Diluted earnings per share								
Net income (loss)	$ 4.15	$ 2.27	$ 1.89	$ 3.44	$ 4.13	$ (0.07)	$ 6.43	$ 4.09
Adjustments:								
Net realized investment (gains) losses, after-tax	0.07	0.30	0.31	(0.04)	(0.02)	0.13	0.38	0.10
Core income	$ 4.22	$ 2.57	$ 2.20	$ 3.40	$ 4.11	$ 0.06	$ 6.81	$ 4.19

Adjustments to net income (loss) and weighted average shares for net income (loss) EPS calculations: (1)

Basic and Diluted	1Q2022	2Q2022	3Q2022	4Q2022	1Q2023	2Q2023	YTD 2Q2022	YTD 2Q2023
Net income (loss), as reported	$ 1,018	$ 551	$ 454	$ 819	$ 975	$ (14)	$ 1,569	$ 961
Participating share-based awards - allocated income	(7)	(4)	(4)	(5)	(7)	(1)	(11)	(7)
Net income (loss) available to common shareholders - basic and diluted	$ 1,011	$ 547	$ 450	$ 814	$ 968	$ (15)	$ 1,558	$ 954
Common Shares								
Basic								
Weighted average shares outstanding	240.9	238.4	235.4	233.2	231.7	229.7	239.7	230.6
Diluted								
Weighted average shares outstanding	240.9	238.4	235.4	233.2	231.7	229.7	239.7	230.6
Weighted average effects of dilutive securities - stock options and performance shares	2.8	2.7	2.5	3.1	2.7	—	2.7	2.7
Diluted weighted average shares outstanding	243.7	241.1	237.9	236.3	234.4	229.7	242.4	233.3

(1) Adjustments to net income and weighted average shares for net income EPS calculations can generally be used for the core income EPS calculations. The net loss EPS calculation for 2Q 2023 excluded the allocation of $2 million of undistributed loss to participating share-based awards, since such allocation would result in anti-dilution of basic and diluted earnings per share. In addition, the net loss EPS calculation for 2Q 2023 excluded the incremental impact of 2.5 million stock options and performance shares, since the impact of these potential shares of common stock and their effects on income was anti-dilutive. The core income EPS calculation for 2Q 2023 included these items.

See Glossary of Financial Measures and Description of Reportable Business Segments on pages 35 and 36.

Combined ratio (1) (2)								
Loss and loss adjustment expense ratio	62.3 %	69.3 %	70.1 %	66.6 %	66.7 %	77.9 %	65.8 %	72.4 %
Underwriting expense ratio	29.0 %	29.0 %	28.1 %	27.9 %	28.7 %	28.6 %	29.0 %	28.7 %
Combined ratio	91.3 %	98.3 %	98.2 %	94.5 %	95.4 %	106.5 %	94.8 %	101.1 %
Impact on combined ratio:								
Net (favorable) unfavorable prior year reserve development	(1.9)%	(3.5)%	(0.2)%	(2.1)%	(1.2)%	(0.7)%	(2.7)%	(0.9)%
Catastrophes, net of reinsurance	2.0 %	9.0 %	5.9 %	5.2 %	6.0 %	16.1 %	5.5 %	11.2 %
Underlying combined ratio	91.2 %	92.8 %	92.5 %	91.4 %	90.6 %	91.1 %	92.0 %	90.8 %

(1) Before policyholder dividends.
(2) Billing and policy fees and other, which are a component of other revenues, are allocated as a reduction of underwriting expenses. In addition, fee income is allocated as a reduction of losses and loss adjustment expenses and underwriting expenses. These allocations are to conform the calculation of the combined ratio with statutory accounting. Additionally, general and administrative expenses include non-insurance expenses that are excluded from underwriting expenses, and accordingly are excluded in calculating the combined ratio. See following:

($ in millions)	1Q2022	2Q2022	3Q2022	4Q2022	1Q2023	2Q2023	YTD 2Q2022	YTD 2Q2023

The Travelers Companies, Inc.
Reinsurance Recoverables

($ in millions)	June 30, 2023	December 31, 2022
Gross reinsurance recoverables on paid and unpaid claims and claim adjustment expenses (1)	$ 3,805	$ 3,792
Gross structured settlements (2)	2,767	2,802
Mandatory pools and associations (3)	1,670	1,601
Gross reinsurance recoverables (4)	8,242	8,195
Allowance for estimated uncollectible reinsurance (5)	(121)	(132)
Net reinsurance recoverables	$ 8,121	$ 8,063

(1) The Company's top five reinsurer groups, including retroactive reinsurance, included in gross reinsurance recoverables is as follows:

Reinsurer	A.M. Best Rating of Group's Predominant Reinsurer	June 30, 2023
Swiss Re Group	A+ second highest of 16 ratings	$ 627
Berkshire Hathaway	A++ highest of 16 ratings	481
Munich Re Group	A+ second highest of 16 ratings	313
Axa Group	A+ second highest of 16 ratings	158
PartnerRe Group	A+ second highest of 16 ratings	130

The gross reinsurance recoverables on paid and unpaid claims and claim adjustment expenses represent the current and estimated future amounts due from reinsurers on known and incurred but not reported claims. The ceded reserves are estimated in a manner consistent with the underlying direct and assumed reserves. Although this total comprises recoverables due from nearly one thousand different reinsurance entities, about half is attributable to 10 reinsurer groups.

(2) Included in reinsurance recoverables are certain amounts related to structured settlements, which comprise annuities purchased from various life insurance companies to settle certain personal physical injury claims, of which workers' compensation claims comprise a significant portion. In cases where the Company did not receive a release from the claimant, the amounts due from the life insurance company related to the structured settlement are included in both the claims and claim adjustment expense reserves and reinsurance recoverables in the Company's consolidated balance sheet, as the Company retains the liability to pay the claimant in the event that the life insurance company fails to make the required annuity payments. The Company would be required to make such payments, to the extent the purchased annuities are not covered by state guaranty associations.

The Company's top five groups included in gross structured settlements is as follows:

Group	A.M. Best Rating of Group's Predominant Insurer	June 30, 2023
Fidelity & Guaranty Life Group	A- fourth highest of 16 ratings	$ 688
Genworth Financial Group	B- eighth highest of 16 ratings	328
John Hancock Group	A+ second highest of 16 ratings	247
Symetra Financial Corporation	A third highest of 16 ratings	212
Brighthouse Financial, Inc.	A third highest of 16 ratings	197

(3) The mandatory pools and associations represent various involuntary assigned risk pools that the Company is required to participate in. These pools principally involve workers' compensation and automobile insurance, which provide various insurance coverages to insureds that otherwise are unable to purchase coverage in the open market. The costs of these mandatory pools in most states are usually charged back to the participating members in proportion to voluntary writings of related business in that state. In the event that a member of the pool becomes insolvent, the remaining members assume an additional pro rata share of the pool's liabilities.

(4) Of the total reinsurance recoverables at June 30, 2023, after deducting mandatory pools and associations and before allowances for estimated uncollectible reinsurance, $5.70 billion, or 87%, were rated by A.M. Best Company. The Company utilizes updated A.M. Best credit ratings on a quarterly basis when determining the allowance. Of the total rated by A.M. Best Company, 94% were rated A- or better. The remaining 13% of reinsurance recoverables comprised the following: 6% related to captive insurance companies, 1% related to the Company's participation in voluntary pools and 6% were balances from other companies not rated by A.M. Best Company. Certain of the Company's reinsurance recoverables are collateralized by letters of credit, funds held or trust agreements.

(5) The Company reports its reinsurance recoverables net of an allowance for estimated uncollectible reinsurance. The allowance is based upon the Company's ongoing review of amounts outstanding, length of collection periods, changes in reinsurer credit standing, disputes, applicable coverage defenses and other relevant factors. For structured settlements, the allowance is also based upon the Company's ongoing review of life insurers' creditworthiness and estimated amounts of coverage that would be available from state guaranty funds if a life insurer defaults. A probability-of-default methodology which reflects current and forecasted economic conditions is used to estimate the amount of uncollectible reinsurance due to credit-related factors and the estimate is reported in an allowance for estimated uncollectible reinsurance. The allowance also includes estimated uncollectible amounts related to dispute risk with reinsurers.

The Travelers Companies, Inc.
Glossary of Financial Measures and Description of Reportable Business Segments

The following measures are used by the Company's management to evaluate financial performance against historical results, to establish performance targets on a consolidated basis, and for other reasons as discussed below. In some cases, these measures are considered non-GAAP financial measures under applicable SEC rules because they are not displayed as separate line items in the consolidated financial statements or are not required to be disclosed in the notes to financial statements or, in some cases, include or exclude certain items not ordinarily included or excluded in the most comparable GAAP financial measure.

In the opinion of the Company's management, a discussion of these measures provides investors, financial analysts, rating agencies and other financial statement users with a better understanding of the significant factors that comprise the Company's periodic results of operations and how management evaluates the Company's financial performance.

Some of these measures exclude net realized investment gains (losses), net of tax, and/or net unrealized investment gains (losses), net of tax, included in shareholders' equity, which can be significantly impacted by both discretionary and other economic factors and are not necessarily indicative of operating trends.

Other companies may calculate these measures differently, and, therefore, their measures may not be comparable to those used by the Company's management.

Core income (loss) is consolidated net income (loss) excluding the after-tax impact of net realized investment gains (losses), discontinued operations, the effect of a change in tax laws and tax rates at enactment, and cumulative effect of changes in accounting principles when applicable. **Segment income (loss)** is determined in the same manner as core income (loss) on a segment basis. Management uses segment income (loss) to analyze each segment's performance and as a tool in making business decisions. Financial statement users also consider core income (loss) when analyzing the results and trends of insurance companies. **Core income (loss) per share** is core income (loss) on a per common share basis.

Average shareholders' equity is (a) the sum of total shareholders' equity at the beginning and end of each of the quarters for the period presented divided by (b) the number of quarters in the period presented times two. **Adjusted shareholders' equity** is shareholders' equity excluding net realized investment gains (losses), net of tax, net unrealized investment gains (losses), net of tax, included in shareholders' equity for the periods presented and the effect of a change in tax laws and tax rates at enactment (excluding the portion related to net unrealized investment gains (losses)). **Adjusted average shareholders' equity** is (a) the sum of total adjusted shareholders' equity at the beginning and end of each of the quarters for the period presented divided by (b) the number of quarters in the period presented times two.

Reconciliation of Shareholders' Equity to Adjusted Shareholders' Equity

	As of					
($ in millions)	**March 31, 2022**	**June 30, 2022**	**September 30, 2022**	**December 31, 2022**	**March 31, 2023**	**June 30, 2023**
Shareholders' equity	**$ 25,531**	**$ 22,874**	**$ 19,906**	**$ 21,560**	**$ 23,052**	**$ 21,855**
Adjustments:						
Net unrealized investment (gains) losses, net of tax, included in shareholders' equity	1,391	3,792	6,317	4,898	3,868	4,576
Net realized investment (gains) losses, net of tax	19	93	165	156	(5)	24
Adjusted shareholders' equity	**$ 26,941**	**$ 26,759**	**$ 26,388**	**$ 26,614**	**$ 26,915**	**$ 26,455**

Return on equity is the ratio of annualized net income (loss) to average shareholders' equity for the periods presented. **Core return on equity** is the ratio of annualized core income (loss) to adjusted average shareholders' equity for the periods presented. In the opinion of the Company's management, these are important indicators of how well management creates value for its shareholders through its operating activities and its capital management.

Underwriting gain (loss) is net earned premiums and fee income less claims and claim adjustment expenses and insurance-related expenses. In the opinion of the Company's management, it is important to measure the profitability of each segment excluding the results of investing activities, which are managed separately from the insurance business. This measure is used to assess each segment's business performance and as a tool in making business decisions.

A **catastrophe** is a severe loss designated a catastrophe by internationally recognized organizations that track and report on insured losses resulting from catastrophic events, such as Property Claim Services (PCS) for events in the United States and Canada. Catastrophes can be caused by various natural events, including, among others, hurricanes, tornadoes and other windstorms, earthquakes, hail, wildfires, severe winter weather, floods, tsunamis, volcanic eruptions and other naturally-occurring events, such as solar flares. Catastrophes can also be man-made, such as terrorist attacks and other intentionally destructive acts including those involving nuclear, biological, chemical and radiological events, cyber events, explosions and destruction of infrastructure. Each catastrophe has unique characteristics and catastrophes are not predictable as to timing or amount. Their effects are included in net and core income and claims and claim adjustment expense reserves upon occurrence. A catastrophe may result in the payment of reinsurance reinstatement premiums and assessments from various pools. The Company's threshold for disclosing catastrophes is primarily determined at the reportable segment level. If a threshold for one segment or a combination thereof is exceeded and the other segments have losses from the same event, losses from the event are identified as catastrophe losses in the segment results and for the consolidated results of the Company. Additionally, an aggregate threshold is applied for international business across all reportable segments. The threshold for 2023 ranges from $20 million to $30 million of losses before reinsurance and taxes.

Net favorable (unfavorable) prior year loss reserve development is the increase or decrease in incurred claims and claim adjustment expenses as a result of the re-estimation of claims and claim adjustment expense reserves at successive valuation dates for a given group of claims, which may be related to one or more prior years. In the opinion of the Company's management, a discussion of loss reserve development is meaningful to users of the financial statements as it allows them to assess the impact between prior and current year development on incurred claims and claim adjustment expenses, net and core income (loss), and changes in claims and claim adjustment expense reserve levels from period to period.

Combined ratio For Statutory Accounting Practices (SAP), the combined ratio is the sum of the SAP loss and LAE ratio and the SAP underwriting expense ratio as defined in the statutory financial statements required by insurance regulators. The combined ratio, as used in this financial supplement, is the equivalent of, and is calculated in the same manner as, the SAP combined ratio except that the SAP underwriting expense ratio is based on net *written* premiums and the underwriting expense ratio as used in this financial supplement is based on net *earned* premiums. For SAP, the loss and LAE ratio is the ratio of incurred losses and loss adjustment expenses less certain administrative services fee income to net earned premiums as defined in the statutory financial statements required by insurance regulators. The loss and LAE ratio as used in this financial supplement is calculated in the same manner as the SAP ratio. For SAP, the underwriting expense ratio is the ratio of underwriting expenses incurred (including commissions paid), less certain administrative services fee income and billing and policy fees and other, to net *written* premiums as defined in the statutory financial statements required by insurance regulators. The underwriting expense ratio as used in this financial supplement, is the ratio of underwriting expenses (including the amortization of deferred acquisition costs), less certain administrative services fee income and billing and policy fees, to net *earned* premiums. **Underlying combined ratio** is the combined ratio adjusted to exclude the impact of prior year reserve development and catastrophes, net of reinsurance.

The combined ratio, loss and LAE ratio, and underwriting expense ratio are used as indicators of the Company's underwriting discipline, efficiency in acquiring and servicing its business and overall underwriting profitability. A combined ratio under 100% generally indicates an underwriting profit. A combined ratio over 100% generally indicates an underwriting loss.

Other companies' method of computing similarly titled measures may not be comparable to the Company's method of computing these ratios.

Gross written premiums reflect the direct and assumed contractually determined amounts charged to policyholders for the effective period of the contract based on the terms and conditions of the insurance contract. **Net written premiums** reflect gross written premiums less premiums ceded to reinsurers.

Book value per share is total common shareholders' equity divided by the number of common shares outstanding. **Adjusted book value per share** is total common shareholders' equity excluding net unrealized investment gains and losses, net of tax, included in shareholders' equity, divided by the number of common shares outstanding. In the opinion of the Company's management, adjusted book value per share is useful in an analysis of a property casualty company's book value per share as it removes the effect of changing prices on invested assets, (i.e., net unrealized investment gains (losses), net of tax) which do not have an equivalent impact on unpaid claims and claim adjustment expense reserves.

Total capital is the sum of total shareholders' equity and debt. **Debt-to-capital ratio excluding net unrealized gain (loss) on investments, net of tax, included in shareholders' equity** is the ratio of debt to total capital excluding net unrealized investment gains and losses, net of tax, included in shareholders' equity. In the opinion of the Company's management, the debt to capital ratio is useful in an analysis of the Company's financial leverage.

Statutory capital and surplus represents the excess of an insurance company's admitted assets over its liabilities, including loss reserves, as determined in accordance with statutory accounting practices.

Travelers has organized its businesses into the following reportable business segments:

Business Insurance - Business Insurance offers a broad array of property and casualty insurance products and services to its customers, primarily in the United States, as well as in Canada, the United Kingdom, the Republic of Ireland and throughout other parts of the world, including as a corporate member of Lloyd's. Business Insurance is organized as follows: Select Accounts; Middle Market including Commercial Accounts, Construction, Technology, Public Sector Services, Oil & Gas, Excess Casualty, Inland Marine, Ocean Marine, and Boiler & Machinery; National Accounts; National Property and Other including National Property, Northland Transportation, Agribusiness, Northfield and National Programs; and International, including Global Services and a 20% quota-share reinsurance agreement with subsidiaries of Fidelis Insurance Holdings Limited. Business Insurance also includes Simply Business, a leading provider of small business insurance policies primarily in the United Kingdom, and Business Insurance Other, which primarily comprises the Company's asbestos and environmental liabilities, and the assumed reinsurance and certain other runoff operations.

Bond & Specialty Insurance - Bond & Specialty Insurance offers surety, fidelity, management liability, professional liability, and other property and casualty coverages and related risk management services to its customers, primarily in the United States, and certain surety and specialty insurance products in Canada, the United Kingdom, the Republic of Ireland and Brazil (through a joint venture as described below), in each case utilizing various degrees of financially-based underwriting approaches. The range of coverages includes performance, payment and commercial surety bonds for construction and general commercial enterprises; management liability coverages including directors' and officers' liability, employment practices liability, fidelity liability, fiduciary liability and cyber risk for public corporations, private companies, not-for-profit organizations and financial institutions; professional liability coverage for a variety of professionals including, among others, lawyers and design professionals; in the United States only, property, workers' compensation, auto and general liability for financial institutions; and transactional liability coverages to public and private companies.

Bond & Specialty Insurance's surety business in Brazil and Colombia is conducted through Junto Holding Brasil S.A. (Junto) and Junto Holding Latam S.A. in Brazil. The Company owns 49.5% of both Junto, a market leader in surety coverages in Brazil, and Junto Holding Latam S.A., which owns a majority interest in JMalucelli Travelers Seguros S.A., a Colombian surety provider. These joint venture investments are accounted for using the equity method and are included in "other investments" on the consolidated balance sheet.

Personal Insurance - Personal Insurance offers a broad range of property and casualty insurance products and services covering individuals' personal risks, primarily in the United States, as well as in Canada. The primary products of automobile and homeowners insurance are complemented by a broad suite of related coverages.
