**Purchase Price**"), a number of newly-issued shares of Common Stock, par value $0.01 per share, of the Company ("**Common Stock**") determined by reference to the applicable Settlement Rate (as defined below), unless on or prior to the Purchase Contract Settlement Date there shall have occurred a Termination Event, an Early Settlement or a Fundamental Change Early Settlement with respect to the Treasury Units of which such Purchase Contract is a part, all as provided in the Purchase Contract Agreement and more fully described on the reverse hereof.

The "**Settlement Rate**" shall be determined as follows: (a) if the Applicable Market Value (as defined below) is equal to or greater than $115.00 (the "**Threshold Appreciation Price**"), the applicable Settlement Rate shall equal 0.4348 shares of Common Stock per Purchase Contract (the "**Minimum Settlement Rate**"), (b) if the Applicable Market Value is less than the Threshold Appreciation Price, but is greater than $91.99 (the "**Reference Price**"), the applicable Settlement Rate shall equal the number of shares of Common Stock per Purchase Contract having a value equal to $50 divided by the Applicable Market Value, and (c) if the Applicable Market Value is less than or equal to the Reference Price, the applicable Settlement Rate shall equal 0.5435 shares of Common Stock per Purchase Contract (the "**Maximum Settlement Rate**"), in each case subject to adjustment as provided in the Purchase Contract Agreement. No fractional shares of Common Stock will be issued upon settlement of Purchase Contracts, as provided in the Purchase Contract Agreement.

The Company shall pay on each Payment Date in respect of each Purchase Contract forming part of a Treasury Unit evidenced hereby, an amount (the "**Contract Adjustment Payments**") equal to 3.375% per annum of the Stated Amount (computed on the basis of a 360-day year consisting of twelve 30-day months), subject to deferral at the option of the Company as provided in the Purchase Contract Agreement and more fully described on the reverse hereof. Such Contract Adjustment Payments shall be payable to the Person in whose name this Treasury Unit Certificate (or a Predecessor Treasury Unit Certificate) is registered on the Security Register at the close of business on the Record Date relating to such Payment Date.

Contract Adjustment Payments will be payable at the Corporate Trust Office or, at the option of the Company, by check mailed to the address of the Person entitled thereto at such Person's address as it appears on the Security Register or by wire transfer to an account appropriately designated in writing by the Person entitled to payment.

Reference is hereby made to the further provisions set forth on the reverse hereof, which further provisions shall for all purposes have the same effect as if set forth at this place.

Unless the certificate of authentication hereon has been executed by the Purchase Contract Agent by manual signature, this Treasury Unit Certificate shall not be entitled to any benefit under the Pledge Agreement or the Purchase Contract Agreement or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company and the Holder specified above have caused this instrument to be duly executed.

(Form of Reverse of Treasury Unit Certificate)

This Unit and each Purchase Contract evidenced hereby is governed by a Purchase Contract Agreement, dated as of February 1, 2026 (as may be supplemented from time to time, the "**Purchase Contract Agreement**"), between the Company and The Bank of New York Mellon, as purchase contract agent (including any successor thereunder, herein called the "**Purchase Contract Agent**"), to which the Purchase Contract Agreement and supplemental agreements thereto reference is hereby made for a description of the respective rights, limitations of rights, obligations, duties and immunities thereunder of the Purchase Contract Agent, the Company, and the Holders and of the terms upon which the Treasury Unit Certificates are, and are to be, executed and delivered.

Each Purchase Contract evidenced hereby, which is settled either through Early Settlement or Fundamental Change Early Settlement, shall obligate the Holder of the related Treasury Units to purchase at the applicable Purchase Price, and the Company to sell, a number of newly-issued shares of Common Stock equal to the Early Settlement Rate or the applicable Settlement Rate, as applicable.

The "**Applicable Market Value**" means the average of the Closing Price per share of Common Stock on each Trading Day during the Observation Period; *provided*, *however*, that if a Reorganization Event occurs, the Applicable Market Value will mean the value of an Exchange Property Unit. Following the occurrence of any such Reorganization Event, references herein to the purchase or issuance of shares of Common Stock shall be construed to be references to settlement into Exchange Property Units. For purposes of calculating the value of an Exchange Property Unit, (x) the value of any common stock included in the Exchange Property Unit shall be determined using the average of the Closing Price per share of such common stock on each Trading Day during the Observation Period (only if such common stock has traded on any Trading Day during the Observation Period) (adjusted as set forth under Section 5.6 of the Purchase Contract Agreement) and (y) the value of any other property, including securities other than common stock included in the Exchange Property Unit, shall be the value of such property on the first Trading Day of the Observation Period (as determined in good faith by the Board of Directors, whose determination shall be conclusive and described in a Board Resolution). The "**Closing Price**" of the Common Stock on any date of determination means the closing sale price (or, if no closing price is reported, the last reported sale price) of the Common Stock on the New York Stock Exchange (the "**NYSE**") on such date or, if the Common Stock is not listed for trading on the NYSE on any such date, as reported in the composite transactions for the principal United States securities exchange on which the Common Stock is so listed, or if the Common Stock is not so reported, the last quoted bid price for the Common Stock in the over-the-counter market as reported by the OTC Markets Group Inc. or similar organization, or, if such bid price is not available, the market value of the Common Stock on such date as determined by a nationally recognized independent investment banking firm retained by the Company for this purpose. A "**Trading Day**" means a day on which the Common Stock (A) is not suspended from trading on any national or regional securities exchange or over-the-counter market at the close of business and (B) has traded at least once on the national or regional securities exchange or over-the-counter market that is the primary market for the trading of the Common Stock at the close of business. If the Common Stock is not traded on a securities exchange or quoted in the over-the-counter market, then "**Trading Day**" shall mean Business Day.

In accordance with the terms of the Purchase Contract Agreement, the Holder of the Treasury Units evidenced hereby shall pay, on the Purchase Contract Settlement Date, the Purchase

Price for the shares of Common Stock purchased pursuant to each Purchase Contract evidenced hereby by effecting a Cash Settlement. If a Holder of Treasury Units fails to notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with the Purchase Contract Agreement or if such Holder does notify the Purchase Contract Agent of its intention to pay the Purchase Price in cash, but fails to make such payment, upon the maturity of the Pledged Treasury Securities held by the Collateral Agent on the Business Day immediately prior to the Purchase Contract Settlement Date, the principal amount of the Treasury Securities received by the Collateral Agent will, upon the written direction of the Company, be invested promptly in overnight Permitted Investments. On the Purchase Contract Settlement Date an amount equal to the Purchase Price will be remitted to the Company in settlement of the Purchase Contract in accordance with the terms of the Purchase Contract Agreement and the Pledge Agreement without receiving any instructions from the Holder.

The Company shall not be obligated to issue any shares of Common Stock in respect of a Purchase Contract or deliver any certificates therefor to the Holder unless it shall have received payment in full of the Purchase Price for the shares of Common Stock to be purchased thereunder in the manner set forth in the Purchase Contract Agreement.

The Treasury Unit Certificates are issuable only in registered form and only in denominations of a single Treasury Unit and any integral multiple thereof. The transfer of any Treasury Unit Certificate will be registered and Treasury Unit Certificates may be exchanged as provided in the Purchase Contract Agreement. The Security Registrar may require a Holder, among other things, to furnish endorsements and transfer documents permitted by the Purchase Contract Agreement. No service charge shall be made for any such registration of transfer or exchange, but the Company and the Purchase Contract Agent may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith. A Holder who elects to substitute the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, for Treasury Securities, thereby creating Corporate Units, shall be responsible for any fees or expenses payable in connection therewith. Except as provided in the Purchase Contract Agreement, for so long as the Purchase Contract underlying a Treasury Unit remains in effect, such Treasury Unit shall not be separable into its constituent parts, and the rights and obligations of the Holder of such Treasury Unit in respect of the Treasury Security and the Purchase Contract comprising such Treasury Unit may be acquired, and may be transferred and exchanged, only as an entire Treasury Unit. The holder of any Treasury Units may substitute for the Treasury Securities securing its obligation under the related Purchase Contract, the Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (i) of the definition of such term) in an aggregate principal amount equal to the aggregate principal amount of the Pledged Treasury Securities in accordance with the terms of the Purchase Contract Agreement and the Pledge Agreement. From and after such Collateral Substitution, the Unit for which such Pledged Applicable Ownership Interest in Debentures or such Pledged Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term) secures the Holder's obligation under the Purchase Contract shall be referred to as a "**Corporate Unit**." A Holder may make such Collateral Substitution only in integral multiples of 40 Treasury Units for 40 Corporate Units; *provided*, *however*, that if a Special Event Redemption or a Mandatory Redemption or a Successful Early Remarketing has occurred and the Treasury Portfolio has become a component of the Corporate Units, a Holder may make such Collateral Substitutions only in integral multiples of 2,000 Treasury Units for 2,000 Corporate Units (or such other number of Corporate Units as may be

determined by the Remarketing Agents in connection with a Successful Remarketing of the Debentures if the Reset Effective Date is not a Payment Date).

A Holder of a Corporate Unit may create or recreate a Treasury Unit by substituting Treasury Securities for all of the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, that form a part of such Corporate Unit, in accordance with the terms of the Purchase Contract Agreement and the Pledge Agreement.

Subject to the next succeeding paragraph, the Company shall pay, on each Payment Date, the Contract Adjustment Payments payable in respect of each Purchase Contract to the Person in whose name the Treasury Unit Certificate evidencing such Purchase Contract is registered on the Security Register at the close of business on the Record Date relating to such Payment Date. The Contract Adjustment Payments will be payable at the Corporate Trust Office or, at the option of the Company, by check mailed to the address of the Person entitled thereto at such address as it appears on the Security Register or by wire transfer to an account appropriately designated in writing by such person.

The Company shall have the right, at any time prior to the Purchase Contract Settlement Date, to defer the payment of any or all of the Contract Adjustment Payments otherwise payable on any Payment Date to any subsequent Payment Date, but only if the Company shall give the Holders and the Purchase Contract Agent written notice of its election to defer such payment (specifying the amount to be deferred and the expected Deferral Period) as provided in the Purchase Contract Agreement. Any Contract Adjustment Payments so deferred shall bear additional Contract Adjustment Payments thereon at the rate of 7.375% per annum (computed on the basis of a 360-day year consisting of twelve 30-day months), compounding on each succeeding Payment Date, until paid in full (such deferred installments of Contract Adjustment Payments, if any, together with the additional Contract Adjustment Payments accrued thereon, are referred to herein as the "**Deferred Contract Adjustment Payments**"). Deferred Contract Adjustment Payments, if any, shall be due on the next succeeding Payment Date except to the extent that payment is deferred pursuant to the Purchase Contract Agreement. No Contract Adjustment Payments may be deferred to a date that is after the Purchase Contract Settlement Date.

In the event that the Company exercises its right to defer the payment of Contract Adjustment Payments, then, until the Deferred Contract Adjustment Payments have been paid, the Company shall not declare or pay dividends on, make other distributions with respect to, or redeem, purchase or acquire, or make a liquidation payment with respect to, any of its capital stock or make guarantee payments with respect to the foregoing other than:

(i) purchases, redemptions or other acquisitions of shares of capital stock of the Company in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of any one or more employees, officers, directors, consultants or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that payment of Contract Adjustment Payments is deferred requiring the Company to purchase, redeem or acquire its capital stock,

(ii) as a result of a reclassification of the Company's capital stock or the exchange or conversion of all or a portion of one class or series of the Company's capital stock, or the capital stock of one of its subsidiaries, for another class or series of the Company's capital stock,

(iii) any exchange, redemption or conversion of any class or series of the Company's indebtedness, or the indebtedness of one of its subsidiaries, for any class or series of the Company's capital stock,

(iv) the purchase of fractional interests in shares of the Company's capital stock pursuant to the conversion or exchange provisions of the Company's capital stock or securities of the Company or one of its subsidiaries being converted or exchanged, or in connection with the settlement of stock purchase contracts,

(v) dividends or other distributions paid or made in capital stock of the Company (or rights to acquire capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of the Company's capital stock) and distributions in connection with the settlement of stock purchase contracts, or

(vi) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or other distribution of or with respect to rights in the future.

The Purchase Contracts and all obligations and rights of the Company and the Holders thereunder, including, without limitation, the rights of the Holders to receive and the obligation of the Company to pay any Contract Adjustment Payments or any Deferred Contract Adjustment Payments, and the rights and obligations of the Holders to purchase shares of Common Stock will immediately and automatically terminate, without the necessity of any notice or action by any Holder, the Purchase Contract Agent or the Company, if, on or prior to the Purchase Contract Settlement Date, a Termination Event shall have occurred. Upon the occurrence of a Termination Event, the Company shall promptly but in no event later than two Business Days thereafter give written notice to the Purchase Contract Agent, the Collateral Agent and to the Holders at their addresses as they appear in the Security Register. Upon and after the occurrence of a Termination Event, the Collateral Agent shall release the Treasury Securities from the Pledge in accordance with the provisions of the Pledge Agreement.

Subject to and upon compliance with the provisions of the Purchase Contract Agreement, a Holder of Treasury Units may settle the related Purchase Contracts in their entirety at any time on or prior to the second Business Day immediately preceding the first day of the Final Remarketing Period in the manner described herein, but only in integral multiples of 20 Treasury Units. In order to exercise the right to effect any such early settlement ("**Early Settlement**") with respect to any Purchase Contracts evidenced by this Treasury Unit Certificate, the Holder of this Treasury Unit Certificate shall deliver this Treasury Unit Certificate to the Purchase Contract Agent at the Corporate Trust Office duly endorsed for transfer to the Company or in blank with the form of Election to Settle Early/Fundamental Change Early Settlement set forth below duly completed and executed and accompanied by payment (payable to the Company in immediately available funds) in an amount (the "**Early Settlement Amount**") equal to the sum of (i) $50 times the number of

Purchase Contracts being settled, plus (ii) if such delivery is made with respect to any Purchase Contracts during the period from the close of business on any Record Date relating to any Payment Date to the opening of business on such Payment Date, an amount equal to the Contract Adjustment Payments payable, if any, on such Payment Date with respect to such Purchase Contracts; *provided*, that no payment is required if the Company has elected to defer the Contract Adjustment Payments which would otherwise be payable on the Payment Date. Upon Early Settlement of Purchase Contracts by a Holder of the related Treasury Units, the Pledged Treasury Securities underlying such Treasury Units shall be released from the Pledge as provided in the Pledge Agreement and the Holder shall be entitled to receive a number of shares of Common Stock on account of each Purchase Contract forming part of a Treasury Unit as to which Early Settlement is effected equal to the Minimum Settlement Rate; *provided however*, that upon the Early Settlement of the Purchase Contracts, (i) the Holder's right to receive additional Contract Adjustment Payments in respect of such Purchase Contracts will terminate, and (ii) no adjustment will be made to or for the Holder on account of Deferred Contract Adjustment Payments, or any amount accrued in respect of Contract Adjustment Payments. The Early Settlement Rate shall be adjusted in the same manner and at the same time as the Settlement Rate is adjusted as provided in the Purchase Contract Agreement.

Upon registration of transfer of this Treasury Unit Certificate, the transferee shall be bound (without the necessity of any other action on the part of such transferee, except as may be required by the Purchase Contract Agent pursuant to the Purchase Contract Agreement) under the terms of the Purchase Contract Agreement, the Purchase Contracts evidenced hereby and the Pledge Agreement and the transferor shall be released from the obligations under the Purchase Contracts evidenced by this Treasury Unit Certificate. The Company covenants and agrees, and the Holder, by its acceptance hereof, likewise covenants and agrees, to be bound by the provisions of this paragraph.

The Holder of this Treasury Unit Certificate, by its acceptance hereof, irrevocably authorizes the Purchase Contract Agent to enter into and perform the related Purchase Contracts forming part of the Treasury Units evidenced hereby on its behalf as its attorney-in-fact (including the execution of this Treasury Unit Certificate on behalf of such Holder), expressly withholds any consent to the assumption of the Purchase Contracts by the Company, its trustee in bankruptcy, receiver, liquidator or a person or entity performing similar functions, in the event that the Company becomes a debtor under the Bankruptcy Code or subject to other similar Federal or State law providing for reorganization or liquidation, agrees to be bound by the terms and provisions thereof, covenants and agrees to perform its obligations under such Purchase Contracts, consents to the provisions of the Purchase Contract Agreement, irrevocably authorizes the Purchase Contract Agent to enter into and perform the Pledge Agreement on its behalf as its attorney-in-fact, and consents and agrees to be bound by the Pledge of the Treasury Securities underlying this Treasury Unit Certificate pursuant to the Pledge Agreement. The Holder, by its acceptance hereof, further covenants and agrees, that, to the extent and in the manner provided in the Purchase Contract Agreement and the Pledge Agreement, but subject to the terms thereof, payments in respect of the Pledged Treasury Securities on the Purchase Contract Settlement Date shall be paid by the Collateral Agent to the Company in satisfaction of such Holder's obligations under such Purchase Contract and such Holder shall acquire no right, title or interest in such payments.

The Holder of this Treasury Unit Certificate (and the Treasury Securities underlying Treasury Units of such Holder represented by this Treasury Unit Certificate), by its acceptance hereof, will be deemed to have represented and warranted that either:

(a) the Holder is not purchasing the Treasury Units (and the Treasury Securities underlying Treasury Units of such Holder represented by this Treasury Units Certificate) on behalf of, or with the assets of, any Plan; or

(b) (i) the Plan will receive no less and pay no more than "adequate consideration" (within the meaning of Section 408(b)(17) of ERISA and Section 4975(d)(20) of the Code) in connection with the purchase, holding and disposition of the Treasury Units (and the Treasury Securities underlying such Treasury Units),

(ii) the purchase, holding and disposition of the Treasury Units (and the undivided ownership interests in Treasury Securities, underlying such Treasury Units) are eligible for exemptive relief or such purchase, holding and disposition will not result in a non-exempt prohibited transaction under ERISA or the Code, or a violation of Similar Law,

(iii) neither the Company, NextEra Energy Capital Holdings, Inc., a Florida corporation ("**NEE Capital**"), nor any of their affiliates exercised any discretionary authority or discretionary control respecting the purchase, holding and disposition of the Treasury Units (and the undivided ownership interests in Treasury Securities underlying such Treasury Units) and none of the Company, NEE Capital nor any of their affiliates provided advice that has formed the primary basis for the decision to purchase, hold or dispose of the Treasury Units (and the undivided ownership interests in Treasury Securities underlying such Treasury Units) and

(iv) the Holder hereby directs the Company, NEE Capital, the Purchase Contract Agent, the Collateral Agent and the Remarketing Agents to take the actions set forth in the Purchase Contract Agreement, the Pledge Agreement, the Officer's Certificate and the Remarketing Agreement to be taken by such parties.

Subject to certain exceptions, the provisions of the Purchase Contract Agreement may be amended with the consent of the Holders of a majority of the Purchase Contracts. In addition, certain amendments to the Purchase Contract Agreement may be made without any consent of the Holders as provided in the Purchase Contract Agreement.

THE PURCHASE CONTRACTS SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK WITHOUT REGARD TO CONFLICTS OF LAWS PRINCIPLES THEREUNDER, EXCEPT TO THE EXTENT THAT THE LAWS OF ANY OTHER JURISDICTION SHALL BE MANDATORILY APPLICABLE.

Prior to due presentment of a Certificate for registration of transfer, the Company, NEE Capital, and the Purchase Contract Agent, and any agent of the Company, NEE Capital or the Purchase Contract Agent, may treat the Person in whose name this Treasury Unit Certificate is registered on the Security Register as the owner of the Treasury Units evidenced hereby for the purpose of any payments on the Treasury Securities, payments of Contract Adjustment Payments and any Deferred Contract Adjustment Payments, performance of the Purchase Contracts and for all other purposes whatsoever in connection with such Treasury Units, whether or not payment, distribution or performance shall be overdue and notwithstanding any notice to the contrary, and neither the Company, NEE Capital nor the Purchase Contract Agent, nor any agent of the Company, NEE Capital or the Purchase Contract Agent, shall be affected by notice to the contrary.

The Purchase Contracts shall not, prior to the settlement thereof, in accordance with the Purchase Contract Agreement, entitle the Holder to any of the rights of a holder of shares of Common Stock.

A copy of the Purchase Contract Agreement is available for inspection at the offices of the Purchase Contract Agent.

PLEDGE AGREEMENT, dated as of February 1, 2026 (this "**Agreement**"), between NextEra Energy, Inc., a Florida corporation (the "**Company**"), as pledgee, Deutsche Bank Trust Company Americas, a New York banking corporation, not individually but solely as collateral agent (in such capacity, together with its successors in such capacity, the "**Collateral Agent**"), as custodial agent (in such capacity, together with its successors in such capacity, the "**Custodial Agent**") and as a "securities intermediary" as defined in Section 8-102(a)(14) of the UCC (as defined herein) (in such capacity, together with its successors in such capacity, the "**Securities Intermediary**"), and The Bank of New York Mellon, a New York banking corporation, not individually but solely as purchase contract agent and as attorney-in-fact for the Holders (as defined in the Purchase Contract Agreement (as hereinafter defined)) of Equity Units (as hereinafter defined) from time to time (in such capacity, together with its successors in such capacity, the "**Purchase Contract Agent**") under the Purchase Contract Agreement.

RECITALS

The Company and the Purchase Contract Agent are parties to the Purchase Contract Agreement, dated as of the date hereof (as modified and supplemented and in effect from time to time, the "**Purchase Contract Agreement**"), pursuant to which there may be issued up to 46,000,000 units (referred to as "**Equity Units**") of the Company, having a stated amount of $50 ("**Stated Amount**") per Equity Unit.

The Equity Units will initially consist of 46,000,000 Corporate Units and 0 Treasury Units. Each Corporate Unit will consist of (a) a stock purchase contract (as modified and supplemented and in effect from time to time, a "**Purchase Contract**") under which (i) the Holder will purchase from the Company not later than February 15, 2029 ("**Purchase Contract Settlement Date**"), for $50 in cash, a number of newly-issued shares of common stock, $0.01 par value per share, of the Company ("**Common Stock**") determined by reference to the applicable Settlement Rate and (ii) the Company will pay certain Contract Adjustment Payments to the Holders as provided in the Purchase Contract Agreement, and (b) either (A) prior to the Purchase Contract Settlement Date so long as no Special Event Redemption or Mandatory Redemption has occurred, (i) the Applicable Ownership Interest in Debentures, such debentures being the Series P Debentures due February 15, 2031 ("**Series P Debentures**") issued by NextEra Energy Capital Holdings, Inc. ("**NEE Capital**") and the Series Q Debentures due February 15, 2034 (the "**Series Q Debentures**" and together with the Series P Debentures the "**Debentures**") issued by NEE Capital, or (ii) following a Successful Remarketing during the Period for Early Remarketing, the Applicable Ownership Interest in the Treasury Portfolio, or (B) upon the occurrence of a Special Event Redemption or a Mandatory Redemption (if the Purchase Contracts have not been previously or concurrently terminated in accordance with the Purchase Contract Agreement) prior to the Purchase Contract Settlement Date, the Applicable Ownership Interest in the Treasury Portfolio.

Each Treasury Unit will consist of (a) a Purchase Contract under which (i) the Holder will purchase from the Company not later than the Purchase Contract Settlement Date, for $50 in cash, a number of newly-issued shares of Common Stock determined by reference to the applicable Settlement Rate and (ii) the Company will pay certain Contract Adjustment Payments to the Holders as provided in the Purchase Contract Agreement, and (b) a 5% undivided beneficial ownership interest in a zero-coupon U.S. Treasury security having a principal amount at maturity

equal to $1,000 and maturing on January 31, 2029 (CUSIP No. 912821HG3) ("**Treasury Security**").

Pursuant to the terms of the Purchase Contract Agreement and the Purchase Contracts, the Holders, from time to time, of the Equity Units have irrevocably authorized the Purchase Contract Agent, as attorney-in-fact for such Holders, among other things, to execute and deliver this Agreement on behalf of and in the name of such Holders and to grant the pledge provided hereby of the Applicable Ownership Interest in Debentures, any Applicable Ownership Interest in the Treasury Portfolio and any Treasury Securities to secure each Holder's obligations under the related Purchase Contract, as provided herein and subject to the terms hereof. Upon such pledge, the Debentures underlying the Applicable Ownership Interest in Debentures will be beneficially owned by the Holders but will be owned of record by the Purchase Contract Agent subject to the Pledge hereunder, and the Treasury Securities (and the Applicable Ownership Interest in the Treasury Portfolio) will be beneficially owned by the Holders but will be held in book-entry form by the Securities Intermediary subject to the Pledge.

Accordingly, the Company, the Collateral Agent, the Securities Intermediary, the Custodial Agent and the Purchase Contract Agent, on its own behalf and as attorney-in-fact for the Holders of Equity Units from time to time, agree as follows:

ARTICLE II.

PLEDGE; CONTROL AND PERFECTION

SECTION 2.1 The Pledge

The Holders from time to time acting through the Purchase Contract Agent, as their attorney-in-fact, and the Purchase Contract Agent, as such attorney-in-fact, hereby pledge and grant to the Collateral Agent, for the benefit of the Company, as collateral security for the performance when due by such Holders of their respective obligations under the related Purchase Contracts, a security interest in all of the right, title and interest of such Holders and the Purchase Contract Agent in the Collateral. Prior to or concurrently with the execution and delivery of this Agreement, the Purchase Contract Agent, on behalf of the initial Holders of the Equity Units, shall cause the Debentures underlying the Pledged Applicable Ownership Interests in Debentures that are components of the Corporate Units, to be Transferred to the Collateral Agent for the benefit of the Company. Such Debentures shall be Transferred by physically delivering such Debentures to the Collateral Agent endorsed in blank. From time to time, the Treasury Securities and the Treasury Portfolio, as applicable, shall be Transferred to the Collateral Account maintained by the Collateral Agent as the Securities Intermediary by book-entry transfer to the Collateral Account in accordance with the TRADES Regulations and other applicable law and by the notation by the Securities Intermediary on its books that a Security Entitlement with respect to such Treasury Securities or Treasury Portfolio, has been credited to the Collateral Account. For purposes of perfecting the Pledge under applicable law, including, to the extent applicable, the TRADES Regulations or the

Uniform Commercial Code as adopted and in effect in any applicable jurisdiction, the Collateral Agent shall be the agent of the Company as provided herein. The pledge provided in this *Section 2.1* is herein referred to as the "**Pledge**." Subject to the Pledge and the provisions of *Section 2.2* hereof, the Holders from time to time shall have full beneficial ownership of the Collateral. The Collateral Agent shall have the right to have the Debentures held in physical form reregistered in its name or in the name of its agent or the Securities Intermediary and credited to the Collateral Account.

Except as may be required in order to release Pledged Applicable Ownership Interest in Debentures (or if (i) a Special Event Redemption if the Purchase Contracts have not been previously or concurrently terminated in accordance with the Purchase Contract Agreement, (ii) a Mandatory Redemption if the Purchase Contracts have not been previously or concurrently terminated in accordance with the Purchase Contract Agreement or (iii) a Successful Remarketing has occurred, a Pledged Applicable Ownership Interest in the Treasury Portfolio) or Pledged Treasury Securities in connection with a Holder's election to convert its investment from Corporate Units to Treasury Units, or from Treasury Units to Corporate Units, as the case may be, or except as otherwise required to release Pledged Securities as specified herein, neither the Collateral Agent nor the Securities Intermediary shall relinquish physical possession of any certificate evidencing Debentures (or if (i) a Special Event Redemption if the Purchase Contracts have not been previously or concurrently terminated in accordance with the Purchase Contract Agreement, (ii) Mandatory Redemption if the Purchase Contracts have not been previously or concurrently terminated in accordance with the Purchase Contract Agreement or (iii) a Successful Remarketing has occurred, the Applicable Ownership Interest in the Treasury Portfolio) or Treasury Securities prior to the termination of this Agreement. If it becomes necessary for the Collateral Agent to relinquish physical possession of a certificate in order to release a portion of the Debentures evidenced thereby from the Pledge, the Collateral Agent shall use its best efforts to obtain physical possession of a replacement certificate evidencing any Debentures remaining subject to the Pledge hereunder registered to it or endorsed in blank within ten days of the date it relinquished possession. The Collateral Agent shall promptly notify the Company of its failure to obtain possession of any such replacement certificate as required hereby.

SECTION 2.2 Control and Perfection

(a) In connection with the Pledge granted in *Section 2.1*, and subject to the other provisions of this Agreement, the Holders from time to time acting through the Purchase Contract Agent, as their attorney-in-fact, hereby authorize and direct the Securities Intermediary (without the necessity of obtaining the further consent of the Purchase Contract Agent or any of the Holders), and the Securities Intermediary agrees, to comply with and follow any instructions and Entitlement Orders that the Collateral Agent on behalf of the Company may give in writing with respect to the Collateral Account, the Collateral credited thereto and any Security Entitlements with respect to any thereof. Such instructions and Entitlement Orders may, without limitation, direct the Securities Intermediary to transfer, redeem, sell, liquidate, assign, deliver or otherwise dispose of any Debentures, any Treasury Securities, any Treasury Portfolio and any Security Entitlements with respect thereto and to pay and deliver any income, proceeds or other funds derived therefrom to the Company. The Purchase Contract Agent and the Holders from time to time, acting through the Purchase Contract Agent, each hereby further authorize and direct the Collateral Agent, as agent of

the Company, to itself issue instructions and Entitlement Orders, and to otherwise take action, with respect to the Collateral Account, the Collateral credited thereto and any Security Entitlements with respect thereto, pursuant to the terms and provisions hereof, all without the necessity of obtaining the further consent of the Purchase Contract Agent or any of the Holders. The Collateral Agent shall be the agent of the Company and shall act as directed in writing by the Company. Without limiting the generality of the foregoing, the Collateral Agent shall issue Entitlement Orders to the Securities Intermediary when and as required by the terms hereof or as directed by the Company.

(b) The Securities Intermediary hereby confirms and agrees that: (i) all securities or other property underlying any financial assets credited to the Collateral Account shall be registered in the name of the Securities Intermediary, endorsed to the Securities Intermediary or in blank or credited to another collateral account maintained in the name of the Securities Intermediary and in no case will any financial asset credited to the Collateral Account be registered in the name of the Purchase Contract Agent, the Company or any Holder, payable to the order of, or specially endorsed to, the Purchase Contract Agent, the Collateral Agent, the Company or any Holder except to the extent the foregoing have been specially endorsed to the Securities Intermediary or in blank; (ii) all property delivered to the Securities Intermediary pursuant to this Agreement (including, without limitation, any Pledged Securities) will be promptly credited to the Collateral Account; (iii) the Collateral Account is an account to which financial assets are or may be credited, and the Securities Intermediary shall, subject to the terms of this Agreement, treat the Purchase Contract Agent as the "**entitlement holder**" (as defined in Section 8-102(a)(7) of the UCC) with respect to the Collateral Account; (iv) the Securities Intermediary has not entered into, and until the termination of this Agreement will not enter into, any agreement with any other Person relating to the Collateral Account and/or any financial assets credited thereto pursuant to which it has agreed to comply with Entitlement Orders of such other Person; and (v) the Securities Intermediary has not entered into, and until the termination of this Agreement will not enter into, any agreement with the Company, the Collateral Agent, the Purchase Contract Agent or the Holders of the Equity Units purporting to limit or condition the obligation of the Securities Intermediary to comply with Entitlement Orders as set forth in this *Section 2.2* hereof.

(c) The Securities Intermediary hereby agrees that each item of property (whether investment property, financial asset, security, instrument or cash) credited to the Collateral Account shall be treated as a "**financial asset**" within the meaning of Section 8-102(a)(9) of the UCC.

(d) In the event of any conflict between this Agreement (or any portion hereof) and any other agreement now existing or hereafter entered into by the parties hereto, the terms of this Agreement shall prevail.

(e) The Purchase Contract Agent hereby irrevocably constitutes and appoints the Collateral Agent and the Company, and each of them severally, with full power of substitution, as the Purchase Contract Agent's attorney-in-fact to take on behalf of, and in the name, place and stead of the Purchase Contract Agent and the Holders, any action necessary or desirable to perfect and to keep perfected the security interest in the Collateral referred to in *Section 2.1*. The grant of such power-of-attorney shall not be deemed to require of the Collateral Agent any specific duties or obligations not otherwise assumed by the Collateral Agent hereunder.

ARTICLE III.

DISTRIBUTIONS ON PLEDGED COLLATERAL

So long as the Purchase Contract Agent is the registered owner of the Debentures underlying the Pledged Applicable Ownership Interests in Debentures, it shall receive all payments thereon. If the Debentures underlying the Pledged Applicable Ownership Interests in Debentures are reregistered, such that the Collateral Agent becomes the registered Holder, all payments of principal or interest on such Debentures, together with any payments of principal or interest or cash distributions in respect of any other Pledged Securities received by the Collateral Agent that are properly payable hereunder, shall be paid by the Collateral Agent by wire transfer in same day funds:

(i) In the case of (A) payment of interest with respect to the Pledged Applicable Ownership Interests in Debentures or cash distributions on the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (ii) of the definition of the term "Applicable Ownership Interest in the Treasury Portfolio"), as the case may be, and (B) any payments of principal with respect to any Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term), as the case may be, that have been released from the Pledge pursuant to *Section 4.3* hereof, to the Purchase Contract Agent, for the benefit of the relevant Holders of Corporate Units, to the account designated by the Purchase Contract Agent for such purpose, no later than 2:00 p.m., New York City time, on the Business Day such payment is received by the Collateral Agent (*provided*, that in the event such payment is received by the Collateral Agent on a day that is not a Business Day or after 12:30 p.m., New York City time, on a Business Day, then such payment shall be made no later than 10:30 a.m., New York City time, on the next succeeding Business Day);

(ii) In the case of any principal payments with respect to any Treasury Securities that have been released from the Pledge pursuant to *Section 4.3* hereof, to the Holders of the Treasury Units to the accounts designated by them to the Collateral Agent in writing for such purpose, no later than 2:00 p.m., New York City time, on the Business Day such payment is received by the Collateral Agent (*provided*, that in the event such payment is received by the Collateral Agent on a day that is not a Business Day or after 12:30 p.m., New York City time, on a Business Day, then such payment shall be made no later than 10:30 a.m., New York City time, on the next succeeding Business Day); and

(iii) In the case of payments of the principal of any Pledged Applicable Ownership Interests in Debentures or the principal of the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (i) of the definition of the term "Applicable Ownership Interest in the Treasury Portfolio"), as the case may be, or the principal of any Pledged Treasury Securities, to the Company on the Purchase Contract Settlement Date in accordance with the procedure set forth in *Section 4.6(a)* or *Section 4.6(b)* hereof, in full satisfaction of the respective obligations of the Holders under the related Purchase Contracts.

All payments received by the Purchase Contract Agent as provided herein shall be applied by the Purchase Contract Agent pursuant to the provisions of the Purchase Contract Agreement. If, notwithstanding the foregoing, the Purchase Contract Agent or a Holder of Corporate Units shall

receive any payments of principal on account of any Applicable Ownership Interest in Debentures or, if applicable, the Applicable Ownership Interest in the Treasury Portfolio (as specified in clause (i) of the definition of such term) that, at the time of such payment, is a Pledged Applicable Ownership Interest in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, or the Purchase Contract Agent or a Holder of Treasury Units shall receive any payments of principal on account of any Treasury Securities that, at the time of such payment, are Pledged Treasury Securities, the Purchase Contract Agent or such Holder, as the case may be, shall transfer the Proceeds of such payment of principal on such Pledged Applicable Ownership Interests in Debentures, Pledged Applicable Ownership Interests in the Treasury Portfolio, or Pledged Treasury Securities, as the case may be, to the Collateral Agent and the Collateral Agent shall hold such Proceeds for the benefit of the Company as Collateral for the performance when due by such Holder of its obligations under the related Purchase Contracts.

ARTICLE IV.

SUBSTITUTION, RELEASE AND REPLEDGE OF DEBENTURES AND SETTLEMENT OF PURCHASE CONTRACTS

SECTION 4.1 Substitution for Debentures and the Creation of Treasury Units

A Holder of a Corporate Unit may create or recreate a Treasury Unit and separate the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as applicable, from the related Purchase Contract in respect of such Corporate Unit by substituting Treasury Securities for all, but not less than all, of the Applicable Ownership Interest in Debentures or Applicable Ownership Interest in the Treasury Portfolio that form a part of such Corporate Unit in accordance with this *Section 4.1* and Section 3.13 of the Purchase Contract Agreement; *provided*, *however*, that if the Applicable Ownership Interest in the Treasury Portfolio has not replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, such Collateral Substitutions may only be made on or prior to 5:00 p.m., New York City time, on the seventh Business Day immediately preceding the Purchase Contract Settlement Date; and *provided*, *further*, that if the Treasury Portfolio has replaced the Debentures underlying the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, such Collateral Substitutions may only be made on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. In accordance with Section 3.13 of the Purchase Contract Agreement, unless a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption has previously occurred, Holders of Corporate Units shall not be permitted to effect Collateral Substitutions during the period commencing on and including the Business Day prior to the first Remarketing Date in a Remarketing Period and ending on and including the Reset Effective Date relating to a Successful Remarketing during such Remarketing Period or, if no remarketing during such Remarketing Period is successful, the Business Day following the last Remarketing Date occurring during such Remarketing Period. Holders of Corporate Units may make Collateral Substitutions and establish Treasury Units (i) only in integral multiples of 40 Corporate Units if Applicable Ownership Interests in Debentures are being substituted for Treasury Securities, or (ii) only in integral multiples of 2,000 Corporate Units (or such other

number of Corporate Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date) if the Applicable Ownership Interests in the Treasury Portfolio are being substituted for Treasury Securities.

For example, to create 40 Treasury Units (if a Special Event Redemption or a Mandatory Redemption has not occurred and the Applicable Ownership Interests in Debentures remain components of Corporate Units), or 2,000 Treasury Units (if a Special Event Redemption or a Mandatory Redemption has occurred or the Treasury Portfolio has replaced the Applicable Ownership Interests in Debentures as components of Corporate Units as a result of a Successful Remarketing) (or such other number of Treasury Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date), the Corporate Unit Holder shall,

(a) if the Treasury Portfolio has not replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, on or prior to the seventh Business Day immediately preceding the Purchase Contract Settlement Date, deposit with the Collateral Agent Treasury Securities having a principal amount at maturity of $1,000; or

(b) if the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as a component of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date, deposit with the Collateral Agent Treasury Securities having an aggregate principal amount at maturity of $100,000; and

(c) in each case, transfer and surrender the related 40 Corporate Units, or in the event the Treasury Portfolio is a component of Corporate Units, 2,000 Corporate Units (or such other number of Corporate Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date), to the Purchase Contract Agent accompanied by an instruction to the Purchase Contract Agent, substantially in the form of *Exhibit B* hereto, stating that the Holder has transferred the relevant amount of Treasury Securities to the Collateral Agent and requesting that the Purchase Contract Agent instruct the Collateral Agent to release the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, underlying such Corporate Units, whereupon the Purchase Contract Agent shall promptly give such instruction to the Collateral Agent, substantially in the form of *Exhibit A* hereto.

Upon receipt of the Treasury Securities described in *clause (a) or (b)* above and the instructions described in *clause (c)* above from the Purchase Contract Agent, the Collateral Agent shall release the Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, and shall promptly Transfer such Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, free and clear of the lien, pledge or security interest created hereby, to the Purchase Contract Agent for the benefit of the Holders.

SECTION 4.2 Substitution for Treasury Securities and the Creation of Corporate Units

A Holder of a Treasury Unit may create or recreate a Corporate Unit by depositing with the Collateral Agent the Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, in substitution for all, but not less than all, of the Treasury Securities that are components of the Treasury Unit in accordance with this *Section 4.2* and Section 3.14 of the Purchase Contract Agreement; *provided*, *however*, that if the Applicable Ownership Interest in the Treasury Portfolio has not replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, such Collateral Substitutions may only be made on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first day of the Final Remarketing Period; and if the Treasury Portfolio has replaced the Debentures underlying the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, such Collateral Substitutions may only be made on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date. In accordance with Section 3.14 of the Purchase Contract Agreement, unless a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption has previously occurred, Holders of Treasury Units shall not be permitted to effect Collateral Substitutions during the period commencing on and including the Business Day prior to the first Remarketing Date in a Remarketing Period and ending on and including the Reset Effective Date relating to a Successful Remarketing during such Remarketing Period or, if no Remarketing during such Remarketing Period is successful, the Business Day following the last Remarketing Date occurring during such Remarketing Period. Holders of Treasury Units may make such Collateral Substitutions and establish Corporate Units (i) only in integral multiples of 40 Treasury Units if Treasury Securities are being replaced by Applicable Ownership Interest in Debentures, or (ii) only in integral multiples of 2,000 Treasury Units (or such other number of Treasury Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date) if any Treasury Security is being replaced by the Applicable Ownership Interest in the Treasury Portfolio.

For example, to create 40 Corporate Units (if a Special Event Redemption or a Mandatory Redemption has not occurred and the Applicable Ownership Interests in Debentures remain components of Corporate Units), or 2,000 Corporate Units (if a Special Event Redemption or a Mandatory Redemption has occurred or the Treasury Portfolio has replaced the Applicable Ownership Interests in Debentures as components of Corporate Units as a result of a Successful Remarketing) (or such other number of Corporate Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date), the Treasury Unit Holder shall

(a) if the Treasury Portfolio has not replaced the Applicable Ownership Interest in Debentures as components of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, on or prior to the second Business Day immediately preceding the first day of the Final Remarketing Period, deposit with the Collateral Agent $1,000 in aggregate principal amount of Debentures of each series, which Debentures must have been purchased in the open market at the expense of the Holder of the Treasury Unit, unless otherwise owned by the Holder of the Treasury Unit; or

(b) if the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as a component of Corporate Units as a result of a Successful Remarketing or a Special Event Redemption or a Mandatory Redemption, on or prior to the second Business Day immediately preceding the Purchase Contract Settlement Date, deposit with the Collateral Agent the Applicable Ownership Interest in the Treasury Portfolio for each 2,000 Corporate Units being created by the Holder, and having an aggregate principal amount of $100,000, which Applicable Ownership Interest in the Treasury Portfolio must have been purchased in the open market at the expense of the Holder of Treasury Unit, unless otherwise owned by the Holder of Treasury Unit; and

(c) in each case, transfer and surrender the related 40 Treasury Units, or in the event the Treasury Portfolio is a component of Corporate Units, 2,000 Treasury Units (or such other number of Treasury Units as may be determined by the Remarketing Agents following a Successful Remarketing if the Reset Effective Date is not a Payment Date), to the Purchase Contract Agent accompanied by an instruction to the Purchase Contract Agent, substantially in the form of *Exhibit B* hereto, stating that the Holder has transferred the relevant amount of Applicable Ownership Interest in Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, to the Collateral Agent and requesting that the Purchase Contract Agent instruct the Collateral Agent to release the Pledged Treasury Securities underlying such Treasury Units, whereupon the Purchase Contract Agent shall promptly give such instruction to the Collateral Agent, substantially in the form of *Exhibit A* hereto.

Upon receipt of the Debenture or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, described in *clause (a) or (b)* above and the instructions described in *clause (c)* above from the Purchase Contract Agent, the Collateral Agent shall release the Pledged Treasury Securities and shall promptly Transfer such Pledged Treasury Securities, free and clear of the lien, pledge or security interest created hereby, to the Purchase Contract Agent for the benefit of the Holders.

SECTION 4.3 Termination Event

Upon receipt by the Collateral Agent of written notice from the Company or the Purchase Contract Agent that there has occurred a Termination Event, the Collateral Agent shall release all Collateral from the Pledge and shall promptly Transfer any Debentures underlying Pledged Applicable Ownership Interests in Debentures (or, if (i) a Special Event Redemption if the proceeds thereof were used to acquire the Treasury Portfolio in accordance with the Purchase Contract Agreement, (ii) a Mandatory Redemption if the proceeds thereof were used to acquire the Treasury Portfolio in accordance with the Purchase Contract Agreement or (iii) a Successful Remarketing, as the case may be, has occurred, the Pledged Applicable Ownership Interests in the Treasury Portfolio) and Pledged Treasury Securities to the Purchase Contract Agent for the benefit of the Holders of the Corporate Units and the Treasury Units, respectively, free and clear of any lien, pledge or security interest or other interest created hereby.

If such Termination Event shall result from the Company's becoming a debtor under the Bankruptcy Code, and if the Collateral Agent shall for any reason fail promptly to effectuate the release and Transfer of all Pledged Applicable Ownership Interests in Debentures, the Pledged Applicable Ownership Interests in the Treasury Portfolio or the Pledged Treasury Securities, as the

case may be, as provided by this *Section 4.3*, any Holder may, and the Purchase Contract Agent shall, upon receipt from the Holders of security or indemnity satisfactory to it against the costs, expenses and liabilities which might be incurred by the Purchase Contract Agent in compliance with this paragraph, (i) use its reasonable best efforts to obtain an opinion of a nationally recognized law firm reasonably acceptable to the Collateral Agent to the effect that, as a result of the Company being the debtor in such a bankruptcy case, the Collateral Agent will not be prohibited from releasing or Transferring the Collateral as provided in this *Section 4.3*, and shall deliver such opinion to the Collateral Agent within ten days after the occurrence of such Termination Event, and if (A) any such Holder or the Purchase Contract Agent shall be unable to obtain such opinion within ten days after the occurrence of such Termination Event or (B) the Collateral Agent shall continue, after delivery of such opinion, to refuse to effectuate the release and Transfer of all Pledged Applicable Ownership Interests in Debentures, the Pledged Applicable Ownership Interests in the Treasury Portfolio or the Pledged Treasury Securities, as the case may be, as provided in this *Section 4.3*, then any Holder may, and the Purchase Contract Agent shall within 15 days after the occurrence of such Termination Event, commence an action or proceeding in the court with jurisdiction of the Company's case under the Bankruptcy Code seeking an order requiring the Collateral Agent to effectuate the release and transfer of all Pledged Applicable Ownership Interests in Debentures, the Pledged Applicable Ownership Interests in the Treasury Portfolio or of the Pledged Treasury Securities, as the case may be, as provided by this *Section 4.3* or (ii) commence an action or proceeding in the court with jurisdiction of the Company's case under the Bankruptcy Code like that described in *clause (i)(B)* of this *Section 4.3* within ten days after the occurrence of such Termination Event.

SECTION 4.4 Cash Settlement

(a) Upon receipt by the Collateral Agent of (1) (i) a notice from the Purchase Contract Agent that a Holder of a Corporate Unit has elected, in accordance with the procedures specified in Section 5.4(a)(i) of the Purchase Contract Agreement, to settle its Purchase Contract with cash and (ii) payment by such Holder of the amount required to settle the Purchase Contract prior to 11:00 a.m., New York City time, on the sixth Business Day or (if all the Remarketings during the Final Remarketing Period result in a Failed Remarketing) one Business Day, as applicable, immediately preceding the Purchase Contract Settlement Date, or (2) (i) a notice from the Purchase Contract Agent that a Holder of a Treasury Unit has elected, in accordance with the procedures specified in Section 5.4(c)(i) of the Purchase Contract Agreement, to settle its Purchase Contract with cash and (ii) payment by such Holder of the amount required to settle the Purchase Contract prior to 11:00 a.m., New York City time, on the Business Day immediately preceding the Purchase Contract Settlement Date, such payments pursuant to the foregoing clause (1) or clause (2) to be in lawful money of the United States and to be made by certified or cashiers' check or wire transfer in immediately available funds payable to or upon the order of the Company, then the Collateral Agent shall, upon the written direction of the Company, promptly invest any cash received from a Holder in connection with a Cash Settlement in Permitted Investments. Upon receipt of the proceeds, if any, upon the maturity of the Permitted Investments, the Collateral Agent shall pay the portion of such proceeds and deliver any certified or cashiers' checks received, in an aggregate amount equal to the Purchase Price, to the Company on the Purchase Contract Settlement Date, and shall distribute any funds in respect of the interest earned from the Permitted Investments, if any, to the Purchase Contract Agent for payment to the relevant Holder.

(b) If a Holder of Corporate Units (if Applicable Ownership Interests in Debentures are components thereof) fails to notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with Section 5.4(a)(i) of the Purchase Contract Agreement, or if a Holder of such Corporate Units does notify the Purchase Contract Agent as provided in Section 5.4(a)(i) of the Purchase Contract Agreement of its intention to effect a Cash Settlement, but fails to make such payment as required by Section 5.4(a)(ii) of the Purchase Contract Agreement, such Holder shall be deemed to have consented to the disposition of the Debentures underlying the Pledged Applicable Ownership Interests in Debentures pursuant to the Remarketing as described in Section 5.4(a) of the Purchase Contract Agreement, which is incorporated herein by reference, and *Section 4.6* hereof.

If all the Remarketings during the Final Remarketing Period result in a Failed Remarketing as described in Section 5.4(a) of the Purchase Contract Agreement, each Holder of Corporate Units of which Applicable Ownership Interests in Debentures are components (as to which the related Purchase Contracts have not been settled with cash) shall be deemed to have exercised its Put Right, as described in the Officer's Certificates, with respect to its Applicable Ownership Interests in Debentures, and to have elected that a portion of the Put Price equal to the principal amount of the relevant Debentures underlying such Applicable Ownership Interests in Debentures be applied against such Corporate Unit Holder's obligations to pay the Purchase Price for the Common Stock issued in accordance with each related Purchase Contract on the Purchase Contract Settlement Date. Following such application, such Holder's obligations to pay the Purchase Price for the Common Stock will be deemed to be satisfied in full, and upon receipt of written confirmation from the Company that a portion of the Put Price in the amount specified in such notice has been so applied to pay the Purchase Price for the Common Stock, the Collateral Agent shall cause the Securities Intermediary to release the Debentures underlying all such Pledged Applicable Ownership Interests in Debentures from the Collateral Account and shall promptly transfer such Debentures to the Company. Thereafter, the Collateral Agent shall promptly remit the remaining portion of the Proceeds of such Holder's exercise of its Put Right in excess of the aggregate Purchase Price for Common Stock to be issued in accordance with each related Purchase Contract, if any, to the Purchase Contract Agent for payment to such Holder of the Corporate Units to which such Applicable Ownership Interests in Debentures relate.

(c) If a Holder of Treasury Units or Corporate Units (if the Applicable Ownership Interests in the Treasury Portfolio has replaced the Applicable Ownership Interests in Debentures as components of the Corporate Units) fails to notify the Purchase Contract Agent of its intention to effect a Cash Settlement in accordance with Section 5.4(c)(i) of the Purchase Contract Agreement, or if a Holder of Treasury Units or Corporate Units (if the Applicable Ownership Interest in the Treasury Portfolio has replaced the Applicable Ownership Interest in Debentures as components of the Corporate Units) notifies the Purchase Contract Agent as provided in Section 5.4(c)(i) of the Purchase Contract Agreement of its intention to effect a Cash Settlement, but fails to make such payment as required by Section 5.4(c)(ii) of the Purchase Contract Agreement, upon the maturity of the related Pledged Treasury Securities or the Pledged Applicable Ownership Interests in the Treasury Portfolio, if any, held by the Collateral Agent on the Business Day immediately preceding the Purchase Contract Settlement Date, the principal amount of such Pledged Treasury Securities, or the portion of the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, corresponding to such Purchase Contracts received by the

Collateral Agent shall, upon the written direction of the Company, be invested promptly in Permitted Investments. On the Purchase Contract Settlement Date, an aggregate amount equal to the Purchase Price will be remitted to the Company as payment of the Purchase Price of such Purchase Contracts. In the event the sum of the Proceeds from the Pledged Treasury Securities or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, and the investment earnings earned from the Permitted Investments, if any, is in excess of the aggregate Purchase Price of the Purchase Contracts being settled thereby, the Collateral Agent will distribute such excess to the Purchase Contract Agent for the benefit of the Holder of the related Treasury Units or Corporate Units.

SECTION 4.5 Early Settlement; Fundamental Change Early Settlement

Upon written notice to the Collateral Agent by the Purchase Contract Agent that a Holder of an Equity Unit has elected to effect Early Settlement or Fundamental Change Early Settlement of its entire obligation under the Purchase Contract forming a part of such Equity Unit in accordance with the terms of the Purchase Contract and the Purchase Contract Agreement, and that the Purchase Contract Agent has received from such Holder, and paid to the Company as confirmed in writing by the Company, the related Early Settlement Amount or Fundamental Change Early Settlement Amount, as the case may be, pursuant to the terms of the Purchase Contract and the Purchase Contract Agreement and that all conditions to such Early Settlement or Fundamental Change Early Settlement, as the case may be, have been satisfied, then the Collateral Agent shall release from the Pledge (a) the Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio in the case of a Holder of Corporate Units or (b) Pledged Treasury Securities in the case of a Holder of Treasury Units, in each case that had been components of such Equity Unit, and shall transfer such Pledged Applicable Ownership Interests in Debentures or the Pledged Applicable Ownership Interests in the Treasury Portfolio or Pledged Treasury Securities, as the case may be, free and clear of the Pledge created hereby, to the Purchase Contract Agent for the benefit of such Holder.

SECTION 4.6 Application of Proceeds; Settlement

(a) In the event a Holder of Corporate Units, unless the Applicable Ownership Interests in the Treasury Portfolio have replaced the Applicable Ownership Interests in Debentures as components of the Corporate Units, has not elected to make Cash Settlement by notifying the Purchase Contract Agent in the manner provided for in Section 5.4(a)(i) of the Purchase Contract Agreement or has not made an Early Settlement or a Fundamental Change Early Settlement of the Purchase Contracts underlying its Corporate Units, such Holder shall be deemed to have consented to the disposition of the Debentures underlying the Pledged Applicable Ownership Interests in Debentures pursuant to the Remarketing as described in Section 5.4(a) of the Purchase Contract Agreement in order to pay for the shares of Common Stock to be issued under such Purchase Contract. The Collateral Agent shall by 10:00 a.m., New York City time, on the sixth Business Day immediately preceding the Purchase Contract Settlement Date, without any instruction from such Holder of Corporate Units, present the related Debentures underlying the Pledged Applicable Ownership Interests in Debentures to the Remarketing Agents for remarketing. Upon receiving such Debentures, the Remarketing Agents, pursuant to the terms of the Remarketing Agreement, will use their commercially reasonable efforts to remarket such Debentures underlying the Pledged

Applicable Ownership Interests in Debentures on such date at a price equal to or greater than 100% of the aggregate Value of such Pledged Applicable Ownership Interests in Debentures. Upon a Successful Remarketing, the Remarketing Agents will remit the Proceeds of a Successful Remarketing related to such Applicable Ownership Interest in Debentures to the Collateral Agent. On the Purchase Contract Settlement Date, the Collateral Agent shall apply that portion of the Proceeds from such Remarketing equal to the aggregate Value of the Pledged Applicable Ownership Interests in Debentures to satisfy in full the obligations of such Holders of Corporate Units to pay the Purchase Price for the Common Stock under the related Purchase Contracts. The remaining portion of such Proceeds, if any, shall be distributed by the Collateral Agent to the Purchase Contract Agent for payment to the Holders. NEE Capital will separately pay a fee to the Remarketing Agents for their services as Remarketing Agents and Corporate Unit Holders as well as holders of Separate Debentures who elect to participate in the Remarketing will not be responsible for the payment of any Remarketing Fee in connection with the Remarketing. If the Remarketing Agents advise the Collateral Agent in writing that they cannot remarket the related Pledged Applicable Ownership Interests in Debentures of such Holders of Corporate Units at a price not less than 100% of the aggregate Value of such Pledged Applicable Ownership Interests in Debentures, or if the Remarketing does not occur because a condition precedent to such Remarketing has not been fulfilled, thus resulting in a Failed Remarketing, the Collateral Agent will proceed as described in *Section 4.4* hereof.

(b) In the event a Holder of Treasury Units or, if the Treasury Portfolio has replaced the Applicable Ownership Interests in Debentures as components of Corporate Units, Corporate Units, has not made an Early Settlement or a Fundamental Change Early Settlement of the Purchase Contracts underlying its Treasury Units or Corporate Units, as the case may be, such Holder shall be deemed to have elected to pay for the shares of Common Stock to be issued under such Purchase Contracts from the Proceeds of the related Pledged Treasury Securities or the related Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be. On the Business Day immediately prior to the Purchase Contract Settlement Date, the Collateral Agent shall, upon the written direction of the Company, invest the cash Proceeds of the maturing Pledged Treasury Securities or the Pledged Applicable Ownership Interests in the Treasury Portfolio, as the case may be, in Permitted Investments. Without receiving any instruction from any such Holder of Treasury Units or Corporate Units, the Collateral Agent shall apply the Proceeds of the related Pledged Treasury Securities or Pledged Applicable Ownership Interests in the Treasury Portfolio to the settlement of the related Purchase Contracts on the Purchase Contract Settlement Date. In the event the sum of the Proceeds from the related Pledged Treasury Securities or related Pledged Applicable Ownership Interests in the Treasury Portfolio and the investment earnings from the investment in Permitted Investments, if any, is in excess of the aggregate Purchase Price of the Purchase Contracts being settled thereby on the Purchase Contract Settlement Date, the Collateral Agent shall distribute such excess, when received, to the Purchase Contract Agent for the benefit of the Holders.

The Company shall not be obligated to issue any shares of Common Stock in respect of the Purchase Contracts or deliver any certificate therefor to the Holder unless it shall have received payment in full of the Purchase Price for the shares of Common Stock to be purchased thereunder.

(c) Pursuant to the Remarketing Agreement, on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period, but no earlier than 5:00 p.m., New York City time, on the fifth Business Day immediately preceding such first Remarketing Date of the applicable Remarketing Period, holders of Separate Debentures may elect to have their Separate Debentures remarketed by delivering the Separate Debentures, together with a notice of such election, substantially in the form of *Exhibit C* hereto, to the Custodial Agent. The Custodial Agent will hold the Separate Debentures in an account separate from the Collateral Account. A holder of Separate Debentures electing to have its Separate Debentures remarketed will also have the right to withdraw such election by written notice to the Custodial Agent, substantially in the form of *Exhibit D* hereto, on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first Remarketing Date of the relevant Remarketing Period, upon which notice the Custodial Agent shall return such Separate Debentures to such holder. After such time, such election to remarket shall become an irrevocable election to have such Separate Debentures remarketed in such Remarketing. Promptly after 11:00 a.m., New York City time, on the Business Day immediately preceding the first Remarketing Date of the relevant Remarketing Period, the Custodial Agent shall notify the Remarketing Agents of the aggregate principal amount of the Separate Debentures to be remarketed and shall deliver to the Remarketing Agents for Remarketing all Separate Debentures delivered to the Custodial Agent, and not withdrawn, pursuant to this *Section 4.6(c)* prior to such date. The portion of the proceeds from such remarketing equal to the aggregate Value of the Separate Debentures will automatically be remitted by the Remarketing Agents to the Custodial Agent for the benefit of the holders of the Separate Debentures.

(d) In addition, the Remarketing Agents will remit to the Custodial Agent the remaining portion of the proceeds related to the remarketed Separate Debentures, if any, for the benefit of such holders. If the Remarketing Agents advise the Custodial Agent in writing that no remarketing during a Remarketing Period resulted in a Successful Remarketing or, if a condition to the Remarketing shall not have been fulfilled, thus in either case resulting in a Failed Remarketing, the Remarketing Agents will promptly return the Separate Debentures to the Custodial Agent for redelivery to such holders.

ARTICLE V.

VOTING RIGHTS — DEBENTURES

The Purchase Contract Agent may exercise, or refrain from exercising, any and all voting and other consensual rights pertaining to the Debentures underlying the Pledged Applicable Ownership Interests in Debentures or any part thereof for any purpose not inconsistent with the terms of this Agreement and in accordance with the terms of the Purchase Contract Agreement, including Section 4.2 thereof; *provided*, that the Purchase Contract Agent shall not exercise or, as the case may be, shall not refrain from exercising such right if, in the judgment of the Company evidenced in writing and delivered to the Purchase Contract Agent, such action would impair or otherwise have a material adverse effect on the value of all or any of the Pledged Applicable Ownership Interests in Debentures; and *provided*, *further*, that the Purchase Contract Agent shall give the Company and the Collateral Agent at least five days' prior written notice of the manner in which it intends to exercise, or its reasons for refraining from exercising, any such right. Upon

receipt of any notices and other communications in respect of any Pledged Applicable Ownership Interests in Debentures, including notice of any meeting at which holders of Debentures are entitled to vote or solicitation of consents, waivers or proxies of holders of Debentures, the Collateral Agent shall use reasonable efforts to send promptly to the Purchase Contract Agent such notice or communication, and as soon as reasonably practicable after receipt of a written request therefor from the Purchase Contract Agent, execute and deliver to the Purchase Contract Agent such proxies and other instruments in respect of such Pledged Applicable Ownership Interests in Debentures (in form and substance satisfactory to the Collateral Agent and the Purchase Contract Agent) as are prepared by the Company with respect to the Pledged Applicable Ownership Interests in Debentures.

ARTICLE VI.

**RIGHTS AND REMEDIES; SPECIAL EVENT REDEMPTION;
MANDATORY REDEMPTION; REMARKETING**

SECTION 6.1 Rights and Remedies of the Collateral Agent

(a) In addition to the rights and remedies specified in *Section 4.4* hereof or otherwise available at law or in equity, after a default hereunder, the Collateral Agent shall have all of the rights and remedies with respect to the Collateral of a secured party under the Uniform Commercial Code (or any successor thereto) as in effect in the State of New York from time to time (the "**UCC**") (whether or not the UCC is in effect in the jurisdiction where the rights and remedies are asserted) and the TRADES Regulations and such additional rights and remedies to which a secured party is entitled under the laws in effect in any jurisdiction where any rights and remedies hereunder may be asserted. Wherever reference is made in this Agreement to any Section of the UCC, such reference shall be deemed to include a reference to any provision of the UCC which is a successor to, or amendment of, such Section. Without limiting the generality of the foregoing, such remedies may include, to the extent permitted by applicable law, (i) retention of the Pledged Applicable Ownership Interests in Debentures or other Collateral in full satisfaction of the Holders' obligations under the Purchase Contracts or (ii) sale of the Pledged Applicable Ownership Interests in Debentures or other Collateral in one or more public or private sales and application of the Proceeds in full satisfaction of the Holders' obligations under the Purchase Contracts.

(b) Without limiting any rights or powers otherwise granted by this Agreement to the Collateral Agent, in the event the Collateral Agent is unable to make payments to the Company on account of the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clauses (i) or (ii) of the definition of the term "Applicable Ownership Interest in the Treasury Portfolio") or on account of principal payments of any Pledged Treasury Securities as provided in *Article III* hereof in satisfaction of the obligations of the Holder of the Equity Units of which such Pledged Treasury Securities, or the Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clause (i) of the definition of the term "Applicable Ownership Interest in the Treasury Portfolio"), as applicable, is a part under the related Purchase Contracts, the inability to make such payments shall constitute a default under the related Purchase Contracts and the Collateral Agent shall have and may exercise, with reference to such Pledged Treasury Securities, or such Pledged Applicable Ownership Interests in the Treasury Portfolio (as specified in clauses (i)

or (ii) of the definition of the term "Applicable Ownership Interest in the Treasury Portfolio"), as applicable, and such obligations of such Holder, any and all of the rights and remedies available to a secured party under the UCC and the TRADES Regulations after default by a debtor, and as otherwise granted herein or under any other law.

(c) Without limiting any rights or powers otherwise granted by this Agreement to the Collateral Agent, the Collateral Agent is hereby irrevocably authorized to receive and collect all payments of (i) principal of, or interest on, the Debentures underlying the Pledged Applicable Ownership Interests in Debentures, (ii) the principal amount of the Pledged Treasury Securities, or (iii) the Pledged Applicable Ownership Interests in the Treasury Portfolio, subject, in each case, to the provisions of *Article III* hereof, and as otherwise provided herein.

(d) The Purchase Contract Agent, in such capacity and as attorney-in-fact for each Holder of Equity Units, and subject to its rights, benefits, protections, immunities and indemnities under the Purchase Contract Agreement incorporated herein as set forth in *Section 10.11* hereof and as otherwise set forth herein, agrees that, from time to time upon the written request of the Collateral Agent, the Purchase Contract Agent shall execute and deliver such further documents and do such other acts and things as the Collateral Agent may reasonably request in order to maintain the Pledge, and the perfection and priority thereof, and to confirm the rights of the Collateral Agent hereunder. The Purchase Contract Agent shall have no liability to any Holder for executing any documents or taking any such acts requested by the Collateral Agent hereunder, except for liability for its own negligent act, its own negligent failure to act or its own willful misconduct, as finally determined by a court of competent jurisdiction.

SECTION 6.2 Special Event Redemption; Mandatory Redemption; Remarketing

(a) Upon the occurrence of a Special Event Redemption or a Mandatory Redemption prior to the Purchase Contract Settlement Date, the Collateral Agent will, upon the written instruction of the Company and the Purchase Contract Agent, deliver the Debentures underlying the Pledged Applicable Ownership Interests in Debentures to the Indenture Trustee for payment of the Redemption Price. The Collateral Agent shall, or in the event the Debentures underlying the Pledged Applicable Ownership Interests in Debentures are registered in the name of the Purchase Contract Agent, the Purchase Contract Agent shall, direct the Indenture Trustee to pay the Redemption Price therefor payable on the Special Event Redemption Date or the Mandatory Redemption Date, as the case may be, on or prior to 12:30 p.m., New York City time, by check or wire transfer in immediately available funds at such place and to such account as may be designated by the Collateral Agent. In the event the Collateral Agent receives such Redemption Price, subject to the provisions of *Section 4.3* hereof, the Collateral Agent will, at the written direction of the Company, apply an amount equal to the Redemption Amount of such Redemption Price to purchase from the Quotation Agent the Treasury Portfolio and promptly remit the remaining portion of such Redemption Price to the Purchase Contract Agent for payment to the Holders of Corporate Units. The Collateral Agent shall Transfer the Treasury Portfolio to the Collateral Account to secure the obligation of all Holders of Corporate Units to purchase Common Stock of the Company under the Purchase Contracts constituting a part of such Corporate Units, in substitution for the Debentures underlying the Pledged Applicable Ownership Interests in Debentures. Thereafter the Collateral Agent shall have such security interests, rights and obligations with respect to the Treasury Portfolio

as it had in respect of the Debentures underlying the Pledged Applicable Ownership Interests in Debentures, as provided in *Article II*, *Article III*, *Article IV*, *Article V* and *Article VI* hereof, and any reference herein to the Debentures underlying the Pledged Applicable Ownership Interests in Debentures shall be deemed to be a reference to the Treasury Portfolio.

(b) Upon a Successful Remarketing during the Period for Early Remarketing, the proceeds of such Remarketing with respect to the Pledged Applicable Ownership Interests in Debentures shall be delivered to the Collateral Agent in exchange for the Debentures underlying the Pledged Applicable Ownership Interests in Debentures. Pursuant to the terms of this Agreement, the Collateral Agent will apply an amount equal to the Treasury Portfolio Purchase Price to purchase on behalf of the Holders of Corporate Units the Treasury Portfolio and promptly remit the remaining portion, if any, of such proceeds to the Purchase Contract Agent for payment to the Holders of such Corporate Units. The Treasury Portfolio will be substituted for the Debentures underlying the Pledged Applicable Ownership Interests in Debentures, and will be held by the Collateral Agent in accordance with the terms of this Agreement to secure the obligation of each Holder of a Corporate Unit to purchase the Common Stock on the Purchase Contract Settlement Date under the Purchase Contract constituting a part of such Corporate Unit. Following a Successful Remarketing during the Period for Early Remarketing, the Holders of Corporate Units and the Collateral Agent shall have such security interests, rights and obligations with respect to the Treasury Portfolio as the Holders of Corporate Units and the Collateral Agent had in respect of the Debentures underlying the Pledged Applicable Ownership Interests in Debentures subject to the Pledge thereof as provided in *Article II*, *Article III*, *Article IV*, *Article V* and *Article VI* hereof, and any reference herein to the Debentures underlying the Pledged Applicable Ownership Interests in Debentures shall be deemed to be reference to the Treasury Portfolio.

SECTION 6.3 Remarketing During the Period for Early Remarketing

The Collateral Agent shall, by 10:00 a.m., New York City time, on the Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period during the Period for Early Remarketing selected by NEE Capital pursuant to the Officer's Certificates, without any instruction from any Holder of Corporate Units, present the Debentures underlying the Pledged Applicable Ownership Interests in Debentures to the Remarketing Agents for remarketing. Upon receiving such Debentures, the Remarketing Agents, pursuant to the terms of the Remarketing Agreement, will use their commercially reasonable efforts to remarket such Debentures, on any date selected by NEE Capital during the Remarketing Period during the Period for Early Remarketing, at a price not less than 100% of the Treasury Portfolio Purchase Price. The Remarketing Agents will remit the entire amount of the Proceeds of such remarketing to the Collateral Agent on or prior to 12:00 p.m., New York City time, on the Reset Effective Date. In the event the Collateral Agent receives such Proceeds with respect to the Pledged Applicable Ownership Interests in Debentures, the Collateral Agent will, at the written direction of the Company, apply an amount equal to the Treasury Portfolio Purchase Price to purchase from the Quotation Agent the Treasury Portfolio and remit the remaining portion of such Proceeds, if any, to the Purchase Contract Agent for payment to the Holders of Corporate Units. NEE Capital will separately pay a fee to the Remarketing Agents for their services as Remarketing Agents and Corporate Unit Holders as well as holders of Separate Debentures who elect to participate in the Remarketing will not be responsible for the payment of any Remarketing Fee in connection with the Remarketing. The Collateral Agent shall Transfer the

Treasury Portfolio to the Collateral Account to secure the obligation of all Holders of Corporate Units to purchase Common Stock of the Company under the Purchase Contracts constituting a part of such Corporate Units, in substitution for the Debentures underlying the Pledged Applicable Ownership Interests in Debentures. Thereafter the Collateral Agent shall have such security interests, rights and obligations with respect to the Treasury Portfolio as it had in respect of the Debentures underlying the Pledged Applicable Ownership Interests in Debentures as provided in *Article II*, *Article III*, *Article IV*, *Article V* and *Article VI* hereof, and any reference herein to the Debentures underlying the Pledged Applicable Ownership Interests in Debentures shall be deemed to be a reference to such Treasury Portfolio, and any reference herein to interest on the Debentures underlying the Pledged Applicable Ownership Interests in Debentures shall be deemed to be a reference to distributions on such Treasury Portfolio.

SECTION 6.4 Substitutions

Whenever a Holder has the right to substitute Treasury Securities, Debentures or the Applicable Ownership Interest in the Treasury Portfolio, as the case may be, for Collateral held by the Collateral Agent, such substitution shall not constitute a novation of the security interest created hereby.

ARTICLE VII.

REPRESENTATIONS AND WARRANTIES; COVENANTS

SECTION 7.1 Representations and Warranties

The Holders from time to time, acting through the Purchase Contract Agent as their attorney-in-fact (it being understood that the Purchase Contract Agent shall not be liable for any representation or warranty made by or on behalf of a Holder), hereby represent and warrant to the Collateral Agent, which representations and warranties shall be deemed repeated on each day a Holder Transfers Collateral that:

(a) such Holder has the power to grant a security interest in and lien on the Collateral;

(b) such Holder is the sole beneficial owner of the Collateral and, in the case of Collateral delivered in physical form, is the sole holder of such Collateral and is the sole beneficial owner of, or has the right to Transfer, the Collateral it Transfers to the Collateral Agent, free and clear of any security interest, lien, encumbrance, call, liability to pay money or other restriction other than the security interest and lien granted under *Article II* hereof;

(c) upon the Transfer of the Collateral to the Collateral Account or physical delivery of the Debentures to the Collateral Agent, the Collateral Agent, for the benefit of the Company, will have a valid and perfected first priority security interest therein (assuming that any central clearing operation or any Securities Intermediary or other entity not within the control of the Holder involved in the Transfer of the Collateral, including the Collateral Agent, gives the notices and takes the action required of it hereunder and under applicable law for perfection of that interest and assuming the establishment and exercise of control pursuant to *Section 2.2* hereof); and

(d) the execution and performance by the Holder of its obligations under this Agreement will not result in the creation of any security interest, lien or other encumbrance on the Collateral other than the security interest and lien granted under *Article II* hereof or violate any provision of any existing law or regulation applicable to it or of any mortgage, charge, pledge, indenture, contract or undertaking to which it is a party or which is binding on it or any of its assets.

SECTION 7.2 Covenants

The Holders from time to time, acting through the Purchase Contract Agent as their attorney-in-fact (it being understood that the Purchase Contract Agent shall not be liable for any covenant made by or on behalf of a Holder), hereby covenant to the Collateral Agent that for so long as the Collateral remains subject to the Pledge:

(a) neither the Purchase Contract Agent nor such Holders will create or purport to create or allow to subsist any mortgage, charge, lien, pledge or any other security interest whatsoever over the Collateral or any part of it other than pursuant to this Agreement; and

(b) neither the Purchase Contract Agent nor such Holders will sell or otherwise dispose (or attempt to dispose) of the Collateral or any part of it except for the beneficial interest therein, subject to the Pledge hereunder, transferred in connection with the Transfer of the Equity Units.

ARTICLE VIII.

THE COLLATERAL AGENT

It is hereby agreed as follows:

SECTION 8.1 Appointment, Powers and Immunities

The Collateral Agent shall act as agent for the Company hereunder with such powers as are specifically vested in the Collateral Agent by the terms of this Agreement, together with such other powers as are reasonably incidental thereto. Each of the Collateral Agent, the Custodial Agent and the Securities Intermediary: (a) shall have no duties or responsibilities except those expressly set forth or incorporated by reference in this Agreement and no implied covenants or obligations shall be inferred from this Agreement against any of them, nor shall any of them be bound by the provisions of any agreement by any party hereto beyond the specific or incorporated terms hereof; (b) shall not be responsible for any recitals contained in this Agreement, or in any certificate or other document referred to or provided for in, or received by it under, this Agreement, the Equity Units or the Purchase Contract Agreement (except as specifically incorporated by reference herein), or for the value, validity, effectiveness, genuineness, enforceability or sufficiency of this Agreement (other than as against the Collateral Agent, the Custodial Agent or the Securities Intermediary), the Equity Units or the Purchase Contract Agreement or any other document referred to or provided for herein (except as specifically incorporated by reference herein) or therein or for any failure by the Company or any other Person (except the Collateral Agent, the Custodial Agent or the Securities Intermediary, as the case may be) to perform any of its obligations hereunder or thereunder or for the perfection, priority or, except as expressly required hereby, maintenance of any security interest created hereunder; (c) shall not be required to initiate or conduct any litigation or collection

proceedings hereunder (except in the case of the Collateral Agent, pursuant to directions furnished under *Section 8.2* hereof, subject to *Section 8.6* hereof); (d) shall not be responsible for any action taken or omitted to be taken by it hereunder or under any other document or instrument referred to or provided for herein or in connection herewith or therewith, except for its own negligence or willful misconduct; and (e) shall not be required to advise any party as to selling or retaining, or taking or refraining from taking any action with respect to, the Equity Units or other property deposited hereunder in accordance with the terms hereof. Subject to the foregoing, during the term of this Agreement, the Collateral Agent shall take all reasonable action in connection with the safekeeping and preservation of the Collateral hereunder.

No provision of this Agreement shall require the Collateral Agent, the Custodial Agent or the Securities Intermediary to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder. In no event shall the Collateral Agent, the Custodial Agent or the Securities Intermediary be liable for any amount in excess of the Value of the Collateral. Notwithstanding the foregoing, the Collateral Agent, the Custodial Agent and Securities Intermediary, each in its individual capacity, hereby waive any right of setoff, banker's lien, liens or perfection rights as Securities Intermediary or any counterclaim with respect to any of the Collateral.

SECTION 8.2 Instructions of the Company

The Company shall have the right, by one or more instruments in writing executed and delivered to the Collateral Agent, the Custodial Agent or the Securities Intermediary, as the case may be, to direct the time, method and place of conducting any proceeding for the realization of any right or remedy available to the Collateral Agent, or of exercising any power conferred on the Collateral Agent, the Custodial Agent or the Securities Intermediary, as the case may be, or to direct the taking or refraining from taking of any action authorized by this Agreement; *provided*, *however*, that (i) such direction shall not conflict with the provisions of any law or of this Agreement and (ii) the Collateral Agent, the Custodial Agent and the Securities Intermediary shall be adequately indemnified as provided herein. Nothing in this *Section 8.2* shall impair the right of the Collateral Agent in its discretion to take any action or omit to take any action which it deems proper and which is not inconsistent with such direction. The Company shall promptly confirm in writing any oral instructions furnished to the Collateral Agent by the Company.

SECTION 8.3 Reliance

Each of the Securities Intermediary, the Custodial Agent and the Collateral Agent shall be entitled conclusively to rely upon any certification, order, judgment, opinion, notice or other communication (including, without limitation, any thereof by telephone, telecopy, facsimile or electronic mail) believed by it to be genuine and correct and to have been signed or sent by or on behalf of the proper Person or Persons (without being required to determine the correctness of any fact stated therein), and upon advice and statements of legal counsel and other experts selected by the Collateral Agent, the Custodial Agent or the Securities Intermediary, as the case may be. As to any matters not expressly provided for by this Agreement, the Collateral Agent, the Custodial Agent and the Securities Intermediary shall in all cases be fully protected in acting, or in refraining from acting, hereunder in accordance with instructions given by the Company in accordance with this Agreement.

SECTION 8.4 Rights in Other Capacities

The Collateral Agent, the Custodial Agent and the Securities Intermediary and their affiliates may (without having to account therefor to the Company) accept deposits from, lend money to, make their investments in and generally engage in any kind of banking, trust or other business with the Purchase Contract Agent and any Holder of Equity Units (and any of their respective subsidiaries or affiliates) as if it were not acting as the Collateral Agent, the Custodial Agent or the Securities Intermediary, as the case may be, and the Collateral Agent, the Custodial Agent and the Securities Intermediary and their affiliates may accept fees and other consideration from the Purchase Contract Agent and any Holder of Equity Units without having to account for the same to the Company; *provided*, that each of the Securities Intermediary, the Custodial Agent and the Collateral Agent covenants and agrees with the Company that it shall not accept, receive or permit there to be created in favor of itself and shall take no affirmative action to permit there to be created in favor of any other Person, any security interest, lien or other encumbrance of any kind in or upon the Collateral.

SECTION 8.5 Non-Reliance

None of the Securities Intermediary, the Custodial Agent or the Collateral Agent shall be required to keep itself informed as to the performance or observance by the Purchase Contract Agent or any Holder of Equity Units of this Agreement, the Purchase Contract Agreement, the Equity Units or any other document referred to or provided for herein or therein or to inspect the properties or books of the Purchase Contract Agent or any Holder of Equity Units. The Collateral Agent, the Custodial Agent and the Securities Intermediary shall not have any duty or responsibility to provide the Company with any credit or other information concerning the affairs, financial condition or business of the Purchase Contract Agent or any Holder of Equity Units (or any of their respective affiliates) that may come into the possession of the Collateral Agent, the Custodial Agent or the Securities Intermediary or any of their respective affiliates.

SECTION 8.6 Compensation and Indemnity

The Company agrees:

(a) to pay each of the Collateral Agent, the Custodial Agent and the Securities Intermediary from time to time such compensation as shall be agreed in writing (from time to time) between the Company and the Collateral Agent, the Custodial Agent or the Securities Intermediary, as the case may be, for all services rendered by each of them hereunder; and

(b) to indemnify the Collateral Agent, the Custodial Agent and the Securities Intermediary and each of their respective directors, officers, agents and employees for, and to hold each of them harmless from and against, any loss, all claims (whether asserted by the Company, a Holder or any other Person) and liabilities and reasonable out-of-pocket expense incurred without negligence, willful misconduct or bad faith on its part, arising out of or in connection with the acceptance or administration of its powers and duties under this Agreement, including the reasonable out-of-pocket costs and expenses (including reasonable fees and expenses of counsel) of defending itself against any claim or liability in connection with the exercise or performance of such powers and duties.

The Collateral Agent, the Custodial Agent and the Securities Intermediary shall each promptly notify the Company of any third party claim which may give rise to indemnity hereunder and give the Company the opportunity to participate in the defense of such claim with counsel reasonably satisfactory to the indemnified party, and no such claim shall be settled without the written consent of the Company, which consent shall not be unreasonably withheld.

Without prejudice to its rights hereunder, when any of the Collateral Agent, Custodial Agent or Securities Intermediary incurs expenses after a Termination Event occurs, or renders services after a Termination Event occurs, such expenses and compensation are intended to constitute expenses of administration under the Bankruptcy Code or any applicable state bankruptcy, insolvency or other similar law.

SECTION 8.7 Failure to Act

In the event of any ambiguity in the provisions of this Agreement or any dispute between or conflicting claims by or among the parties hereto or any other Person with respect to any funds or property deposited hereunder, the Collateral Agent and the Custodial Agent shall be entitled, after prompt notice to the Company and the Purchase Contract Agent, at its sole option, to refuse to comply with any and all claims, demands or instructions with respect to such property or funds so long as such dispute or conflict shall continue, and neither the Collateral Agent nor the Custodial Agent shall be or become liable in any way to any of the parties hereto for its failure or refusal to comply with such conflicting claims, demands or instructions. The Collateral Agent and the Custodial Agent shall be entitled to refuse to act until either (i) such conflicting or adverse claims or demands shall have been finally determined by a court of competent jurisdiction or settled by agreement between the conflicting parties as evidenced in a writing, satisfactory to the Collateral Agent or the Custodial Agent, as the case may be, or (ii) the Collateral Agent or the Custodial Agent, as the case may be, shall have received security or an indemnity satisfactory to the Collateral Agent or the Custodial Agent, as the case may be, sufficient to save the Collateral Agent or the Custodial Agent, as the case may be, harmless from and against any and all loss, liability or reasonable out-of-pocket expense which the Collateral Agent or the Custodial Agent, as the case may be, may without negligence, willful misconduct, or bad faith on its part incur by reason of its acting. The Collateral Agent or the Custodial Agent may in addition elect to commence an interpleader action or seek other judicial relief or orders as the Collateral Agent or the Custodial Agent, as the case may be, may deem necessary. Notwithstanding anything contained herein to the contrary, neither the Collateral Agent nor the Custodial Agent shall be required to take any action that is in its opinion contrary to law or to the terms of this Agreement, or which would in its opinion subject it or any of its officers, employees or directors to liability.

SECTION 8.8 Resignation of Collateral Agent or Custodial Agent

Subject to the appointment and acceptance of a successor Collateral Agent or Custodial Agent as provided below, (a) the Collateral Agent and the Custodial Agent may resign at any time by giving notice thereof to the Company and the Purchase Contract Agent as attorney-in-fact for the Holders of Equity Units, (b) the Collateral Agent and the Custodial Agent may be removed at any time by the Company and (c) if the Collateral Agent or the Custodial Agent fails to perform any of its material obligations hereunder in any material respect for a period of not less than 20 days after receiving written notice of such failure by the Purchase Contract Agent and such failure shall be

continuing, the Collateral Agent or the Custodial Agent may be removed by the Purchase Contract Agent. The Purchase Contract Agent shall promptly notify the Company of any removal of the Collateral Agent pursuant to *clause (c)* of the immediately preceding sentence. Upon any such resignation or removal, the Company shall have the right to appoint a successor Collateral Agent or Custodial Agent, as the case may be. If no successor Collateral Agent or Custodial Agent, as the case may be, shall have been so appointed and shall have accepted such appointment within 30 days after the retiring Collateral Agent's or Custodial Agent's giving of notice of resignation or such removal, then the retiring Collateral Agent or Custodial Agent at the expense of the Company (other than in connection with a removal for cause pursuant to either clause (b) or (c) of the first sentence of this *Section 8.8*), as the case may be, may petition any court of competent jurisdiction for the appointment of a successor Collateral Agent or Custodial Agent, as the case may be. Each of the Collateral Agent and the Custodial Agent shall be a bank which has an office in New York, New York with a combined capital and surplus of at least $50,000,000. Upon the acceptance of any appointment as Collateral Agent or Custodial Agent, as the case may be, hereunder by a successor Collateral Agent or Custodial Agent, as the case may be, such successor shall thereupon succeed to and become vested with all the rights, powers, privileges and duties of the retiring Collateral Agent or Custodial Agent, as the case may be, and the retiring Collateral Agent or Custodial Agent, as the case may be, shall take all appropriate action to transfer any money and property held by it hereunder (including the Collateral) to such successor. The retiring Collateral Agent or Custodial Agent shall, upon such succession, be discharged from its duties and obligations as Collateral Agent or Custodial Agent hereunder. After any retiring Collateral Agent's or Custodial Agent's resignation hereunder as Collateral Agent or Custodial Agent, the provisions of this *Article VIII* shall continue in effect for its benefit in respect of any actions taken or omitted to be taken by it while it was acting as the Collateral Agent or Custodial Agent. Any resignation or removal of the Collateral Agent hereunder shall be deemed for all purposes of this Agreement as the simultaneous resignation or removal of the Custodial Agent and the Securities Intermediary.

SECTION 8.9 Right to Appoint Agent or Advisor

The Collateral Agent shall have the right to appoint agents or advisors in connection with any of its duties hereunder, and the Collateral Agent shall not be liable for any action taken or omitted by, or in reliance upon the advice of, such agents or advisors selected in good faith. The appointment of agents or advisors pursuant to this *Section 8.9* shall be subject to prior consent of the Company, which consent shall not be unreasonably withheld.

SECTION 8.10 Survival

The provisions of this *Article VIII* and *Section 10.7* hereof shall survive termination of this Agreement and the resignation or removal of the Collateral Agent, the Custodial Agent or the Securities Intermediary.

SECTION 8.11 Exculpation

Anything in this Agreement to the contrary notwithstanding, in no event shall any of the Collateral Agent, the Custodial Agent or the Securities Intermediary or their officers, employees or agents be liable under this Agreement to any party for indirect, special, punitive, or consequential loss or damage of any kind whatsoever, including lost profits, whether or not the likelihood of such

loss or damage was known to the Collateral Agent, the Custodial Agent or the Securities Intermediary, or any of them, incurred without any act or deed that is found to be attributable to gross negligence or willful misconduct on the part of the Collateral Agent, the Custodial Agent or the Securities Intermediary.

ARTICLE IX.

AMENDMENT

SECTION 9.1 Amendment Without Consent of Holders

Without the consent of any Holders, the Company, the Collateral Agent, the Custodial Agent, the Securities Intermediary and the Purchase Contract Agent, at any time and from time to time, may amend this Agreement, in form satisfactory to the Company, the Collateral Agent, the Custodial Agent, the Securities Intermediary and the Purchase Contract Agent, for any of the following purposes:

(a) to evidence the succession of another Person to the Company, and the assumption by any such successor of the covenants of the Company;

(b) to add to the covenants of the Company for the benefit of the Holders or to surrender any right or power herein conferred upon the Company so long as such covenants or such surrender do not adversely affect the validity, perfection or priority of the security interests granted or created hereunder;

(c) to evidence and provide for the acceptance of appointment hereunder by a successor Collateral Agent, Custodial Agent, Securities Intermediary or Purchase Contract Agent; or

(d) to cure any ambiguity, to correct or supplement any provisions herein which may be inconsistent with any other provisions herein, or to make any other provisions with respect to such matters or questions arising under this Agreement, *provided* such action shall not adversely affect the interests of the Holders in any material respect, *provided*, *further*, that any amendment made solely to conform the provisions of this Agreement to the description of the Equity Units, the Purchase Contracts and the other components of the Equity Units contained in the prospectus supplement, dated February 26, 2026, and the accompanying prospectus dated March 22, 2024, relating to the Equity Units will not be deemed to adversely affect the interests of the Holders.

SECTION 9.2 Amendment With Consent of Holders

With the consent of the Holders of not less than a majority of the outstanding Purchase Contracts voting together as one class, by Act of said Holders delivered to the Company, the Purchase Contract Agent or the Collateral Agent, as the case may be, the Company, the Purchase Contract Agent, the Collateral Agent, the Custodial Agent and the Securities Intermediary may amend this Agreement for the purpose of modifying in any manner the provisions of this Agreement or the rights of the Holders in respect of the Equity Units; *provided*, *however*, that no such supplemental agreement shall, without the consent of the Holder of each Outstanding Equity Unit adversely affected thereby,

(a) change the amount or the type of Collateral required to be Pledged to secure a Holder's Obligations under the Purchase Contracts (except for the rights of Holders of Corporate Units to substitute the Treasury Securities for the Pledged Applicable Ownership Interests in Debentures or the Applicable Ownership Interest in the Treasury Portfolio or the rights of Holders of Treasury Units to substitute Debentures or the Applicable Ownership Interest in the Treasury Portfolio for the Pledged Treasury Securities);

(b) unless such change is not adverse to the Holders, impair the right of the Holder of any Equity Unit to receive distributions on the related Collateral or otherwise adversely affect the Holder's rights in or to such Collateral;

(c) otherwise effect any action that would require the consent of the Holder of each Outstanding Equity Unit affected thereby pursuant to the Purchase Contract Agreement if such action were effected by an agreement supplemental thereto; or

(d) reduce the percentage of the outstanding Purchase Contracts the consent of whose Holders is required for any such amendment;

provided, that if any such supplemental amendment referred to above would adversely affect only the Corporate Units or the Treasury Units, then only Holders of the affected class of Equity Units as of the record date for the Holders entitled to vote thereon will be entitled to vote on or consent to such amendment or proposal, and such amendment or proposal shall not be effective except with the consent of Holders of not less than a majority of such class.

It shall not be necessary for any Act of Holders under this *Section 9.2* to approve the particular form of any proposed amendment, but it shall be sufficient if such Act shall approve the substance thereof.

SECTION 9.3 Execution of Amendments

In executing any amendment permitted by this *Article IX*, the Collateral Agent, the Custodial Agent, the Securities Intermediary and the Purchase Contract Agent shall be entitled to receive and (subject to *Section 6.1* hereof, with respect to the Collateral Agent, and Section 7.1 of the Purchase Contract Agreement, with respect to the Purchase Contract Agent) shall be fully protected in relying upon, an Opinion of Counsel stating that the execution of such amendment is authorized or permitted by this Agreement and that all conditions precedent, if any, to the execution and delivery of such amendment have been satisfied.

SECTION 9.4 Effect of Amendments

Upon the execution of any amendment under this *Article IX*, this Agreement shall be modified in accordance therewith, and such amendment shall form a part of this Agreement for all purposes; and every Holder of Equity Units theretofore or thereafter authenticated, executed on behalf of the Holders and delivered under the Purchase Contract Agreement shall be bound thereby.

SECTION 9.5 Reference to Amendments

Certificates authenticated, executed on behalf of the Holders and delivered after the execution of any amendment pursuant to this *Article IX* may, and shall if required by the Collateral Agent or the Purchase Contract Agent, bear a notation in form approved by the Purchase Contract Agent and the Collateral Agent as to any matter provided for in such amendment. If the Company shall so determine, Certificates so modified as to conform, in the opinion of the Collateral Agent, the Purchase Contract Agent and the Company, to any such amendment may be prepared and executed by the Company and authenticated, executed on behalf of the Holders and delivered by the Purchase Contract Agent in accordance with the Purchase Contract Agreement in exchange for outstanding Certificates.

ARTICLE X.

MISCELLANEOUS

SECTION 10.1 No Waiver

No failure on the part of the Collateral Agent or any of its agents to exercise, and no course of dealing with respect to, and no delay in exercising, any right, power or remedy hereunder shall operate as a waiver thereof; nor shall any single or partial exercise by the Collateral Agent or any of its agents of any right, power or remedy hereunder preclude any other or further exercise thereof or the exercise of any other right, power or remedy. The remedies herein are cumulative and are not exclusive of any remedies provided by law.

SECTION 10.2 Governing Law; Waiver of Jury Trial

THIS AGREEMENT SHALL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF NEW YORK, WITHOUT REGARD TO CONFLICT OF LAWS PRINCIPLES THEREUNDER, EXCEPT TO THE EXTENT THAT THE LAWS OF ANY OTHER JURISDICTION SHALL BE MANDATORILY APPLICABLE. Without limiting the foregoing, the above choice of law is expressly agreed to by the Company, the Securities Intermediary, the Custodial Agent, the Collateral Agent and the Holders from time to time acting through the Purchase Contract Agent, as their attorney-in-fact, in connection with the establishment and maintenance of the Collateral Account. The Company, the Collateral Agent and the Holders from time to time of the Equity Units, acting through the Purchase Contract Agent as their attorney-in-fact, hereby submit to the nonexclusive jurisdiction of the United States District Court for the Southern District of New York and of any New York state court sitting in New York City for the purposes of all legal proceedings arising out of or relating to this Agreement or the transactions contemplated hereby. The Company, the Collateral Agent and the Holders from time to time of the Equity Units, acting through the Purchase Contract Agent as their attorney-in-fact, irrevocably waive, to the fullest extent permitted by applicable law, any objection which they may now or hereafter have to the laying of the venue of any such proceeding brought in such a court and any claim that any such proceeding brought in such a court has been brought in an inconvenient forum.

EACH OF THE COMPANY, THE COLLATERAL AGENT, THE PURCHASE CONTRACT AGENT AND THE HOLDERS FROM TIME TO TIME OF THE EQUITY UNITS, ACTING THROUGH THE PURCHASE CONTRACT AGENT AS THEIR ATTORNEY-IN-FACT, HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE EQUITY UNITS OR THE TRANSACTIONS CONTEMPLATED HEREBY.

SECTION 10.3 Notices

All notices, requests, consents and other communications provided for herein (including, without limitation, any modifications of, or waivers or consents under, this Agreement) shall be given or made in writing (including, without limitation, by electronic mail) delivered to the intended recipient at the "Address for Notices" specified below its name on the signature pages hereof (or in the case of Holders, may be made and deemed given as provided in Sections 1.5 and 1.6 of the Purchase Contract Agreement) or, as to any party, at such other address as shall be designated by such party in a notice to the other parties. Except as otherwise provided in this Agreement, all such communications shall be deemed to have been duly given or made when transmitted by electronic means or personally delivered or, in the case of a mailed notice, upon receipt, in each case given or addressed as aforesaid (except as aforesaid).

When the Collateral Agent acts on any directions or instructions pursuant to this Agreement sent by electronic transmission, the Collateral Agent will not be responsible or liable for any losses, costs or expenses arising directly or indirectly from its reliance upon and compliance with such directions or instructions, notwithstanding that such directions or instructions (a) may not be an authorized or authentic communication of the party involved or in the form such party sent or intended to send (whether due to fraud, distortion or otherwise, except in the case of gross negligence or willful misconduct) or (b) may conflict with, or be inconsistent with, a subsequent written instruction or communication after the Collateral Agent has acted in compliance with prior directions or instructions; it being understood and agreed that the Collateral Agent shall conclusively presume that such directions or instructions that purport to have been sent by or on behalf of an authorized officer of a Person have been sent by or on behalf of an authorized officer of such Person in the absence of bad faith on the part of the Collateral Agent. With respect to any directions or instructions provided hereunder by the Purchase Contract Agent or the Company or any other Person to the Collateral Agent through electronic transmission or otherwise with electronic signatures, the Company agrees to assume all risks arising out of such electronic methods, including, without limitation, the risk of the Collateral Agent acting on unauthorized instructions, except in the case of gross negligence or willful misconduct of the Collateral Agent or the Purchase Contract Agent, and the risk of interception and misuse by third parties. For the avoidance of doubt, the Purchase Contract Agent shall have no liability hereunder in connection with any directions or instructions sent by it by electronic transmission, except in the case of the Purchase Contract Agent's gross negligence or willful misconduct.

SECTION 10.4 Successors and Assigns

This Agreement shall be binding upon and inure to the benefit of the respective successors and assigns of the Company, the Collateral Agent, the Custodial Agent, the Securities Intermediary

and the Purchase Contract Agent, and the Holders from time to time of the Equity Units, by their acceptance of the same, shall be deemed to have agreed to be bound by the provisions hereof and to have ratified the agreements of, and the grant of the Pledge hereunder by, the Purchase Contract Agent.

SECTION 10.5 Counterparts

This Agreement may be executed in any number of counterparts by the parties hereto on separate counterparts, each of which, when so executed and delivered, shall be deemed an original, but all such counterparts shall together constitute one and the same instrument. Facsimile, documents executed, scanned and transmitted electronically and electronic signatures, including those created or transmitted through a software platform or application, shall be deemed original signatures for purposes of this Agreement. This Agreement, if executed as described in the preceding sentence, will be binding on all parties hereto to the same extent as if it were physically executed and each party hereby consents to the use of any third party electronic signature capture service providers as may be reasonably chosen by a signatory hereto or thereto.

SECTION 10.6 Separability

If any provision hereof is invalid and unenforceable in any jurisdiction, then, to the fullest extent permitted by law, (a) the other provisions hereof shall remain in full force and effect in such jurisdiction and shall be liberally construed in order to carry out the intentions of the parties hereto as nearly as may be possible and (b) the invalidity or unenforceability of any provision hereof in any jurisdiction shall not affect the validity or enforceability of such provision in any other jurisdiction.

SECTION 10.7 Expenses, etc.

The Company agrees to reimburse the Collateral Agent, the Custodial Agent and the Securities Intermediary for: (a) all reasonable out-of-pocket costs and expenses of the Collateral Agent, the Custodial Agent and Securities Intermediary (including, without limitation, the reasonable fees and expenses of the necessary services of a Securities Intermediary and of counsel to the Collateral Agent and the Custodial Agent), in connection with (i) the negotiation, preparation, execution and delivery or performance of this Agreement and (ii) any modification, supplement or waiver of any of the terms of this Agreement; (b) all reasonable costs and expenses of the Collateral Agent (including, without limitation, reasonable fees and expenses of counsel) in connection with (i) any enforcement or proceedings resulting or incurred in connection with causing any Holder of Equity Units to satisfy its obligations under the Purchase Contracts forming a part of the Equity Units and (ii) the enforcement of this *Section 10.7*; and (c) all transfer, stamp, documentary or other similar taxes, assessments or charges levied by any governmental or revenue authority in respect of this Agreement or any other document referred to herein and all costs, expenses, taxes, assessments and other charges incurred in connection with any filing, registration, recording or perfection of any security interest contemplated hereby.

SECTION 10.8 Security Interest Absolute

All rights of the Collateral Agent and security interests hereunder, and all obligations of the Holders from time to time hereunder, shall be absolute and unconditional irrespective of:

(a) any lack of validity or enforceability of any provision of the Purchase Contracts or the Equity Units or any other agreement or instrument relating thereto;

(b) any change in the time, manner or place of payment of, or any other term of, or any increase in the amount of, all or any of the obligations of Holders of Equity Units under the related Purchase Contracts, or any other amendment or waiver of any term of, or any consent to any departure from any requirement of, the Purchase Contract Agreement or any Purchase Contract or any other agreement or instrument relating thereto; or

(c) any other circumstance which might otherwise constitute a defense available to, or discharge of, a borrower, a guarantor or a pledgor.

SECTION 10.9 USA Patriot Act

In order to comply with the laws, rules, regulations and executive orders in effect from time to time applicable to banking institutions, including, without limitation, those relating to the funding of terrorist activities and money laundering, including Section 326 of the USA PATRIOT Act of the United States ("**Applicable Law**"), the Collateral Agent, Custodial Agent and Securities Intermediary are required to obtain, verify, record and update certain information relating to individuals and entities which maintain a business relationship with the Collateral Agent, Custodial Agent and Securities Intermediary. Accordingly, each of the parties hereto agree to provide to the Collateral Agent, Custodial Agent and Securities Intermediary, upon their written request from time to time, such identifying information and documentation as may be available to such party in order to enable the Collateral Agent, Custodial Agent and Securities Intermediary to comply with Applicable Law.

SECTION 10.10 Force Majeure

The Collateral Agent, the Custodial Agent and the Securities Intermediary shall not incur any liability for not performing any act or fulfilling any duty, obligation or responsibility hereunder by reason of any occurrence beyond the reasonable control of the Collateral Agent, the Custodial Agent and the Securities Intermediary (including but not limited to any act or provision of any present or future law or regulation or governmental authority, any act of God or war, civil unrest, local or national disturbance or disaster, epidemic or pandemic, any act of terrorism, or the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility).

SECTION 10.11 Provisions Incorporated by Reference to the Purchase Contract Agreement

The rights, benefits, protections, immunities and indemnities that are applicable to the Purchase Contract Agent under the Purchase Contract Agreement, including without limitation,

Article VII thereof, are, to the extent there are no provisions herein that address such rights, benefits, protections, immunities and indemnities, hereby incorporated for the benefit of the Purchase Contract Agent under this Pledge Agreement.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed as of the day and year first above written.

Re: Securities of NextEra Energy Capital Holdings, Inc. (the "**Company**")

The undersigned hereby notifies you in accordance with Section 4.6(c) of the Pledge Agreement, dated as of February 1, 2026 (the "**Pledge Agreement**"), between NextEra Energy, Inc., yourselves, as Collateral Agent, Custodial Agent and Securities Intermediary, and The Bank of New York Mellon, as Purchase Contract Agent and as attorney-in-fact for the Holders of Corporate Units and Treasury Units from time to time, that the undersigned elects to deliver $_____ principal amount of Debentures for delivery to the Remarketing Agents on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period for Remarketing pursuant to Section 4.6(c) of the Pledge Agreement. The undersigned will, upon request of the Remarketing Agents, execute and deliver any additional documents deemed by the Remarketing Agents or by the Company to be necessary or desirable to complete the sale, assignment and transfer of the Debentures tendered hereby.

The undersigned hereby instructs you, upon receipt of the proceeds of such remarketing, if successful, from the Remarketing Agents to deliver such proceeds to the undersigned in accordance with the instructions indicated herein under "**A. Payment Instructions**." The undersigned hereby instructs you, in the event of Failed Remarketing, upon receipt of the Debentures tendered herewith from the Remarketing Agents, to deliver such Debentures to the person(s) and the address(es) indicated herein under "**B. Delivery Instructions**."

With this notice, the undersigned hereby (i) represents and warrants that the undersigned has full power and authority to tender, sell, assign and transfer the Debentures tendered hereby and that the undersigned is the record owner of any Debentures tendered herewith in physical form or a participant in The Depository Trust Company ("**DTC**") and the beneficial owner of any Debentures tendered herewith by book-entry transfer to your account at DTC and (ii) agrees to be bound by the terms and conditions of Section 4.6(c) of the Pledge Agreement. Capitalized terms used herein but not defined shall have the meaning set forth or incorporated by reference in the Pledge Agreement.

Exhibit 4(i)

NEXTERA ENERGY CAPITAL HOLDINGS, INC.

OFFICER'S CERTIFICATE

Creating the Series P Debentures due February 15, 2031

James May, Vice President & Treasurer of NextEra Energy Capital Holdings, Inc. (the "**Company**"), pursuant to the authority granted in the accompanying Board Resolutions (all capitalized terms used herein which are not defined herein, in *Appendix A* or in *Exhibit A* hereto, but which are defined in the Indenture referred to below, shall have the meanings specified in the Indenture), and pursuant to Sections 201 and 301 of the Indenture, does hereby certify to The Bank of New York Mellon (the "**Trustee**"), as Trustee under the Indenture (For Unsecured Debt Securities) dated as of June 1, 1999 between the Company and the Trustee, as amended (the "**Indenture**"), that:

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "Series P Debentures due February 15, 2031" (referred to herein as the "**Debentures of the Ninety-Third Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Debentures of the Ninety-Third Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date. The "**Stated Maturity Date**" means February 15, 2031.

3. The Debentures of the Ninety-Third Series shall bear interest initially at the rate of 4.000% per annum (the "**Interest Rate**") from, and including, March 3, 2026, to, but excluding, the earlier of (i) the Stated Maturity Date and (ii) the Reset Effective Date. In the event of a Successful Remarketing of the Debentures of the Ninety-Third Series, the Interest Rate will be determined by the Remarketing Agents and reset at the Reset Rate effective from the Reset Effective Date, as set forth in *Paragraph 4* below. If the Interest Rate is so reset, the Debentures of the Ninety-Third Series will bear interest at the Reset Rate from, and including, the Reset Effective Date until the principal thereof and accrued and unpaid interest thereon, if any, is paid or duly made available for payment. The "**Reset Effective Date**" shall mean (i) in connection with a Successful Remarketing of the Debentures of the Ninety-Third Series during the Period for Early Remarketing, the third Business Day immediately following the Remarketing Date on which the Debentures of the Ninety-Third Series included in such Remarketing are successfully remarketed, unless the Remarketing is successful within five Business Days of the next succeeding Quarterly Interest Payment Date, in which case such Quarterly Interest Payment Date will be the Reset Effective Date, and (ii) in connection with a Successful Remarketing of the Debentures of the Ninety-Third Series during the Final Remarketing Period, February 15, 2029.

Interest on a Debenture of the Ninety-Third Series shall be payable initially quarterly in arrears on February 15, May 15, August 15 and November 15 of each year (each a "**Quarterly Interest Payment Date**"), commencing May 15, 2026, to the Person in whose name such Debenture of the Ninety-Third Series, or any predecessor Debenture of the Ninety-Third Series, is registered on the books and records of the Security Registrar at the close of business on the relevant Regular Record Date for such Quarterly Interest Payment Date. Following a Successful Remarketing of the Debentures of the Ninety-Third Series, interest on a Debenture of the Ninety-Third Series shall be payable (i) on the Reset Effective Date and (ii) semi-annually in arrears on the Subsequent Interest Payment Dates (together with the Quarterly Interest Payment Dates and the Reset Effective Date, the "**Interest Payment Dates**"), in each case to the Person in whose name such Debenture of the Ninety-Third Series, or any predecessor Debenture of the Ninety-Third Series, is registered on the books and records of the Security Registrar at the close of business on the relevant Regular Record

Date. "**Subsequent Interest Payment Date**" shall mean, following the Reset Effective Date, each semi-annual interest payment date established by the Company on the Remarketing Date on which the Debentures of the Ninety-Third Series included in the Remarketing are successfully remarketed.

Interest payments will include interest accrued from and including the immediately preceding Interest Payment Date or, in the case of the first Interest Payment Date, from and including March 3, 2026, to, but excluding, such Interest Payment Date.

The amount of interest payable on the Debentures of the Ninety-Third Series will be computed on the basis of a 360-day year of twelve 30-day months. The amount of interest payable for any period shorter than a full quarterly or semi-annual period for which interest is computed shall be computed on the basis of the number of days in such period using 30-day calendar months. In the event that an Interest Payment Date is not a Business Day, then payment of interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of such delay), except that, if such Business Day is in the next succeeding calendar year, then such payment shall be made on the immediately preceding Business Day, in each case, with the same force and effect as if made on such Interest Payment Date.

Pursuant to the Remarketing Agreement to be entered into between the Company, Wells Fargo Securities, LLC, BofA Securities, Inc., Citigroup Global Markets Inc. and Mizuho Securities USA LLC (collectively referred to as the "**Remarketing Agents**"), and The Bank of New York Mellon, as Purchase Contract Agent (the "**Purchase Contract Agent**"), as amended or supplemented from time to time (the "**Remarketing Agreement**"), and as described below, the Company (i) during the Period for Early Remarketing may, at its option, and in its sole discretion, select one or more Early Remarketing Periods on which the Company may cause the Remarketing Agents to remarket, in whole (but not in part), (A) the Pledged Debentures of the Ninety-Third Series, and (B) any Separate Debentures of the Ninety-Third Series of Holders who have elected in the manner set forth in the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement to have such Separate Debentures of the Ninety-Third Series so remarketed, for settlement on the third Business Day following the Remarketing Date on which a Successful Remarketing occurs, unless the Successful Remarketing occurs within five Business Days of the next succeeding Quarterly Interest Payment Date, in which case such settlement will occur on such Quarterly Interest Payment Date and (ii) if there has not been a Successful Remarketing during the Period for Early Remarketing, if any, shall cause the Remarketing Agents to remarket, in whole (but not in part), on each Remarketing Date during the Final Remarketing Period, (A) the Pledged Debentures of the Ninety-Third Series of Corporate Unit holders who have failed to notify the Purchase Contract Agent, on or prior to the seventh Business Day immediately preceding the Purchase Contract Settlement Date, of their intention to settle such Purchase Contracts in cash, and (B) any Separate Debentures of the Ninety-Third Series of Holders who have elected in the manner set forth in the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement to have their Debentures of the Ninety-Third Series so remarketed, for settlement on the Purchase Contract Settlement Date.

The Company may select an Early Remarketing Period; *provided*, that no Remarketing Date during the Period for Early Remarketing shall occur earlier than the fifth Business Day prior to August 15, 2028 nor later than the ninth Business Day prior to the Purchase Contract Settlement Date.

The Company will announce any Remarketing on the sixth Business Day immediately preceding the first Remarketing Date of an Early Remarketing Period and, for the Final Remarketing Period, the Company will announce the remarketing of the Debentures of the Ninety-Third Series on the third

Business Day immediately preceding the first Remarketing Date of the Final Remarketing Period. Each such announcement (each a "**Remarketing Announcement**") on each such date (each a "**Remarketing Announcement Date**") shall specify the following:

(i) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Debentures of the Ninety-Third Series may be remarketed on any and all of the Remarketing Dates during such Early Remarketing Period selected by the Company; or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Remarketing Period, that the Debentures of the Ninety-Third Series may be remarketed on any and all of the third, fourth or fifth Business Days following such Remarketing Announcement Date;

(ii) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Reset Effective Date will be the third Business Day following the Successful Remarketing Date, unless the Successful Remarketing Date is within five Business Days of the next succeeding Quarterly Interest Payment Date in which case such Quarterly Interest Payment Date will be the Reset Effective Date; or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Remarketing Period, that the Reset Effective Date will be February 15, 2029 if there is a Successful Remarketing;

(iii) that the Reset Rate and Subsequent Interest Payment Dates for the Debentures of the Ninety-Third Series will be established on the Successful Remarketing Date and effective on and after the Reset Effective Date; and

(iv) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Reset Rate will equal the interest rate on the Debentures of the Ninety-Third Series that will enable the Debentures of the Ninety-Third Series included in the Remarketing to be remarketed at a price equal to at least 100% of the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price (the "**Remarketing Price**"); or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Remarketing Period, that the Reset Rate will equal the interest rate on the Debentures of the Ninety-Third Series that will enable the Debentures of the Ninety-Third Series included in the Remarketing to be remarketed at a price equal to at least 100% of their aggregate principal amount (the "**Contract Settlement Price**").

Each Holder of Separate Debentures of the Ninety-Third Series may elect to have some or all of the Separate Debentures of the Ninety-Third Series held by such Holder remarketed in any Remarketing. A Holder making such an election must, pursuant to the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement, notify the Custodial Agent and deliver such Separate Debentures of the Ninety-Third Series to the Custodial Agent on or prior to 5:00 p.m., New York City time, on the second Business Day, but no earlier than the fifth Business Day, immediately preceding the first Remarketing Date of any Remarketing Period. Any such notice and delivery may not be conditioned upon the level at which the Reset Rate is established in the Remarketing. Any such notice and delivery may be withdrawn on or prior to 5:00 p.m., New York City time, on the

second Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period in accordance with the provisions set forth in the Pledge Agreement. Any such notice and delivery not withdrawn by such time will be irrevocable with respect to such Remarketing. Promptly after 11:00 a.m., New York City time, on the Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period, the Custodial Agent, based on the notices and deliveries received by it prior to such time and pursuant to the Pledge Agreement, shall notify the Remarketing Agents of the principal amount of Separate Debentures of the Ninety-Third Series to be tendered for Remarketing and shall cause such Separate Debentures of the Ninety-Third Series to be presented to the Remarketing Agents. Debentures of the Ninety-Third Series that are a component of Corporate Units will be deemed tendered for Remarketing and will be remarketed in accordance with the terms of the Remarketing Agreement.

Unless there has been a Successful Remarketing, on each Remarketing Date selected by the Company during an Early Remarketing Period, the Company shall cause the Remarketing Agents to use their commercially reasonable efforts to remarket the Debentures of the Ninety-Third Series that the Collateral Agent and the Custodial Agent shall have notified the Remarketing Agents have been tendered for, or otherwise are to be included in, the Remarketing, at a price per $1,000 principal amount of the Debentures of the Ninety-Third Series such that the aggregate price for the aggregate principal amount of the Debentures of the Ninety-Third Series being remarketed on that date will be approximately (i) if the Reset Effective Date is not the Purchase Contract Settlement Date, the Remarketing Price or (ii) if the Reset Effective Date is the Purchase Contract Settlement Date, the Contract Settlement Price.

In the event of a Successful Remarketing, on the Remarketing Date the Company will request the Depositary to notify its participants holding the Separate Debentures of the Ninety-Third Series, no later than the Business Day next succeeding the Successful Remarketing Date, of the Reset Rate, the Subsequent Interest Payment Dates and related Regular Record Dates for the Debentures of the Ninety-Third Series. If a Successful Remarketing does not occur during a Remarketing Period, the Company will cause a notice of such Failed Remarketing to be published on the Business Day following the last Remarketing Date comprising the Remarketing Period (which notice, in the event of a Failed Remarketing on the Final Remarketing Date, shall be published not later than 9:00 a.m., New York City time, and shall include the procedures that must be followed if a Holder of Separate Debentures of the Ninety-Third Series wishes to exercise its right to put such Separate Debentures of the Ninety-Third Series to the Company), in each case, by making a timely release to any appropriate news agency, including Bloomberg News and the Dow Jones Newswires.

In accordance with the Depositary's procedures, on the Reset Effective Date, the transactions described above with respect to each Debenture of the Ninety-Third Series tendered for purchase and sold in such Remarketing shall be executed through the Depositary, and the accounts of the respective Depositary participants shall be debited and credited and such Debentures of the Ninety-Third Series delivered by book entry as necessary to effect purchases and sales of such Debentures of the Ninety-Third Series. The Depositary shall make payment in accordance with its procedures.

In no event shall the aggregate price for the Debentures of the Ninety-Third Series in a Remarketing be less than a price (the "**Minimum Price**") equal to (i) in the case of a Remarketing during the Period for Early Remarketing, 100% of the sum of the Remarketing Treasury Portfolio Purchase Price and the Separate Debentures Purchase Price or (ii) in the case of a Remarketing during the Final Remarketing Period, 100% of the aggregate principal amount of the Debentures of the Ninety-Third Series being remarketed. A remarketing attempt on any Remarketing Date will be deemed

unsuccessful (i) if the Remarketing Agents are unable to remarket the Debentures of the Ninety-Third Series for an aggregate price that is at least equal to the Minimum Price; or (ii) if a condition precedent to such Remarketing is not fulfilled or, if subject to waiver, waived.

The right of each Holder of Debentures of the Ninety-Third Series that are included in Corporate Units to have such Debentures of the Ninety-Third Series, and of each Holder of Separate Debentures of the Ninety-Third Series to have any Separate Debentures of the Ninety-Third Series (together, the "**Remarketed Debentures of the Ninety-Third Series**"), remarketed and sold in any Remarketing, and the obligation of the Company to conduct a Remarketing, shall be subject to the following: (i) the Remarketing Agents have conducted a Remarketing pursuant to the terms of the Remarketing Agreement, (ii) a Special Event Redemption or Mandatory Redemption has not occurred and will not occur prior to such Remarketing Date or the Reset Effective Date, (iii) the Remarketing Agents are able to find a purchaser or purchasers for Remarketed Debentures of the Ninety-Third Series at the Minimum Price, and (iv) the purchaser or purchasers deliver the purchase price therefor to the Remarketing Agents as and when required.

None of the Trustee, the Company or the Remarketing Agents shall be obligated in any case to provide funds to make payment upon tender of Debentures of the Ninety-Third Series for Remarketing.

"**Remarketing Treasury Portfolio**" shall mean

(a) U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to February 14, 2029 in an aggregate amount at maturity equal to the principal amount of the Debentures of the Ninety-Third Series that are components of the Corporate Units;

(b) if the Reset Effective Date occurs prior to November 15, 2028, with respect to the Quarterly Interest Payment Dates on the Debentures of the Ninety-Third Series that would have occurred on November 15, 2028 and February 15, 2029, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to (i) November 14, 2028 (in connection with the Quarterly Interest Payment Date that would have occurred on November 15, 2028) and (ii) February 14, 2029 (in connection with the Quarterly Interest Payment Date that would have occurred on February 15, 2029), each in an aggregate amount at maturity equal to the aggregate interest payments that would be due on November 15, 2028 and February 15, 2029, respectively, on the principal amount of the Debentures of the Ninety-Third Series that would have been a component of the Corporate Units assuming no Remarketing and no reset of the Interest Rate on the Debentures of the Ninety-Third Series and assuming that interest on the Debentures of the Ninety-Third Series accrued from the Reset Effective Date to, but excluding, November 15, 2028 and from November 15, 2028 to, but excluding, February 15, 2029, respectively; and

(c) if the Reset Effective Date occurs on or after November 15, 2028, with respect to the Quarterly Interest Payment Date on the Debentures of the Ninety-Third Series that would have occurred on February 15, 2029, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to February 14, 2029 in an aggregate amount at maturity equal to the aggregate interest payment that would be due on February 15, 2029 on the principal amount of the Debentures of the Ninety-Third Series that would have been a component of the Corporate Units assuming no Remarketing and no reset of the Interest Rate

on the Debentures of the Ninety-Third Series and assuming that interest on the Debentures of the Ninety-Third Series accrued from the Reset Effective Date to, but excluding, February 15, 2029.

If, on the applicable Remarketing Date during the Period for Early Remarketing, U.S. Treasury securities (or principal or interest strips thereof) that are to be included in the Remarketing Treasury Portfolio have a yield that is less than zero, then instead, at the Company's option, an amount of cash equal to the aggregate principal amount at maturity of the applicable U.S. Treasury securities (or principal or interest strips thereof) described above will be substituted for the Debentures of the Ninety-Third Series that are components of the Corporate Units and will be pledged to NextEra Energy through the Collateral Agent to secure the Corporate Unit holders' obligations to purchase common stock, $0.01 par value per share, of NextEra Energy (the "**Common Stock**") under the related Purchase Contracts. In such case, references to "U.S. Treasury securities (or principal or interest strips thereof)" in connection with the Remarketing Treasury Portfolio will, thereafter, be deemed to be references to such amount of cash.

"**Remarketing Treasury Portfolio Purchase Price**" shall mean the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the applicable Remarketing Date during the Period for Early Remarketing for the purchase of the Remarketing Treasury Portfolio for settlement on the Reset Effective Date, *provided*, that if the Remarketing Treasury Portfolio consists of cash, "Remarketing Treasury Portfolio Purchase Price" means an amount of cash equal to the aggregate principal amount at maturity of the U.S. Treasury securities (or principal or interest strips thereof) that would have otherwise been components of the Remarketing Treasury Portfolio. "**Quotation Agent**" means any primary U.S. government securities dealer in New York City selected by the Company.

4. In connection with each Remarketing, the Remarketing Agents shall determine the reset interest rate (rounded to the nearest one-thousandth (0.001) of one percent per annum) that they believe will, when applied to the Debentures of the Ninety-Third Series, enable the aggregate principal amount of the Debentures of the Ninety-Third Series being remarketed on such date to be sold at an aggregate price equal to at least (i) if the Reset Effective Date is not the Purchase Contract Settlement Date, the Remarketing Price or (ii) if the Reset Effective Date is the Purchase Contract Settlement Date, the Contract Settlement Price. The reset interest rate established on the Remarketing Date on which a Successful Remarketing occurs shall be the "**Reset Rate**."

Anything herein to the contrary notwithstanding, the Reset Rate shall not exceed the maximum rate permitted by applicable law and the Remarketing Agents shall have no obligation to determine whether there is any limitation under applicable law on the Reset Rate or, if there is any such limitation, the maximum permissible Reset Rate on the Debentures of the Ninety-Third Series and it shall rely solely upon written notice from the Company (which the Company agrees to provide prior to the eighth Business Day before the first Remarketing Date of any Remarketing Period) as to whether or not there is any such limitation and, if so, the maximum permissible Reset Rate.

In the event of a Failed Remarketing or if no Debentures of the Ninety-Third Series are included in Corporate Units and none of the Holders of the Separate Debentures of the Ninety-Third Series elect to have their Debentures of the Ninety-Third Series remarketed in any Remarketing, the Interest Rate on the Debentures of the Ninety-Third Series will not be reset and will continue to be the Interest Rate.

In the event of a Successful Remarketing, the Interest Rate shall be reset at the Reset Rate as determined by the Remarketing Agents under the Remarketing Agreement. The Reset Rate shall be effective from and after the Reset Effective Date.

5. Each installment of interest on a Debenture of the Ninety-Third Series shall be payable to the Person in whose name such Debenture is registered at the close of business on the "**Regular Record Date**" for such interest installment, which (a) as long as all of the Debentures of the Ninety-Third Series remain in certificated form and are held by the Purchase Contract Agent, or are held in book-entry form, will be one Business Day prior to the corresponding Interest Payment Date, or (b) if the Debentures of the Ninety-Third Series remain in certificated form, but all are not held by the Purchase Contract Agent, or are not held in book-entry form, will be at least one Business Day but not more than sixty (60) Business Days prior to such corresponding Interest Payment Date, as selected by the Company; *provided* that, unless the Purchase Contracts described in the Purchase Contract Agreement have been terminated, such Regular Record Date must be the same as the record date for payment of distributions and Contract Adjustment Payments for the Corporate Units described in the Purchase Contract Agreement; and *provided further* that interest payable on the Stated Maturity Date will be paid to the Person to whom principal is paid. The Security Registrar may, but shall not be required to, register the transfer of Debentures of the Ninety-Third Series during the ten (10) days immediately preceding an Interest Payment Date. Any installment of interest on the Debentures of the Ninety-Third Series not punctually paid or duly provided for will forthwith cease to be payable to the Holders of such Debentures of the Ninety-Third Series on such Regular Record Date, and may be paid to the Persons in whose name the Debentures of the Ninety-Third Series are registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest. Notice of such Defaulted Interest and Special Record Date shall be given to the Holders of the Debentures of the Ninety-Third Series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Debentures of the Ninety-Third Series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

6. The principal and each installment of interest on the Debentures of the Ninety-Third Series shall be payable at, and registration and registration of transfers and exchanges in respect of the Debentures of the Ninety-Third Series may be effectuated at, the office or agency of the Company in New York City, New York; *provided*, that payment of interest may be made at the option of the Company by check mailed to the address of the Persons entitled thereto or by wire transfer to an account designated by the Person entitled thereto. Notices and demands to or upon the Company in respect of the Debentures of the Ninety-Third Series may be served at the office or agency of the Company in New York City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints the Trustee as its agent for all such purposes; *provided*, *however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Trustee will initially be the Security Registrar and the Paying Agent for the Debentures of the Ninety-Third Series.

7. If a Special Event shall occur and be continuing, the Company may, at its option, redeem the Debentures of the Ninety-Third Series in whole (but not in part) at any time ("**Special Event Redemption**") at a Redemption Price equal to, for each Debenture of the Ninety-Third Series, the Redemption Amount plus accrued and unpaid interest, if any, thereon to, but excluding, the date of redemption (the "**Special Event Redemption Date**"). If the Special Event Redemption occurs prior to a Successful Remarketing of the Debentures of the Ninety-Third Series, or if the Debentures of the Ninety-Third Series are not successfully remarketed, in each case prior to the Purchase Contract Settlement Date, the Redemption Price payable with respect to the Debentures of the Ninety-Third Series that are a component of the Corporate Units at the time of the Special Event Redemption will be paid to the Collateral Agent under the Pledge Agreement dated as of February 1, 2026 by and between NextEra Energy, Deutsche Bank Trust Company Americas, as Collateral

Agent (the "**Collateral Agent**"), Custodial Agent (the "**Custodial Agent**") and Securities Intermediary, and The Bank of New York Mellon, as Purchase Contract Agent (the "**Pledge Agreement**"), on the Special Event Redemption Date on or prior to 12:30 p.m., New York City time, by check or wire transfer in immediately available funds at such place and to such account as may be designated by the Collateral Agent and the Collateral Agent will purchase the Special Event Treasury Portfolio on behalf of the holders of Corporate Units and remit the remainder of the Redemption Price, if any, to the Purchase Contract Agent for payment to the holders. Thereafter, the applicable ownership interests in the Special Event Treasury Portfolio will be substituted for the Applicable Ownership Interests in Debentures of the Ninety-Third Series and will be pledged to NextEra Energy, through the Collateral Agent, to secure the Corporate Unit holders' obligations to purchase Common Stock under the Purchase Contracts.

"**Special Event**" means any of a Tax Deductibility Event, an Accounting Event or a Tax Credit Event.

"**Accounting Event**" means the receipt by the audit committee of NextEra Energy's Board of Directors (or, if there is no such committee, by such Board of Directors) of a written report in accordance with Statement on Auditing Standards ("**SAS**") No. 97, "Amendment to SAS No. 50—Reports on the Application of Accounting Principles," from NextEra Energy's independent auditors, provided at the request of NextEra Energy management, to the effect that, as a result of a change in accounting rules that becomes effective after March 3, 2026, NextEra Energy must either (a) account for the Purchase Contracts as derivatives (or otherwise mark-to-market or measure the fair value of all or any portion of the Purchase Contracts with changes appearing in NextEra Energy's income statement) or (b) account for the Equity Units using the if-converted method, and that such accounting treatment will cease to apply upon redemption of the Debentures of the Ninety-Third Series.

A "**Tax Credit Event**" occurs with respect to the Securities of this series if, in the reasonable determination of the Company or the Guarantor (as defined below), there exists a material risk, due to the Securities of this series (considered together with other debt) having been issued, as part of an original issuance, to one or more "specified foreign entities," as defined in Section 7701(a)(51)(B) of the Internal Revenue Code of 1986, as amended, that the Company or the Guarantor or any of their respective affiliates would be unable to utilize or otherwise ineligible to claim any tax credits otherwise allowed under Section 38 of the Internal Revenue Code of 1986, as amended.

"**Tax Deductibility Event**" means the receipt by the Company of an opinion of nationally recognized independent tax counsel experienced in such matters (which may be Morgan, Lewis & Bockius LLP or Squire Patton Boggs (US) LLP) to the effect that there is more than an insubstantial risk that interest payable by the Company on the Debentures of the Ninety-Third Series would not be deductible, in whole or in part, by the Company for U.S. federal income tax purposes as a result of (a) any amendment to, change in, or announced proposed change in, the laws, or any regulations thereunder, of the U.S. or any political subdivision or taxing authority thereof or therein affecting taxation, (b) any amendment to or change in an interpretation or application of any such laws or regulations by any legislative body, court, governmental agency or regulatory authority or (c) any interpretation or pronouncement by any legislative body, court, governmental agency or regulatory authority that provides for a position with respect to any such laws or regulations that differs from the generally accepted position on February 26, 2026, which amendment, change or proposed change is effective or which interpretation or pronouncement is announced on or after February 26, 2026.

"**Redemption Amount**" means

(a) in the case of a Special Event Redemption occurring

(i) prior to the earlier of (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Third Series, the product of the principal amount of that Debenture of the Ninety-Third Series and a fraction, the numerator of which is the Special Event Treasury Portfolio Purchase Price and the denominator of which is the aggregate principal amount of the Debentures of the Ninety-Third Series that are a component of the Corporate Units on the Special Event Redemption Date, and

(ii) on or after (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Third Series Outstanding on the Special Event Redemption Date, the principal amount of the Debenture of the Ninety-Third Series.

(b) in the case of a Mandatory Redemption occurring

(i) prior to the earlier of (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Third Series, the product of the principal amount of that Debenture of the Ninety-Third Series and a fraction, the numerator of which is the Mandatory Redemption Treasury Portfolio Purchase Price and the denominator of which is the aggregate principal amount of the Debentures of the Ninety-Third Series that are a component of the Corporate Units on the date of the Mandatory Redemption (the "**Mandatory Redemption Date**"), and

(ii) on or after (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Third Series Outstanding on the Mandatory Redemption Date, the principal amount of the Debenture of the Ninety-Third Series.

Notwithstanding the definition of the "Redemption Amount" set forth above, in no event shall the Redemption Amount be less than the principal amount of the Debentures of the Ninety-Third Series being redeemed.

"**Mandatory Redemption Treasury Portfolio Purchase Price**" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the third Business Day immediately preceding the Mandatory Redemption Date for the purchase of the Treasury portfolio consisting of the same securities as the Special Event Treasury Portfolio for settlement on the Mandatory Redemption Date.

"**Special Event Treasury Portfolio Purchase Price**" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the third Business Day immediately preceding the Special Event Redemption Date for the purchase of the Special Event Treasury Portfolio for settlement on the Special Event Redemption Date.

The Treasury Portfolio to be purchased in connection with a Special Event Redemption, herein referred to as "**Special Event Treasury Portfolio**," will consist of:

(i) U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to February 14, 2029 in an aggregate amount at maturity equal to the aggregate principal

amount of the Debentures of the Ninety-Third Series that are a component of the Corporate Units, and

(ii) with respect to each scheduled Interest Payment Date on the Debentures of the Ninety-Third Series that would have occurred after the Special Event Redemption Date and on or prior to February 15, 2029, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to such scheduled Interest Payment Date in an aggregate amount at maturity equal to the aggregate interest payment that would be due on the aggregate principal amount of the Debentures of the Ninety-Third Series that would have been a component of the Corporate Units on such Interest Payment Date (assuming no Special Event Redemption) and assuming that interest accrued from and including the immediately preceding Interest Payment Date to which interest has been paid.

Notice of any redemption is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days before the date fixed for redemption to each registered Holder of Debentures of the Ninety-Third Series to be redeemed at its registered address as more fully provided in the Indenture; *provided*, *however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Debentures of the Ninety-Third, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that such notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption, as described in clause (B) of *Paragraph 17* hereof. Unless the Company defaults in payment of the Redemption Price, on and after the Special Event Redemption Date interest shall cease to accrue on such Debentures of the Ninety-Third Series. In addition, a notice of redemption upon the occurrence of a Tax Credit Event (i) may only be sent by the later of (a) the end of the calendar year in which the Debentures of the Ninety-Third Series were issued and (b) six months from the date of issuance of the Debentures of the Ninety-Third Series and (ii) shall be accompanied by a certificate from an officer of the Company stating that a Tax Credit Event has occurred.

The Company's actions and determinations in determining the Redemption Amount shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify the Company's calculations of, the Redemption Amount.

8. Debentures of the Ninety-Third Series are subject to a put right (the "**Put Right**") in the following circumstances:

(a) Each Holder of Separate Debentures of the Ninety-Third Series may exercise its Put Right, in the event of a Failed Remarketing during the Final Remarketing Period, by providing written notice at least two Business Days prior to the Purchase Contract Settlement Date. The Put Price will be paid to such Holder on the Purchase Contract Settlement Date.

(b) Each Holder of an Applicable Ownership Interest in Debentures of the Ninety-Third Series will be deemed to have automatically exercised its Put Right, in the event of a Failed Remarketing during the Final Remarketing Period, unless, on the second Business Day immediately prior to the Purchase Contract Settlement Date, such Holder provides written notice to the Purchase Contract Agent of its intention to settle the related Purchase Contracts with separate cash and, on or prior to the Business Day immediately preceding the Purchase Contract Settlement Date, delivers to

the Collateral Agent $50 in cash per each of such Holder's related Purchase Contracts. As provided in Section 5.4 of the Purchase Contract Agreement, each Holder of an Applicable Ownership Interest in Debentures of the Ninety-Third Series will be deemed to have elected to apply a portion of the Put Price equal to the principal amount of such Holder's Debentures of the Ninety-Third Series underlying the Applicable Ownership Interests in Debentures of the Ninety-Third Series against such Holder's obligations to NextEra Energy under the related Purchase Contracts, thereby satisfying such obligations in full, and NextEra Energy will deliver to such Holder the Common Stock issued in accordance with each related Purchase Contract. Any amount of the Put Price remaining following settlement of each such Purchase Contract will be delivered to the Purchase Contract Agent for the benefit of such Holder.

9. Initially (a) the Debentures of the Ninety-Third Series will be issued in certificated form registered in the name of The Bank of New York Mellon, as Purchase Contract Agent, under the Purchase Contract Agreement dated as of February 1, 2026 between NextEra Energy and The Bank of New York Mellon, as Purchase Contract Agent (the "**Purchase Contract Agreement**"), as a component of Corporate Units; and (b) the Separate Debentures of the Ninety-Third Series, if any, will be issued in global form in the name of Cede & Co. (as nominee for The Depository Trust Company ("**DTC**"), the initial Depositary for the Debentures of the Ninety-Third Series that are not a component of Corporate Units), and may bear such legends as either the Purchase Contract Agent or DTC, respectively, may reasonably request.

10. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Ninety-Third Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Ninety-Third Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Ninety-Third Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided*, *however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency and setting forth the amount thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Ninety-Third Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to U.S. federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

11. The Debentures of the Ninety-Third Series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The

Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). The following shall constitute "**Guarantor Events**" with respect to the Debentures of the Ninety-Third Series:

(A) the failure of the Guarantee Agreement to be in full force and effect;

(B) the entry by a court having jurisdiction with respect to the Guarantor of (i) a decree or order for relief in respect of the Guarantor in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Guarantor bankrupt or insolvent, or approving as properly filed a petition by one or more entities other than the Guarantor seeking reorganization, arrangement, adjustment or composition of or in respect of the Guarantor under any applicable Federal or State bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official for the Guarantor or for any substantial part of its property, or ordering the winding up or liquidation of its affairs, and any such decree or order for relief or any such other decree or order shall have remained unstayed and in effect for a period of ninety (90) consecutive days; or

(C) the commencement by the Guarantor of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or of any other case or proceeding seeking for the Guarantor to be adjudicated bankrupt or insolvent, or the consent by the Guarantor to the entry of a decree or order for relief in respect of itself in a case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against the Guarantor, or the filing by the Guarantor of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State bankruptcy, insolvency or other similar law, or the consent by the Guarantor to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Guarantor or of any substantial part of its property, or the making by the Guarantor of an assignment for the benefit of creditors, or the admission by the Guarantor in writing of its inability to pay its debts generally as they become due, or the authorization of such action by the Board of Directors of the Guarantor.

Notwithstanding anything to the contrary contained in the Debentures of the Ninety-Third Series, this certificate or the Indenture, the Company shall, if a Guarantor Event shall occur and be continuing, redeem all of the Outstanding Debentures of the Ninety-Third Series within sixty (60) days after the occurrence of such Guarantor Event (the "**Mandatory Redemption**") at a Redemption Price specified below unless, within thirty (30) days after the occurrence of such Guarantor Event, S&P Global Ratings, a division of S&P Global Inc., and Moody's Investors Service, Inc. (if the Debentures of the Ninety-Third Series are then rated by those rating agencies, or, if the Debentures of the Ninety-Third Series are then rated by only one of those rating agencies, then such rating agency, or, if the Debentures of the Ninety-Third Series are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the Debentures of the Ninety-Third Series shall be investment grade (i.e., in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

If the Mandatory Redemption occurs (i) prior to February 15, 2029, if the Purchase Contracts have been previously or concurrently terminated, the Redemption Price will be equal to the principal amount of each Debenture of the Ninety-Third Series; (ii) prior to February 15, 2029, if the Purchase Contracts have not been so previously or concurrently terminated, the Redemption Price will be equal to the Redemption Amount for each Debenture of the Ninety-Third Series and such Redemption Price payable with respect to the Debentures of the Ninety-Third Series that are a

component of the Corporate Units at the time of the Mandatory Redemption will be distributed to the Collateral Agent as described in *Paragraph 7* with respect to the Special Event Redemption; or (iii) on or after February 15, 2029, the Redemption Price will be equal to the principal amount of each Debenture of the Ninety-Third Series; in each case, together with accrued and unpaid interest, if any, to, but excluding, the Mandatory Redemption Date.

12. With respect to the Debentures of the Ninety-Third Series, each of the following events shall be an additional Event of Default under the Indenture:

(A) the consolidation of the Guarantor with or merger of the Guarantor into any other Person, or the conveyance or other transfer or lease by the Guarantor of its properties and assets substantially as an entirety to any Person, unless

(i) the Person formed by such consolidation or into which the Guarantor is merged or the Person which acquires by conveyance or other transfer, or which leases, the properties and assets of the Guarantor substantially as an entirety shall be a Person organized and existing under the laws of the U.S., any State thereof or the District of Columbia, and shall expressly assume the obligations of the Guarantor under the Guarantee Agreement; and

(ii) immediately after giving effect to such transaction, no Event of Default and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; or

(B) the failure of the Company to redeem the Outstanding Debentures of the Ninety-Third Series if and as required by *Paragraph 11* hereof.

13. If a Guarantor Event occurs and the Company is not required to redeem the Debentures of the Ninety-Third Series pursuant to *Paragraph 11* hereof, the Company will provide to the Trustee and the Holders of the Debentures of the Ninety-Third Series annual and quarterly reports containing the information that the Company would be required to file with the Securities and Exchange Commission under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of either of those Sections; *provided*, that if the Company is, at that time, subject to the reporting requirements of either of those Sections, the filing of annual and quarterly reports with the Securities and Exchange Commission pursuant to either of those Sections will satisfy the foregoing requirement. The provision of such reports and information to the Trustee shall be for informational purposes only and the Trustee's receipt or deemed receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants under the Indenture.

14. The Debentures of the Ninety-Third Series that are a component of the Corporate Units will be issued in certificated form, will be in denominations of $1,000 and integral multiples of $1,000, without coupons; *provided*, *however*, that upon release by the Collateral Agent of Debentures of the Ninety-Third Series underlying the Applicable Ownership Interests in Debentures of the Ninety-Third Series pledged to secure the Corporate Units holders' obligations under the related Purchase Contracts (other than any release of the Debentures of the Ninety-Third Series in connection with the creation of Treasury Units, an Early Settlement, a Fundamental Change Early Settlement, or a Remarketing) the Debentures of the Ninety-Third Series will be issuable in denominations of $25 principal amount and integral multiples thereof.

15. The Company reserves the right to require legends on Debentures of the Ninety-Third Series as it may determine are necessary to ensure compliance with the securities laws of the United States of America and the states therein and any other applicable laws.

16. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Ninety-Third Series; *provided*, *however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

17. The Company has reserved the right, without any consent, vote or other action by Holders of the Debentures of the Ninety-Third Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

(A) To amend the second sentence of Section 402 thereof to read as follows:

"The Company shall, at least 20 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee in writing of such Redemption Date and of the principal amount of such Securities to be redeemed."

(B) To amend the first sentence of Section 404 thereof to read as follows:

"Except as otherwise specified as contemplated by Section 301 for Securities of any series, notice of redemption shall be given in the manner provided in Section 106 to the Holders of the Securities to be redeemed not less than 10 nor more than 60 days prior to the Redemption Date."

18. The Debentures of the Ninety-Third Series shall have such other terms and provisions as are provided in the form set forth as *Exhibit A* hereto.

19. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Ninety-Third Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

20. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

21. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

22. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Debentures of the Ninety-Third Series requested in the accompanying Company Order No. 68 have been complied with.

IN WITNESS WHEREOF, I have executed this Officer's Certificate on behalf of the Company this 3rd day of March, 2026 in New York, New York.

SERIES P DEBENTURE DUE FEBRUARY 15, 2031

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**," which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ Dollars, as set forth on *Schedule I* hereto, on the Stated Maturity Date, and to pay interest on said principal amount from March 3, 2026, or from the most recent Interest Payment Date to which interest has either been paid or duly provided for, quarterly in arrears on February 15, May 15, August 15 and November 15 of each year (each a "**Quarterly Interest Payment Date**"), commencing May 15, 2026, at the rate of 4.000% per annum to, but excluding, the Reset Effective Date, if any, and thereafter semi-annually in arrears on the Subsequent Interest Payment Dates (together with the Quarterly Interest Payment Dates and the Reset Effective Date, the "**Interest Payment Dates**") at the Reset Rate, in each case on the basis of a 360-day year consisting of twelve 30-day months, until the principal hereof is paid or duly provided for or made available for payment, and (to the extent that the payment of such interest shall be legally enforceable) to pay interest, compounded quarterly, at the rate of 4.000% per annum on any overdue principal and payment of interest to, but excluding, the Reset Effective Date, if any, and thereafter, compounded semi-annually, at the Reset Rate, if any. Interest on the Securities of this series will accrue from and including March 3, 2026, to, but excluding, the first Interest Payment Date, and thereafter will accrue from and including the last Interest Payment Date to which interest has been paid or duly provided for.

No interest will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. In the event that an Interest Payment Date is not a Business Day, then payment of interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of such delay), except that, if such Business Day is in the next succeeding calendar year, then such payment shall be made on the immediately preceding Business Day, in each case, with the same force and effect as if made on the Interest Payment Date. The interest so

payable, and punctually paid or duly provided for, on an Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security, or any Predecessor Security, is registered at the close of business on the "**Regular Record Date**" for such interest installment, which (a) as long as all of the Securities of this series remain in certificated form and are held by the Purchase Contract Agent or are held by a securities depository in book-entry form, will be the close of business on the Business Day immediately preceding such Interest Payment Date, or (b) if any of the Securities of this series are in certificated form, but all are not held by the Purchase Contract Agent, or are not held by a securities depository in book-entry form, will be at least one Business Day but not more than sixty (60) Business Days prior to such corresponding Interest Payment Date, as selected by the Company; *provided* that, unless the Purchase Contracts described in the Purchase Contract Agreement have been terminated, such Regular Record Date must be the same as the record date for payment of distributions and Contract Adjustment Payments for the Corporate Units described in the Purchase Contract Agreement; and *provided further* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security, or any Predecessor Security, is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose in New York City, the State of New York in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided*, *however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate shall have the meanings specified in the Indenture or in the Officer's Certificate.)

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse of this Security by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed in .

[FORM OF REVERSE OF DEBENTURE]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Debt Securities), dated as of June 1, 1999 (herein, together with any amendments thereto, called the "**Indenture**", which term shall have the meaning assigned to it in such instrument), between the Company and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on March 3, 2026, creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Unless an earlier Special Event Redemption or Mandatory Redemption has occurred, this Security shall mature and the principal amount thereof shall be due and payable together with all accrued and unpaid interest thereon on the Stated Maturity Date. The "**Stated Maturity Date**" shall mean February 15, 2031.

If a Special Event shall occur and be continuing, the Company may, at its option, redeem the Securities of this series in whole, but not in part, at any time, at a price per Security equal to the Redemption Price as set forth in the Officer's Certificate. If there is a Special Event Redemption (as defined in the Officer's Certificate, dated March 3, 2026, pursuant to the Indenture creating the Series Q Debentures due February 15, 2034 (the "**Series Q Debentures**")) with respect to the Series Q Debentures which occurs prior to a Successful Remarketing of the Series Q Debentures or the Purchase Contract Settlement Date, the Company will be required to redeem the Securities of this series at the same time as the Special Event Redemption of the Series Q Debentures even if the Company would be unable to otherwise effect a Special Event Redemption with respect to the Securities of this series.

If this Security is not a component of Corporate Units, the Holder of this Security may, on or prior to the second Business Day, but no earlier than the fifth Business Day, immediately preceding the first Remarketing Date of any Remarketing Period, elect to have this Security remarketed, by delivering this Security, along with a notice of such election, to Deutsche Bank Trust Company Americas, as Collateral Agent and Custodial Agent, for Remarketing in accordance with the Pledge Agreement dated as of February 1, 2026 between NextEra Energy, The Bank of New York Mellon and Deutsche Bank Trust Company Americas, as Collateral Agent, Custodial Agent and Securities Intermediary.

The Securities of this series are subject to a put right (the "**Put Right**") in the following circumstances:

(A) If there has not been a Successful Remarketing prior to the Purchase Contract Settlement Date, each Holder of Securities of this series that are not part of a Corporate Unit may exercise its Put Right by providing written notice at least two Business Days prior to the Purchase Contract Settlement Date, all as more fully described in the Officer's Certificate. The Put Price will be paid to such Holder on the Purchase Contract Settlement Date. The "**Put Price**" will be equal to the principal amount of such Securities, plus accrued and unpaid interest, if any, to, but excluding, the Purchase Contract Settlement Date.

(B) If there has not been a Successful Remarketing prior to the Purchase Contract Settlement Date, each Holder of a 2.5% undivided beneficial ownership interest in $1,000 principal amount of Securities that is a component of a Corporate Unit (the "**Applicable Ownership Interest in Securities**") will be deemed to have automatically exercised its Put Right, upon a Failed Remarketing during the Final Remarketing Period, unless, on the second Business Day immediately prior to the Purchase Contract Settlement Date, such Holder provides written notice to the Purchase Contract Agent of its intention to settle the related Purchase Contracts with separate cash and, on or prior to the Business Day immediately preceding the Purchase Contract Settlement Date, delivers to the Collateral Agent $50 in cash per each of such Holder's related Purchase Contracts. As described in the Purchase Contract Agreement, each Holder of an Applicable Ownership Interest in Securities who has not settled the related Purchase Contracts with separate cash will be deemed to have elected to apply a portion of the Put Price equal to the principal amount of such Holder's Applicable Ownership Interest in Securities against such Holder's obligations to NextEra Energy under the related Purchase Contracts, thereby satisfying such obligations in full, and NextEra Energy will deliver to such Holder its common stock, $0.01 par value, issued in accordance with each related Purchase Contract. Any amount of the Put Price remaining following settlement of each such Purchase Contract will be delivered to the Purchase Contract Agent for the benefit of such Holder.

The Put Right of a Holder of the Securities of this series that are not part of a Corporate Unit shall only be exercisable upon delivery to the Company, on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the Purchase Contract Settlement Date, at the offices of the agency of the Company in New York City, the Securities of this series to be repaid with the form entitled "Option to Elect Repayment" on the reverse of or otherwise accompanying such Securities duly completed. Any such notice received by the Company shall be irrevocable. All questions as to the validity, eligibility (including time of receipt) and acceptance of the Securities of this series for repurchase shall be determined by the Company, whose determination shall be final and binding. The payment of the Put Price in respect of such Securities of this series shall be made, either through the Trustee or the Company acting as Paying Agent on the Purchase Contract Settlement Date.

The Securities of this series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, Inc., as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). The following shall constitute "Guarantor Events" with respect to the Securities of this series:

(A) the failure of the Guarantee Agreement to be in full force and effect;

(B) the entry by a court having jurisdiction with respect to the Guarantor of (i) a decree or order for relief in respect of the Guarantor in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Guarantor bankrupt or insolvent, or approving as properly filed a petition by one or more entities other than the Guarantor seeking reorganization, arrangement, adjustment or composition of or in respect of the Guarantor under any applicable Federal or State bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official for the Guarantor or for any substantial part of its property, or ordering the winding up or liquidation of its affairs, and any such decree or order for relief or any such other decree or order shall have remained unstayed and in effect for a period of ninety (90) consecutive days; or

(C) the commencement by the Guarantor of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or of any other case or proceeding seeking for the Guarantor to be adjudicated bankrupt or insolvent, or the consent by the Guarantor to the entry of a decree or order for relief in respect of itself in a case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against the Guarantor, or the filing by the Guarantor of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State bankruptcy, insolvency or other similar law, or the consent by the Guarantor to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Guarantor or of any substantial part of its property, or the making by the Guarantor of an assignment for the benefit of creditors, or the admission by the Guarantor in writing of its inability to pay its debts generally as they become due, or the authorization of such action by the Board of Directors of the Guarantor.

Notwithstanding anything to the contrary contained in the Securities of this series, the Officer's Certificate, or the Indenture, the Company shall, if a Guarantor Event shall occur and be continuing, redeem all of the Outstanding Securities of this series within sixty (60) days after the occurrence of such Guarantor Event (the "**Mandatory Redemption**") at a Redemption Price specified below unless, within thirty (30) days after the occurrence of such Guarantor Event, S&P Global Ratings, a division of S&P Global Inc., and Moody's Investors Service, Inc. (if the Securities of this series are then rated by those rating agencies, or, if the Securities of this series are then rated by only one of those rating agencies, then such rating agency, or, if the Securities of this series are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the Securities of this series shall be investment grade (i.e., in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

If the Mandatory Redemption occurs (i) prior to February 15, 2029 and if the Purchase Contracts have been previously or concurrently terminated, the Redemption Price for each Security of this series will be equal to the principal amount of such Security; (ii) prior to February 15, 2029, if the Purchase Contracts have not been so previously or concurrently terminated, the Redemption Price will be equal to the Redemption Amount for each Security of this series and such Redemption Price payable with respect to such Security that is a component of the Corporate Units at the time of the Mandatory Redemption will be distributed to the Collateral Agent on the date of Mandatory Redemption in exchange for each Security of this series pledged to the Collateral Agent, as provided in the Officer's Certificate; or (iii) on or after February 15, 2029, the Redemption Price will be equal to the principal amount of each Security; in each case, together with accrued and unpaid interest, if any, to, but excluding, the date of Mandatory Redemption.

If a Guarantor Event occurs and the Company is not required to redeem the Securities of this series pursuant to the preceding paragraph, the Company will provide to the Trustee and the Holders of the Securities of this series annual and quarterly reports containing the information that the Company would be required to file with the Securities and Exchange Commission under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of either of those Sections; *provided*, that if the Company is, at that time, subject to the reporting requirements of either of those Sections, the filing of annual and quarterly reports with the Securities and Exchange Commission pursuant to either of those Sections will satisfy the foregoing requirement.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

The Securities of this series are issuable only in registered form without coupons in denominations of $1,000 and integral multiples thereof, except as provided for in the Officer's Certificate. As provided in the Indenture and subject to certain limitations therein set forth and set forth in the Officer's Certificate, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

NEXTERA ENERGY CAPITAL HOLDINGS, INC.

OFFICER'S CERTIFICATE

Creating the Series Q Debentures due February 15, 2034

James May, Vice President & Treasurer of NextEra Energy Capital Holdings, Inc. (the "**Company**"), pursuant to the authority granted in the accompanying Board Resolutions (all capitalized terms used herein which are not defined herein, in *Appendix A* or in *Exhibit A* hereto, but which are defined in the Indenture referred to below, shall have the meanings specified in the Indenture), and pursuant to Sections 201 and 301 of the Indenture, does hereby certify to The Bank of New York Mellon (the "**Trustee**"), as Trustee under the Indenture (For Unsecured Debt Securities) dated as of June 1, 1999 between the Company and the Trustee, as amended (the "**Indenture**"), that:

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "Series Q Debentures due February 15, 2034" (referred to herein as the "**Debentures of the Ninety-Fourth Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Debentures of the Ninety-Fourth Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date. The "**Stated Maturity Date**" means February 15, 2034.

3. The Debentures of the Ninety-Fourth Series shall bear interest initially at the rate of 4.000% per annum (the "**Interest Rate**") from, and including, March 3, 2026, to, but excluding, the earlier of (i) the Stated Maturity Date and (ii) the Reset Effective Date. In the event of a Successful Remarketing of the Debentures of the Ninety-Fourth Series, the Interest Rate will be determined by the Remarketing Agents and reset at the Reset Rate effective from the Reset Effective Date, as set forth in *Paragraph 4* below. If the Interest Rate is so reset, the Debentures of the Ninety-Fourth Series will bear interest at the Reset Rate from, and including, the Reset Effective Date until the principal thereof and accrued and unpaid interest thereon, if any, is paid or duly made available for payment. The "**Reset Effective Date**" shall mean (i) in connection with a Successful Remarketing of the Debentures of the Ninety-Fourth Series during the Period for Early Remarketing, the third Business Day immediately following the Remarketing Date on which the Debentures of the Ninety-Fourth Series included in such Remarketing are successfully remarketed, unless the Remarketing is successful within five Business Days of the next succeeding Quarterly Interest Payment Date, in which case such Quarterly Interest Payment Date will be the Reset Effective Date, and (ii) in connection with a Successful Remarketing of the Debentures of the Ninety-Fourth Series during the Final Remarketing Period, February 15, 2029.

Interest on a Debenture of the Ninety-Fourth Series shall be payable initially quarterly in arrears on February 15, May 15, August 15 and November 15 of each year (each a "**Quarterly Interest Payment Date**"), commencing May 15, 2026, to the Person in whose name such Debenture of the Ninety-Fourth Series, or any predecessor Debenture of the Ninety-Fourth Series, is registered on the books and records of the Security Registrar at the close of business on the relevant Regular Record Date for such Quarterly Interest Payment Date. Following a Successful Remarketing of the Debentures of the Ninety-Fourth Series, interest on a Debenture of the Ninety-Fourth Series shall be payable (i) on the Reset Effective Date and (ii) semi-annually in arrears on the Subsequent Interest Payment Dates (together with the Quarterly Interest Payment Dates and the Reset Effective Date, the "**Interest Payment Dates**"), in each case to the Person in whose name

such Debenture of the Ninety-Fourth Series, or any predecessor Debenture of the Ninety-Fourth Series, is registered on the books and records of the Security Registrar at the close of business on the relevant Regular Record Date. "**Subsequent Interest Payment Date**" shall mean, following the Reset Effective Date, each semi-annual interest payment date established by the Company on the Remarketing Date on which the Debentures of the Ninety-Fourth Series included in the Remarketing are successfully remarketed.

Interest payments will include interest accrued from and including the immediately preceding Interest Payment Date or, in the case of the first Interest Payment Date, from and including March 3, 2026, to, but excluding, such Interest Payment Date.

The amount of interest payable on the Debentures of the Ninety-Fourth Series will be computed on the basis of a 360-day year of twelve 30-day months. The amount of interest payable for any period shorter than a full quarterly or semi-annual period for which interest is computed shall be computed on the basis of the number of days in such period using 30-day calendar months. In the event that an Interest Payment Date is not a Business Day, then payment of interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of such delay), except that, if such Business Day is in the next succeeding calendar year, then such payment shall be made on the immediately preceding Business Day, in each case, with the same force and effect as if made on such Interest Payment Date.

Pursuant to the Remarketing Agreement to be entered into between the Company, Wells Fargo Securities, LLC, BofA Securities, Inc., Citigroup Global Markets Inc. and Mizuho Securities USA LLC (collectively referred to as the "**Remarketing Agents**"), and The Bank of New York Mellon, as Purchase Contract Agent (the "**Purchase Contract Agent**"), as amended or supplemented from time to time (the "**Remarketing Agreement**"), and as described below, the Company (i) during the Period for Early Remarketing may, at its option, and in its sole discretion, select one or more Early Remarketing Periods on which the Company may cause the Remarketing Agents to remarket, in whole (but not in part), (A) the Pledged Debentures of the Ninety-Fourth Series, and (B) any Separate Debentures of the Ninety-Fourth Series of Holders who have elected in the manner set forth in the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement to have such Separate Debentures of the Ninety-Fourth Series so remarketed, for settlement on the third Business Day following the Remarketing Date on which a Successful Remarketing occurs, unless the Successful Remarketing occurs within five Business Days of the next succeeding Quarterly Interest Payment Date, in which case such settlement will occur on such Quarterly Interest Payment Date and (ii) if there has not been a Successful Remarketing during the Period for Early Remarketing, if any, shall cause the Remarketing Agents to remarket, in whole (but not in part), on each Remarketing Date during the Final Remarketing Period, (A) the Pledged Debentures of the Ninety-Fourth Series of Corporate Unit holders who have failed to notify the Purchase Contract Agent, on or prior to the seventh Business Day immediately preceding the Purchase Contract Settlement Date, of their intention to settle such Purchase Contracts in cash, and (B) any Separate Debentures of the Ninety-Fourth Series of Holders who have elected in the manner set forth in the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement to have their Debentures of the Ninety-Fourth Series so remarketed, for settlement on the Purchase Contract Settlement Date.

The Company may select an Early Remarketing Period; *provided*, that no Remarketing Date during the Period for Early Remarketing shall occur earlier than the fifth Business Day prior to August 15, 2028 nor later than the ninth Business Day prior to the Purchase Contract Settlement Date.

The Company will announce any Remarketing on the sixth Business Day immediately preceding the first Remarketing Date of an Early Remarketing Period and, for the Final Remarketing Period, the Company will announce the remarketing of the Debentures of the Ninety-Fourth Series on the third Business Day immediately preceding the first Remarketing Date of the Final Remarketing Period. Each such announcement (each a "**Remarketing Announcement**") on each such date (each a "**Remarketing Announcement Date**") shall specify the following:

(i) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Debentures of the Ninety-Fourth Series may be remarketed on any and all of the Remarketing Dates during such Early Remarketing Period selected by the Company; or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Remarketing Period, that the Debentures of the Ninety-Fourth Series may be remarketed on any and all of the third, fourth or fifth Business Days following such Remarketing Announcement Date;

(ii) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Reset Effective Date will be the third Business Day following the Successful Remarketing Date, unless the Successful Remarketing Date is within five Business Days of the next succeeding Quarterly Interest Payment Date in which case such Quarterly Interest Payment Date will be the Reset Effective Date; or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Remarketing Period, that the Reset Effective Date will be February 15, 2029 if there is a Successful Remarketing;

(iii) that the Reset Rate and Subsequent Interest Payment Dates for the Debentures of the Ninety-Fourth Series will be established on the Successful Remarketing Date and effective on and after the Reset Effective Date; and

(iv) (A) if the Remarketing Announcement relates to a Remarketing to occur during the Period for Early Remarketing, that the Reset Rate will equal the interest rate on the Debentures of the Ninety-Fourth Series that will enable the Debentures of the Ninety-Fourth Series included in the Remarketing to be remarketed at a price equal to at least 100% of the Remarketing Treasury Portfolio Purchase Price plus the Separate Debentures Purchase Price (the "**Remarketing Price**"); or

(B) if the Remarketing Announcement relates to a Remarketing to occur during the Final Remarketing Period, that the Reset Rate will equal the interest rate on the Debentures of the Ninety-Fourth Series that will enable the Debentures of the Ninety-

Fourth Series included in the Remarketing to be remarketed at a price equal to at least 100% of their aggregate principal amount (the "**Contract Settlement Price**").

Each Holder of Separate Debentures of the Ninety-Fourth Series may elect to have some or all of the Separate Debentures of the Ninety-Fourth Series held by such Holder remarketed in any Remarketing. A Holder making such an election must, pursuant to the Purchase Contract Agreement, the Pledge Agreement and the Remarketing Agreement, notify the Custodial Agent and deliver such Separate Debentures of the Ninety-Fourth Series to the Custodial Agent on or prior to 5:00 p.m., New York City time, on the second Business Day, but no earlier than the fifth Business Day, immediately preceding the first Remarketing Date of any Remarketing Period. Any such notice and delivery may not be conditioned upon the level at which the Reset Rate is established in the Remarketing. Any such notice and delivery may be withdrawn on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period in accordance with the provisions set forth in the Pledge Agreement. Any such notice and delivery not withdrawn by such time will be irrevocable with respect to such Remarketing. Promptly after 11:00 a.m., New York City time, on the Business Day immediately preceding the first Remarketing Date of the applicable Remarketing Period, the Custodial Agent, based on the notices and deliveries received by it prior to such time and pursuant to the Pledge Agreement, shall notify the Remarketing Agents of the principal amount of Separate Debentures of the Ninety-Fourth Series to be tendered for Remarketing and shall cause such Separate Debentures of the Ninety-Fourth Series to be presented to the Remarketing Agents. Debentures of the Ninety-Fourth Series that are a component of Corporate Units will be deemed tendered for Remarketing and will be remarketed in accordance with the terms of the Remarketing Agreement.

Unless there has been a Successful Remarketing, on each Remarketing Date selected by the Company during an Early Remarketing Period, the Company shall cause the Remarketing Agents to use their commercially reasonable efforts to remarket the Debentures of the Ninety-Fourth Series that the Collateral Agent and the Custodial Agent shall have notified the Remarketing Agents have been tendered for, or otherwise are to be included in, the Remarketing, at a price per $1,000 principal amount of the Debentures of the Ninety-Fourth Series such that the aggregate price for the aggregate principal amount of the Debentures of the Ninety-Fourth Series being remarketed on that date will be approximately (i) if the Reset Effective Date is not the Purchase Contract Settlement Date, the Remarketing Price or (ii) if the Reset Effective Date is the Purchase Contract Settlement Date, the Contract Settlement Price.

In the event of a Successful Remarketing, on the Remarketing Date the Company will request the Depositary to notify its participants holding the Separate Debentures of the Ninety-Fourth Series, no later than the Business Day next succeeding the Successful Remarketing Date, of the Reset Rate, the Subsequent Interest Payment Dates and related Regular Record Dates for the Debentures of the Ninety-Fourth Series. If a Successful Remarketing does not occur during a Remarketing Period, the Company will cause a notice of such Failed Remarketing to be published on the Business Day following the last Remarketing Date comprising the Remarketing Period (which notice, in the event of a Failed Remarketing on the Final Remarketing Date, shall be published not later than 9:00 a.m., New York City time, and shall include the procedures that must be followed if a Holder of Separate Debentures of the Ninety-Fourth Series wishes to

exercise its right to put such Separate Debentures of the Ninety-Fourth Series to the Company), in each case, by making a timely release to any appropriate news agency, including Bloomberg News and the Dow Jones Newswires.

In accordance with the Depositary's procedures, on the Reset Effective Date, the transactions described above with respect to each Debenture of the Ninety-Fourth Series tendered for purchase and sold in such Remarketing shall be executed through the Depositary, and the accounts of the respective Depositary participants shall be debited and credited and such Debentures of the Ninety-Fourth Series delivered by book entry as necessary to effect purchases and sales of such Debentures of the Ninety-Fourth Series. The Depositary shall make payment in accordance with its procedures.

In no event shall the aggregate price for the Debentures of the Ninety-Fourth Series in a Remarketing be less than a price (the "**Minimum Price**") equal to (i) in the case of a Remarketing during the Period for Early Remarketing, 100% of the sum of the Remarketing Treasury Portfolio Purchase Price and the Separate Debentures Purchase Price or (ii) in the case of a Remarketing during the Final Remarketing Period, 100% of the aggregate principal amount of the Debentures of the Ninety-Fourth Series being remarketed. A remarketing attempt on any Remarketing Date will be deemed unsuccessful (i) if the Remarketing Agents are unable to remarket the Debentures of the Ninety-Fourth Series for an aggregate price that is at least equal to the Minimum Price; or (ii) if a condition precedent to such Remarketing is not fulfilled or, if subject to waiver, waived.

The right of each Holder of Debentures of the Ninety-Fourth Series that are included in Corporate Units to have such Debentures of the Ninety-Fourth Series, and of each Holder of Separate Debentures of the Ninety-Fourth Series to have any Separate Debentures of the Ninety-Fourth Series (together, the "**Remarketed Debentures of the Ninety-Fourth Series**"), remarketed and sold in any Remarketing, and the obligation of the Company to conduct a Remarketing, shall be subject to the following: (i) the Remarketing Agents have conducted a Remarketing pursuant to the terms of the Remarketing Agreement, (ii) a Special Event Redemption or Mandatory Redemption has not occurred and will not occur prior to such Remarketing Date or the Reset Effective Date, (iii) the Remarketing Agents are able to find a purchaser or purchasers for Remarketed Debentures of the Ninety-Fourth Series at the Minimum Price, and (iv) the purchaser or purchasers deliver the purchase price therefor to the Remarketing Agents as and when required.

None of the Trustee, the Company or the Remarketing Agents shall be obligated in any case to provide funds to make payment upon tender of Debentures of the Ninety-Fourth Series for Remarketing.

"**Remarketing Treasury Portfolio**" shall mean

(a) U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to February 14, 2029 in an aggregate amount at maturity equal to the principal amount of the Debentures of the Ninety-Fourth Series that are components of the Corporate Units;

(b) if the Reset Effective Date occurs prior to November 15, 2028, with respect to the Quarterly Interest Payment Dates on the Debentures of the Ninety-Fourth Series that would have occurred on November 15, 2028 and February 15, 2029, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to (i) November 14, 2028 (in connection with the Quarterly Interest Payment Date that would have occurred on November 15, 2028) and (ii) February 14, 2029 (in connection with the Quarterly Interest Payment Date that would have occurred on February 15, 2029), each in an aggregate amount at maturity equal to the aggregate interest payments that would be due on November 15, 2028 and February 15, 2029, respectively, on the principal amount of the Debentures of the Ninety-Fourth Series that would have been a component of the Corporate Units assuming no Remarketing and no reset of the Interest Rate on the Debentures of the Ninety-Fourth Series and assuming that interest on the Debentures of the Ninety-Fourth Series accrued from the Reset Effective Date to, but excluding, November 15, 2028 and from November 15, 2028 to, but excluding, February 15, 2029, respectively; and

(c) if the Reset Effective Date occurs on or after November 15, 2028, with respect to the Quarterly Interest Payment Date on the Debentures of the Ninety-Fourth Series that would have occurred on February 15, 2029, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to February 14, 2029 in an aggregate amount at maturity equal to the aggregate interest payment that would be due on February 15, 2029 on the principal amount of the Debentures of the Ninety-Fourth Series that would have been a component of the Corporate Units assuming no Remarketing and no reset of the Interest Rate on the Debentures of the Ninety-Fourth Series and assuming that interest on the Debentures of the Ninety-Fourth Series accrued from the Reset Effective Date to, but excluding, February 15, 2029.

If, on the applicable Remarketing Date during the Period for Early Remarketing, U.S. Treasury securities (or principal or interest strips thereof) that are to be included in the Remarketing Treasury Portfolio have a yield that is less than zero, then instead, at the Company's option, an amount of cash equal to the aggregate principal amount at maturity of the applicable U.S. Treasury securities (or principal or interest strips thereof) described above will be substituted for the Debentures of the Ninety-Fourth Series that are components of the Corporate Units and will be pledged to NextEra Energy through the Collateral Agent to secure the Corporate Unit holders' obligations to purchase common stock, $0.01 par value per share, of NextEra Energy (the "**Common Stock**") under the related Purchase Contracts. In such case, references to "U.S. Treasury securities (or principal or interest strips thereof)" in connection with the Remarketing Treasury Portfolio will, thereafter, be deemed to be references to such amount of cash.

"**Remarketing Treasury Portfolio Purchase Price**" shall mean the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the applicable Remarketing Date during the Period for Early Remarketing for the purchase of the Remarketing Treasury Portfolio for settlement on the Reset Effective Date, ***provided***, that if the Remarketing Treasury Portfolio consists of cash, "Remarketing Treasury Portfolio Purchase Price" means an amount of cash equal to the aggregate principal amount at maturity of the U.S. Treasury securities (or principal or interest strips thereof) that would have otherwise been

components of the Remarketing Treasury Portfolio. "**Quotation Agent**" means any primary U.S. government securities dealer in New York City selected by the Company.

4. In connection with each Remarketing, the Remarketing Agents shall determine the reset interest rate (rounded to the nearest one-thousandth (0.001) of one percent per annum) that they believe will, when applied to the Debentures of the Ninety-Fourth Series, enable the aggregate principal amount of the Debentures of the Ninety-Fourth Series being remarketed on such date to be sold at an aggregate price equal to at least (i) if the Reset Effective Date is not the Purchase Contract Settlement Date, the Remarketing Price or (ii) if the Reset Effective Date is the Purchase Contract Settlement Date, the Contract Settlement Price. The reset interest rate established on the Remarketing Date on which a Successful Remarketing occurs shall be the "**Reset Rate**."

Anything herein to the contrary notwithstanding, the Reset Rate shall not exceed the maximum rate permitted by applicable law and the Remarketing Agents shall have no obligation to determine whether there is any limitation under applicable law on the Reset Rate or, if there is any such limitation, the maximum permissible Reset Rate on the Debentures of the Ninety-Fourth Series and it shall rely solely upon written notice from the Company (which the Company agrees to provide prior to the eighth Business Day before the first Remarketing Date of any Remarketing Period) as to whether or not there is any such limitation and, if so, the maximum permissible Reset Rate.

In the event of a Failed Remarketing or if no Debentures of the Ninety-Fourth Series are included in Corporate Units and none of the Holders of the Separate Debentures of the Ninety-Fourth Series elect to have their Debentures of the Ninety-Fourth Series remarketed in any Remarketing, the Interest Rate on the Debentures of the Ninety-Fourth Series will not be reset and will continue to be the Interest Rate.

In the event of a Successful Remarketing, the Interest Rate shall be reset at the Reset Rate as determined by the Remarketing Agents under the Remarketing Agreement. The Reset Rate shall be effective from and after the Reset Effective Date.

5. Each installment of interest on a Debenture of the Ninety-Fourth Series shall be payable to the Person in whose name such Debenture is registered at the close of business on the "**Regular Record Date**" for such interest installment, which (a) as long as all of the Debentures of the Ninety-Fourth Series remain in certificated form and are held by the Purchase Contract Agent, or are held in book-entry form, will be one Business Day prior to the corresponding Interest Payment Date, or (b) if the Debentures of the Ninety-Fourth Series remain in certificated form, but all are not held by the Purchase Contract Agent, or are not held in book-entry form, will be at least one Business Day but not more than sixty (60) Business Days prior to such corresponding Interest Payment Date, as selected by the Company; *provided* that, unless the Purchase Contracts described in the Purchase Contract Agreement have been terminated, such Regular Record Date must be the same as the record date for payment of distributions and Contract Adjustment Payments for the Corporate Units described in the Purchase Contract Agreement; and *provided further* that interest payable on the Stated Maturity Date will be paid to the Person to whom principal is paid. The Security Registrar may, but shall not be required to, register the transfer of Debentures of the Ninety-Fourth Series during the ten (10) days immediately preceding an Interest Payment Date. Any installment of interest on the Debentures of the Ninety-Fourth Series not punctually paid or duly provided for will forthwith cease to be payable to the Holders of such Debentures of the Ninety-Fourth Series on such Regular Record Date, and may be paid to the Persons in whose name the

Debentures of the Ninety-Fourth Series are registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest. Notice of such Defaulted Interest and Special Record Date shall be given to the Holders of the Debentures of the Ninety-Fourth Series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Debentures of the Ninety-Fourth Series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

6. The principal and each installment of interest on the Debentures of the Ninety-Fourth Series shall be payable at, and registration and registration of transfers and exchanges in respect of the Debentures of the Ninety-Fourth Series may be effectuated at, the office or agency of the Company in New York City, New York; *provided*, that payment of interest may be made at the option of the Company by check mailed to the address of the Persons entitled thereto or by wire transfer to an account designated by the Person entitled thereto. Notices and demands to or upon the Company in respect of the Debentures of the Ninety-Fourth Series may be served at the office or agency of the Company in New York City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints the Trustee as its agent for all such purposes; *provided*, *however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Trustee will initially be the Security Registrar and the Paying Agent for the Debentures of the Ninety-Fourth Series.

7. If a Special Event shall occur and be continuing, the Company may, at its option, redeem the Debentures of the Ninety-Fourth Series in whole (but not in part) at any time ("**Special Event Redemption**") at a Redemption Price equal to, for each Debenture of the Ninety-Fourth Series, the Redemption Amount plus accrued and unpaid interest, if any, thereon to, but excluding, the date of redemption (the "**Special Event Redemption Date**"). If the Special Event Redemption occurs prior to a Successful Remarketing of the Debentures of the Ninety-Fourth Series, or if the Debentures of the Ninety-Fourth Series are not successfully remarketed, in each case prior to the Purchase Contract Settlement Date, the Redemption Price payable with respect to the Debentures of the Ninety-Fourth Series that are a component of the Corporate Units at the time of the Special Event Redemption will be paid to the Collateral Agent under the Pledge Agreement dated as of February 1, 2026 by and between NextEra Energy, Deutsche Bank Trust Company Americas, as Collateral Agent (the "**Collateral Agent**"), Custodial Agent (the "**Custodial Agent**") and Securities Intermediary, and The Bank of New York Mellon, as Purchase Contract Agent (the "**Pledge Agreement**"), on the Special Event Redemption Date on or prior to 12:30 p.m., New York City time, by check or wire transfer in immediately available funds at such place and to such account as may be designated by the Collateral Agent and the Collateral Agent will purchase the Special Event Treasury Portfolio on behalf of the holders of Corporate Units and remit the remainder of the Redemption Price, if any, to the Purchase Contract Agent for payment to the holders. Thereafter, the applicable ownership interests in the Special Event Treasury Portfolio will be substituted for the Applicable Ownership Interests in Debentures of the Ninety-Fourth Series and will be pledged to NextEra Energy, through the Collateral Agent, to secure the Corporate Unit holders' obligations to purchase Common Stock under the Purchase Contracts.

"**Special Event**" means any of a Tax Deductibility Event, an Accounting Event or a Tax Credit Event.

"**Accounting Event**" means the receipt by the audit committee of NextEra Energy's Board of Directors (or, if there is no such committee, by such Board of Directors) of a written report in

accordance with Statement on Auditing Standards ("**SAS**") No. 97, "Amendment to SAS No. 50—Reports on the Application of Accounting Principles," from NextEra Energy's independent auditors, provided at the request of NextEra Energy management, to the effect that, as a result of a change in accounting rules that becomes effective after March 3, 2026, NextEra Energy must either (a) account for the Purchase Contracts as derivatives (or otherwise mark-to-market or measure the fair value of all or any portion of the Purchase Contracts with changes appearing in NextEra Energy's income statement) or (b) account for the Equity Units using the if-converted method, and that such accounting treatment will cease to apply upon redemption of the Debentures of the Ninety-Fourth Series.

A "**Tax Credit Event**" occurs with respect to the Securities of this series if, in the reasonable determination of the Company or the Guarantor (as defined below), there exists a material risk, due to the Securities of this series (considered together with other debt) having been issued, as part of an original issuance, to one or more "specified foreign entities," as defined in Section 7701(a)(51)(B) of the Internal Revenue Code of 1986, as amended, that the Company or the Guarantor or any of their respective affiliates would be unable to utilize or otherwise ineligible to claim any tax credits otherwise allowed under Section 38 of the Internal Revenue Code of 1986, as amended.

"**Tax Deductibility Event**" means the receipt by the Company of an opinion of nationally recognized independent tax counsel experienced in such matters (which may be Morgan, Lewis & Bockius LLP or Squire Patton Boggs (US) LLP) to the effect that there is more than an insubstantial risk that interest payable by the Company on the Debentures of the Ninety-Fourth Series would not be deductible, in whole or in part, by the Company for U.S. federal income tax purposes as a result of (a) any amendment to, change in, or announced proposed change in, the laws, or any regulations thereunder, of the U.S. or any political subdivision or taxing authority thereof or therein affecting taxation, (b) any amendment to or change in an interpretation or application of any such laws or regulations by any legislative body, court, governmental agency or regulatory authority or (c) any interpretation or pronouncement by any legislative body, court, governmental agency or regulatory authority that provides for a position with respect to any such laws or regulations that differs from the generally accepted position on February 26, 2026, which amendment, change or proposed change is effective or which interpretation or pronouncement is announced on or after February 26, 2026.

"**Redemption Amount**" means

(a) in the case of a Special Event Redemption occurring

(i) prior to the earlier of (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Fourth Series, the product of the principal amount of that Debenture of the Ninety-Fourth Series and a fraction, the numerator of which is the Special Event Treasury Portfolio Purchase Price and the denominator of which is the aggregate principal amount of the Debentures of the Ninety-Fourth Series that are a component of the Corporate Units on the Special Event Redemption Date, and

(ii) on or after (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Fourth Series Outstanding on the Special Event Redemption Date, the principal amount of the Debenture of the Ninety-Fourth Series.

(b) in the case of a Mandatory Redemption occurring

(i) prior to the earlier of (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Fourth Series, the product of the principal amount of that Debenture of the Ninety-Fourth Series and a fraction, the numerator of which is the Mandatory Redemption Treasury Portfolio Purchase Price and the denominator of which is the aggregate principal amount of the Debentures of the Ninety-Fourth Series that are a component of the Corporate Units on the date of the Mandatory Redemption (the "**Mandatory Redemption Date**"), and

(ii) on or after (x) a Successful Remarketing, or (y) the Purchase Contract Settlement Date, for each Debenture of the Ninety-Fourth Series Outstanding on the Mandatory Redemption Date, the principal amount of the Debenture of the Ninety-Fourth Series.

Notwithstanding the definition of the "Redemption Amount" set forth above, in no event shall the Redemption Amount be less than the principal amount of the Debentures of the Ninety-Fourth Series being redeemed.

"**Mandatory Redemption Treasury Portfolio Purchase Price**" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the third Business Day immediately preceding the Mandatory Redemption Date for the purchase of the Treasury portfolio consisting of the same securities as the Special Event Treasury Portfolio for settlement on the Mandatory Redemption Date.

"**Special Event Treasury Portfolio Purchase Price**" means the lowest aggregate price quoted by a primary U.S. government securities dealer in New York City to the Quotation Agent on the third Business Day immediately preceding the Special Event Redemption Date for the purchase of the Special Event Treasury Portfolio for settlement on the Special Event Redemption Date.

The Treasury Portfolio to be purchased in connection with a Special Event Redemption, herein referred to as "**Special Event Treasury Portfolio**," will consist of:

(i) U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to February 14, 2029 in an aggregate amount at maturity equal to the aggregate principal amount of the Debentures of the Ninety-Fourth Series that are a component of the Corporate Units, and

(ii) with respect to each scheduled Interest Payment Date on the Debentures of the Ninety-Fourth Series that would have occurred after the Special Event Redemption Date and on or prior to February 15, 2029, U.S. Treasury securities (or principal or interest strips thereof) that mature on or prior to such scheduled Interest Payment Date in an aggregate amount at maturity equal to the aggregate interest payment that would be due on the aggregate principal amount of the Debentures of the Ninety-Fourth Series that would have been a component of the Corporate

Units on such Interest Payment Date (assuming no Special Event Redemption) and assuming that interest accrued from and including the immediately preceding Interest Payment Date to which interest has been paid.

Notice of any redemption is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days before the date fixed for redemption to each registered Holder of Debentures of the Ninety-Fourth Series to be redeemed at its registered address as more fully provided in the Indenture; *provided, however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Debentures of the Ninety-Fourth, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that such notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption, as described in clause (B) of *Paragraph 17* hereof. Unless the Company defaults in payment of the Redemption Price, on and after the Special Event Redemption Date interest shall cease to accrue on such Debentures of the Ninety-Fourth Series. In addition, a notice of redemption upon the occurrence of a Tax Credit Event (i) may only be sent by the later of (a) the end of the calendar year in which the Debentures of the Ninety-Fourth Series were issued and (b) six months from the date of issuance of the Debentures of the Ninety-Fourth Series and (ii) shall be accompanied by a certificate from an officer of the Company stating that a Tax Credit Event has occurred.

The Company's actions and determinations in determining the Redemption Amount shall be conclusive and binding for all purposes, absent manifest error.

The Trustee shall have no duty to determine, or to verify the Company's calculations of, the Redemption Amount.

8. Debentures of the Ninety-Fourth Series are subject to a put right (the "**Put Right**") in the following circumstances:

(a) Each Holder of Separate Debentures of the Ninety-Fourth Series may exercise its Put Right, in the event of a Failed Remarketing during the Final Remarketing Period, by providing written notice at least two Business Days prior to the Purchase Contract Settlement Date. The Put Price will be paid to such Holder on the Purchase Contract Settlement Date.

(b) Each Holder of an Applicable Ownership Interest in Debentures of the Ninety-Fourth Series will be deemed to have automatically exercised its Put Right, in the event of a Failed Remarketing during the Final Remarketing Period, unless, on the second Business Day immediately prior to the Purchase Contract Settlement Date, such Holder provides written notice to the Purchase Contract Agent of its intention to settle the related Purchase Contracts with separate cash and, on or prior to the Business Day immediately preceding the Purchase Contract Settlement Date, delivers to the Collateral Agent $50 in cash per each of such Holder's related Purchase Contracts. As provided in Section 5.4 of the Purchase Contract Agreement, each Holder of an Applicable Ownership Interest in Debentures of the Ninety-Fourth Series will be deemed to have elected to apply a portion of the Put Price equal to the principal amount of such Holder's Debentures of the Ninety-Fourth Series underlying the Applicable Ownership Interests in Debentures of the Ninety-Fourth Series against such Holder's obligations to NextEra Energy under the related Purchase Contracts, thereby satisfying such obligations in full, and NextEra

Energy will deliver to such Holder the Common Stock issued in accordance with each related Purchase Contract. Any amount of the Put Price remaining following settlement of each such Purchase Contract will be delivered to the Purchase Contract Agent for the benefit of such Holder.

9. Initially (a) the Debentures of the Ninety-Fourth Series will be issued in certificated form registered in the name of The Bank of New York Mellon, as Purchase Contract Agent, under the Purchase Contract Agreement dated as of February 1, 2026 between NextEra Energy and The Bank of New York Mellon, as Purchase Contract Agent (the "**Purchase Contract Agreement**"), as a component of Corporate Units; and (b) the Separate Debentures of the Ninety-Fourth Series, if any, will be issued in global form in the name of Cede & Co. (as nominee for The Depository Trust Company ("**DTC**"), the initial Depositary for the Debentures of the Ninety-Fourth Series that are not a component of Corporate Units), and may bear such legends as either the Purchase Contract Agent or DTC, respectively, may reasonably request.

10. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Ninety-Fourth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Ninety-Fourth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Ninety-Fourth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided, however*, that such instrument may state that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency and setting forth the amount thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Ninety-Fourth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to U.S. federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

11. The Debentures of the Ninety-Fourth Series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). The following shall constitute "**Guarantor Events**" with respect to the Debentures of the Ninety-Fourth Series:

(A) the failure of the Guarantee Agreement to be in full force and effect;

(B) the entry by a court having jurisdiction with respect to the Guarantor of (i) a decree or order for relief in respect of the Guarantor in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Guarantor bankrupt or insolvent, or approving as properly filed a petition by one or more entities other than the Guarantor seeking reorganization, arrangement, adjustment or composition of or in respect of the Guarantor under any applicable Federal or State bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official for the Guarantor or for any substantial part of its property, or ordering the winding up or liquidation of its affairs, and any such decree or order for relief or any such other decree or order shall have remained unstayed and in effect for a period of ninety (90) consecutive days; or

(C) the commencement by the Guarantor of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or of any other case or proceeding seeking for the Guarantor to be adjudicated bankrupt or insolvent, or the consent by the Guarantor to the entry of a decree or order for relief in respect of itself in a case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against the Guarantor, or the filing by the Guarantor of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State bankruptcy, insolvency or other similar law, or the consent by the Guarantor to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Guarantor or of any substantial part of its property, or the making by the Guarantor of an assignment for the benefit of creditors, or the admission by the Guarantor in writing of its inability to pay its debts generally as they become due, or the authorization of such action by the Board of Directors of the Guarantor.

Notwithstanding anything to the contrary contained in the Debentures of the Ninety-Fourth Series, this certificate or the Indenture, the Company shall, if a Guarantor Event shall occur and be continuing, redeem all of the Outstanding Debentures of the Ninety-Fourth Series within sixty (60) days after the occurrence of such Guarantor Event (the "**Mandatory Redemption**") at a Redemption Price specified below unless, within thirty (30) days after the occurrence of such Guarantor Event, S&P Global Ratings, a division of S&P Global Inc., and Moody's Investors Service, Inc. (if the Debentures of the Ninety-Fourth Series are then rated by those rating agencies, or, if the Debentures of the Ninety-Fourth Series are then rated by only one of those rating agencies, then such rating agency, or, if the Debentures of the Ninety-Fourth Series are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the Debentures of the Ninety-Fourth Series shall be investment grade (i.e., in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

If the Mandatory Redemption occurs (i) prior to February 15, 2029, if the Purchase Contracts have been previously or concurrently terminated, the Redemption Price will be equal to the principal amount of each Debenture of the Ninety-Fourth Series; (ii) prior to February 15, 2029, if the Purchase Contracts have not been so previously or concurrently terminated, the Redemption

Price will be equal to the Redemption Amount for each Debenture of the Ninety-Fourth Series and such Redemption Price payable with respect to the Debentures of the Ninety-Fourth Series that are a component of the Corporate Units at the time of the Mandatory Redemption will be distributed to the Collateral Agent as described in *Paragraph 7* with respect to the Special Event Redemption; or (iii) on or after February 15, 2029, the Redemption Price will be equal to the principal amount of each Debenture of the Ninety-Fourth Series; in each case, together with accrued and unpaid interest, if any, to, but excluding, the Mandatory Redemption Date.

12. With respect to the Debentures of the Ninety-Fourth Series, each of the following events shall be an additional Event of Default under the Indenture:

(A) the consolidation of the Guarantor with or merger of the Guarantor into any other Person, or the conveyance or other transfer or lease by the Guarantor of its properties and assets substantially as an entirety to any Person, unless

(i) the Person formed by such consolidation or into which the Guarantor is merged or the Person which acquires by conveyance or other transfer, or which leases, the properties and assets of the Guarantor substantially as an entirety shall be a Person organized and existing under the laws of the U.S., any State thereof or the District of Columbia, and shall expressly assume the obligations of the Guarantor under the Guarantee Agreement; and

(ii) immediately after giving effect to such transaction, no Event of Default and no event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing; or

(B) the failure of the Company to redeem the Outstanding Debentures of the Ninety-Fourth Series if and as required by *Paragraph 11* hereof.

13. If a Guarantor Event occurs and the Company is not required to redeem the Debentures of the Ninety-Fourth Series pursuant to *Paragraph 11* hereof, the Company will provide to the Trustee and the Holders of the Debentures of the Ninety-Fourth Series annual and quarterly reports containing the information that the Company would be required to file with the Securities and Exchange Commission under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of either of those Sections; *provided*, that if the Company is, at that time, subject to the reporting requirements of either of those Sections, the filing of annual and quarterly reports with the Securities and Exchange Commission pursuant to either of those Sections will satisfy the foregoing requirement. The provision of such reports and information to the Trustee shall be for informational purposes only and the Trustee's receipt or deemed receipt of such shall not constitute constructive notice of any information contained therein or determinable from information contained therein, including the Company's compliance with any of its covenants under the Indenture.

14. The Debentures of the Ninety-Fourth Series that are a component of the Corporate Units will be issued in certificated form, will be in denominations of $1,000 and integral multiples of $1,000, without coupons; *provided*, *however*, that upon release by the Collateral Agent of Debentures of the Ninety-Fourth Series underlying the Applicable Ownership Interests in Debentures of the Ninety-Fourth Series pledged to secure the Corporate Units holders' obligations under the related Purchase Contracts (other than any release of the Debentures of the Ninety-Fourth Series in connection with the creation of Treasury Units, an Early Settlement, a Fundamental Change Early Settlement, or a Remarketing) the

Debentures of the Ninety-Fourth Series will be issuable in denominations of $25 principal amount and integral multiples thereof.

15. The Company reserves the right to require legends on Debentures of the Ninety-Fourth Series as it may determine are necessary to ensure compliance with the securities laws of the United States of America and the states therein and any other applicable laws.

16. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Ninety-Fourth Series; *provided, however*, that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

17. The Company has reserved the right, without any consent, vote or other action by Holders of the Debentures of the Ninety-Fourth Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

(A) To amend the second sentence of Section 402 thereof to read as follows:

"The Company shall, at least 20 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee in writing of such Redemption Date and of the principal amount of such Securities to be redeemed."

(B) To amend the first sentence of Section 404 thereof to read as follows:

"Except as otherwise specified as contemplated by Section 301 for Securities of any series, notice of redemption shall be given in the manner provided in Section 106 to the Holders of the Securities to be redeemed not less than 10 nor more than 60 days prior to the Redemption Date."

18. The Debentures of the Ninety-Fourth Series shall have such other terms and provisions as are provided in the form set forth as *Exhibit A* hereto.

19. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Ninety-Fourth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

20. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

21. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

22. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Debentures of the Ninety-Fourth Series requested in the accompanying Company Order No. 68 have been complied with.

IN WITNESS WHEREOF, I have executed this Officer's Certificate on behalf of the Company this 3rd day of March, 2026 in New York, New York.

SERIES Q DEBENTURE DUE FEBRUARY 15, 2034

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**," which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ Dollars, as set forth on *Schedule I* hereto, on the Stated Maturity Date, and to pay interest on said principal amount from March 3, 2026, or from the most recent Interest Payment Date to which interest has either been paid or duly provided for, quarterly in arrears on February 15, May 15, August 15 and November 15 of each year (each a "**Quarterly Interest Payment Date**"), commencing May 15, 2026, at the rate of 4.000% per annum to, but excluding, the Reset Effective Date, if any, and thereafter semi-annually in arrears on the Subsequent Interest Payment Dates (together with the Quarterly Interest Payment Dates and the Reset Effective Date, the "**Interest Payment Dates**") at the Reset Rate, in each case on the basis of a 360-day year consisting of twelve 30-day months, until the principal hereof is paid or duly provided for or made available for payment, and (to the extent that the payment of such interest shall be legally enforceable) to pay interest, compounded quarterly, at the rate of 4.000% per annum on any overdue principal and payment of interest to, but excluding, the Reset Effective Date, if any, and thereafter, compounded semi-annually, at the Reset Rate, if any. Interest on the Securities of this series will accrue from and including March 3, 2026, to, but excluding, the first Interest Payment Date, and thereafter will accrue from and including the last Interest Payment Date to which interest has been paid or duly provided for.

No interest will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. In the event that an Interest Payment Date is not a Business Day, then payment of interest payable on such date will be made on the next succeeding day which is a Business Day (and without any interest or other payment in respect of such delay), except that, if such Business Day is in the next succeeding calendar year, then such payment shall be made on the immediately preceding Business Day, in each case, with the same force and effect as if made on the Interest Payment Date. The interest so payable,

and punctually paid or duly provided for, on an Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security, or any Predecessor Security, is registered at the close of business on the "**Regular Record Date**" for such interest installment, which (a) as long as all of the Securities of this series remain in certificated form and are held by the Purchase Contract Agent or are held by a securities depository in book-entry form, will be the close of business on the Business Day immediately preceding such Interest Payment Date, or (b) if any of the Securities of this series are in certificated form, but all are not held by the Purchase Contract Agent, or are not held by a securities depository in book-entry form, will be at least one Business Day but not more than sixty (60) Business Days prior to such corresponding Interest Payment Date, as selected by the Company; *provided* that, unless the Purchase Contracts described in the Purchase Contract Agreement have been terminated, such Regular Record Date must be the same as the record date for payment of distributions and Contract Adjustment Payments for the Corporate Units described in the Purchase Contract Agreement; and *provided further* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security, or any Predecessor Security, is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose in New York City, the State of New York in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided*, *however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate shall have the meanings specified in the Indenture or in the Officer's Certificate.)

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse of this Security by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed in .

[FORM OF REVERSE OF DEBENTURE]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Debt Securities), dated as of June 1, 1999 (herein, together with any amendments thereto, called the "**Indenture**", which term shall have the meaning assigned to it in such instrument), between the Company and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on March 3, 2026, creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Unless an earlier Special Event Redemption or Mandatory Redemption has occurred, this Security shall mature and the principal amount thereof shall be due and payable together with all accrued and unpaid interest thereon on the Stated Maturity Date. The "**Stated Maturity Date**" shall mean February 15, 2034.

If a Special Event shall occur and be continuing, the Company may, at its option, redeem the Securities of this series in whole, but not in part, at any time, at a price per Security equal to the Redemption Price as set forth in the Officer's Certificate. If there is a Special Event Redemption (as defined in the Officer's Certificate, dated March 3, 2026, pursuant to the Indenture creating the Series P Debentures due February 15, 2031 (the "**Series P Debentures**")) with respect to the Series P Debentures which occurs prior to a Successful Remarketing of the Series P Debentures or the Purchase Contract Settlement Date, the Company will be required to redeem the Securities of this series at the same time as the Special Event Redemption of the Series P Debentures even if the Company would be unable to otherwise effect a Special Event Redemption with respect to the Securities of this series.

If this Security is not a component of Corporate Units, the Holder of this Security may, on or prior to the second Business Day, but no earlier than the fifth Business Day, immediately preceding the first Remarketing Date of any Remarketing Period, elect to have this Security remarketed, by delivering this Security, along with a notice of such election, to Deutsche Bank Trust Company Americas, as Collateral Agent and Custodial Agent, for Remarketing in accordance with the Pledge Agreement dated as of February 1, 2026 between NextEra Energy, The Bank of New York Mellon and Deutsche Bank Trust Company Americas, as Collateral Agent, Custodial Agent and Securities Intermediary.

The Securities of this series are subject to a put right (the "**Put Right**") in the following circumstances:

(A) If there has not been a Successful Remarketing prior to the Purchase Contract Settlement Date, each Holder of Securities of this series that are not part of a Corporate Unit may exercise its Put Right by providing written notice at least two Business Days prior to the Purchase Contract Settlement Date, all as more fully described in the Officer's Certificate. The Put Price will be paid to such Holder on the Purchase Contract Settlement Date. The "**Put Price**" will be equal to the principal amount of such Securities, plus accrued and unpaid interest, if any, to, but excluding, the Purchase Contract Settlement Date.

(B) If there has not been a Successful Remarketing prior to the Purchase Contract Settlement Date, each Holder of a 2.5% undivided beneficial ownership interest in $1,000 principal amount of Securities that is a component of a Corporate Unit (the "**Applicable Ownership Interest in Securities**") will be deemed to have automatically exercised its Put Right, upon a Failed Remarketing during the Final Remarketing Period, unless, on the second Business Day immediately prior to the Purchase Contract Settlement Date, such Holder provides written notice to the Purchase Contract Agent of its intention to settle the related Purchase Contracts with separate cash and, on or prior to the Business Day immediately preceding the Purchase Contract Settlement Date, delivers to the Collateral Agent $50 in cash per each of such Holder's related Purchase Contracts. As described in the Purchase Contract Agreement, each Holder of an Applicable Ownership Interest in Securities who has not settled the related Purchase Contracts with separate cash will be deemed to have elected to apply a portion of the Put Price equal to the principal amount of such Holder's Applicable Ownership Interest in Securities against such Holder's obligations to NextEra Energy under the related Purchase Contracts, thereby satisfying such obligations in full, and NextEra Energy will deliver to such Holder its common stock, $0.01 par value, issued in accordance with each related Purchase Contract. Any amount of the Put Price remaining following settlement of each such Purchase Contract will be delivered to the Purchase Contract Agent for the benefit of such Holder.

The Put Right of a Holder of the Securities of this series that are not part of a Corporate Unit shall only be exercisable upon delivery to the Company, on or prior to 5:00 p.m., New York City time, on the second Business Day immediately preceding the Purchase Contract Settlement Date, at the offices of the agency of the Company in New York City, the Securities of this series to be repaid with the form entitled "Option to Elect Repayment" on the reverse of or otherwise accompanying such Securities duly completed. Any such notice received by the Company shall be irrevocable. All questions as to the validity, eligibility (including time of receipt) and acceptance of the Securities of this series for repurchase shall be determined by the Company, whose determination shall be final and binding. The payment of the Put Price in respect of such Securities of this series shall be made, either through the Trustee or the Company acting as Paying Agent on the Purchase Contract Settlement Date.

The Securities of this series will be absolutely, irrevocably and unconditionally guaranteed as to payment of principal, interest and premium, if any, by NextEra Energy, Inc., as Guarantor (the "**Guarantor**"), pursuant to a Guarantee Agreement, dated as of June 1, 1999, between the Guarantor and The Bank of New York Mellon (as Guarantee Trustee) (the "**Guarantee Agreement**"). The following shall constitute "Guarantor Events" with respect to the Securities of this series:

(A) the failure of the Guarantee Agreement to be in full force and effect;

(B) the entry by a court having jurisdiction with respect to the Guarantor of (i) a decree or order for relief in respect of the Guarantor in an involuntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or (ii) a decree or order adjudging the Guarantor bankrupt or insolvent, or approving as properly filed a petition by one or more entities other than the Guarantor seeking reorganization, arrangement, adjustment or composition of or in respect of the Guarantor under any applicable Federal or State bankruptcy, insolvency or other similar law, or appointing a custodian, receiver, liquidator, assignee, trustee, sequestrator or other similar official for the Guarantor or for any substantial part of its property, or ordering the winding up or liquidation of its affairs, and any such decree or order for relief or any such other decree or order shall have remained unstayed and in effect for a period of ninety (90) consecutive days; or

(C) the commencement by the Guarantor of a voluntary case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or of any other case or

proceeding seeking for the Guarantor to be adjudicated bankrupt or insolvent, or the consent by the Guarantor to the entry of a decree or order for relief in respect of itself in a case or proceeding under any applicable Federal or State bankruptcy, insolvency or other similar law or to the commencement of any bankruptcy or insolvency case or proceeding against the Guarantor, or the filing by the Guarantor of a petition or answer or consent seeking reorganization or relief under any applicable Federal or State bankruptcy, insolvency or other similar law, or the consent by the Guarantor to the filing of such petition or to the appointment of or taking possession by a custodian, receiver, liquidator, assignee, trustee, sequestrator or similar official of the Guarantor or of any substantial part of its property, or the making by the Guarantor of an assignment for the benefit of creditors, or the admission by the Guarantor in writing of its inability to pay its debts generally as they become due, or the authorization of such action by the Board of Directors of the Guarantor.

Notwithstanding anything to the contrary contained in the Securities of this series, the Officer's Certificate, or the Indenture, the Company shall, if a Guarantor Event shall occur and be continuing, redeem all of the Outstanding Securities of this series within sixty (60) days after the occurrence of such Guarantor Event (the "**Mandatory Redemption**") at a Redemption Price specified below unless, within thirty (30) days after the occurrence of such Guarantor Event, S&P Global Ratings, a division of S&P Global Inc., and Moody's Investors Service, Inc. (if the Securities of this series are then rated by those rating agencies, or, if the Securities of this series are then rated by only one of those rating agencies, then such rating agency, or, if the Securities of this series are not then rated by either one of those rating agencies but are then rated by one or more other nationally recognized rating agencies, then at least one of those other nationally recognized rating agencies) shall have reaffirmed in writing that, after giving effect to such Guarantor Event, the credit rating on the Securities of this series shall be investment grade (i.e., in one of the four highest categories, without regard to subcategories within such rating categories, of such rating agency).

If the Mandatory Redemption occurs (i) prior to February 15, 2029 and if the Purchase Contracts have been previously or concurrently terminated, the Redemption Price for each Security of this series will be equal to the principal amount of such Security; (ii) prior to February 15, 2029, if the Purchase Contracts have not been so previously or concurrently terminated, the Redemption Price will be equal to the Redemption Amount for each Security of this series and such Redemption Price payable with respect to such Security that is a component of the Corporate Units at the time of the Mandatory Redemption will be distributed to the Collateral Agent on the date of Mandatory Redemption in exchange for each Security of this series pledged to the Collateral Agent, as provided in the Officer's Certificate; or (iii) on or after February 15, 2029, the Redemption Price will be equal to the principal amount of each Security; in each case, together with accrued and unpaid interest, if any, to, but excluding, the date of Mandatory Redemption.

If a Guarantor Event occurs and the Company is not required to redeem the Securities of this series pursuant to the preceding paragraph, the Company will provide to the Trustee and the Holders of the Securities of this series annual and quarterly reports containing the information that the Company would be required to file with the Securities and Exchange Commission under Section 13 or Section 15(d) of the Securities Exchange Act of 1934 if it were subject to the reporting requirements of either of those Sections; *provided*, that if the Company is, at that time, subject to the reporting requirements of either of those Sections, the filing of annual and quarterly reports with the Securities and Exchange Commission pursuant to either of those Sections will satisfy the foregoing requirement.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and with the effect provided in the Indenture.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

The Securities of this series are issuable only in registered form without coupons in denominations of $1,000 and integral multiples thereof, except as provided for in the Officer's Certificate. As provided in the Indenture and subject to certain limitations therein set forth and set forth in the Officer's Certificate, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

OFFICER'S CERTIFICATE

Creating the Series Z Junior Subordinated Debentures due April 15, 2086

Matthew R. Geoffroy, Assistant Treasurer of NextEra Energy Capital Holdings, Inc. (the "**Company**"), and Matthew R. Geoffroy, Assistant Treasurer of NextEra Energy, Inc. (the "**Guarantor**"), pursuant to the authority granted in the accompanying Board Resolutions (all capitalized terms used herein which are not defined herein or in *Exhibit A* hereto, but which are defined in the Indenture referred to below, shall have the meanings specified in the Indenture), and pursuant to Sections 201 and 301 of the Indenture, do hereby certify to The Bank of New York Mellon (the "**Trustee**"), as Trustee under the Indenture (For Unsecured Subordinated Debt Securities) dated as of September 1, 2006 among the Company, the Guarantor and the Trustee, as amended (the "**Indenture**"), that:

1. The securities to be issued under the Indenture in accordance with this certificate shall be designated "Series Z Junior Subordinated Debentures due April 15, 2086" (referred to herein as the "**Debentures of the Twenty-Sixth Series**") and shall be issued in substantially the form set forth as *Exhibit A* hereto.

2. The Debentures of the Twenty-Sixth Series shall be issued by the Company in the initial aggregate principal amount of $600,000,000. Additional Debentures of the Twenty-Sixth Series, without limitation as to amount, having the same terms as the Outstanding Debentures of the Twenty-Sixth Series (except for the issue date of the additional Debentures of the Twenty-Sixth Series and, if applicable, the initial Interest Payment Date (as defined in *Exhibit A* hereto)) may also be issued by the Company pursuant to the Indenture without the consent of the Holders of the then-Outstanding Debentures of the Twenty-Sixth Series. Any such additional Debentures of the Twenty-Sixth Series as may be issued pursuant to the Indenture from time to time shall be part of the same series as the then-Outstanding Debentures of the Twenty-Sixth Series.

3. The Debentures of the Twenty-Sixth Series shall mature and the principal shall be due and payable, together with all accrued and unpaid interest thereon, on the Stated Maturity Date. The "**Stated Maturity Date**" means April 15, 2086.

4. The Debentures of the Twenty-Sixth Series shall bear interest as provided in the form set forth as *Exhibit A* hereto.

5. Each installment of interest on a Debenture of the Twenty-Sixth Series shall be payable as provided in the form set forth as *Exhibit A* hereto.

6. Registration of the Debentures of the Twenty-Sixth Series, and registration of transfers and exchanges in respect of the Debentures of the Twenty-Sixth Series, may be effectuated at the office or agency of the Company in New York City, New York. Notices and demands to or upon the Company in respect of the Debentures of the Twenty-Sixth Series may be served at the office or agency of the Company in New York City, New York. The Corporate Trust Office of the Trustee will initially be the agency of the Company for such payment, registration, registration of transfers and exchanges and service of notices and demands, and the Company hereby appoints

the Trustee as its agent for all such purposes; *provided*, *however*, that the Company reserves the right to change, by one or more Officer's Certificates, any such office or agency and such agent. The Trustee will initially be the Security Registrar and the Paying Agent for the Debentures of the Twenty-Sixth Series.

7. The Debentures of the Twenty-Sixth Series will be redeemable at the option of the Company prior to the Stated Maturity Date as provided in the form set forth as *Exhibit A* hereto. If less than all of the Debentures of the Twenty-Sixth Series are to be redeemed, the particular Debentures of the Twenty-Sixth Series to be redeemed shall be selected by the Trustee from the Outstanding Debentures of the Twenty-Sixth Series by lot.

8. So long as all of the Debentures of the Twenty-Sixth Series are held by a securities depository in book-entry form, the Regular Record Date for the interest payable on any given Interest Payment Date with respect to the Debentures of the Twenty-Sixth Series shall be the close of business on the Business Day immediately preceding such Interest Payment Date; *provided*, *however*, that if any of the Debentures of the Twenty-Sixth Series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date.

9. So long as any Debentures of the Twenty-Sixth Series are Outstanding, the failure of the Company to pay interest, including Additional Interest (as defined in *Exhibit A* hereto), if any, on any Debentures of the Twenty-Sixth Series within thirty (30) days after the same becomes due and payable (whether or not payment is prohibited by the subordination provisions of Article Fourteen and Article Fifteen of the Indenture) shall constitute an Event of Default; *provided*, *however*, that a valid deferral of the interest payments by the Company as contemplated in Section 312 of the Indenture and *paragraph 10* of this certificate shall not constitute a failure to pay interest for this purpose.

10. Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Debentures of the Twenty-Sixth Series, to defer the payment of interest for a period not exceeding ten (10) consecutive years, as provided in the form set forth as *Exhibit A* hereto.

11. If the Company shall make any deposit of money and/or Eligible Obligations with respect to any Debentures of the Twenty-Sixth Series, or any portion of the principal amount thereof, as contemplated by Section 701 of the Indenture, the Company shall not deliver an Officer's Certificate described in clause (z) in the first paragraph of said Section 701 unless the Company shall also deliver to the Trustee, together with such Officer's Certificate, either:

(A) an instrument wherein the Company, notwithstanding the satisfaction and discharge of its indebtedness in respect of the Debentures of the Twenty-Sixth Series, shall assume the obligation (which shall be absolute and unconditional) to irrevocably deposit with the Trustee or Paying Agent such additional sums of money, if any, or additional Eligible Obligations (meeting the requirements of said Section 701), if any, or any combination thereof, at such time or times, as shall be necessary, together with the money and/or Eligible Obligations theretofore so deposited, to pay when due the principal of and premium, if any, and interest due and to become due on such Debentures of the Twenty-Sixth Series or portions thereof, all in accordance with and subject to the provisions of said Section 701; *provided*, *however*, that such instrument may state

that the obligation of the Company to make additional deposits as aforesaid shall be subject to the delivery to the Company by the Trustee of a notice asserting the deficiency and setting forth the amount thereof; or

(B) an Opinion of Counsel to the effect that, as a result of (i) the receipt by the Company from, or the publication by, the Internal Revenue Service of a ruling or (ii) a change in law occurring after the date of this certificate, the Holders of such Debentures of the Twenty-Sixth Series, or the applicable portion of the principal amount thereof, will not recognize income, gain or loss for United States federal income tax purposes as a result of the satisfaction and discharge of the Company's indebtedness in respect thereof and will be subject to United States federal income tax on the same amounts, at the same times and in the same manner as if such satisfaction and discharge had not been effectuated.

12. The Debentures of the Twenty-Sixth Series will be initially issued in global form registered in the name of Cede & Co. (as nominee of The Depository Trust Company). The Debentures of the Twenty-Sixth Series in global form shall bear the depository legend in substantially the form set forth as *Exhibit A* hereto. The Debentures of the Twenty-Sixth Series in global form will contain restrictions on transfer, substantially as described in the form set forth as *Exhibit A* hereto.

13. No service charge shall be made for the registration of transfer or exchange of the Debentures of the Twenty-Sixth Series; *provided, however,* that the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transfer or exchange.

14. The Company reserves the right to require legends on Debentures of the Twenty-Sixth Series as it may determine are necessary to ensure compliance with the securities laws of the United States and the states therein and any other applicable laws.

15. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Sixth Series, or of any other series of Securities issued after October 1, 2006, to amend the Indenture as follows:

To amend clause (6) of the second paragraph of Section 608 of the Indenture to read as follows:

"(6) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the series of Securities with respect to which the Company has elected to defer the payment of interest, or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

16. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Sixth Series, or of any other series of Securities issued after October 1, 2006, to amend this Officer's Certificate as follows:

To amend clause (f) on page A-9 of the form of the Debentures of the Twenty-Sixth Series set forth as ***Exhibit A*** hereto to read as follows:

"(f) payments under any preferred trust securities, subordinated debentures or junior subordinated debentures, or any guarantee thereof, executed and delivered by the Guarantor, the Company or any of their majority-owned subsidiaries, in each case that rank equal in right of payment to the Debentures of the Twenty-Sixth Series or the related guarantee (as the case may be), so long as the amount of payments made on account of such securities or guarantees is paid on all such securities and guarantees then outstanding on a pro rata basis in proportion to the full payment to which each series of such securities and guarantees is then entitled if paid in full;".

17. Notwithstanding the provisions of Section 802 of the Indenture, the principal of and accrued interest on the Debentures of the Twenty-Sixth Series shall not be declared immediately due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Twenty-Sixth Series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Debentures of the Twenty-Sixth Series. The Debentures of the Twenty-Sixth Series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Debentures of the Twenty-Sixth Series.

18. Each of the Company and the Guarantor agrees, and, by acceptance of the Debentures of the Twenty-Sixth Series, each Holder will be deemed to have agreed, to treat the Debentures of the Twenty-Sixth Series as indebtedness for United States federal, state and local tax purposes.

19. The Company has previously reserved the right, without any consent, vote or other action by Holders of the Debentures of the Twenty-Sixth Series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture as follows:

To amend the second sentence of Section 402 thereof to read as follows:

"The Company shall, at least 20 days prior to the Redemption Date fixed by the Company (unless a shorter notice shall be satisfactory to the Trustee), notify the Trustee, in writing of such Redemption Date and of the principal amount of such Securities to be redeemed."

To amend the first sentence of Section 404 thereof to read as follows:

"Except as otherwise specified as contemplated by Section 301 for Securities of any series, notice of redemption shall be given in the manner provided in Section 106 to the Holders of the Securities to be redeemed not less than 10 nor more than 60 days prior to the Redemption Date."

20. The Debentures of the Twenty-Sixth Series shall have such other terms and provisions as are provided in the form set forth as ***Exhibit A*** hereto.

21. The undersigned has read all of the covenants and conditions contained in the Indenture relating to the issuance of the Debentures of the Twenty-Sixth Series and the definitions in the Indenture relating thereto and in respect of which this certificate is made.

22. The statements contained in this certificate are based upon the familiarity of the undersigned with the Indenture, the documents accompanying this certificate, and upon discussions by the undersigned with officers and employees of the Company familiar with the matters set forth herein.

23. In the opinion of the undersigned, he or she has made such examination or investigation as is necessary to enable him or her to express an informed opinion as to whether or not such covenants and conditions have been complied with.

24. In the opinion of the undersigned, such conditions and covenants and conditions precedent, if any (including any covenants compliance with which constitutes a condition precedent), to the authentication and delivery of the Debentures of the Twenty-Sixth Series requested in the accompanying Company Order No. 23 and Guarantor Order No. 23, have been complied with.

IN WITNESS WHEREOF, I have executed this Officer's Certificate on behalf of the Company this 20th day of March, 2026 in Washington, DC.

NEXTERA ENERGY CAPITAL HOLDINGS, INC.

SERIES Z JUNIOR SUBORDINATED DEBENTURES DUE APRIL 15, 2086

NEXTERA ENERGY CAPITAL HOLDINGS, INC., a corporation duly organized and existing under the laws of the State of Florida (herein referred to as the "**Company**", which term includes any successor Person under the Indenture (as defined below)), for value received, hereby promises to pay to

, or registered assigns, the principal sum of _____ Dollars on April 15, 2086 (the "**Stated Maturity Date**"). The Company further promises (subject to deferral as set forth herein) to pay interest on the principal sum of this Series Z Junior Subordinated Debenture due April 15, 2086 (this "**Security**") to the registered Holder hereof at the rate of 6.500% per annum, in like coin or currency, quarterly in arrears on January 15, April 15, July 15 and October 15 of each year (each an "**Interest Payment Date**") until the principal hereof is paid or duly provided for, such interest payments to commence on July 15, 2026. Interest on the Securities of this series will accrue from and including March 20, 2026 to but excluding the first Interest Payment Date and thereafter will accrue from and including the last Interest Payment Date to which interest has either been paid or duly provided for to but excluding the next succeeding Interest Payment Date (each an "**Interest Period**") (*except* that (i) the interest payment which is due on July 15, 2026 shall include interest that has accrued from March 20, 2026, and (ii) if this Security is authenticated during the period that (A) follows any particular Regular Record Date (as defined below) but (B) precedes the next occurring Interest Payment Date, then the registered Holder hereof shall not be entitled to receive any interest payment with respect to this Security on such next occurring Interest Payment Date). The Company also promises to pay Additional Interest (as defined below) with respect to an Optional Deferral Period (as defined below) to the registered Holder of this Security, to the extent payment of such Additional Interest is enforceable under applicable law, on any interest payment that is not made on the applicable Interest Payment Date, as specified on the reverse of this Security. No interest or other payment will accrue on the Securities of this series with respect to the day on which the Securities of this series mature. The interest so payable, and punctually paid or duly

provided for, on an Interest Payment Date will, as provided in the Indenture referred to on the reverse of this Security (the "**Indenture**"), be payable to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on the "**Regular Record Date**" for such interest installment, which shall be the close of business on the Business Day immediately preceding such Interest Payment Date so long as all of the Securities of this series are held by a securities depository in book-entry form; *provided* that if any of the Securities of this series are not held by a securities depository in book-entry form, the Regular Record Date will be the close of business on the fifteenth (15th) calendar day immediately preceding such Interest Payment Date; and *provided further* that interest payable on the Stated Maturity Date or a Redemption Date will be paid to the same Person to whom the associated principal is to be paid. Any such interest not punctually paid or duly provided for will forthwith cease to be payable to the Person who is the Holder of this Security on such Regular Record Date and may be paid to the Person in whose name this Security (or one or more Predecessor Securities) is registered at the close of business on a Special Record Date to be fixed by the Trustee for the payment of such Defaulted Interest, notice of which shall be given to Holders of Securities of this series not less than ten (10) days prior to such Special Record Date, or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which the Securities of this series may be listed, and upon such notice as may be required by such exchange, all as more fully provided in the Indenture.

Payment of the principal of (and premium, if any) and interest on this Security will be made at the office or agency of the Company maintained for that purpose in New York City, the State of New York in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts; *provided*, *however*, that, at the option of the Company, interest on this Security may be paid by check mailed to the address of the Person entitled thereto, as such address shall appear on the Security Register or by a wire transfer to an account designated by the Person entitled thereto. The amount of interest payable on this Security for any period will be computed on the basis of a 360-day year consisting of twelve 30-day months (and for any period shorter than a full quarterly period, on the basis of the actual number of days elapsed during such period using 30-day calendar months).

If an Interest Payment Date, a Redemption Date or the Stated Maturity Date of the Securities of this series falls on a day that is not a Business Day, then payment of the interest or principal payable on such Interest Payment Date, Redemption Date or the Stated Maturity Date will be made on the next succeeding day which is a Business Day (and no interest will be paid or other payment made in respect of such delay) with the same force and effect as if made on such date, and no interest on such payment will accrue for the period from and after such Interest Payment Date, Redemption Date or the Stated Maturity Date, as applicable.

Reference is hereby made to the further provisions of this Security set forth on the reverse of this Security, which further provisions shall for all purposes have the same effect as if set forth at this place. (All capitalized terms used in this Security which are not defined herein, including the reverse of this Security, but which are defined in the Indenture or in the Officer's Certificate, shall have the meanings specified in the Indenture or in the Officer's Certificate.)

Unless the certificate of authentication hereon has been executed by the Trustee referred to on the reverse of this Security by manual signature, this Security shall not be entitled to any benefit under the Indenture or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Company has caused this instrument to be duly executed in _____, _____.

[FORM OF GUARANTEE]

NEXTERA ENERGY, INC., a corporation organized under the laws of the State of Florida (the "**Guarantor**", which term includes any successor under the Indenture (the "**Indenture**") referred to in the Security upon which this Guarantee is endorsed), for value received, hereby unconditionally and irrevocably guarantees to the Holder of the Security upon which this Guarantee is endorsed, the due and punctual payment of the principal of, and premium, if any, and interest, including Additional Interest, if any, on such Security when and as the same shall become due and payable, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, in accordance with the terms of such Security and of the Indenture regardless of any defense, right of set-off or counterclaim that the Guarantor may have (except the defense of payment). In case of the failure of the Company punctually to make any such payment, the Guarantor hereby agrees to cause such payment to be made punctually when and as the same shall become due and payable, whether on the Stated Maturity Date or by declaration of acceleration, call for redemption or otherwise, and as if such payment were made by the Company. The Guarantor's obligation to make a guarantee payment may be satisfied by direct payment of the required amounts by the Guarantor to the Holder of the Security or to a Paying Agent, or by causing the Company to pay such amount to such Holder or a Paying Agent.

The Guarantor hereby agrees that its payment obligations hereunder shall be absolute and unconditional irrespective of, and shall be unaffected by, any invalidity, irregularity or unenforceability of such Security or the Indenture, any failure to enforce the provisions of such Security or the Indenture, or any waiver, modification or indulgence granted to the Company with respect thereto (except that the Guarantor will have the benefit of any waiver, modification or indulgence granted to the Company in accordance with the Indenture), by the Holder of such Security or the Trustee or any other circumstance which may otherwise constitute a legal or equitable discharge or defense of a surety or guarantor; *provided, however*, that notwithstanding the foregoing, no such waiver, modification or indulgence shall, without the consent of the Guarantor, increase the principal amount of such Security, or increase the interest rate thereon (including Additional Interest, if any), or change any redemption provisions thereof (including any change to increase any premium payable upon redemption thereof) or change the Stated Maturity Date thereof.

The Guarantor hereby waives the benefits of diligence, presentment, demand for payment, any requirement that the Trustee or the Holder of such Security exhaust any right or take any action against the Company or any other Person, the filing of claims with a court in the event of insolvency or bankruptcy of the Company, any right to require a proceeding first against the Company, protest or notice with respect to such Security or the indebtedness evidenced thereby and all demands whatsoever, and covenants that this Guarantee will not be discharged in respect of such Security except by complete performance of the payment obligations contained in such Security and in this Guarantee. This Guarantee shall constitute a guaranty of payment and not of collection. The Guarantor hereby agrees that, in the event of a default in payment of principal, or premium, if any, or interest, if any, on such Security, whether on the Stated Maturity Date, by declaration of acceleration, call for redemption, or otherwise, legal proceedings may be instituted by the Trustee on behalf of, or by, the Holder of such Security, subject to the terms and conditions set forth in the Indenture, directly against the Guarantor to enforce this Guarantee without first proceeding against the Company.

The obligations of the Guarantor hereunder with respect to such Security shall be continuing and irrevocable until the date upon which the entire principal of, premium, if any, and interest, including Additional Interest, if any, on such Security has been, or has been deemed pursuant to the provisions of Article Seven of the Indenture to have been, paid in full or otherwise discharged.

The obligations evidenced by this Guarantee are, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Guarantor, and this Guarantee is issued subject to the provisions of the Indenture with respect thereto. Each Holder of a Security upon which this Guarantee is endorsed, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such Holder upon said provisions.

The Guarantor shall be subrogated to all rights of the Holder of a Security upon which this Guarantee is endorsed against the Company in respect of any amounts paid by the Guarantor on account of such Security pursuant to the provisions of this Guarantee or the Indenture; *provided*, *however*, that the Guarantor shall not be entitled to enforce or to receive any payments arising out of, or based upon, such right of subrogation until the principal of, and premium, if any, and interest, if any, on all Securities issued under the Indenture which are then due and payable shall have been paid in full.

This Guarantee shall remain in full force and effect and continue notwithstanding any petition filed by or against the Company for liquidation or reorganization, the Company becoming insolvent or making an assignment for the benefit of creditors or a receiver or trustee being appointed for all or any significant part of the Company's property and assets, and shall, to the fullest extent permitted by law, continue to be effective or reinstated, as the case may be, if at any time payment of the Security upon which this Guarantee is endorsed, is, pursuant to applicable law, rescinded or reduced in amount, or must otherwise be restored or returned by the Holder of such Security, whether as a "voidable preference," "fraudulent transfer," or otherwise, all as though such payment or performance had not been made. In the event that any such payment, or any part thereof, is rescinded, reduced, restored or returned on such Security, such Security shall, to the fullest extent permitted by law, be reinstated and deemed paid only by such amount paid and not so rescinded, reduced, restored or returned.

This Guarantee shall not be valid or obligatory for any purpose until the certificate of authentication of the Security upon which this Guarantee is endorsed shall have been manually executed by or on behalf of the Trustee under the Indenture.

All terms used in this Guarantee which are defined in the Indenture shall have the meanings assigned to them in such Indenture.

This Guarantee shall be deemed to be a contract made under the laws of the State of New York, and for all purposes shall be governed by and construed in accordance with the laws of the State of New York without regard to conflicts of law principles thereunder, except to the extent that the law of any other jurisdiction shall be mandatorily applicable.

IN WITNESS WHEREOF, the Guarantor has caused this instrument to be duly executed in _____, _____.

[FORM OF REVERSE OF SERIES Z JUNIOR SUBORDINATED DEBENTURE
DUE APRIL 15, 2086]

This Security is one of a duly authorized issue of securities of the Company (herein called the "**Securities**"), issued and to be issued in one or more series under an Indenture (For Unsecured Subordinated Debt Securities), dated as of September 1, 2006 (herein, together with any amendments thereto, called the "**Indenture**," which term shall have the meaning assigned to it in such instrument), among the Company, NextEra Energy, Inc. and The Bank of New York Mellon, as Trustee (herein called the "**Trustee**," which term includes any successor trustee under the Indenture), and reference is hereby made to the Indenture, including the Board Resolutions and Officer's Certificate filed with the Trustee on March 20, 2026 creating the series designated on the face hereof (herein called the "**Officer's Certificate**"), for a statement of the respective rights, limitations of rights, duties and immunities thereunder of the Company, the Guarantor, the Trustee and the Holders of the Securities of this series and of the terms upon which the Securities of this series are, and are to be, authenticated and delivered. This Security is one of the series designated on the face hereof.

Redemption. In addition to the option of the Company to redeem the Securities of this series in connection with a Tax Deductibility Event, a Rating Agency Event or a Tax Credit Event described below, this Security shall also be redeemable at the option of the Company, in whole at any time or in part from time to time, on or after April 15, 2031 upon notice (a "**Redemption Notice**") which is required by the Indenture to be mailed at least thirty (30) days but not more than sixty (60) days prior to the date fixed for redemption (a "**Redemption Date**") at the price equal to 100% of the principal amount of the Securities of this series being redeemed, *plus* accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the Redemption Date; *provided*, *however*, that the Company has reserved the right, without any consent, vote or other action by Holders of the Securities of this series, or of any other series of Securities issued after December 1, 2021, to amend the Indenture to provide that the Redemption Notice shall be given in the manner provided in the Indenture at least ten (10) days but not more than sixty (60) days prior to the date fixed for redemption.

If before April 15, 2031 a Tax Deductibility Event (as defined below) shall occur and be continuing, the Company shall have the right to redeem this Security, in whole but not in part, at any time within ninety (90) days following the occurrence of the Tax Deductibility Event, upon a Redemption Notice, at the price equal to 100% of the principal amount thereof, *plus* accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Tax Deductibility Event Redemption Date**").

The consummation of a redemption upon a Tax Deductibility Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Deductibility Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

"**Tax Deductibility Event**" means the receipt by the Guarantor or the Company of an Opinion of Counsel experienced in tax matters to the effect that, as a result of (a) any amendment to, clarification of, or change (including any announced prospective change) in the laws or treaties of the United States or any of its political subdivisions or taxing authorities, or any regulations under such laws or treaties, (b) any judicial decision or any official administrative pronouncement, ruling, regulatory procedure, notice or announcement (including any notice or announcement of intent to issue or adopt any such administrative pronouncement, ruling, regulatory procedure or regulation) (each, an "**Administrative Action**"), (c) any amendment to, clarification of, or change in the official position or the interpretation of any such Administrative Action or

judicial decision or any interpretation or pronouncement that provides for a position with respect to such Administrative Action or judicial decision that differs from the previously generally accepted position, in each case by any legislative body, court, governmental authority or regulatory body, regardless of the time or manner in which such amendment, clarification or change is introduced or made known, or (d) threatened challenge asserted in writing in connection with an audit of the Guarantor or the Company or any of their subsidiaries, or a publicly-known threatened challenge asserted in writing against any other taxpayer that has raised capital through the issuance of securities that are substantially similar to the Securities of this series, which amendment, clarification, or change is effective, or which Administrative Action is taken or which judicial decision, interpretation or pronouncement is issued or threatened challenge is asserted or becomes publicly-known, in each case after March 17, 2026, there is more than an insubstantial risk that interest payable by the Company on this Security is not deductible, or within 90 days would not be deductible, in whole or in part, by the Company for United States federal income tax purposes.

Before April 15, 2031, the Company shall have the right to redeem this Security in whole but not in part, upon a Redemption Notice given at any time within ninety (90) days after the conclusion of any review or appeal process instituted by the Company or the Guarantor following the occurrence of a Rating Agency Event (as defined below), at the price equal to 102% of the principal amount thereof, ***plus*** accrued and unpaid interest thereon, if any, including Additional Interest, if any, to but excluding the date fixed for redemption (the "**Rating Agency Event Redemption Date**").

"**Rating Agency Event**" means a change to the methodology or criteria that were employed by an applicable rating agency (as defined below) for purposes of assigning equity credit to securities such as the Securities of this series on the date of initial issuance of the Securities of this series (the "**current methodology**"), which change (i) results in any shortening of the length of time for which a particular level of equity credit pertaining to the Securities of this series by such rating agency would have been in effect had the methodology as of the date of initial issuance of the Securities of this series not been changed or (ii) reduces the amount of equity credit assigned to the Securities of this series by the applicable rating agency as compared with the amount of equity credit that such rating agency had assigned to the Securities of this series as of the date of initial issuance thereof.

The consummation of a redemption upon a Rating Agency Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Rating Agency Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

The term "**rating agency**" means any nationally recognized statistical rating organization (within the meaning of Section 3(a)(62) of the Securities Exchange Act of 1934 and sometimes referred to in this Security as a "rating agency") , and the term "**applicable rating agency**" means any rating agency that (i)(a) published a rating for the Company or the Guarantor with respect to the initial issuance of the Securities of this series and (b) publishes a rating for the Company or the Guarantor at such time as a Rating Agency Event occurs, or (ii) any successor to a rating agency described in the preceding clause (i).

If a Tax Credit Event (as defined below) occurs, then the Company may redeem, upon a Redemption Notice, the Securities of this series, in whole but not in part at a redemption price equal to 101% of the principal amount thereof plus accrued and unpaid interest thereon, if any, including Additional Interest, if

any, to but excluding the date fixed for redemption (the "**Tax Credit Event Redemption Date**"). A Redemption Notice upon the occurrence of a Tax Credit Event (i) may only be sent by the later of (a) the end of the calendar year in which the Securities of this series were issued and (b) six months from the date of issuance of the Securities of this series and (ii) shall be accompanied by a certificate from an officer of the Company stating that a Tax Credit Event has occurred.

The consummation of a redemption upon a Tax Credit Event may be subject to the Paying Agent's receipt of the required redemption moneys on or before the Tax Credit Event Redemption Date (and in such case no such redemption shall occur unless such moneys have been received by the Paying Agent on or before such date).

A "**Tax Credit Event**" occurs with respect to the Securities of this series if, in the reasonable determination of the Company or the Guarantor, there exists a material risk, due to the Securities of this series (considered together with other debt) having been issued, as part of an original issuance, to one or more "specified foreign entities," as defined in Section 7701(a)(51)(B) of the Internal Revenue Code of 1986, as amended, that the Company or the Guarantor or any of their respective affiliates would be unable to utilize or otherwise ineligible to claim any tax credits otherwise allowed under Section 38 of the Internal Revenue Code of 1986, as amended.

If, at the time a Redemption Notice is given, the redemption moneys are not on deposit with the Paying Agent, then, if such notice so provides, the redemption shall be subject to the receipt of the redemption moneys on or before a Redemption Date, the Tax Deductibility Event Redemption Date, the Rating Agency Event Redemption Date or the Tax Credit Event Redemption Date, as the case may be, and such Redemption Notice shall be of no force or effect unless such moneys are received.

Upon payment of the applicable redemption price, on and after a Redemption Date, the Tax Deductibility Event Redemption Date, the Rating Agency Event Redemption Date or the Tax Credit Event Redemption Date, as the case may be, interest will cease to accrue on the Securities of this series called for redemption.

In the event of redemption of this Security in part only, a new Security or Securities of this series and of like tenor for the unredeemed portion hereof will be issued in the name of the Holder hereof upon the cancellation hereof.

The indebtedness evidenced by this Security is, to the extent provided in the Indenture, subordinated and subject in right of payment to the prior payment in full of all Senior Indebtedness of the Company, and this Security is issued subject to the provisions of the Indenture with respect thereto. Each Holder of this Security, by accepting the same, (a) agrees to and shall be bound by such provisions, (b) authorizes and directs the Trustee on his behalf to take such action as may be necessary or appropriate to acknowledge or effectuate the subordination so provided and (c) appoints the Trustee his attorney-in-fact for any and all such purposes. Each Holder hereof, by his acceptance hereof, hereby waives all notice of the acceptance of the subordination provisions contained herein and in the Indenture by each holder of Senior Indebtedness, whether now outstanding or hereafter incurred, and waives reliance by each such holder upon said provisions.

The Indenture contains provisions for defeasance at any time of the entire indebtedness of this Security upon compliance with certain conditions set forth in the Indenture, including the Officer's Certificate described above.

If an Event of Default with respect to Securities of this series shall occur and be continuing, the principal of and interest on the Securities of this series may be declared due and payable in the manner and

with the effect provided in the Indenture; *provided however*, that the principal of and interest on the Securities of this series shall not be declared due and payable by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series, and any notice of declaration of acceleration based on such Event of Default shall be null and void with respect to the Securities of this series. The Securities of this series will not be considered Outstanding for the purpose of determining whether the required vote described in Section 802 of the Indenture has been obtained for the declaration of acceleration by reason of the occurrence and continuation of an Event of Default specified in Section 801(c) of the Indenture applicable to the Securities of this series.

The Indenture permits, with certain exceptions as therein provided, the amendment thereof and the modification of the rights and obligations of the Company and the rights of the Holders of the Securities of each series to be affected by such amendment to the Indenture at any time by the Company and the Trustee with the consent of the Holders of a majority in principal amount of the Securities at the time Outstanding of all series to be thus affected. The Indenture also contains provisions permitting the Holders of specified percentages in principal amount of the Securities of each series at the time Outstanding, on behalf of the Holders of all Securities of such series, to waive compliance by the Company with certain provisions of the Indenture and certain past defaults under the Indenture and their consequences. Any such consent or waiver by Holders of the specified percentages in principal amount of the Securities of this series shall be conclusive and binding upon all current and future Holders of this Security and of any Security issued upon the registration of transfer hereof or in exchange herefor or in lieu hereof, whether or not notation of such consent or waiver is made upon this Security.

As provided in and subject to the provisions of the Indenture, the Holder of this Security shall not have the right to institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy thereunder, unless such Holder shall have previously given the Trustee written notice of a continuing Event of Default with respect to the Securities of this series, the Holders of a majority in aggregate principal amount of the Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing shall have made written request to the Trustee to institute proceedings in respect of such Event of Default as Trustee and offered the Trustee reasonable indemnity, and the Trustee shall not have received from the Holders of a majority in aggregate principal amount of Securities of all series at the time Outstanding in respect of which an Event of Default shall have occurred and be continuing a direction inconsistent with such request, and shall have failed to institute any such proceeding, for sixty (60) days after receipt of such notice, request and offer of indemnity. The foregoing shall not apply to any suit instituted by the Holder of this Security for the enforcement of any payment of principal hereof or any premium or interest hereon on or after the respective due dates expressed herein.

No reference herein to the Indenture and no provision of this Security or of the Indenture shall alter or impair the obligation of the Company, which is absolute and unconditional, to pay the principal of and any premium and interest on this Security at the times, place and rate, and in the coin or currency, herein prescribed.

Pursuant to Section 312 of the Indenture, so long as no Event of Default under the Indenture has occurred and is continuing with respect to the Securities of any series, the Company shall have the right, at any time and from time to time during the term of the Securities of this series, to defer the payment of interest for a period not exceeding ten (10) consecutive years (each period, commencing on the date that the first such payment would otherwise be made, an "**Optional Deferral Period**"); *provided* that no Optional Deferral Period shall extend beyond the Stated Maturity Date or end on a day other than an Interest Payment Date. During an Optional Deferral Period, interest on the Securities of this series (calculated for each Interest Period in the manner provided for on the face hereof, as if the interest payment had not been so

deferred) will continue to accrue compounded quarterly at the rate specified on the face hereof. During an Optional Deferral Period, any deferred interest on the Securities of this series will accrue additional interest compounded quarterly, on any interest payment that is not made on the applicable Interest Payment Date, which shall accrue at the rate of 6.500% per annum, to the extent permitted by applicable law ("**Additional Interest**"). At the end of an Optional Deferral Period, which shall be an Interest Payment Date, the Company shall pay all interest accrued and unpaid hereon, including Additional Interest accrued on the deferred interest, to the Person in whose name the Securities of this series are registered at the close of business on the Regular Record Date for the Interest Payment Date on which such Optional Deferral Period ended; *provided* that any such accrued and unpaid interest payable on the Stated Maturity Date or a Redemption Date will be paid to the Person to whom principal is payable. During any such Optional Deferral Period, neither the Guarantor nor the Company will, and each will cause their majority-owned subsidiaries not to, (i) declare or pay any dividend or distribution on the Guarantor's or the Company's capital stock, (ii) redeem, purchase, acquire or make a liquidation payment with respect to any of the Guarantor's or the Company's capital stock, (iii) pay any principal, interest or premium on, or repay, repurchase or redeem any of the Guarantor's or the Company's debt securities that are equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be), or (iv) make any payments with respect to any Guarantor or Company guarantee of debt securities if such guarantee is equal or junior in right of payment to the Securities of this series or the Guarantee (as the case may be).

Subject to the reservation of right to amend *clause (f)* below, as described in paragraph 16 of the Officer's Certificate, the foregoing provisions shall not prevent or restrict the Guarantor or the Company from making:

(a) purchases, redemptions or other acquisitions of its capital stock in connection with any employment contract, benefit plan or other similar arrangement with or for the benefit of employees, officers, directors or agents or a stock purchase or dividend reinvestment plan, or the satisfaction of its obligations pursuant to any contract or security outstanding on the date that the payment of interest is deferred requiring it to purchase, redeem or acquire its capital stock;

(b) any payment, repayment, redemption, purchase, acquisition or declaration of dividend described in clauses (i) and (ii) above as a result of a reclassification of its capital stock, or the exchange or conversion of all or a portion of one class or series of its capital stock for another class or series of its capital stock;

(c) the purchase of fractional interests in shares of its capital stock pursuant to the conversion or exchange provisions of its capital stock or the security being converted or exchanged, or in connection with the settlement of stock purchase contracts;

(d) dividends or distributions paid or made in its capital stock (or rights to acquire its capital stock), or repurchases, redemptions or acquisitions of capital stock in connection with the issuance or exchange of capital stock (or of securities convertible into or exchangeable for shares of its capital stock) and distributions in connection with the settlement of stock purchase contracts;

(e) redemptions, exchanges or repurchases of, or with respect to, any rights outstanding under a shareholder rights plan or the declaration or payment thereunder of a dividend or distribution of or with respect to rights in the future;

(f) payments under any preferred trust securities guarantee or guarantee of subordinated debentures executed and delivered by the Guarantor concurrently with the issuance by a trust of any preferred trust securities, so long as the amount of payments made on any preferred

trust securities or subordinated debentures (as the case may be) is paid on all preferred trust securities or subordinated debentures (as the case may be) then outstanding on a pro rata basis in proportion to the full distributions to which each series of preferred trust securities or subordinated debentures (as the case may be) is then entitled;

(g) payments under any guarantee of junior subordinated debentures, which guarantee is executed and delivered by the Guarantor (including a Guarantee under the Indenture), so long as the amount of payments made on any junior subordinated debentures is paid on all junior subordinated debentures then outstanding on a pro rata basis in proportion to the full payment to which each series of junior subordinated debentures is then entitled;

(h) dividends or distributions by the Company on its capital stock to the extent owned by the Guarantor; or

(i) redemptions, purchases, acquisitions or liquidation payments by the Company with respect to its capital stock to the extent owned by the Guarantor.

Prior to the termination of any such Optional Deferral Period, the Company may further defer the payment of interest, *provided* that such Optional Deferral Period together with all such previous and further deferrals of interest payments shall not exceed ten (10) consecutive years at any one time or extend beyond the Stated Maturity Date. Upon the termination of any such Optional Deferral Period and the payment of all amounts then due, including Additional Interest, if any, the Company may elect to begin a new Optional Deferral Period, subject to the above requirements. No interest shall be due and payable during an Optional Deferral Period, except at the end thereof except upon a redemption of the Securities of this series during an Optional Deferral Period. The Company will give the Trustee notice of its election of an Optional Deferral Period at least ten (10) days and not more than sixty (60) days before the applicable Interest Payment Date. The Trustee will promptly forward notice of such election to each Holder of the Securities of this series.

The Securities of this series are issuable only in registered form without coupons in minimum denominations of $25 and integral multiples thereof. As provided in the Indenture and subject to certain limitations therein set forth, Securities of this series are exchangeable for a like aggregate principal amount of Securities of this series and of like tenor and of authorized denominations, as requested by the Holder surrendering the same.

No service charge shall be made for any such registration of transfer or exchange, but the Company may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith.

The Company, the Trustee and any agent of the Company or the Trustee may treat the Person in whose name this Security is registered as the absolute owner hereof for all purposes, whether or not this Security be overdue, and none of the Company, the Trustee or any such agent shall be affected by notice to the contrary.

Each of the Company and the Guarantor has agreed, and, by acceptance of this Security, the Holder will be deemed to have agreed, to treat this Security as indebtedness for United States federal, state and local tax purposes.

   (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 31(d)

Rule 13a-14(a)/15d-14(a) Certification

I, Michael H. Dunne, certify that:

1. I have reviewed this Form 10-Q for the quarterly period ended March 31, 2026 of Florida Power & Light Company (the registrant);

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

   (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

   (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

   (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

   (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

   (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

   (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
